Release Date: Wednesday, August 5th, 2020

Harman Center Hosting Virtual Lego Contest

The Harman Center’s annual summer Lego tournament will be held virtually this year due to COVID-19 restrictions.

Contest deadline for the Pirate Island Virtual Lego Tournament is Friday, August 28th. Competitors simply need to complete the entry form and submit it with a photo or video of their pirate-themed Lego creation.

Click <https://yakimaparks.com/2020-pirate-island-virtual-lego-tournament/> for contest rules and entry forms.

“We hope this event brings grandparents, parents, and children together within social distancing guidelines to build a Lego project and make memories,” said Recreation Program Supervisor Leslie Richards.

To enter the tournament, contestants need to e-mail the entry form and a photo or video of their project to Richards at Leslie.Richards@YAKIMAWA.GOV.

All ages are welcome to enter the tournament. Members of the Harvest Lego User Group will serve as contest judges.
