Urban Area Comp Plan Amendment Process Opens February 28th

Under the Washington State Growth Management Act, local governments in the state have to adopt, regularly amend, and periodically update an Urban Area Comprehensive Plan. The plan helps guide long-range land use policy in urban areas by establishing a community vision for effectively managing growth over a twenty-year period.

Adopted by the Yakima City Council in 2017, the Yakima Urban Area Comprehensive Plan 2040 addresses issues including, among others, the preservation of natural resources, ensuring adequate levels of public services are provided, protecting historic land, sites, and structures, encouraging sustainable economic development, and retaining open space while also developing recreational opportunities. Those objectives are accomplished through zoning, permitting, and the implementation of other regulatory controls.

State law allows community members to request amendments to the Comprehensive Plan annually. The City of Yakima Planning Commission will formally open this year's Comprehensive Plan amendment process during its meeting on Wednesday, February 28th beginning at 3:00 pm in the City Council Chambers – 129 N 2nd St.

The meeting will air live on Y-PAC, Charter Spectrum Channel 194.

Applications, along with associated fees, have to be received by the Planning Division by 5:00 p.m. on April 30th.
