Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Wednesday, March 17th, 2021

Wastewater Repairs to Restrict Traffic on Tieton Drive

Traffic will be impacted on a section of Tieton Drive tomorrow, Thursday, March 18th, for repairs to a wastewater line.

Crews will work on the project from 7:00 am to 5:00 pm tomorrow. During work hours, the project will require reducing traffic to one lane in each direction on Tieton Drive between 80th Avenue and 79th Avenue.

Due to heavy traffic volumes on Tieton Drive, drivers can expect delays and should use alternate routes if possible until the work is completed.

Drivers are reminded that the speed limit through all traffic-related work zones within the City of Yakima is 20 miles-per-hour.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area if necessary.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Wastewater Operations Superintendent Marc Cawley at 249-6854.
