Subject: Utility Service Repairs on South 3rd Street

Contact: Water Distribution Supervisor Emilio Lopez – 575-6196

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Thursday, Aug 18th, 2016

Drinking Water System Repair to Impact Traffic on South 3rd Street

Water service repairs will disrupt traffic in the northbound and southbound lanes of South 3rd Street on Friday, August 19th and possible Saturday, August 20th. The work will begin at 7:00 am and should be completed by 3:30 pm those days.

While the work is underway, traffic along South 3rd Street between Walnut Street and Chestnut Avenue will be periodically restricted going north and south.

Because of heavy traffic volume, drivers can expect delays in the project area. Drivers should use alternate routes if possible until the work is completed.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Water Distribution Supervisor, Emilio Lopez at 575-6196.
