Subject: Water Service Repairs

Contact: Water Distribution Supervisor Emilio Lopez – 575-6196

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Tuesday, September 9th, 2014

Drinking Water System Repair to Impact 16th Ave and Nob Hill Blvd

Water service repairs will disrupt traffic at the intersection of 16th Avenue and Nob Hill Boulevard on Wednesday, September 10th. The work will begin at 6:00 am and should be completed by 3:30 pm.

While the project is underway, traffic will be restricted to one northbound lane on 16th Avenue and one eastbound lane on Nob Hill Boulevard.

Because of heavy traffic volume at the intersection, drivers can expect delays in the project area. Drivers should use alternate routes if possible until the work is completed.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area if necessary.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Water Distribution Supervisor Emilio Lopez at 575-6196.
