Subject: Stormwater Manhole Project on N. 16th Ave.

Contact: Wastewater Collections Supervisor Bob Brown – 509-406-7103

Communications & Public Affairs Director Randy Beehler – 509-901-1142

Release Date: Wednesday, April 12th, 2023

Project to Impact Section of North 16th Avenue

A stormwater manhole project will impact traffic on North 16th Avenue Thursday morning, April 13th, between Cherry Avenue and Jerome Avenue.

Traffic will be reduced to one lane in each direction on that section of North 16th Avenue during scheduled project work hours of 6:00 am and 12:00 pm.

Drivers are reminded that the speed limit through all traffic-related work zones within the City of Yakima is 20 miles-per-hour.

During the project, traffic delays in the area are likely to occur. Drivers should use alternate routes until the project is completed.

Access to homes and businesses in the project area will be maintained as best as possible.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Wastewater Collections Supervisor Bob Brown at 509-406-7103.
