News Release

Subject: 2705 West Lincoln Avenue Water Service Repairs

Contact: Water Distribution Supervisor Emilio Lopez – 575-6196

Communications & Public Affairs Director Randy Beehler – 901-1142

Release Date: Tuesday, March 10th, 2015

Drinking Water System Repair to Impact Traffic on West Lincoln Avenue

Water service repairs will disrupt traffic in the westbound lane of West Lincoln Avenue on Wednesday, March 11th and Thursday, March 12th. The work will begin at 7:00 am on Wednesday and should be completed by 3:30 pm on Thursday.

West Lincoln Avenue between North 27th Avenue and North 28th Avenue will be restricted to one lane going west through construction zone.

Because of heavy traffic volume, drivers can expect delays in the project area. Drivers should use alternate routes if possible until the work is completed.

Access to homes and businesses in the project area will be maintained as best as possible and emergency vehicles will be allowed through the project area.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

For more information about the project, contact Water Distribution Supervisor, Emilio Lopez at 575-6196.
