Release Date: Thursday, April 26th, 2018

Road Repair Project to Impact Traffic on Ahtanum

A road repair project will impact traffic on a section of Ahtanum Road for most of each day from Monday, April 30th through Thursday, May 3rd.

As a result of the project, traffic will be restricted to one lane in each direction along the section of Ahtanum between 16th Avenue and 26th Avenue from April 30th through May 3rd.

Drivers are reminded that the speed limit through all traffic-related works zones within the City of Yakima is 20 miles-per-hour.

During the project, traffic delays in the area are likely to occur. Drivers should use alternate routes until the project is completed.

Access to businesses in the project area will be maintained as best as possible.

As always, the schedule for this type of a project is subject to change daily dependent on weather, equipment failure, and emergencies.

For additional information about this project, contact Streets and Traffic Operations Manager Joe Rosenlund at 576-6430.
