Subject: Arlington Street Repaving

Contact: Streets & Traffic Manager Joe Rosenlund – 576-6430

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Friday, August 22nd, 2014

Repaving Project to Impact Traffic on Arlington Street

Periodic lane closures on a four-block section of Arlington Street will affect traffic for most of each day from Monday, August 25th through Friday, August 29th while crews repair and repave the street.

In addition to the periodic lane closures, no parking on Arlington between 40th Avenue and 44th Avenue will be allowed while the project is underway.

During the project, traffic delays in the area are likely to occur. Drivers should use alternate routes if possible until the project is completed.

Access to homes and businesses in the area will be maintained and traffic will be allowed through the project area when possible.

As always, the schedule for this type of a project is subject to change daily dependent on weather, equipment failure, and emergencies.

For additional information about this project, contact Streets and Traffic Operations Manager Joe Rosenlund at 576-6430.
