Release Date: Tuesday, March 30th, 2021

Stormwater Project to Restrict Traffic on Nob Hill Boulevard

Traffic will be impacted on a section of Nob Hill Boulevard tomorrow, Wednesday, March 31st, for a project to replace a stormwater manhole cover.

City of Yakima crews will work on the project from 9:00 am to 2:00 pm tomorrow. During work hours, the project will require reducing eastbound traffic to one lane on Nob Hill Boulevard between South 1st Avenue and Landon Avenue.

Due to heavy traffic volumes on Nob Hill Boulevard, drivers can expect delays and should use alternate routes if possible until the work is completed.

Drivers are reminded that the speed limit through all traffic-related work zones within the City of Yakima is 20 miles-per-hour.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area if necessary.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Wastewater Maintenance Supervisor Robert Brown at 406-7103.
