Subject: Stormwater Pipe and Catch Basin Repair Project

Contact: Wastewater Collections Supervisor Bob Brown – 406-7103

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Wednesday, June 19th, 2017

Stormwater System Repair to Impact Traffic at 50th Avenue and Nob Hill

A project to repair a stormwater pipe and catch basin will result in traffic restrictions at the intersection of 50th Avenue and Nob Hill Boulevard for most of the day on Wednesday, June 21st.

As a result of the project, westbound traffic through the 50th Avenue and Nob Hill intersection will be restricted to one lane from 6:00 am to 3:00 pm on June 21st.

Drivers are reminded that the speed limit through all traffic-related works zones within the City of Yakima is 20 miles-per-hour.

During the project, traffic delays in the area are likely to occur. Drivers should use alternate routes until the project is completed.

Access to homes and businesses in the project area will be maintained as best as possible.

As always, the schedule for this type of a project is subject to change daily dependent on weather, equipment failure, and emergencies.

For additional information about this project, contact Wastewater Collections Supervisor Bob Brown at 406-7103.
