Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Monday, March 14th, 2016

Road Repairs on Fruitvale Boulevard to Impact Traffic

A road repair project along a seven-block section of Fruitvale Boulevard will impact traffic for most of each day from, Tuesday, March 15th through Friday, March 18th.

City of Yakima Streets Division crews will be crack sealing and mastic sealing the section of Fruitvale between 27th Avenue and 34th Avenue from 7:00 am to 3:00 pm each day from March 15th through March 18th. While the project is underway, the outside lanes of that section of Fruitvale will be closed. Traffic in the project area will be restricted to one lane in each direction until the road repairs are completed.

During the project, traffic delays in the area are likely to occur. Drivers should use alternate routes if possible until the project is completed.

Access to homes and businesses in the area will be maintained and traffic will be allowed through the project area when possible.

As always, the schedule for this type of a project is subject to change daily dependent on weather, equipment failure, and emergencies.

For additional information about this project, contact Streets and Traffic Operations Manager Joe Rosenlund at 576-6430.
