Subject: West Nob Hill Boulevard Water Service Repairs

Contact: Water Distribution Supervisor Emilio Lopez – 575-6196

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Monday, August 31st, 2016

Drinking Water System Repair to Impact Traffic on West Nob Hill Boulevard

Water service repairs will disrupt traffic in the eastbound lanes of a portion of West Nob Hill Boulevard on Wednesday, August 31st. The work will begin at 7:00 am and should be completed by 5:00 pm.

The eastbound and westbound lanes of Nob Hill Boulevard between South 24th Avenue and South 27th Avenue will be restricted while the project is underway. Traffic will be channeled through the construction zone.

Because of heavy traffic volume, drivers can expect delays in the project area. Drivers should use alternate routes if possible until the work is completed.

Drivers are reminded that the speed limit through all traffic-related work zones within the City of Yakima is 20 miles-per-hour.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area if necessary.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Water Distribution Supervisor, Emilio Lopez at 575-6196.
