News Release

Subject: Temporary Traffic Signal Outage at 24th Avenue and W. Nob Hill Blvd.

Contact: Streets and Traffic Manager Joe Rosenlund – 576-6430

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Wednesday, March 25th, 2020

Temporary Signal Outage Planned at 24th Avenue and W. Nob Hill Blvd.

Motorists are encouraged to use caution tomorrow, Thursday, March 26th, when a traffic signal will be temporarily out due to a Pacific Power & Light (PP&L) service change.

The signal at 24th Avenue and West Nob Hill Boulevard will be dark from approximately 9:30 am to 10:30 am tomorrow while PP&L crews work on the service change. The PP&L project should last 15 to 20 minutes.

Drivers are reminded that the speed limit through all traffic-related work zones within the City of Yakima is 20 miles-per-hour.

During the project, traffic delays in the area may occur. Drivers should use alternate routes if possible until the project is completed.
