Subject: 10th Avenue Speed Bump Project

Contact: Streets & Traffic Manager Joe Rosenlund – 576-6430

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Monday, November 6th, 2017

Speed Bump Project to Impact Traffic on 10th Avenue

A project to install speed bumps will impact traffic on a section of 10th Avenue for most of the day on Tuesday, November 7th.

As a result of the project, the section of 10th Avenue between Tieton Drive and Nob Hill Boulevard will be closed from 7:00 am to 3:00 pm on November 7th. Detour routes around the project area will be available and will be marked with appropriate signage.

Drivers are reminded that the speed limit through all traffic-related works zones within the City of Yakima is 20 miles-per-hour.

During the project, traffic delays in the area are likely to occur. Drivers should use alternate routes until the project is completed.

Access to homes and businesses in the project area will be maintained as best as possible.

As always, the schedule for this type of a project is subject to change daily dependent on weather, equipment failure, and emergencies.

For additional information about this project, contact Streets and Traffic Operations Manager Joe Rosenlund at 576-6430.
