Release Date: Friday, April 8th, 2016

Sewer Repairs to Impact Traffic on Nob Hill Boulevard

A sewer repair project will impact traffic along a one block section of Nob Hill Boulevard from Monday, April 11th through Friday, April 15th.

City of Yakima Wastewater Division crews will be making repairs to a sewer line below Nob Hill Boulevard between 5th Avenue and 6th Avenue from April 11th through April 15th. While the project is underway, the section of Nob Hill between 5th Avenue and 6th Avenue will be reduced to one lane in each direction during work hours and possibly overnight.

During the project, traffic delays in the areas are likely to occur. Drivers should use alternate routes if possible until the project is completed.

Access to homes and businesses in the area will be maintained as best as possible.

As always, the schedule for this type of a project is subject to change daily dependent on weather, equipment failure, and emergencies.

For additional information about this project, contact Utility Project Manager Dana Kallevig at 307-7382.
