News Release

Subject: 1409 South 16th Ave. Water service repairs.

Contact: Water Distribution Supervisor Emilio Lopez – 575-6196

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Monday, September 15th, 2014

Drinking Water System Repair to Impact traffic on South 16th Ave

Water service repairs will disrupt traffic in the northbound lanes of 16th Avenue on Wednesday, September 17th. The work will begin at 6:00 am and should be completed by 3:30 pm.

South 16th Avenue between Plath and Logan Avenue will be restricted to one lane going north.

Because of heavy traffic volume, motorists can expect delays in the project area. Drivers should use alternate routes if possible until the work is completed.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area if necessary.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Water Distribution Supervisor Emilio Lopez at 575-6196.
