# **News Release**

**Subject: Coolidge Road Construction**

**Contact: Construction Supervisor Bruce Floyd – 575-6138**

**Communications & Public Affairs Dir. Randy Beehler – 901-1142**

**Release Date: Friday, May 30<sup>th</sup>, 2014**

## **Rebuilding and Extending Coolidge Road Will Interrupt Traffic**

The rebuilding of existing sections of Coolidge Road and construction of a new section of the road will result in the closure of a portion of the street to through traffic from Monday, June 2<sup>nd</sup> through the end of July.

While the project is underway, Coolidge Road between 88<sup>th</sup> Avenue and 96<sup>th</sup> Avenue will be closed. Residents in the area will still have access to their homes from the east at 88<sup>th</sup> Avenue and from the west at 96<sup>th</sup> Avenue.

The project includes the rebuilding of existing sections of Coolidge as well as construction of a new section of the street that will result in Coolidge being connected from 88<sup>th</sup> Avenue to 96<sup>th</sup> Avenue. Additionally, new sewer and water lines, storm drains, sidewalks, and street lights will be installed.

During the project, traffic delays in the area are likely to occur. Drivers should use alternate routes if possible until the project is completed.

As always, the schedule for this type of project is subject to change daily, dependent on weather, equipment failure, and emergencies.

For additional information regarding this project, contact Construction Supervisor Bruce Floyd at 575-6138.
