Declaration

I hereby certify that (please select one):

- I am a **CONTRACTOR** or **SPECIALTY CONTRACTOR** currently registered and properly licensed as defined under RCW 18.27.010 and 18.27.110 and am legally qualified to perform the work sought by this permit.
- I am an **AUTHORIZED AGENT** of the property owner and all work will be done by the property owner or a properly licensed contractor or specialty contractor as defined under RCW 18.27.010 and 18.27.110 and is legally qualified to perform the work sought by this permit.
- I am **EXEMPT** from the requirements of the Contractor Registration laws, per RCW 18.27.090, and will abide by all provisions and conditions of the exemption as stated. I will do all of my own work or use all registered and licensed contractors and/or specialized contractors in connection with the work to be performed under the permit applied for herein.

I hereby certify under penalty of perjury of the Laws of the State of Washington that I have read and examined this application and know that the information contained herein is true and correct. I understand that the granting of a permit does not authorize me in any way to violate or cancel any of the provisions of state, federal or local laws regulating the construction or performance of construction sought under this permit.

Underground Storage Tank Removal or Abandonment Checklist

The applicant shall submit a completed Fire Permit Application Form and a site plan indicating tank(s) location(s) and size(s).

The applicant/contractor is responsible for complying with all NFPA standards applicable to the scope of work to be performed.

The applicant shall note on the application form the name of any third-party oversight providers, i.e. soil testing, compaction, etc.

The applicant/contractor is responsible for contacting the Department of Ecology to verify what/if any requirements they must comply with.

The applicant/contractor is responsible for contacting the City of Yakima Planning Division, 509-575-6183 or ask.planning@yakimawa.gov to confirm if a SEPA application is applicable, given the number and size of tanks to be removed or abandoned.

The applicant/contractor is responsible for providing any applicable signage on the job site.

The applicant/contractor is responsible for providing the correct size and quantity of fire extinguishers at all times.

The applicant/contractor is responsible for obtaining an Excavation / Streetbreak permit, pursuant to YMC 8.72, for any work to be performed within the City Right-of-Way.

If applicable, the Contractor is responsible for contacting the City of Yakima Fire Department, 509-575-6060.

The permit fee shall be calculated based on the estimated cost of the work to be performed (materials and labor).

The information provided herein shall not be construed to permit violation of any City, State and/or Federal laws. To insure that the information/requirements stated above have not been amended, please contact the Office of Code Administration at 509-575-6126 or codes@yakimawa.gov, to confirm current standards and/or codes.
