News Release

Subject: South 1st Street Water Main Repairs

Contact: Water Distribution Supervisor Emilio Lopez – 575-6196

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Thursday, December 7th, 2017

Drinking Water System Repair to Impact Traffic on 1st Street

Water main repairs will disrupt traffic in the northbound and southbound lanes of a portion of South 1st Street on Friday, December 8th. Work on the project will take place from 7:00 am to 3:30 pm.

Traffic in both the northbound and southbound lanes of South 1st Street between Arlington Street and Nob Hill Boulevard will be restricted while the project is underway. Traffic will be channeled through the construction zone.

Drivers are reminded that the speed limit through all traffic-related works zones within the City of Yakima is 20 miles-per-hour.

Due to heavy traffic volume, drivers can expect delays in the project area. Drivers should use alternate routes if possible until the work is completed.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Water Distribution Supervisor, Emilio Lopez at 575-6196.
