Subject: 1618 East Beech Street Water Service Repairs
Contact: Water Distribution Supervisor Emilio Lopez – 575-6196
Communications & Public Affairs Director Randy Beehler – 901-1142
Release Date: Tuesday, October 7th, 2014

Drinking Water System Repair to Impact Traffic East Beech Street

Water service repairs will disrupt traffic in the westbound and eastbound lanes on East Beech Street on Wednesday, October 8th. The work will begin at 7:00 am and should be completed by 3:30 pm.

Traffic will be controlled by on-site flaggers. Because of heavy traffic volume, motorists can expect delays in the project area. Drivers should use alternate routes if possible until the work is completed.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Water Distribution Supervisor, Emilio Lopez at 575-6196.
