Lions Pool Closed Temporarily Due to Pump Issue

Lions Pool, the City of Yakima’s indoor aquatics facility, is closed temporarily due to a mechanical issue with the pool’s main pump.

It is estimated the pool will be closed through Friday, Feb. 24th. Repairs will be completed as quickly as possible to re-open the pool after the mechanical issue is resolved.

When repairs are finished and the pool is ready to be re-opened, the City will provide notice using its various communications platforms.

“We certainly apologize to the loyal users of Lions Pool that the facility will have to be closed while the pump is repaired,” said Parks & Recreation Manager Ken Wilkinson. “
