Subject: Road Improvement Project on Nob Hill Boulevard

Contact: Streets & Traffic Manager Joe Rosenlund – 576-6430

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Tuesday, July 26th, 2016

Road Improvement Project on Nob Hill to Impact Traffic

A road improvement project will impact traffic along a two-block section of Nob Hill Boulevard on Wednesday, July 27th and Thursday, July 28th.

The grind and overlay project will take place on Nob Hill between 15th Street and 17th Street and will involve removing old and deteriorated asphalt and replacing it with new asphalt. The eastbound, outside lane along that section of Nob Hill will be repaved.

Work on the project will take place between 6:00 am and 3:30 pm each day on July 27th and July 28th. While the project is underway, the eastbound, outside lane along the section of Nob Hill between 15th Street and 17th Street will be closed to traffic. Eastbound traffic along that section of Nob Hill will be restricted to one lane. No westbound lanes will be affected by the project. Drivers will be directed around the project area by flaggers.

Drivers are reminded that the speed limit through all traffic-related works zones within the City of Yakima is 20 miles-per-hour.

During the project, traffic delays in the area are likely to occur. Drivers should use alternate routes until the project is completed.

Access to homes and businesses in the area will be maintained as best as possible.

As always, the schedule for this type of a project is subject to change daily dependent on weather, equipment failure, and emergencies.

For additional information about this project, contact Streets and Traffic Operations Manager Joe Rosenlund at 576-6430.
