News Release

Subject: Yakima Avenue and 6th Street Traffic Signal

Contact: Traffic Operations Supervisor Dan Nickoloff – 509-576-6746

Communications & Public Affairs Director Randy Beehler – 509-901-1142

Release Date: Tuesday, July 19th, 2022

Traffic Signal Upgrade to Impact Yakima Avenue and 6th Street

A traffic signal upgrade will impact the intersection of Yakima Avenue and 6th Street tomorrow, Wednesday, July 20th.

Crews will be upgrading the traffic signal heads at the intersection from 7:00 am to 1:00 pm this Wednesday. The traffic signal will not be in operation during the work hours. Traffic will be restricted to one lane in each direction with stop signs at the 4-way stop.

Drivers are reminded the speed limit through all traffic-related work zones within the city of Yakima is 20 miles-per-hour.

As always, the schedule for this type of project is subject to change daily dependent on weather, equipment failure, and emergencies.

This is one in a series of 11 traffic signal upgrades the City is planning for intersections along Yakima Avenue over the next two months. The improvements include upgrading to larger, more efficient 12-inch LED signal heads.

For more information, contact Traffic Operations Supervisor Dan Nickoloff at 509-576-6746.
