**Subject: Nob Hill Grind and Overlay Project**

**Contact: Utility Project Manager Dana Kallevig – 509-249-6813**

**Communications & Public Affairs Director Randy Beehler – 509-901-1142**

**Release Date: Friday, April 26<sup>th</sup>, 2024**

## **Road Project Will Impact Traffic on Portion of Nob Hill Until Late Summer**

Beginning on Monday, April 29<sup>th</sup> and lasting through late summer, a section of Nob Hill Boulevard will be impacted while a grind and overlay paving project is underway.

The project will take place on the portion of Nob Hill between 3<sup>rd</sup> Avenue and 16<sup>th</sup> Avenue. Intermittent detour routes around the project area will be in place and flaggers will be on site to assist in directing traffic. Work on the project will take place from 7:00 am to 6:00 pm each day.

Grinding and overlaying a road involves removing old and deteriorated asphalt and replacing it with new asphalt. Once the process is completed, the drivability and safety of a road surface is significantly improved.

During the project, traffic delays in the area are likely to occur. Drivers should use alternate routes if possible until the project is completed.

Drivers are reminded that the speed limit through all traffic-related work zones within the city of Yakima is 20 miles-per-hour.

Access to homes and businesses in the area will be maintained as best as possible and emergency vehicles will be allowed through the project areas if necessary.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.
