**Communications & Public Affairs Director Randy Beehler – 509-901-1142**

**Release Date: Wednesday, May 21<sup>st</sup>, 2025**

## **Yakima Airport Hosts Aviation Day on June 7th**

The 2nd annual Aviation Day at Yakima Air Terminal-McAllister Field (YKM) is Saturday, June 7th, from 10 am to 4 pm.

The free, family-friendly event will include a variety of aircraft on display, with numerous booths highlighting the aviation industry.

There will be food vendors, military aircraft, helicopters and general aviation aircraft. Aviation Day will be held next to the airport's active runway 9/27 which will remain open throughout the event so the public can see aircraft landing and taking off.

This event will not include an air show. However, airport staff are working towards one in the future.

Visit [Aviation Day | FLY YKM](#) for more about the event.

Parking will be available in YKM's main terminal, ADA parking at 2406 West Washington Avenue, grass parking by Coffee Castle and YCDA, and across the street at Perry Tech and Perry Tech Lane with shuttle services available to and from the event.

More about YKM is available by calling 509-575-6149, visiting YKM's [Facebook page](#) or e-mailing [ykminfo@yakimawa.gov](mailto:ykminfo@yakimawa.gov).

Also, a Fly In Pancake Breakfast is planned June 7th from 8 am to 11 am sponsored by EAA Chapter 206. The breakfast will be at Yakima Air Park, 2401 South 21st Avenue, with entry off of Ahtanum Boulevard.
