Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Tuesday, April 24th, 2018

Stormwater Maintenance Project to Impact Traffic on Pleasant Avenue

A stormwater maintenance project will impact traffic on a section of Pleasant Avenue tomorrow, Wednesday, April 25th.

As a result of the project, Pleasant Avenue will be closed between Washington Avenue and Spokane Street all day tomorrow, April 25th, to replace a broken section of storm drain pipe.

Drivers are reminded that the speed limit through all traffic-related works zones within the City of Yakima is 20 miles-per-hour.

During the project, traffic delays in the area are likely to occur. Drivers should use alternate routes until the project is completed.

Access to homes and businesses in the project area will be maintained as best as possible.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Wastewater Collections Supervisor Bob Brown at 406-7103.
