Subject: East Nob Hill Boulevard Water Service Repairs

Contact: Water Distribution Supervisor Emilio Lopez – 575-6196

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Friday, January 23rd, 2015

Drinking Water System Repair to Impact Traffic on East Nob Hill Boulevard

Water service repairs will disrupt traffic in the eastbound lanes of a portion of Nob Hill Boulevard on Monday, January 26th. The work will begin at 7:00 am and should be completed by 3:30 pm.

The eastbound lanes of Nob Hill Boulevard between South 8th Street and South Fair Avenue will be restricted while the project is underway. Traffic will be channelized through the construction zone.

Because of heavy traffic volume, drivers can expect delays in the project area. Drivers should use alternate routes if possible until the work is completed.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Water Distribution Supervisor, Emilio Lopez at 575-6196.
