Subject: Pothole Filling and Crack Repair Projects

Contact: Streets & Traffic Manager Joe Rosenlund – 576-6430

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Friday, March 28th, 2014

Pothole Filling and Crack Repair Projects to Affect Drivers

Traffic on a portion of Chestnut Avenue will be impacted by a project to fill potholes and repair roadway cracks from Monday, March 31st through Thursday, April 3rd. On Tuesday, April 1st, pothole filling and roadway crack repair will also require the closure of a section of 24th Avenue.

From March 31st through April 3rd, Chestnut between 19th Avenue and 32nd Avenue will be closed on a block-by-block basis from 6:00 am to 4:00 pm each day while City of Yakima Streets Division crews work on the project. Flaggers will be in place to direct traffic through the project area.

On Tuesday, April 1st, 24th between Lincoln Avenue and Summitview Avenue will be closed to all traffic from 9:00 am to 2:00 pm while City Streets Division fill potholes and repair roadway cracks. Any cars that are normally parked along that stretch of 24th should be moved prior to 9:00 am that day. Flaggers will be in place to direct traffic around the project area.

While the work on Chestnut and 24th is underway, traffic delays in the areas are likely to occur. Drivers should use alternate routes if possible until the projects are completed.

Access to homes and businesses in the areas will be maintained and traffic will be allowed through the project areas when possible.

As always, the schedule for these types of a projects is subject to change daily dependent on weather, equipment failure, and emergencies.

For additional information about this project, contact Streets and Traffic Operations Manager Joe Rosenlund at 576-6430.
