Subject: South 1st Street Water Service Repairs

Contact: Water Distribution Supervisor Emilio Lopez – 575-6196

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Monday, November 6th, 2017

Drinking Water System Repairs to Impact Traffic on 1st Street

Water service repairs will disrupt traffic in the northbound and southbound lanes of a portion of South 1st Street from Tuesday, November 7th through Thursday, November 9th. Work on the project will take place from 7:00 am to 3:30 pm each day.

Traffic in both the northbound and southbound lanes of South 1st Street between East Beech Street and East Race Street will be restricted while the project is underway. Traffic will be channeled through the construction zone.

Due to heavy traffic volume, drivers can expect delays in the project area. Drivers should use alternate routes if possible until the work is completed.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Water Distribution Supervisor, Emilio Lopez at 575-6196.
