Subject: East Nob Hill Blvd Water Service Repairs

Contact: Water Distribution Supervisor Emilio Lopez – 575-6196

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Friday, March 20th, 2015

Drinking Water System Repair to Impact Traffic on Nob Hill Boulevard

Water service repairs will disrupt traffic in the eastbound lanes of a section of East Nob Hill Boulevard on Monday, March 23rd. The project will begin at 7:00 am that day and should be completed by 3:30 pm.

While the project is underway, East Nob Hill between South Fair Avenue and South 12th Street will be restricted to one lane going east through the construction zone.

Because of heavy traffic volume, drivers can expect delays in the project area. Drivers should use alternate routes if possible until the work is completed.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area when necessary.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Water Distribution Supervisor Emilio Lopez at 575-6196.
