Release Date: Friday, December 22nd, 2017

Water Service Line Repairs to Restrict Traffic on South Fair Avenue

Water service line repairs will result in traffic restrictions on South Fair Avenue between Chestnut Avenue and Spruce Street Tuesday, December 26th. Work on the project will begin at 7:00 am and last until 3:30 pm.

Traffic will be channeled in both directions in the project area. Because of heavy traffic volumes on South Fair Ave, drivers can expect delays. Drivers should use alternate routes if possible until the work is completed.

Drivers are reminded that the speed limit through all traffic-related works zones within the City of Yakima is 20 miles-per-hour.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area if necessary.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Water Distribution Supervisor Emilio Lopez at 575-6196.
