Release Date: Monday, July 15th, 2019

Traffic Delays Possible During Lane Striping on North 74th Avenue

Drivers may experience traffic delays tomorrow, Tuesday, July 16th, while City of Yakima crews are grinding and re-striping lane lines on North 74th Avenue between West Lincoln Avenue and Summitview Avenue.

Weather permitting, work will begin around 7:00 am Tuesday and last until around 3:00 pm.

Access to homes and businesses in the area will be maintained as best as possible.

Drivers should use alternate routes if possible until the work is completed.

Drivers are reminded that the speed limit through all traffic-related work zones within the City of Yakima is 20 miles-per-hour.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Streets and Traffic Operations Manager Joe Rosenlund at 509-576-6430.
