Release Date: Monday, October 28th, 2019

Manhole Cover Replacement on Powerhouse to Impact Traffic

A project to replace a manhole cover on Powerhouse Road will impact traffic in the morning on Tuesday, October 29th and Wednesday, October 30th.

City of Yakima Wastewater Division crews will be working on the project between 7:00 am and 2:00 pm on October 29th and 30th. As a result of the project, Powerhouse Road will be closed between 24th Avenue and 25th Avenue.

Drivers are reminded that the speed limit through all traffic-related works zones within the City of Yakima is 20 miles-per-hour.

During the project, traffic delays in the area are likely to occur. Drivers should use alternate routes if possible until the project is completed.

Access to homes and businesses in the area will be maintained and traffic will be allowed through the project area when possible.

As always, the schedule for this type of a project is subject to change daily dependent on weather, equipment failure, and emergencies.

For additional information about this project, contact Wastewater Collections Supervisor Bob Brown at 406-7103.
