Release Date: Friday, April 17th, 2015

Manhole Repair Project to Impact Drivers on East Nob Hill

Repairs to a manhole will result in the closure of eastbound and westbound inside lanes on a section East Nob Hill Boulevard just west of the Fair Avenue intersection on Monday, April 20th. The work will begin at 6:00 am and should be completed within two or three hours.

About 120 feet of both inside lanes of East Nob Hill Boulevard west of Fair Avenue will be closed while crews are working.

While the project is underway, drivers can expect delays on roads near the project area. Drivers should use alternate routes if possible until the work is completed.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area if necessary.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Wastewater Collections Supervisor Dana Kallevig at 406-7103.
