Subject: Stormwater Pipe Repair to Restrict Traffic on Nob Hill Boulevard
Contact: Acting Wastewater Collection Supervisor Walter Fridley – 575-6118
Communications & Public Affairs Director Randy Beehler – 901-1142
Release Date: Friday, June 28th, 2019

Stormwater Pipe Repair to Restrict Traffic on Nob Hill Boulevard

Repairs to a stormwater pipe will restrict westbound traffic to one lane on Nob Hill Boulevard between 19th Avenue and 21st Avenue on Monday, July 1st and Tuesday, July 2nd. Work on the project will begin at 6:00 am and last until 4:00 pm both days.

In addition, the turn lane in the project area will be closed.

Due to heavy traffic volumes on Nob Hill Boulevard, drivers can expect delays and should use alternate routes if possible until the work is completed.

Drivers are reminded that the speed limit through all traffic-related work zones within the City of Yakima is 20 miles-per-hour.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area if necessary.

The repairs may cause interruptions in scheduled refuse collection. Contact the City of Yakima Refuse Division at 575-6005 for more information.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Acting Wastewater Collection Supervisor Walter Fridley at 575-6118.
