Release Date: Monday, April 17th, 2023

Lions Pool to Close for Improvements

Lions Pool, the City of Yakima’s indoor aquatics facility, will close temporarily from May 1st through June 18th for improvements. Work will include construction and installation of a new air handling and dehumidification system.

When repairs are finished and the pool is ready to be re-opened, the City will provide notice using its various communications platforms.

“We certainly appreciate the patience of Lion’s Pool’s loyal users during this project,” said Parks & Recreation Manager Ken Wilkinson.
