GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Yakima
Washington**

For the Fiscal Year Beginning

January 01, 2022

Christopher P. Morill

Executive Director

Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to City of Yakima, Washington, for its Annual Budget for the fiscal year beginning January 01, 2022. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

BUDGET READERS GUIDE

[Citywide Overview](#)

Provides summary information to understand the city's overall budget concisely and clearly.

The [City Profile](#) provides information on the City itself, and includes items such as population, economy, tourism, healthcare and higher education.

The [Budget Process & Calendar](#) describes the budget process, and indicates the key dates and steps in the annual budget process, from start to finish.

The [Budget Ordinance](#) is the legal authorization by City Council for expenditures, appropriated by fund.

The [Budget Transmittal](#) articulates the city's service priorities and provides a narrative to explain the priorities, purposes, challenges and notable factors that were incorporated into the budget. The entire budget document intends to provide sufficient detail to provide transparency and accountability.

The [Revenue Summary](#) articulates the methodology for forecasting city revenues and provides some helpful illustrative trend information.

The [Capital Budget Summary](#) encourages long-range decision-making, assures the continuity of Council goals and objectives and identifies the impacts in future years of decisions made currently.

The [Debt Summary](#) provides an overview of current debt and debt under consideration, by fund.

[Budget by Department](#)

This section is organized into the City's various operating departments. Charts include statistical data that link the budgeted dollars to specific services provided, along with explanatory narrative summaries.

[Appendices](#)

Supplemental detail schedules and reference material, including a summary of significant accounting policies and general information statistics.

CITY PROFILE

Yakima is located in central Washington, east of the Cascade Mountain Range, at the confluence of two rivers. The Yakima River from the north defines the city’s eastern border, and the Naches River defines the northern border. Yakima is centrally located 140 miles east of Seattle, 200 miles west of Spokane, and 185 miles northeast of Vancouver, Washington and encompasses 28.27 square miles in 2022.

The City of Yakima was incorporated in 1886 and operates under a Council-Manager form of government with a full-time City Manager. The City Council is composed of seven members who are elected by district to alternating four-year terms staggered every two years. The City Council selects one of its members to serve as Mayor for a two-year term.

The City of Yakima provides a full range of municipal services, which include: police, fire, engineering, parks, cemetery, streets, code and parking enforcement, municipal court, economic development, and administrative services. The City also provides enterprise services including water treatment and distribution, irrigation, sanitary wastewater, solid waste, and stormwater. Other amenities include transit, the Yakima Air Terminal, and the Convention and Event Center.

With an estimated population of 98,200 in 2022, the City of Yakima is the state’s 11th largest city by population, enjoying modest growth every year. Looking at the last two decades of population growth in the chart below, the City is on track to pass the 100,000 mark in the next decade.

Source: Washington State Office of Financial Management (OFM) and US Census Bureau

Economy

The economy in Yakima continues to grow. Although building permits were slowed during 2020 due to COVID related obstacles, the number of housing units and hotels has been steadily increasing, as have assessed property valuations. According to monthly Employment Security Department reports, the average seasonally adjusted unemployment rate in 2021 for Yakima County was 7.0%. Unemployment dropped to 6.3% in January of 2022, with an average for the year as of August of 6.1%. Historically, the economy has been based upon agriculture and related industries, with the principal property tax payers being Washington Fruit & Produce, Shields Bag & Printing,

Chiawana Orchards, Walmart, Frosty Packing and John I Haas, Inc. The Yakima Valley is also the principle nation-wide source of hops and apples, and has many wineries and craft breweries.

Tourism

Known regionally as the "Palm Springs of Washington", tourism in Yakima enjoys continued growth due to the sunny climate and local amenities that include 36 parks, two public and one private 18-hole golf courses, three nine-hole courses, eight pickleball courts and 21 tennis courts. There are also six little league fields, ten softball fields and four soccer fields located within City parks. Prominent event facilities contributing to Yakima being a regional hub include:

- The City-owned [Yakima Convention & Event Center](#) has 54,000 square feet of meeting space, along with a 6,300 square foot outdoor plaza, available for meetings and events.
- The City-owned [Capitol Theatre](#), a magnificent and historical theatre originally built in 1920, seats 1,500 and holds over 150 activities and events annually.
- The [Yakima Valley Sun Dome](#), a multipurpose trade and convention center with 56,000 square feet of usable space and seating for up to 8,000 people.
- [SOZO Sports of Central Washington](#) is a championship level sports complex. It has 15 full size soccer fields completed, with both grass and synthetic playing surfaces available, and a 13,500 square foot indoor facility.
- The [Seasons Performance Hall](#), a non-profit organization that supports musical and cultural events for residents and visitors to the Yakima Valley

Transportation

Commercial airline service is provided by Alaska Airlines through the city-owned Yakima Air Terminal. Greyhound Bus has regular passenger service schedules to and from Yakima, and Burlington Northern Santa Fe supplies railroad services. Also available is the Yakima Transit bus system, which serves Yakima, Selah, West Valley, Terrace Heights, and Ellensburg.

Healthcare

Yakima Valley Memorial Hospital - or MultiCare Yakima Memorial Hospital as of early 2023 - is the only hospital in the Yakima area. The North Star Lodge, also in Yakima, is an affiliate of the hospital and is recognized as one of the most advanced cancer care centers in the Western United States.

Higher Education

There are several higher education institutions serving the Yakima area. The Pacific Northwest University of Health Sciences (PNWU) offers doctoral degrees in osteopathic medicine, Yakima Valley College (YVC) offers both 2 and 4-year degrees and a multitude of academic programs, Perry Technical Institute offers nationally-recognized vocational/technical programs and Heritage University, located a few miles southeast of Yakima, is an accredited four-year liberal arts college.

BUDGET PROCESS & CALENDAR

The development of the city budget requires an enormous commitment by all City Departments and the Finance Department's Budget Team. The Finance team works year-round meeting and coordinating with all city departments with an eye toward each up-coming budget. The coordination, calculations and technical expertise of Finance staff to make this document possible deserve recognition for their skilled efforts. We are proud of the work accomplished day in and day out by all City staff, which goes on continuously, necessarily coinciding with budget work. With the support of the City Council, it is the efforts of our outstanding employees that make the City work for our residents and make Yakima an exceptional place to live, work and play.

Budget Preparation

City Council begins strategic planning by reviewing budget priorities, goals and policies, in order to establish the level of services that the City will provide in the following biennial budget processes. The process of planning and preparing the budget works towards meeting these priorities and goals, and towards presenting a balanced spending plan, within existing resources, for Council approval. Budget performance is monitored year-round through periodic reports to the City Manager and City Council. The Budget Calendar shows when the major parts of the budget process are currently scheduled to take place.

Adopting the Budget

The City Council approves the City's operating and capital budget biennially, dividing available resources to fund operating and long-term capital needs. The operating budget allocates available resources among the City's services and programs and provides for associated financing decisions.

The City's budget complies with mandates of Washington State Law and the City of Yakima's Charter:

1. Prior to October 1st of each even year:
 - The City Manager submits a [Preliminary Budget](#) to the City Council for the upcoming biennial budget. This budget is based on priorities established by the Council and includes expenditure projections and recommendations from City departments.
 - The Council then conducts one hearing on the proposed [property tax \(ad valorem\)](#) in November and two [public hearings](#) on the [Preliminary Budget](#) in November.
 - In December, the [Budget Ordinance](#) is legally adopted by Council.
2. After September 1st and before December 31st of the first year of the biennial budget:
 - A Mid-Biennial Review is submitted, noting any modifications, as required by RCW 35.34.130.
 - The Council then conducts one hearing on the proposed property tax (ad valorem) in November and two public hearings on the Mid-Biennial Review in November.
 - In December, the budget modifications are legally adopted by Council.

More information regarding the City of Yakima's budget process can be found in the [Budget Transmittal](#).

Amending the Budget

The Adopted Budget is at the fund level of control; this means that there is some flexibility within a fund to over or under spend individual line item budgets, but total expenditures for a fund cannot exceed the total approved budget (appropriation) for that fund without an amendment approved by City Council.

The City Manager, or designee, is authorized to transfer budgeted amounts between departments within any fund; however, any surprises that exceed the total expenditures of a fund must be approved by the City Council. When the City Council determines that it is in the best interest of the City to increase or decrease the approved budget (appropriation) for a particular fund, it may do so by ordinance, if approved by a simple majority plus one, after holding two public hearings on the budget.

BUDGET CALENDAR

BUDGET ORDINANCE

ORDINANCE NO. 2022-036

AN ORDINANCE adopting the biennial budget for the City of Yakima, Washington, for the fiscal years 2023-2024; and making appropriations for estimated expenditures.

WHEREAS, Article II, Section 9 of the City Charter requires the City Manager to have prepared and submitted to the City Council a tentative budget for the fiscal year, required by October 1 prior to the beginning of the City fiscal year (RCW 35.33.051, 35.33.055); and

WHEREAS, the City Council passed Ordinance 2022-007 establishing a two-year fiscal biennial budget, as authorized by RCW 35A.34.040; and

WHEREAS, on or before the 1st day of October, 2022, a Preliminary Budget Summary for the City of Yakima for the biennium 2023-2024 was duly filed with the Director of Finance and City Clerk of the City of Yakima and submitted to the Yakima City Council, all in accordance with applicable laws; and

WHEREAS, notice was posted and published for public hearings held on November 1, 2022 and on November 15, 2022. The City Council held its formal public hearings on the budget all in accordance with applicable laws; and

WHEREAS, subsequent to its formal public hearing, the City Council had the opportunity to make adjustments and changes to the budget as the Council deemed necessary or proper and determined the allowance in each item, department, classification and fund, all as set forth in the final budget document attached hereto, all in accordance with applicable laws; now, therefore

BE IT ORDAINED BY THE CITY OF YAKIMA:

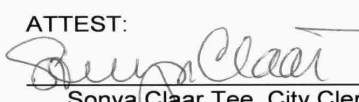

Section 1. The budget for the City of Yakima, Washington, for the fiscal years 2023 and 2024 is hereby adopted in its final form and content as set forth in the budget document entitled "City of Yakima, Biennial Budget 2023 – 2024," which is attached hereto as Schedule A and incorporated by reference herein. There is hereby appropriated for expenditure during the years 2023 and 2024 the aggregate amounts listed on the attached Schedule A for each separate fund of the City. Pursuant to Article II, Section 9 of the City Charter, the City Manager shall prepare and submit to the Council a tentative budget for the fiscal year. Once the Council adopts the annual budget, the Council authorizes the City Manager to adjust appropriations within individual funds at his/her discretion.

Section 2. The City Clerk is directed to transmit a certified copy of the budget hereby adopted to the Division of Municipal Corporations in the Office of the State Auditor and to the Association of Washington Cities.

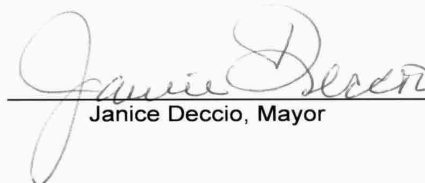

Section 3. This ordinance is one required to be made by the laws of the State of Washington, and shall be in full force and effect on January 1, 2023, upon its passage and publication as provided by law.

PASSED BY THE CITY COUNCIL, signed and approved this 15th day of November, 2022.

ATTEST:

Sonya Claar Tee, City Clerk

Janice Deccio, Mayor

Publication Date: November 18, 2022

Effective Date: January 1, 2023

¹ The fund balance for Workers' Compensation may show a negative amount due to the timing of year-end journal entries, which require the last payroll for the year to be included. This journal entry will ensure a positive fund balance.

² All figures are directly imported from the City's automated accounting system. Due to rounding, some totals in this chart may not correspond exactly with the sums in other charts within the Adopted Budget.

Budget Message

Date: December 31, 2022

To: The Honorable Mayor and Members of City Council

From: Jennifer Ferrer-Santa Ines, Director of Finance & Budget

Subject: 2023 - 2024 Biennial Adopted Budget

This budget document, the culmination of a year of combined effort on the part of city staff and city council, fulfills the following purposes:

- Communicates transparently the fiscal commitment to services for residents, voters and taxpayers.
- Provides city management an operational guide to service delivery, while simultaneously demonstrating accountability to budgetary controls.
- Communicates the long-term vision of City Council and City Management, coupling 2023 funding with service delivery commitments.

This budget presents the information needed to give the reader a clear picture of the city's structure and overall services plan in sufficient detail to assure transparency and accountability.

In April of 2022, City Council approved transitioning to a biennial budget process, instead of an annual process, for the current budget year. The benefits of a biennial budget include reducing the amount of time spent budgeting over a two-year period, utilization of off budget years to plan or focus on other important areas, and allowing the City to focus on a long-term approach in order to plan strategically over multiple years.

The 2023 - 2024 Biennial Budget, as adopted by City Council, incorporates all the direction discussed and approved during the entire 2023/2024 budget process. This document presents a balanced General Fund budget - inclusive of the General Fund (001), Criminal Justice (003), and the Firemen's Relief & Pension (612) - with resources exceeding expenditures.

BUDGET SUMMARY

There were no major changes made to the Preliminary Budget as presented to City Council in October. The overall budget shows \$252.1 million in revenues and \$269.8 million in expenditures for 2023 and \$245.3 million in revenue and \$251.2 million in expenditures for 2024. Expenditures are more than revenues due to the fact that several funds have planned expenses that are being funded through both fund balances and on-going revenues. Government and Enterprise funds, in particular, are spending budget appropriations that were approved in prior year budgets to fund large projects that are now in progress.

The General Fund shows revenues of \$71.8 million and expenditures, including transfers, of \$73.3 million in 2023, and \$73.5 million in revenue and \$75.1 million in expenditures for 2024. The fund balance for the General Fund is budgeted to decrease by \$1.6 million in 2023 and \$1.6 million in 2024, mainly due to inflationary increases in professional services, and increases in employee wages and benefits. The fund balance, however, will remain within the approved reserve level of total expenditures (16.7%) for both years, 20.0%, at the end of 2023 and 17.4% in 2024.

All funds citywide have positive fund balances and are expected to maintain these levels, except for Workers' Compensation, which shows a negative amount due to the timing of a year-end journal entry.

Functions of the Budget

- ***A Financial Plan*** - This budget discusses service delivery and long-term fiscal sustainability decisions. As a policy document, the budget makes specific links between desired goals and current and foreseeable circumstances.
- ***A Communications Device*** - The budget document is the result of a process that is a conversation with residents, voters and taxpayers of the City. The budget is more about services than it is about money, the result of citizen and Council input prioritizing how limited resources are best used to serve the needs of our city.
- ***An Operations Guide*** - The budget document lists every department and program of the city. Demand for services has always exceeded resources.
- ***A Legal Authorization*** - The budget is the legal appropriation authorization to fund the various operations of the City in the attainment of strategic priorities and goals. It must meet all the legal requirements, timelines and constraints of state statute, municipal codes and city charter.

State law requires cities to have a balanced budget each year - expenses cannot exceed available resources (revenues plus unspent reserves).

Recurrent Budget Challenges

According to the Bureau of Labor Statistics, the Consumer Price Index increased for Seattle-Tacoma-Bellevue, WA area to 4.6% in 2021 and is continuing to grow at a rapid rate into 2022, while inflation has hit a 40-year high in recent months. This increases operating costs at every level of government – including construction and building costs, fuel, employee wages, borrowing costs and long-term pension liabilities. Inflation must be considered when budgeting, especially with the high rates in the last year. While not budgeting some projects in the current years seems like a good plan, it is not if the cost of not spending will rise exponentially down the road, and with the current rates, it is extremely difficult to prepare reliable cost estimates for City projects. The following issues continue to affect the budget process annually.

- ***The Chronic Budget Squeeze*** - Even though inflation is currently going up by as much as 7% (or more) a year, and the value of homes is increasing as much as 7% or 8% a year (and in some areas even more), city revenues are failing to keep up - other revenue options must be continually explored, creating a major challenge, as discussed in the following section.
- ***Economic Development*** - Economic Development is about making cities more attractive, fostering growth, indirectly creating jobs and generating tax revenue that can be used to finance local government services. Without this revenue, there is little to no growth in the ability to fund future projects, creating a circular relationship that requires significant planning each year to overcome.
- ***Cost of Personnel, Materials and Outside Services*** - The impact of inflation, and the structural obstacles the city is facing, require decisive and difficult steps for the long-term health of the city and its finances. Reorganizations to improve coordination of programs and services were implemented in this budget cycle to help mitigate some of these issues, but continued monitoring will be required.
- ***Capital Assets and Infrastructure*** - The City's infrastructure is the City's largest asset, with 406 miles of streets and highways to maintain, stripe and light, with similar miles of water, wastewater, irrigation pipes and associated treatment plants, pumps and valves. The past expenditures for road maintenance have been chronically challenging and less than adequate for on-going maintenance and scheduled replacement. This is a major challenge impacting the repair and maintenance of infrastructure, and continues to be a high priority in budget discussions.
- ***General Fund*** - The General Funds largest expense is employee wages and benefits, comprising 58% of forecast expenditures in 2023. Beyond personnel, the General Fund has many more demands on it than funding will accommodate. Staff has met with multiple departments over multiple iterations to explore possible options to stay within forecasted funding levels. A long-term approach is imperative to preservation of General Fund

fund balance and critical in the demonstration of improved financial position. Staff has left no revenue nor expenditure possibility out of consideration for potential manageable opportunities.

2023 - 2024 Major Challenges

- *Equipment Replacement for Public Safety* - Police and Fire vehicle replacement funding was addressed last year with ARPA funding, but a long term solution to ensure funding availability for future replacement has not yet been identified. Police vehicles require a contribution of approximately \$1,000,000 each year, while the Fire Department requires approximately \$800,000 each year to perpetually replace vehicles. While replacement funding in the amount of \$200,000 for Fire and \$250,000 for Police has been budgeted for 2023 and 2024, the City continues to determine the best course of action to fully fund replacement vehicles before the next budget cycle.
- *Alternative Revenue Options* - Revenue options were discussed at both the Council retreat and budget meetings, however, while none were adopted for this budget, they are still viable as future options and at least some of them will be required to find a sustainable path to maintain existing levels of service beyond the next biennium.. These revenue opportunities include:
 - A levy lid lift, which would bring more property tax dollars into the City.
 - An admissions tax, which would be added when there is a charge for admission to a place or event.
 - New impact fees, which are a one-time assessment on new development that can be used for capital facility purposes.
 - An increase to the sales and use tax by 0.1% for affordable housing, which would add an estimated \$2.0 million in new revenue.
 - A charge for downtown parking. This discussion came up as part of a study completed by Rick Williams Consulting (RWC), the goal of this which was to develop a comprehensive approach for downtown parking and downtown infrastructure. The study showed that with a consistent revenue source from parking fees, the City would have the revenue to invest in capital infrastructure in the downtown area.
- *Long-term Capital Expenditure and Resource Planning* - Considered a key component of any budget, takes time and long-term planning. Operational needs compete for resources with infrastructure repair and maintenance, while an investment in economic development is required to help increase the tax base, in order to continue funding the needs of capital expenditures. The capital budget planning conducted by the City, and the continued funding for the Yakima Revenue Development Area Mill Site are two of the ways the City is addressing this challenge.

2023 - 2024 Budget Goals

The City's budget is largely based on what is known about the current year's difficulties. The budget process requires everyone involved to evaluate the city's priorities annually, between immediate services and infrastructure, across many funds, and being mindful of long-term fiscal sustainability. The major goals accomplished with the 2023 - 2024 Budget were:

- Achieve a balanced budget in every fund.
- Assure prioritized services citywide.
- Preserve General Fund's reserve, with a goal of 25% of expenditures.
- Establish sustainable funding for equipment replacement.
- An updated 5-year capital budget, developed for all funds, including projects within the General Fund.

The main goal of the current budget process was to ensure that the budget was balanced in all funds. City staff across all departments produced the initial [Preliminary Budget](#) that essentially accomplished a balanced budget, prior to the City Council study sessions and meetings that looked to policy level considerations.

Strategic Priorities

City Council evaluates and updates the strategic priorities of the city from time to time. These priorities are not necessarily financial, but pertain to current-year or long-term service delivery. Individual funds within the city address these strategic priorities within narratives in the [Budget by Department](#) section as "Goals". These priorities remain the same from the 2022 budget. City Council's 2023 - 2024 strategic priorities are:

- Public Safety.
- Fiscal Sustainability.
- Housing.
- Strengthening Partnerships.
- Investment in Infrastructure.

Long-term Recommendations

Past bond rating analysis has cited two factors - General Fund reserve levels and the local economy measured by average household income - as impediments to the City's fiscal health. Staff had recommended an increase to the General Fund Reserve Policy from 16.7% to 25% of total annual operating expenditures, in order to better handle unforeseen circumstances that regularly impact the City's ability to maintain current levels of service.

While no changes were made to service levels, fees or taxes in this budget, the creation of a city-wide fee schedule, proposed during the budget review was passed by City Council on December 6, 2022. Fees and charges were found in over 50 different sections of the Municipal Code making locating them difficult. Through a collaborative effort between Finance and many departments, most fees and charges were compiled into one document, the City of Yakima Master Fee Schedule. Having a schedule of fees and charges is beneficial as it is more efficient, more transparent, saves time, and can be updated as needed.

Longer-term solutions should include efforts that allow the City's private sector to thrive, leading to an improved Sales Tax revenue that a healthy, thriving economy and an expanding population produces naturally. Further, if the City's economy is thriving, property owners should enjoy improved property values, leading to improved Property Tax revenue over time.

Fund Changes

Arterial Street Capital - Fund 142 was removed in 2022 as it was determined that it should not be classified as a special revenue fund, but rather a capital fund, consequently, Fund 346, Street Overlay and Reconstruction was created.

Yakima City Council approved Ordinance 2017-033 to establish an annual vehicle license fee in the amount of twenty dollars per licensed vehicle in the City for the purpose of funding Transportation Benefit District (TBD) eligible projects. Revenues generated from the annual vehicle license fee had been deposited into the Streets Capital Fund (344), comprised of revenues from several other sources. In order to improve accountability for these funds, the fund was renamed the Transportation Benefit District (TBD) Fund, and the other revenues were moved to the Street Overlay and Reconstruction Fund (346).

A new Parking Services Fund was brought to Council on December 6th, 2022, but was tabled for 6 months, in order for the proponents of downtown parking to have time to present alternatives to the proposed charges for parking fees.

GENERAL FUND BUDGET HIGHLIGHTS

The General Fund budget (inclusive of funds 001, 003 and 612) of \$73.3 million in 2023 and \$75.1 million in 2024, requires a heightened focus because it supports core services such as police, fire, municipal courts, parks and planning, as well as the support departments, including human resources, information technology, finance and general management. Revenue for the General Fund comes primarily from sales tax, utility taxes and property tax. In comparison, revenue for the non-General Fund portion of the budget - enterprise and other restricted-use funds - comes largely from user fees and rates (wastewater, water, etc.) and intergovernmental revenues, including grants.

Categorically, salaries and benefits are currently accounting for 78.0% of all General Fund expenditures in 2022. Functionally, Public Safety (Police, Fire, Code Administration, Legal, Municipal Court and Indigent Defense) are accounting for 80.9% of all General Fund expenditures in 2022.

Fund Balance

By City policy, and consistent with accepted best practices in accounting, the General Fund reserve target is two months of operating costs (which is equal to 16.7% of total annual operating expenditures), however, the city is currently working towards reaching a goal of 25% within the next several years. In comparison, Enterprise Funds have a current reserve target of 25% of total annual operating expenditures. The 2023 and 2024 fund balances are budgeted to remain within the approved reserve level of 20.0% and 17.4% respectively.

Charts within this section show the total annual operating expenditures, as policy states, however, the State Auditor calculates this target differently. The following chart depicts the City's General Fund reserve balances and the percent of expenditures, shown less transfers, as calculated in the Annual Comprehensive Financial Report (ACFR).

RESERVE BALANCES - GENERAL FUND

(No Transfers - As Calculated by the State Auditor)

	2021	2022		% Chng		% Chng
	2021	Year End	2023	YE Est	2024	YE Est

General Fund Forecast

The General Fund Forecast identifies the beginning fund balances and revenues (resources), expenditures, and ending fund balances, and shows the correlation of those numbers to the policy reserve amounts over the next five years. Revenues, and even more so, expenditures, are subject to dynamic changes within city governments, so even current operating budgets can be updated late in the year, changing the long-term outcomes within the chart. Forecast charts serve as a tool to foster discussions on long-term outcomes of decisions made, help project trends, demonstrate efforts towards achieving minimum fund balance financial policies, and determine the financial direction of the city.

General Fund assumptions:

- Revenue projections provide for a conservative growth of 2%, in all revenues except for Sales Tax, which is shown at 4% for all years except for 2023-2024, where it is showing 6%.
- Salaries and benefits are projected at 6% growth to provide for labor contract agreements and minimum wage increases.
- Supplies and Services and Payments have a growth factor of 4%.
- Capital Outlays, projected at 5% growth, provides for a systematic methodology to replace and repair City buildings, vehicles and other equipment in a timely manner. Funds budgeted for the previous year and not spent are brought forward to the next year.
- Debt Service and Transfers out to other funds are projected at 2% growth.

FUND BALANCE VS. POLICY RESERVE AMOUNT

The General Fund Forecast, with transfers, begins to show a deficit after meeting ending fund balance requirements and reserve policy at the end of 2025. This is attributable to operational costs growing at a higher percent than revenue growth, in part due to that lack of a levy lid lift - property tax growth of 1% plus new construction is not sufficient to maintain existing services. It has become more critical than ever to review alternative revenue sources and monitor expenditures closely in order to maintain a balance budget.

CITYWIDE BUDGET HIGHLIGHTS

2023 Citywide Adopted Budget

The citywide expenditure budget for 2023 is \$269.8 million, with projected revenues of \$252.1 million, and total resources of \$375.0 million. The reserve balance is projected to decreased by \$17.7 million, due in large part to the expenditures of \$30.7 million for carried over and current enterprise capital projects and American Rescue Plan Act (ARPA) spending. The General Fund is the only fund considered to be a major fund (10% of the revenues or expenditures of the appropriated budget) in 2023.

2023 ADOPTED BUDGET SUMMARY

(Includes Transfers)

	Estimated 2023 Beg Fund Balance	2023 Projected Revenues	2023 Proposed Expenditures	Increase in (Dec in) Reserves	Budgeted 2023 Ending Balance	% of Prop Exp

2024 Citywide Adopted Budget

The city's expenditure budget for 2024 is \$251.2 million, with projected revenues of \$245.3 million, and total resources of \$350.5 million. The reserve balance is projected to decreased by \$6.0 million, largely due to the remaining American Rescue Plan Act (ARPA) spending. The Wastewater Operating Fund, along with the General Fund, would both be considered a major fund in 2024.

Fund balances citywide are projected to decrease overall with the completion of several large ongoing projects in the near future. It is customary for capital funds to accumulate reserves for the purpose of upcoming expenditures, and then draw them down with project completion. Capital funding in the form of future grants that have not yet been applied for, or authorized at this time, as well as some revenue streams that had not yet been confirmed, and consequently did not get budgeted, also contribute. Most of the decreases should come more into line as these revenue streams are verified.

Citywide Assumptions:

- Revenue projections provide for a conservative growth of 2%, in all revenues except for Sales Tax, which is shown at 4% for all years except for 2023-2024, where it is showing 6%.
- Salaries and benefits are projected at 6% growth to provide for labor contract agreements and minimum wage increases.
- Supplies and Services & Payments have a growth factor of 4%.
- Custodial Outlays are part of the Custodial Fund, used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Trust funds account for resources received and disbursements made in accordance with trust agreements or applicable legislative enactments for each particular fund, therefore, no amounts are budgeted.
- Capital outlay, projected at 5% growth, provides for a systematic methodology to replace and repair City buildings, vehicles and other equipment in a timely manner. Funds budgeted for the previous year and not spent are brought forward to the next year.
- Debt Service and Transfers are projected at 2% growth from 2024 - 2026.

The previous schedule begins to show a deficit after meeting ending fund balance requirements and reserve policy at the end of 2027. This is mainly attributable to operational costs growing at a higher rate than revenue growth, along with capital funding in the form of future grants that have not yet been applied for or authorized at this time.

CAPITAL IMPROVEMENT

To address various needs in plant, equipment and infrastructure replacement and refurbishment, the 2023 budget includes capital investment expenditures of \$23.1 million in Government Capital funds and \$30.7 million in Enterprise Capital funds, while 2024 has capital investment expenditures of \$21.5 million in Government Capital funds and \$12.1 million in Enterprise Capital funds budgeted. Most capital improvements and expenditures are accounted for in these capital funds and the equipment replacement portion of the Equipment Rental & Replacement fund. As in previous years, some major projects budgeted in prior years have been carried forward and some projects budgeted in this budget will be carried forward as needed to complete the projects.

Economic development is important to the health of any city's budget. Without growth, there is no increase in revenues for services within the city, and consequently, due to inflation, the ability to fund those services declines. The two major projects planned for 2023 - 2024 to help boost economic development in the city are:

- \$6,520,000 for the Yakima Revenue Development Area (YRDA) mill site redevelopment, an investment in future Property and Sales Tax revenue.

- \$14,620,200 is budgeted in the Transportation Benefit District (344), Street Overlay & Reconstruction (346), Stormwater (442), Wastewater (476) and Water (477) funds for phase 2 and 3 of the North First Street Revitalization project.

The 2023 - 2024 [Capital Budgets](#) document is the forecast for citywide capital for the years 2023 - 2027, presented during the budget process, and updated for this document in the [Capital Budget Summary](#). This information provides a means through which the City Council can take a comprehensive planned and programmed approach to utilizing the City's financial resources in the most responsive and efficient manner to meet capital service and facility needs. This process helps to encourage long-range decision-making, assure the continuity of Council goals and objectives and identify the impacts in future years of decisions made currently.

Along with the [Capital Budgets](#) document, the City's [Capital Facilities Plan](#) (CFP) and the [6-year Transportation Improvement Program](#) (TIP) can be utilized as planning and budgeting tools which provide information about perpetual infrastructure needs. Each year, the list of projects is reviewed for need, cost, and priority. New projects may be added and other projects deleted. Generally, capital improvements are defined as physical assets, constructed or purchased, that have a useful life of two years or longer and a cost of \$5,000 or more. The following are capital improvement items that may be included in the plans:

- Rehabilitation or replacement of existing facilities.
- Equipment for any public facility or improvement when first constructed or acquired.
- The cost of engineering or architectural studies and services relative to the improvement.
- The acquisition of land for a community facility such as park, road, sewer line, etc.

Staff uses an established set of criteria to evaluate capital improvement requests. The criteria includes legal constraints and requirements, health and safety, project life, impact on the City's operating budget, consistency with City Council and management priorities, conformance with adopted plans, cost effectiveness, frequency of use and population impacted. Projects are ranked in order of program and funding availability. Staff continues to recommend that the largest amount of available funds for fiscal years 2023 and 2024 will be dedicated to reducing the backlog of existing needs. The approved projects for this fiscal year are consistent with the guidance contained in master planning future needs of Water and Wastewater Treatment Plants, citywide facilities and the citywide Street Program.

PERSONNEL

The 2023 budget includes a total of 789.53 full-time equivalent (FTE's) employees, a net increase of 6.60 FTE's from the 2022 Adopted Budget, while the 2024 budget is inclusive of 790.53 full-time equivalent (FTE's) employees, a net increase of 1.00 FTE's from the 2023 Adopted Budget. The following chart shows that citywide staffing levels have not changed significantly for that last ten years in relation to the population being served. More detail can be found in the [Permanent Budgeted Positions](#) section.

Adopted Budget

BUDGET BY FUNCTIONAL GROUPING

Department directors and managers take part in continuous review of 2022 (current-year) budget-to-actual expense management, 2022 year-end estimates and 2023 & 2024 proposed budget figures.

The City relies on budgetary controls, with multiple levels of review, as part of the overall system of checks and balances to manage service delivery and to monitor that the underlying funding is being received as budgeted.

All figures in the following pages, as in most of the preceding pages tables and graphs, are directly imported from the City's automated accounting system. Due to rounding, some totals in these charts may not correspond exactly with the sums in previous charts within this document.

⁶ The Wastewater Operating fund is currently considered a major fund (contains over 10% of the revenues or expenditures of the appropriated budget) in 2024 only.

⁷ The fund balance for Workers' Compensation may show a negative amount due to the timing of year-end journal entries, which require the last payroll numbers for the year. This journal entry will ensure a positive fund balance.

REVENUE SUMMARY

The City has over fifty revenues, each with underlying dynamics to be projected. Finance staff begins tracking and forecasting revenues as soon as actual January revenues are received each year.

Revenue Projections

Sources used in preparing revenue projections include:

- Analysis of ten-year trends, consumer price index, population and other demographic factors, and an awareness of current events within our city.
- Economic trends as reported from many sources along with an awareness of current business health within our own city.
- Forecast data.
- Economic and fiscal trends provided by the Municipal Research and Services Center (MRSC).
- Communication with our revenue process partners, such as the Yakima County Tax Assessor and the City's franchise tax-paying utility providers.

Ultimately, the revenue projections in the budget reflect staff's judgment about how the local economy will perform over the next several years and how it will affect the City's key revenues.

Goal Setting Process

Major city goals represent the most important and the highest priority goals for the City to accomplish and therefore should be reflected in the budgetary decisions resulting in the 2023 - 2024 budget. In general, this category represents the continuation or refinement of existing goals. These are "must-fund" objectives, even if they require multi-year processes.

General revenue management - guiding principles:

- The city will seek to maintain a diversified and stable revenue base to protect from short-term fluctuations and from cyclical economic downturns.
- The city will strive to make all current expenditures from current revenues, avoiding procedures that balance current budgets by postponing needed expenditures, accruing future revenues, or rolling over short-term debt.
- Every fund in the City's accounting system exists for a reason; the purpose for every fund's segregation out of the general fund is to dedicate spending for restricted revenues.

2023 - 2024 REVENUES

	General Fund				Citywide			
	2023	% of Total	2024	% of Total	2023	% of Total	2024	% of Total

REVENUE

Notable changes in revenues include:

- Revenue from Sales Tax for 2021 has recovered after a minimal increase in 2020, however, that recovery has slowed substantially in the first part of 2022. The City is hopeful that the economy will regain its path to recovery and hold strong for taxable sales in the last half of the year.
- Lodging Tax revenue suffered greatly in 2020, but showed some comeback in 2021 starting in May. Revenues are currently coming in just short of pre-pandemic levels.
- Loss revenue from ARPA made it possible to purchase much needed patrol vehicles and fire replacements in 2022.

The following charts detail citywide revenues, with narrative detailing the breakdown between the General Fund and total government percentages.

Sales Tax (Single Largest Revenue Source for General Fund) - 8.3%

- **General Sales Tax** - Of the 8.3% sales and use tax collected within the City, the State receives 6.5% and the City of Yakima receives only 1.8% in general Sales Tax revenue. The General Government Funds receive the full amount of the City’s share of general sales tax revenues. The City of Yakima receives various tax credits out of the State’s 6.5%, such as a 3.0% Lodging Tax credit.
- **0.1% Criminal Justice Sales Tax** - A special 0.1% Criminal Justice Sales Tax was originally approved by the voters of Yakima County in the November, 1992, General Election and became effective January 1, 1993. The State allocates this 0.1% criminal justice sales tax revenue between the City and the County, based on a predefined formula. This revenue is restricted to providing criminal justice related services and is allocated based on operating vs. capital needs. This tax revenue is generally affected by the same regional economic factors that affect the General Sales Tax revenue.
- **0.3% Criminal Justice Sales Tax** - Another special sales tax of 0.3% dedicated to Criminal Justice expenditures was originally approved by the Yakima County voters in November, 2004, and took effect on April 1st of 2005. (This tax was renewed for another 6 years on the November, 2015 election for 2017-2022.) The tax is on sales inside the County only and the proceeds are divided between the County and Cities on a predefined formula under which the County receives 60% and all cities within the County share the remaining 40%.

Sales tax provides 41.0% of all General Fund revenue, and 16.0% of total government revenue in the 2023 budget and 42.2% of all General Fund revenue, and 17.1% of total government revenue in the 2024 budget.

Utility and Franchise Taxes

These revenues are largely a function of weather conditions and utility rates in the Valley. Utility taxes generally keep pace with the rate of inflation, primarily because of rate increases implemented by utility providers.

Utility and Franchise taxes are collectively the second largest category of General Fund revenues, comprising 28.3% of 2023 projected revenue and 8.7% of total government revenue. In 2024, the percent in the General Fund will be 28.0% and 9.0% in total government revenue.

UTILITY AND FRANCHISE TAXES
(Shown in Thousands)

Property Tax

State law allows the City to impose the lesser of the rate of inflation (as measured by the Implicit Price Deflator (IPD) or 1% above the prior year levy, plus levies for new construction and annexations. State law also allows the City to increase the levy by more than 1% if approved by the majority of voters. State law allows an agency to levy up to the 1% maximum if City Council establishes substantial need by a super-majority (i.e. 5-2) vote.

HISTORICAL IMPLICIT PRICE DEFLATOR (MRSC)

State property tax levy statutes limit the change in the dollars levied (1% would generate an estimated \$206,000 for 2023 and \$211,000 for 2024) but do not limit growth in assessed value. Stated differently, the 1% limit affects the total dollars levied, and assessed valuation is used to allocate the levy ratably among the property owners.

Since most consumer activity (i.e., wages, equipment, etc.) is more closely tied to the Consumer Price Index (CPI), and the CPI is greater than 1% in almost all years (see the following chart), the future effect of 1% or less growth in Property Tax is slowly reducing the percentage of revenue the City receives from this primary General Government revenue source. The most recently released rates cause further concern about revenue reductions in the foreseeable future.

HISTORICAL SEATTLE CPI-U (MRSC)

Property tax provides 12.9% of all General Fund revenue, and 9.1% of total government revenue in the 2023 budget, and 12.2% and 9.1% of the 2024 budget, respectively.

Property Tax revenue is a primary funding source for the City. Washington's "budget-based" property tax structure is complicated. The City establishes the dollar amount levy, subject to several restrictions. The County Assessor calculates the levy rate based on total assessed valuation. The following Property Value chart shows the historical trend of total city property valuation. It is important to know that the City's general fund levy is subject to a 1% annual cap (a levy lid), excluding new construction and annexation but the valuation itself is an actual assessed value of the true and fair value (market value).

The following chart is a historical trend of the total dollar amount levy in past years, as well as the current 2023 forecast. The city establishes its desired levy amount based on budget need subject to statutory limits, and the levy rate itself is strictly the resulting mathematical relationship between the valuation and the levy amount.

Charges for Services

This revenue category mainly consists of revenues from the sale of services such as water, wastewater, refuse, irrigation, transit and fire services, concessions and interfund services.

The Charges for Services category provides 4.3% of all General Fund revenue, and is the top revenue for total government in the 2023 budget at 23.8% of total revenue. In the 2024 budget, this revenue provides 4.3% of the General Fund revenue, and 25.1% of the total government revenue.

Intergovernmental Revenues

This category includes revenue received from other Government units, including Federal grants and entitlements, State and local grants and other intergovernmental resources. This category can fluctuate significantly due to the timing of the payments and major capital projects paid for by grants.

Intergovernmental revenues peaked in 2022 due to American Rescue Plan Act funding, which added \$22.5 million in revenue. Work on the Nelson Dam began in earnest in 2021, with grants continuing to be received by the City through 2023.

Intergovernmental revenue accounts for 4.9% and 4.8% of General Fund revenue, and 15.4% and 9.0% of total government revenue in the 2023 and 2024 projected budgets respectively.

Other Taxes and Assessments

This category includes excise taxes and other operating assessments, and includes Transit, Hotel/Motel, Real Estate Excise, Gambling and Transportation Benefit District Taxes.

Real Estate Excise Taxes (REET) depend on the volume and value of real estate sales, and therefore fluctuate with economic cycles. REET is a restricted funding source that has two components which may only be used for

statutorily-defined purposes, primarily capital facilities and authorized transportation, water/storm/sewer and park capital projects.

Lodging (hotel/motel) tax is a restricted revenue, dedicated by statute to expenditures that further local tourism activities. The basic 2% lodging tax is supplemented by a share of state-shared lodging tax that currently totals 5%. Tourism Promotion Area (TPA) fees consists of a \$4 per room per night (up from \$2 per night as of 1/1/22) and are restricted to expenditure that increases the tourism and convention business.

Transportation Benefit District (TBD) revenue commenced in August, 2018. This revenue is restricted to construction, maintenance and operational transportation improvements.

Other taxes provide 1.5% of all General Fund revenue, and 3.0% of total government revenue in the 2023 budget, and 1.6% of all General Fund revenue and 3.1% of all total government revenue in the 2024 budget.

OTHER TAXES AND ASSESSMENTS
(Shown in Thousands)

Licenses and Permits

This category includes business licenses, building permits, dog licenses, gambling taxes and wastewater pretreatment and permits.

License and permit revenues accounts for 2.7% and 2.6% of General Fund revenue, and 1.3% and 1.4% of total government revenue in the 2023 and 2024 projected budgets respectively.

LICENSES AND PERMITS
(Shown in Thousands)

Fines & Forfeitures, Transfers & Miscellaneous

Fines & Forfeitures come primarily from criminal fines and noncriminal penalties, assessed in the City of Yakima’s Municipal Court, and parking violations.

Parking revenue is budgeted substantially down from prior years due to recent court activity limiting enforcement of time-limit violations and due to increased staff time committed to citizen response.

Fines and Forfeitures provide 1.8% of all General Fund revenue, and 0.5% of total government revenue in the 2023 budget and 1.8% of all General Fund revenue and 0.6% of all total government revenue in the 2024 budget.

Transfers

Transfers set forth in the budget are typically to accomplish the measured allocation of revenues and expenditures appropriate to the service delivery in each fund. There are many appropriate transfer mechanisms intended to efficiently and effectively account for complex arrangements.

Any short-term transfers between funds for operating purposes within the year are not operating revenues. These operating transfers, under which financial resources are transferred from one fund to another, are distinctly different from interfund borrowings. Interfund borrowings that are not repayable within the year must be more formally planned and communicated. The most common use of interfund borrowing is for grant programs where costs are incurred before reimbursement is received, and is therefore merely a short-term cash flow device. In 2022, there were large transfers for Police & Fire vehicles, the Millsite (YRDA), Nelson Dam and the North 1st Street Revitalization.

Transfers provide no General Fund revenue, and 7.1% of total government revenue in the 2023 budget and 7.8% in the 2024 budget.

Miscellaneous Revenue

Included in miscellaneous revenues are interfund benefit contributions, interest earnings, rents, assessments, sale of fixed assets, proceeds from long-term debt and other miscellaneous revenues. Significant spikes in this chart are generally due to the timing of bond proceeds - \$15.6 million in 2018 and \$22.4 million in 2020.

Miscellaneous Revenues account for 2.6% of General Fund revenue, and 15.1% of total government revenue in the 2023 projected budget, and 2.5% and 17.4% in the 2024 budget, respectively.

Cash & Investments

It is the policy of the City of Yakima to invest public funds in a manner that, giving first regard to safety, suitability and liquidity, will maximize long-term yield in conformance with State Statute, Federal Regulations and City Charter.

As a current over-all indicator, the 5-year historic citywide cash and investments balance trend, inclusive of all funds, reached \$142.9 million at September 30, 2022. While each month is best compared to the same month in previous years to account for seasonality and other annual events and a partial year milestone doesn't compare well to prior year-end balances, cash levels, as well as rates have improved over prior years.

The following graph incorporates only the city's primary bank and investment accounts (US Bank, Key Bank, Local Government Investment Pool and investment portfolio) to enable comparison to prior and future periods.

CAPITAL BUDGET SUMMARY

The forecast for 2023 through 2027 for all Capital Funds, with Capital Improvement Program (CIP) information, was presented in the 2023 - 2024 [Capital Budgets](#) document during the budget process, providing a means through which the City Council could take a comprehensive planned and programmed approach to utilizing the City's financial resources in the most responsive and efficient manner to meet service and facility needs. This process helps to encourages long-range decision-making, assure the continuity of Council goals and objectives and identify the impacts in future years of current decisions. More detail can be found in the 2023 - 2024 [Capital Budgets](#) document currently found on the City website, which provides all supporting project-specific detail within each capital fund, and includes items such as tax assessments, small tools, debt service, etc for each project. Following is a citywide summary of capital expenditure plans by department, along with a summary for each fund for 2023 through 2027, and inclusive of any changes made since publication of the [Capital Budgets](#) document.

Note - only funded expenditures are included in the expenditures for Capital funds.

DEBT SUMMARY

Long-term debt planning is integral to planning for fiscal sustainability, and debt rating play a large part. In March, 2017 the City was downgraded to “A+” rating from Standard & Poor’s for general obligation debt. This downgrade cited weakening economic factors in the City, particularly average household income levels, as well as level of General Fund reserves. This rating was affirmed in March 2020. The combined Water and Wastewater utility was affirmed at “AA-” in September 2015.

The City’s debt is supported by ten different funding streams. The following information includes a complete citywide summary of debt issues and includes maturity dates as well as all future payments. Future points when payments decrease are generally when decisions to re-issue debt or redeploy budgetary resources are planned.

The attached summary debt schedules have been created by staff to accomplish three things:

- Provide a single overview of the city’s debt across all funds, along with funding sources.
- Clearly identify when debt will be extinguished and, when decision opportunities arise, to contemplate if the city will best be served by adding further debt or not.
- To provide long-term planning to coincide with the development of capital asset projects and to help forecast the city’s health in general

The two points in time this tool is most useful for City Council decision-making are 1) during the annual strategic planning and budgeting process, and 2) when new debt issues are brought for review and approval.

State law provides that total general purpose non-voted debt cannot be incurred in excess 1.5% of the value of the taxable property of the City. The assessed valuation for the 2023 levy calculation is currently \$10.7 billion. At this valuation, the general purpose non-voted debt limit would be \$160.3 million. Total debt for the City of Yakima is projected to be \$80.4 million at the beginning of 2023.

Potential new debt for 2023 - 2024 includes \$7.0 - \$12.0 million for an Eastside pool, \$7.0 - \$10.0 million for a Convention and Event Center parking garage, \$10.0 million for the North 1st Street Revitalization, and \$5.0 million for the Yakima Revenue Development Area/Millsite.

CITY ADMINISTRATION

Organizational Chart as of January 1, 2023

* All Legislative functions are directly overseen by the City Manager.

CITY COUNCIL - 110**GENERAL FUND****2022 Council Members**

Mayor, Janice Deccio - District 4
 Assistant Mayor, Soneya Lund - District 5
 Eliana Macias - District 1
 Danny Herrera - District 2
 Patricia Byers - District 3
 Matt Brown - District 6
 Holly Cousens - District 7

DEFINITION

The City Council serves as the legislative body of the City of Yakima and consists of seven members elected by district. The Mayor and Assistant Mayor are determined by the council members. The City Council appoints the City Manager, approves all ordinances, resolutions and contracts of the City, evaluates proposals, and reviews, modifies and adopts the annual municipal budget. The Council performs other miscellaneous duties including appointments to various boards and commissions, serving as liaisons with other governmental bodies, and responding to community groups and constituents.

ACCOMPLISHMENTS & GOALS**Fiscal Sustainability**

- Approves all ordinances, resolutions and contracts of the City.
- Evaluates proposals.
- Reviews, modifies and adopts the annual municipal budget.

Strengthening Partnerships

- Appoints the City Manager.
- Serves on various boards and commissions, serving liaisons with other governmental bodies, and responding to community groups and constituents.
- Membership with the Association of Washington Cities (AWC) advocates on behalf of Washington's diverse cities and towns, providing specialized training and education for city leadership and staff, addressing core competencies and emerging issues. In addition, it offers resources, technical assistance and research, responding to member needs with comparative data and trends analysis.

Function(s): 122 & 123.

EXPLANATORY NARRATIVE

Legislative - 122

This function serves to provide funding for City Council operations, including professional services for the Olympia lobbyist and other professional association dues. 2020 shows a negative due to a year-end adjusting entry that was required for the City Service charges needing to be reported as a reduction in expenditure. City Council salaries are set by ordinance.

CITY MANAGEMENT - 102**GENERAL FUND****City Manager****Robert Harrison****DEFINITION**

This department provides administrative leadership, policy recommendations, and administrative oversight in the effective discharge of City Council policy, Charter and ordinance provisions and is also responsible for coordinating the activities of all City departments. The department also coordinates the city's economic development initiatives and many community collaborations and partnerships.

ACCOMPLISHMENTS & GOALS**Fiscal Sustainability**

- Coordinates the City's economic development initiatives.
- Due to the COVID-19 pandemic, the federal government passed the CARES Act in March 2020. These funds have been used to offset city COVID-19 expenditures.
- Due to the COVID-19 pandemic, the federal government passed the CARES Act in March 2020 providing funding for COVID-19 expenditures and grants for small businesses and non-profits.
- The City was also awarded an Interlocal grant from the State of Washington Department of Children, Youth & Families (DCYF) in 2020 to be used in 2020 and 2021.

Strengthening Partnerships

- Coordinates community collaborations and partnerships.
- Assessed the opportunity to develop a comprehensive approach for downtown parking and maintenance for city-owned parking lots and street parking
- Acquired the Bank of America Building adjacent to City Hall as a site for new City Hall. Space study in progress.
- Facilitated the allocation of \$26.2 million of ARPA funds including investments in water and sewer projects, increased efforts in addressing domestic violence, affordable housing, contribution towards a Yakima Arts Center and a women and family shelter, and contribution towards the East Side pool project.

Function(s): 102 & 260.

EXPLANATORY NARRATIVE

City Management - 102

This function provides executive policy guidance and administrative oversight in the effective discharge of City Council policy, Charter and ordinance provisions. Due to the COVID-19 pandemic, the federal government passed the CARES Act in March 2020, which included COVID-19 funding and a pass-thru Cares Act grant for 2020. These funds were used to offset city COVID-19 expenditures and provide funds for grants for small businesses and non-profits.

GRIT Force / Gang Free Initiative - 260

The Gang Free Initiative (GFI), originally created in 2011, was created to address the City of Yakima's gang issues. The GRIT (Gang Response Intervention Team) program has the goal of creating a sustainable organized response to gang activity with the goal of reducing gang related violence. The GRIT program ended in 2022.

Dedicated Revenue

Due to the COVID-19 pandemic, the federal government passed the CARES Act in March 2020 providing funding for COVID-19 expenditures and grants for small businesses and non-profits. In late 2019 the City was awarded a GRIT grant from the Department of Justice (DOJ) to continue to suppress violence in the City of Yakima. Due to the importance and nature of this type of grant, the City was also awarded an Interlocal grant from the State of Washington Department of Children, Youth & Families (DCYF) in 2020 to be used in 2020 and 2021.

INDIGENT DEFENSE - 109**GENERAL FUND**

City Manager

Robert Harrison

DEFINITION

This division provides and funds legal defense through contracted services for indigent defendants charged with violating City ordinances in all courts in which cases are prosecuted or to which they may be appealed when the court appoints defense counsel.

Function(s): 109.

EXPLANATORY NARRATIVE**Indigent Defense - 109**

These expenditures consist mainly of payment for legal counsel and associated costs for indigent defendants in accordance with constitutional mandates.

The City of Yakima receives a grant from the Washington State Office of Public Defense (OPD) for financial assistance. The City has budgeted \$86,000 from OPD for use in 2023 and 2024. The funds from OPD are necessary to help with the rising costs of providing fair representation of indigent defendants.

Increases in Professional Services are tied to a Washington Supreme Court ruling that sets new caseload standards for the defense of indigent persons. The Legal Department implemented a pre-filing diversion program and a prosecution charging unit to reduce attorney caseloads in order to adhere to the caseload limits established by the Supreme Court. Years 2023 - 2024 includes additional funding to offset inflation and increased costs for legal counsel.

CITY CLERK / RECORDS - 140**GENERAL FUND**

City Manager
Assistant City Manager
City Clerk

Robert Harrison
Rosylen Oglesby
Sonya Claar Tee

DEFINITION

The Records Division maintains the official records of the City; takes and maintains a true record of all City Council meetings; provides proper legal noticing; processes and publishes resolutions, ordinances and other documents in accordance with the law; accepts and processes requests for information under the Public Records Disclosure Act; administers oaths of office; and provides general information to the public. The City Clerk serves on the Fire and Police Pension Boards and the Records Administrator serves as the Fire and Police Pension Secretary.

ACCOMPLISHMENTS**Fiscal Sustainability**

- Successfully transitioned in person Council meetings to both in person and online platform using Zoom for virtual meetings.
- Transitioning from NovusAgenda to Granicus Peak, which increases transparency and provides indexing of agenda concurrent with meeting video.
- Completed a new electronic signature policy with assistance from Legal and Information Technology (IT).
- In 2021, the City received 3 Public Record Act (PRA) appeals, 4 PRA Complaints and 1 PRA Claim, for a customer satisfaction rating of 99.998% (3,382 requests / 8 actions) (Joint Legislative Audit & Review Committee (JLARC) standard).

GOALS**Fiscal Sustainability**

- Fully implement Granicus Peak upgrade by June 2023.
- In conjunction with IT, fully implement an electronic signature process by January 2023, which will increase efficiency citywide.
- Continue working with departments on paper reduction efforts.
- Continue records management training opportunities citywide.

Function(s): 143, 144 & 145.

INFORMATION TECHNOLOGY - 350**GENERAL FUND**

City Manager
Assistant City Manager
Information Technology Services (ITS) Manager

Robert Harrison
Rosylen Oglesby
John Carney

DEFINITION

The primary responsibilities within this department include:

- Security and operations of the City's Information Systems infrastructure (e.g.: databases; operating systems; firewalls; anti-virus; anti-spam; communications networks; etc.)
- Maintenance, enhancement and support of:
 - Existing software applications.
 - The Geographical Information Services (GIS).
 - Existing computer hardware (e.g.: computers; printers; copiers; mobile data terminals; wireless data communications devices; data radios; microwaves; fiber optics; surveillance cameras; etc.)
- Implementation of new software application systems.
- Creation, enhancement, and support of web-based applications and services.
- Voice communications equipment maintenance including; radio, vehicular communications and emergency operations equipment, telephone and personal mobile communications devices.

ACCOMPLISHMENTS**Public Safety & Fiscal Sustainability**

- Cyber Security:
 - Implemented a Managed Detection and Response (MDR) service by Critical Insight.
 - Implemented Windows Enterprise E5. Among other things, this allowed for the City of Yakima to:
 - Transition to a higher-level Client Endpoint Protection, Detection and Response (EDR).
 - Intergrade this EDR monitoring into our Critical Insight MDR service.
 - Utilize the security tools within Microsoft's Azure Active Directory.
 - Completed upgrade to our Netmotion Virtual Private Network (VPN) environment to allow for greater security functionality.
 - Continued rollout of Duo Multi-Factor Authentication.
 - Started major web application migration to improve security and functionality.
- Physical Security Accomplishments:
 - Added high-capacity battery backup system for security access control at the Yakima Air Terminal allowing for security doors to function during long power failures.
 - Installed access control and or cameras to increase physical security to the Information Technology (IT) Data Center, vehicle gate at the Tahoma Cemetery, the new Flip Flow Exit Lane system at the Yakima Air Terminal, and other locations.
 - Installed and replaced multiple intrusion alarm systems at the various City facilities.
- Upgraded multiple enterprise systems. Key examples:
 - Microsoft SQL database server environment.
 - Upgraded and expanded the IT Wireless network.

- Planned for and started a major radio console system upgrade at SunComm primary and backup dispatch centers.
- Upgraded the Station Alerting system at Fire Station 91.
- Assisted the Yakima Police Department (YPD) in implementing Flock stationary Automated License Plate Readers (ALPR) systems and integration with Axon ALPR.
- Deployed 124 new workstations across the environment.
- Completed major upgrade to the City's Cayenta environment.
- Worked with YPD to implement new evidence software enhancements.
- Implemented new Records Request Management solution.
- Revised the Travel Authorizations Reimbursement solution.
- Developed multiple Geographical Information System (GIS) and Web Tools for the City's departments. These tools allow the departments to be more efficient in serving the community. Key examples:
 - Domestic Violence Data.
 - YPD Officer Forms.
 - Collisions Analysis and Dashboard.
 - Low to Moderate Income map update.
 - Youth Transit Ridership application.
 - Service Order application and dashboard for Yakima Field crews.
 - Office of Neighborhood Development Services (ONDS) Housing Repairs dashboard and editing application.
 - Council Redistricting analysis and mapping.
 - GIS field editing solutions for multiple departments.

GOALS

Public Safety & Fiscal Sustainability

- Upgrade wireless point-to-point IT infrastructure.
- Continue employee training to improve phishing awareness.
- Complete major radio console system upgrade at SunComm primary and backup dispatch centers.
- Complete multi-year project of replacing computers utilizing Windows 7 operation system.
- Continue to increase the number of employees utilizing multi-factor authentication.
- Continue upgrade of old alarm systems and panic buttons and transition to monitoring service.
- Complete implementation of a citywide Project Management software solution.
- Replace Coban video system with Axon across the entire YPD fleet.
- Finish major web application migration to improve security and functionality.
- Move to GIS environment to new server hardware and upgrade GIS software.
- Redevelop many core applications to modern frameworks.

Function(s): 351, 352 & 353.

⁴ The Business Application Specialist position was moved from Utility Services to Information Technology as an ITS Services Application Support Analyst mid-year 2020 to better meet the needs of Utility Services and the other Enterprise Funds.

⁵ A Full Stack Developer and a Systems Administrator were added, and an Electronics Technician II and a Print Shop Operator were deleted midyear due to a reorganization.

⁶ An Electronics Technician I was moved to Fire (320) in 2023 due to a Memorandum of Understanding with American Federation of State, County and Municipal Employees (AFSCME) and the International Association of Firefighters (IAFF).

⁷ An equivalent of .25 FTE's are funded by Utility Services (581), .50 FTE by Refuse (471), Stormwater (441) and Wastewater (473), and .10 by Water (474).

EXPLANATORY NARRATIVE

Criminal Justice .3% Sales Tax - 351

This function is funded through the 0.3% sales tax approved by voters in 2005, and is used to enhance the efficiency, effectiveness and safety of the City's law enforcement and other Criminal Justice personnel through the expanded use of technology. This account funds the Police Department share of the operating costs for YakCorps which is the consortium of agencies using the Spillman Computer Aided Design (CAD) system.

COMMUNITY RELATIONS - 125

City Manager
Communications & Public Affairs Manager

Robert Harrison
Randy Beehler

DEFINITION

The Community Relations office has four primary areas of responsibility:

- Management and administration of the City's communications and marketing initiatives. The City's communications and marketing initiatives are focused on meeting four key objectives: 1) providing proactive media relations; 2) communicating with key audiences using a variety of platforms; 3) providing communications support to all City departments and divisions; and, 4) creating better opportunities for community involvement.
- Operation of two cable television channels: 1) YCTV (Charter Cable channel 192), and 2) YPAC (Charter Cable channel 194).
- Negotiation and compliance monitoring of cable and telecommunications franchises.
- Management and administration of the City's public affairs initiatives. The City's public affairs initiatives include development and management of state legislative and administrative priorities, development and management of Congressional and federal agency priorities, collaborating with state and federal advocacy contract consultants, and building and maintaining liaison relationships and partnerships with other local governmental entities, non-profit organizations, local, state and federal elected officials, etc.

Community Relations office activities and operations are funded primarily by dedicated revenue generated by cable communications system rights-of-way fees, a Public/Educational/Government (PEG) access fee paid by Charter Communications, and other minor miscellaneous revenue sources.

ACCOMPLISHMENTS

Public Safety

- The Community Relations office provided critical and timely information to the community regarding the ongoing COVID-19 pandemic.

Fiscal Sustainability

- The YCTV-Y-PAC Council Chambers video production system was replaced in 2022 at a cost of about \$58,000. Replacement of the Chambers video production system allows for enhanced capabilities for the Community Relations office in scheduling and airing programs.
- The Community Relations office's efforts to support the City's state and federal legislative priorities was successful. Multiple funding requests and efforts to support or oppose certain legislation were achieved.

GOALS

Fiscal Sustainability

- Evaluate long-term production infrastructure and build out requirements.
- Examine potential third-party outreach support.
- Develop regional airport study strategy.
- Conduct review of personnel needs.

Function(s): 125 & 126.

¹ A third Community Relations Specialist position was added for 2022 for the purpose of strengthening the City’s external relationships, but deleted in mid-year 2022 due to inadequate revenues.

² A bilingual Community Relations Assistant was added in 2019, and funded in City Management (102) to advance the City’s strategic communications objectives and its ability to deliver consistent messaging to a multi-cultural audience. In 2020, this position was moved to Community Relations, but was deleted due to inadequate revenues.

EXPLANATORY NARRATIVE

This fund provides accurate tracking of expenditures using funds from PEG access fee paid to the City by Spectrum (Charter Communications) as per its cable communications franchise agreement with the City. Use of PEG access fee moneys is restricted to expenditures related to YCTV and Y-PAC equipment and facilities.

PEG Capital - 125

This fund provides accurate tracking of expenditures directly related to equipment and facilities enhancements associated with YCTV and Y-PAC.

2023 CAPITAL EXPENDITURES

Item	Cost	Funding Source	Justification
YCTV/Y-PAC acquisition gear (cameras, microphones, cords, etc.)	\$ 6,500	Franchise Fees	Improve quality and versatility of equipment used by division staff in the production of Y-PAC programming.
YCTV/Y-PAC facility Studio "B" lighting upgrade	4,750	Franchise Fees	Studio B has been used for many years with only portable lighting equipment. In 2023, Studio B will be outfitted with modern fluorescent fixtures, which will improve both video quality and safety.
Livestream equipment	11,500	PEG Access Fee	The Community Relations office has been receiving an increasing number of requests to livestream City events. Equipment necessary to fulfill those requests will be purchased in 2023.
Ancillary YCTV/Y-PAC production gear (portable lighting, wireless microphones, tripods, tape-less recorders, etc.)	10,750	PEG Access Fee	As the transition to an all-digital platform for YCTV and Y-PAC productions continues, ancillary gear also needs to be replaced so as to be compatible with digital equipment.
Unmanned Aerial Vehicle (Drone)	5,500	Franchise Fees & PEG Access Fee	Unmanned Aerial Vehicles (UAV's) have become more commonplace in municipal government recently. UAV's provide multiple advantages with regard to content creation, data gathering, and other crucial uses.
Total	\$ 39,000		

2024 CAPITAL EXPENDITURES

Item	Cost	Funding Source	Justification
YCTV/Y-PAC acquisition gear (cameras, microphones, cords, etc.)	\$ 6,500	Franchise Fees	Improve quality and versatility of equipment used by division staff in the production of Y-PAC programming.
YCTV/Y-PAC facility Studio "A" control panel	8,000	Franchise Fees	The control panel in Studio A is more than 15 years old and needs to be replaced. A modern control panel will be purchased in 2024.
2nd Floor City Hall Conference Room Equipment Upgrade	14,500	PEG Access Fee	The production equipment in the 2nd Floor City Hall Conference Room is beyond its useful life. New production equipment for the 2nd Floor City Hall Conference Room will be purchased in 2024.
Ancillary YCTV/Y-PAC production gear (portable lighting, wireless microphones, tripods, tape-less recorders, etc.)	4,000	PEG Access Fee	Ancillary production gear needs to be purchased regularly to maintain parity with updated technology.
YCTV/Y-PAC playback system storage	6,000	Franchise Fees & PEG Access Fee	The storage capacity of YCTV/Y-PAC playback system computers is becoming limited. Additional storage hard drives need to be purchased in order for the Community Relations office to continue to be able to retain City video records.
Total	\$ 39,000

Revenue

Revenues are generated by a 5% franchise fee applied to Spectrum (Charter Communications) for use of public rights-of-way, sales of copies of YCTV and Y-PAC programming, non-resident user fees for use of YCTV facilities and equipment, Access Television Facilities and Equipment Grant payments from Spectrum (Charter Communications), and other minor miscellaneous sources, along with a 50-cent-per-subscriber PEG access fee paid by Spectrum (Charter Communications) in accordance with the terms of the cable communications franchise renegotiated in 2014. Use of PEG fee revenue is restricted by the cable communications franchise and federal law to expenditures related to YCTV and Y-PAC equipment and facilities.

ECONOMIC DEVELOPMENT - 250**GENERAL FUND**

City Manager
Assistant City Manager

Robert Harrison
Rosylen Oglesby

DEFINITION

This department focuses on seeking economic development funding and promotional opportunities, coordinating with governmental agencies and private sector businesses to promote economic development, and researching and preparing grant applications. Capital expenditures related to the development of the mill site are accounted for in the Yakima Revenue Development Area fund (323).

The Economic Development fund includes community support to:

- Yakima Arts Commission
- Downtown Association of Yakima (DAY)
- Yakima County Development Association (YCDA)

Function(s): 251 & 805.

EXPLANATORY NARRATIVE

Economic Development - 251

This function accounts for all general expenses related to supporting the Economic Development fund, including professional services agreements, and also supports outreach and marketing of economic programs and benefits. Included in this budget is funding for an economic development lobbyist in Washington D.C., along with support for the Yakima County Development Association, Yakima County Development Association (YCDA) and the Downtown Yakima Business Improvement District (DYBID) for flowers around downtown Yakima and the airport, and for various special events in the downtown area, as seen in the charts below.

COMMUNITY SUPPORT

	2023	2024
	Projected	Projected
DAY Group (offset by \$160,000 Main Street tax credit)	\$ 213,333	\$ 213,333
Yakima County Development Association (YCDA)	50,000	50,000
DYBID - Downtown Flower Baskets	40,000	40,000
Yakima Arts Commission	10,000	10,000
Total community support (offset by revenue of \$156,250)	<u>\$ 313,333</u>	<u>\$ 313,333</u>

ECONOMIC DEVELOPMENT FUND - 123

City Manager

Robert Harrison

DEFINITION

The Economic Development Fund was used to account for economic development activity (other than that provided by the Department of Housing and Urban Development (HUD), which is accounted for in the Neighborhood Development fund (124).

As of 2021, this fund is no longer active. It is being retained within the budget document to reflect how the fund was used in the past until no longer relative to past budgets. This balance is a loan loss reserve and will be moved to the Neighborhood Development fund (124) and treated as regular CDBG program income.

Function(s): 254.

EXPLANATORY NARRATIVE

A City Economic Development Loan Fund, capitalized by federal HUD Section 108 Loans. All payments for this loan were received by a third-party fiscal agent, and were used to pay off loans made by the U.S. Department of Housing and Urban Development (HUD).

In accordance with State law, a portion of the state's real estate excise tax receipts was redirected to assist cities and counties with the lowest taxing capacity. The City of Yakima met the parameters established in the law to continue to receive assistance in 2020.

Advisory Services - 254

This function paid for non-ONDS economic development activity, including professional services agreements, and also supported outreach and marketing of economic programs and benefits. Included in this budget was funding for an economic development lobbyist in Washington D.C., along with support for the Yakima County Development Association and the Downtown Yakima Business Improvement District (DYBID). These expenses have been moved to Economic Development (250).

NEIGHBORHOOD DEVELOPMENT - 124

City Manager
Assistant City Manager
Neighborhood Development Services Manager

Robert Harrison
Rosylen Oglesby
Vacant

DEFINITION

The City of Yakima Office of Neighborhood Development Services (ONDS) is charged by the City Council with administering the City's activities funded by the Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) programs. ONDS has maintained fiscal sustainability in administering these program funds. These federal programs, funded through the U.S. Department of Housing and Urban Development (HUD), are intended to assist Low and Moderate Income (LMI) neighborhoods and individuals in the areas of housing, living environment, and economic opportunities.

The two programs have a combined strategic planning process and document known as the Consolidated Plan, which must be done every five years. Within the Consolidated Plan, and added each year, is an annual action plan that contains the specific activities that will be undertaken in the coming year using CDBG and HOME funds. The format and content of the annual action plan and five-year Consolidated Plan are largely dictated by HUD regulations.

It is the mission of the City of Yakima Office of Neighborhood Development Services to assist in providing safe, affordable housing, strengthen viable partnerships, create suitable living environments, and expanding economic opportunities principally to the low and moderate income neighborhoods and residents of the City.

Programs

The Public Service program is subject to a 15% cap on expenditures, which limits outside funding requests. Public Service commitments within the Public Services allocation include ONDS contracts with Opportunities Industrialization Center (OIC) for management of the Henry Beauchamp Community Center (HBCC) and the Senior/Disabled Energy Assistance Program.

Through the years HUD has required changes in how the City bills some staff time and other expenditures to administer program delivery. Some items previously charged as programmatic expenses must now be charged as administrative costs. Since the entitlement programs have a maximum that can be charged to this category, it has been necessary at times to pay some of these costs from non-federal sources.

In addition to grant funded programs, HUD regulations require that cities participating in the Section 108 Loan Program include notice of their participation in the Action Plan. This is because of the provision that CDBG funds provide the final security for repayment of any defaulted Section 108 loan when the city is unable to recover payment from security collateral and personal financial guarantees. Information about the city's Section 108 loan is also included in the City's budget in the Economic Development Fund (123).

This City budget is the Annual Action Plans for fiscal years 2023 and 2024, which is the fourth and fifth year of the Consolidated Plan. The Annual Action Plans will be submitted to City Council for approval, and then sent to the Regional HUD office for acceptance. Entitlement funds are awarded after the first of next year. Because the entitlement awards are estimated in this budget, the CDBG and HOME revenues, along with corresponding expenditures, may be adjusted when the awards are received.

ACCOMPLISHMENTS

Public Safety

- 2021 Annual Consolidated Annual Performance Report.
- 2022 Annual Action Plan.
- Assisted 40 Micro-enterprise businesses in partnership with Yakima County Development Association.

Strengthening Partnerships

- Awarded \$75,000 of CDBG to Henry Beauchamp Community Center to provide public services.
- Awarded \$213,181 of CDBG-CV2 to People for People to assist with Meals on Wheels program.
- Awarded \$102,500 of HOME funds to Habitat for Humanity for acquisition and construction of a single family home for a low income family.
- Awarded \$50,000 of HOME funds to Catholic Charities Housing Services for construction of a 16 Unit multifamily housing project for low income persons.

GOALS

Public Safety

- Sidewalk improvement program.
- Street light improvement program.

Housing

- In partnership with the Yakima Housing Authority provided HOME funds to construct a 54 Unit multifamily project for low income persons.
- In partnership with Habitat for Humanity provide HOME funds to construct six single family homes to low income families.
- Assist 80 or more individuals through our Emergency home repair Program.

Function(s): 241 & 242.

EXPLANATORY NARRATIVE

Each year the CDBG and HOME Programs are anticipated to meet certain project goals using the existing staff. Each staff position has time allocated to the various approved programs; the allocation is reviewed and adjusted semiannually, as needed.

² The Neighborhood Development Services Manager position will be retitled the Economic Development Services Manager in early 2023.

³ One Housing Rehabilitation Assistant was delete mid-year 2020 due to the elimination of the volunteers.

⁴ Neighborhood Development has 1.00 FTE's funded from Code Administration (220), and funds 1.0 FTE in Codes. This funding swap was done due to HUD restrictions on what is considered program costs vs. administration costs.

Following recommendations through HUD’s technical assistance, salary and benefits, as reported on each employee’s monthly Personnel Activity Report, demonstrate actual time spent delivering ONDS’ programs. Activities have two components when reporting in the Integrated Disbursement Information System (IDIS): the program cost and the program delivery cost.

CDBG ESTIMATED EXPENDITURES

(Does Not Include Any Carry Forward Dollars)

Public Input Recommendations

HUD Programs (CDBG)	2023				2024

Administrative CDBG Costs 570.206	—	—	204,008	204,008	—	—	197,887	197,887
Grand Estimated Total	\$ 352,520	\$ 288,564	\$ 204,008	\$ 763,910	\$ 328,040	\$ 288,564	\$ 197,887	\$ 756,642

Any previous year carry forward dollars will be accounted for in the 2023 - 2024 Encumbrance Ordinances. Because entitlement awards are estimated in this budget, the Community Development Block Grant and HOME grant revenues, along with corresponding expenditures, may be adjusted when the awards are received.

ONDS Programs - 241

Community Development Block Grant (CDBG) Program

This public service program has a 15% cap each year, under which all expenses for public service must be kept. The cap is calculated on 15% of current year CDBG entitlement plus 15% of prior year program income.

CDBG PROGRAM EXPENDITURE CAP

CDBG #	Program	2020 Grant Consolidated Plan Program
2414110	Community Service	\$ 152,000
2414820	Elderly/Disabled Rehabilitation	966,657
Total of Account 400 Professional Services ⁵		\$ 1,118,657

Homeownership and Opportunity for People Everywhere (HOPE) 3

This program is dedicated to the use of program income received from the HOPE 3 Grant for affordable housing and ownership to low and moderate income families. Part of the process of assessing low to moderate income families and their ability to make their monthly loan payments is staff time spent in reviewing affordability of the client as well as obtaining legal assistance, when needed. In the projected budget, expenses will be slightly higher than estimated revenues received, but the City has sufficient Hope 3 reserves that will be used to cover this year’s expenses.

⁵ All numbers are estimates based on the projection of “new” CDBG grant funds. In addition, what money remains unspent at the end of fiscal year in a line item is carried forward into the following year. Program dollars will be reconciled when final figures are available to reflect all carry forwards and actual “new” CDBG grant funds.

HOPE 3 ESTIMATED EXPENDITURES

	2023	2024
	Program	Program
Non-Federal Categories	Expenses	Expenses
Professional Services	\$ 12,000	\$ 12,000
Single Family	20,000	20,000
Grand Estimated Total Expenses	<u>\$ 32,000</u>	<u>\$ 32,000</u>

HOME Program

The HOME entitlement allows 10% of the entitlement plus 10% of HOME program income to be used as administrative costs.

The HOME program is of more recent origin, and can only assist low/moderate income persons with issues relating to housing. These services can range from new construction of multi-family housing, to single family housing, or to home buyer assistance.

While lacking the flexibility of the Block Grant program, the HOME program has provided valuable services to hundreds of families here in Yakima. By combining both programs under one strategy, the City of Yakima has provided a diversified approach to helping the many local residents these programs serve.

The HOME program can provide a variety of assistance to help meet affordable housing needs. The Yakima City Council has chosen to concentrate its investment of HOME funds (with the exception of assistance through nonprofits such as Community Housing Development Organizations) exclusively for affordable housing activities.

Community Housing Development Organizations (CHDO's) are, by law, entitled to a minimum of 15% of annual HOME entitlement funds. In Yakima in recent years, these funds have assisted Habitat for Humanity, OIC of Washington, Next Step Housing, and others with a broad spectrum of affordable housing projects. Each Community Housing Development Organization (CHDO) application is considered by the Council on a case-by-case basis and funding decisions are made based on the community benefit of each.

Specific projects for the use of HOME funds can be difficult to identify in advance, since they depend on actual applications from individuals and families as they become ready for the assistance.

The City of Yakima's first-time home buyer's assistance programs have had a long and reliable track record with an amazingly low foreclosure rate of less than 1%, far below the national average.

HOME ESTIMATED EXPENDITURES

DOWNTOWN YAKIMA BUSINESS IMPROVEMENT DISTRICT (DYBID) - 161

City Manager

Robert Harrison

DEFINITION

In 2008, the City Council established a Downtown Yakima Business Improvement District (DYBID) to provide maintenance services to the newly improved downtown sidewalks and public amenities as part of the Downtown Futures Initiative. The DYBID was renewed by City Council in 2013. Assessments are used to support the City's contract with the Downtown Association of Yakima for improved delivery of a variety of downtown services, including cleaning and maintenance, landscaping, safety, and business development activities.

ACCOMPLISHMENTS & GOALS**Strengthening Partnerships**

- Assessments are used to support the City's contract with the Downtown Association of Yakima for improved delivery of a variety of downtown services, including cleaning and maintenance, landscaping, safety, and business development activities.

Investment in Infrastructure

- Continue to provide maintenance services to the newly improved downtown sidewalks and public amenities as part of the Downtown Futures Initiative.

Function(s): 261, 262 & 263.

FRONT STREET BUSINESS IMPROVEMENT - 163

City Manager

Robert Harrison

DEFINITION

On November 21, 2006, Council passed Ordinance No. 2006-57 reforming the Parking and Business Improvement Area (PBIA) for a portion of the North Front Street Area of the City for the purpose of assisting trade, economic viability and livability within the area. The North Front Street Association renewed the PBIA in 2012.

Twenty four businesses were assessed through the PBIA in 2022. This number is expected to remain the same for 2023 and 2024.

Function(s): 207.

CONVENTION & EVENT CENTER - 170

City Manager
President and CEO - YVVCB
Convention Center General Manager

Robert Harrison
John Cooper
Connie Upton

DEFINITION

This fund was established in 1978 shortly after the Convention and Event Center opened. This fund centralizes City expenditures for the support of tourism, sporting and convention activities through sales, marketing, and advertising, funded from Hotel/Motel tax, earned revenue and from the Public Facility District.

The City contracts with the Yakima Valley Visitors and Convention Bureau, doing business as Yakima Valley Tourism, to manage and promote the Yakima Convention and Event Center and the surrounding areas.

Expansion have taken place in 1997, 2003, 2010 and 2021, increasing the meeting space 215%, and these expansions have positively increased the economic impact to the city and surrounding areas. With these updates, and a long history of outstanding service, the Center is considered a premiere facility. The Center can host groups that have been lost because of their size, increase the space for groups that were on the verge of leaving due to meeting space size, and now has the ability to host more than one group at a time.

ACCOMPLISHMENTS

Fiscal Sustainability

- The completion of the expansion of the convention and event center will increase its economic impact to the City of Yakima and surrounding areas.
- Operate the building efficiently to achieve the Clean Building Law requirements.

Investment in Infrastructure

- Expansion of the convention and event center in 2021, making it the 4th largest in Washington State.
- Maintain/Upgrade operating systems/equipment to keep the center in excellent condition.

GOALS

Strengthening Partnerships

- Continue to partner with the Yakima Valley Visitors and Convention Bureau to include all areas of Tourism: conventions, sporting events and conferences, individual travel (VIC), travel writers, tour operators, as well as sales, advertising, and marketing.
- Continue to partner with the hospitality businesses to provide exceptional service, grow job opportunities and attract more visitors and groups

Function(s): 275 & 278.

EXPLANATORY NARRATIVE

Tourist Promotion - 275

This account is for sales and marketing in the various markets that affect the Tourism. Yakima Valley Tourism focuses on convention sales and tourism related promotion. The Visitor Information Center addresses the individual tourist through e-mail promotions, mass mailings and personal visitors, selling Yakima as a tourist destination, and is included in the consultant fee. The Sports Commission focuses on bringing tournaments and sports related conventions to Yakima. The following chart details the components of this account.

Yakima Center Management - 278

This function directs, administers and oversees the operations of the Convention and Event Center, which includes the cost for contracting security guards, which is a mandatory service provided at the Center, along with management fees to the Yakima Valley Tourism, and all payroll for the Center staff. Also included are funds used to maintain the website, provide internet service to the building (both hard wired and wireless) and advertising to attract business to the Center.

CONVENTION & EVENT CENTER CAPITAL - 370

City Manager
President and CEO - YVVCB
Convention Center General Manager

Robert Harrison
John Cooper
Connie Upton

DEFINITION

The Yakima Convention and Event Center Capital Fund is used to account for major facility upgrades and purchases.

Reserves for major facility maintenance typically come from Hotel/Motel Tax and/or the Public Facilities District State Sales Tax credit.

In 2019, Council approved a proposed Center expansion of 18,250 square feet, for a cost of \$12.5 million, which came at an opportune time to meet the demands of larger and multiple groups. This expansion was funded by a Limited Tax General Obligation (LTGO) bond, to be repaid with PFD and Hotel/Motel tax revenues. In February of 2020 construction began, and the expansion was officially opened to the public in May of 2021.

Also in 2021, the legislature passed a law that buildings over 50,000 gross square feet must comply with the WA Clean Buildings Act. This requires a 15% reduction in energy use by 6/1/28 for a building this size. While this seems like a long way out, planning must start now as penalties will be imposed for non-compliance. Capital expenses will be incurred during this process, but there will be long term benefits from the savings in the utility usage. There is an incentive program that the Yakima Convention and Event Center has already signed up for to assist in covering anticipated capital expenditures. The HVAC control upgrade is the first step in this process.

TOURIST PROMOTION AREA - 173

City Manager
President and CEO - YVVCB

Robert Harrison
John Cooper

DEFINITION

The Tourism Promotion Area Ordinance was established on April 13, 2004, as a result of a petition process by local hotels. The Department of Revenue collects Tourism Promotion Assessments from guests staying at area hotels as a "per room night" charge and disburses them to the City of Yakima for the annual Tourism Promotion Area (TPA) budget. "Tourism promotion" is defined by state statute to mean activities and expenditures designed to increase tourism and convention business, including but not limited to advertising, publicizing, or otherwise distributing information for the purpose of attracting and welcoming tourists, and operating tourism destination marketing organizations (RCW 35.101.010). In 2021, through a petition by the affected hoteliers and approved by the Council, the per room rate was increased by \$2.00, which became effective in January of 2022.

Yakima Valley Visitors & Convention Bureau (doing business as Yakima Valley Tourism or YVT) manages the Tourism Promotion Area, in partnership with the TPA Commission. YVT develops and executes the budget, to market the destination, regional event facilities, and attractions and to serve tourists and groups.

EXPLANATORY NARRATIVE

Tourist Promotion - 255

This account pays for the Management Agreement (administration/operating expenses) with the Yakima Valley Visitors and Convention Bureau, along with the cost of implementing the current TPA Marketing Plan, office overhead, bookkeeping, audits, staffing, equipment, and software. YVT will implement the marketing activities listed

below as approved by the TPA Commission in August. These services include advertising campaigns, sales and promotion of all meeting facilities, events, and attractions in Yakima for conventions/groups, sporting events, and leisure travelers. This program is designed to increase the number of overnight visitors to Yakima, thereby improving the local economy and generating more taxes for local public services like public safety, roads, etc.

¹ These are sales positions necessary to bring and service conventions, sporting groups, motor coach tours, travel media etc. to event facilities and attractions in Yakima.

CAPITOL THEATRE - 171

City Manager
Capitol Theatre Executive Director

Robert Harrison
Charlie Robin

DEFINITION

Originally built in 1920, The Capitol Theatre has been serving the community for over a century. The City purchased the theatre in 1975, and in that year the Theatre burned to the ground, was rebuilt and restored to its former magnificent state and reopened in 1978, and continues to be a historical gem.

The City is responsible for major upkeep and maintenance of the facility as well as fire, casualty and extended coverage insurance. The CTC (Capitol Theatre Committee) is responsible for programmatic, administrative and operational expenses. A thorough needs study is undertaken annually to update the Theatre's ongoing capital plan.

In 2007, the CTC and City organized a Public Facilities District (PFD) to provide funding for the Production Center and 4th Street Theatre Expansion. The expansion facilitated larger productions and included a 400-seat black box theatre, now known as the 4th Street Theatre. These facility upgrades were funded by City-issued general obligation bonds, repaid by a 25-year revenue stream of Public Facilities Sales Tax credit collections dedicated to the Capitol Theatre project. In addition to the revenues secured through the PFD, the CTC raised over \$3,000,000 in private contributions.

The top priority for 2023 - 2024 continues to be establishing priorities and time lines toward completion of facility and equipment related needs identified through safety and system evaluations and technical staff recommendations.

ACCOMPLISHMENTS

Strengthening Partnerships

- The management agreement with the Capitol Theatre Committee provides industry-specific expertise to oversee the maintenance, operations, and community access to one of the City's most prized cultural institutions.

GOALS

Investment in Infrastructure

- The Capitol Theatre is now over 100 years old, the reconstructed portions of the historic facility are now over 40 years old, and the expansion of the facility with its production center and 4th Street Theatre is now over 10 years old. A policy of deferring costs as long as possible for large scale improvements to the oldest parts of the building now faces antiquated systems, discontinued compatible replacement components, and ever decreasing benefits from incremental repairs.

Function(s): 271.

Revenue

Revenues for the Capitol Theatre consist of a portion of Hotel/Motel Tax, a 1% Cable Utility Tax, interest, and a transfer from the Public Facilities District fund (172). These revenues enable the support of the Capitol Theatre via the Management fee, plus reimbursement of a portion of other expenses for small tools and basic repairs and maintenance.

CAPITOL THEATRE CAPITAL - 322

City Manager
Capitol Theatre Executive Director

Robert Harrison
Charlie Robin

DEFINITION

The Capitol Theatre Capital fund accounts for major facility upgrades.

ACCOMPLISHMENTS**Investment in Infrastructure**

- The Capitol Theatre completed the replacement of the fire escape stairway for a total cost of \$190,608 in 2022.

GOALS**Investment in Infrastructure**

- The Capitol Theatre was awarded a reimbursable grant from the Department of Commerce for \$250,000 for theatre curtains and soft goods replacements in late 2022. Administration fees of \$5,000 will be deducted from that amount.
- The Capitol Theatre will upgrade their current HVAC and control system in 2023-24 for a total estimated cost of \$120,000.

Function(s): 270.

HUMAN RESOURCES

Organizational Chart as of January 1, 2023

HUMAN RESOURCES - 160**GENERAL FUND****Director of Human Resources****Connie Mendoza****DEFINITION**

The Human Resources Department is responsible for the administration of a comprehensive human resource management program in accordance with Federal, State and local regulations.

This department administers the following programs, plans or regulatory requirements:

- Collective bargaining - 14 labor units (State mandated Chapter 41.56 RCW)
- Charter Civil Service operations (City Charter mandate)
- Police and Fire Civil Service operations (State mandated Chapter 41.12 and 41.08 RCW)
- Retirement system administration (State mandated Chapter 41.28 RCW)
- Americans with Disabilities Act (ADA) administration (Federal and State mandate)
- Family and Medical Leave Act (FMLA) administration (Federal and State mandate)
- Federal Transit Administration (FTA) / Department of Transportation (DOT) random drug testing (Federal mandate)
- Pre-employment physical examination administration (City policy)
- Employment eligibility verification (I-9) (Federal mandate)
- Equal Employment Opportunity Commission (EEOC) compliance (Federal mandate)
- Fair Labor Standards Act (FLSA) (Federal mandate)
- Self-insurance for health insurance (City policy)
- Self-insurance for Worker's Compensation (City policy)
- Self-insurance for unemployment insurance (City policy)

In addition, the Human Resources department administers the following benefit programs:

- International City/County Management Association (ICMA) 457 Deferred Compensation Plan (City policy and collectively bargained)
- Section 125 Plan (City policy and collectively bargained)
- Life insurance (City policy and collectively bargained)
- Disability insurance (City policy and collectively bargained)
- Flexible Spending Accounts (City policy)
- City University Training Program

ACCOMPLISHMENTS**Fiscal Sustainability**

- Completed roll-out of "PERFORM" electronic performance evaluation platform.
- Developed & implemented emergency policy & procedures related to the COVID-19 Pandemic.
- Project Management Training Courses.
- Assisted Information Technology in developing project management dashboard access.
- Applied for and awarded 2022-2023 Washington State Archives Local Records Grant Program of approximately \$22,000 to continue to work on our goal of digitizing Human Resources (HR) records.

GOALS

Fiscal Sustainability

- Develop project management certification opportunities.
- Develop supervisor training courses.
- Complete conversion of employee files to electronic format.
- Complete employee salary survey.

Function(s): 162, 165, 166 & 167.

EMPLOYEES HEALTH BENEFIT RESERVE - 513

Director of Human Resources

Connie Mendoza

DEFINITION

This fund is used to pay group medical and dental claims for covered employees and retirees and their eligible dependents.

Rates charged to all operating funds pay all medical/vision/dental claims and maintain reserves. Factors that affect revenue are the coverage elected by the employee (i.e. employee-only or family) and the number of budgeted positions. The following reflects the total base premium rates charged used to calculate the portion paid by the City and employees based on negotiated formulas.

BASE PREMIUM RATES

EXPLANATORY NARRATIVE

A proactive step towards improving the health of employees and their families, reducing medical costs.

Wellness Program - 168

Improving the physical, mental and emotional well-being of all employees, providing an avenue for medical cost containment, and supplying a positive, supportive environment promoting healthy lifestyle choices.

	2020	2021	2022	2023	% Chng	2024	% Chng

LEGAL

Organizational Chart as of January 1, 2023

LEGAL - 170
GENERAL FUND**City Attorney****Sarah Watkins**

DEFINITION

The Legal Department provides legal support for the City. The department is comprised of two divisions: Prosecution and Civil legal counsel.

ACCOMPLISHMENTS**Public Safety**

- Continued work with the Yakima Police Department and community stakeholders to maintain a Domestic Violence Coalition.
- ARPA funding allowed the department to add a DV Advocate to the DV Unit.
- Provided Community Diversion Program opportunities to community members who are interested in getting treatment and services to avoid criminal charges.
- Continued to provide prosecution services, file charges and work cases through Yakima Municipal Court.
- Worked closely with YPD and YFD on how the City can address issues associated with mental health calls and community caretaking calls, including evaluation and drafting of documents for the proposed MCAT program.
- Prepared 68 expedited motions for Domestic Violence warrants.
- Hosted a Traffic Safety Response DUI investigation and prosecution training for regional officers and prosecutors.

Strengthening Partnerships

- Teresita Tamez, Assistant City Attorney, provided the Criminal Law Update seminar at the Washington State Association of Municipal Attorneys Spring conference.
- Sara Watkins, City Attorney, gave a presentation on Code Compliance and Nuisance Issues at the Washington State Association of Municipal Attorneys Spring conference.
- Provided consistent and timely legal advice to City departments throughout the year.
- Continued to provide grant facilitation for the Yakima Youth Leadership Program with ESD 105 and Yakima School District.
- Held a five-week peer-to-peer training program in the Civil Division on contracts, including insurance and indemnification provisions, to cross-train attorneys on contracts.
- Drafted and executed a partnership agreement between the Coordinated Community Response Team for Domestic Violence (CCRTDV).
- Actively participate in daily morning Domestic Violence staffing calls with CCRTDV partners.
- Family and Community Violence prosecutors and Advocacy Coordinators attended a national training on Domestic Violence Investigation, Advocacy, and Prosecution with our Domestic Violence Community Coordinated Response Team (DVCCRT) partners.
- Brooke Wright, Assistant City Attorney, provided the Criminal Law Update seminar at the Washington State Association of Municipal Attorneys Fall conference.

GOALS

Public Safety

- Increase the number of people that choose the Community Diversion Program. The Legal Department intends to do an evaluation of the program and its effectiveness at the end of 2023.
- Provide enhanced services to victims of domestic violence through continued discussions with community partners and law enforcement/prosecution partners.
- Continue support of the DV Coalition, and the Gang Reduction and Intervention Task Force.
- Conduct Officer training on the gathering of evidence to support prosecution without domestic violence victim involvement.

Strengthening Partnerships

- Implement internal peer-to-peer training in the Civil Division to cross-train attorneys on other areas of law.
- Continue the City's leadership at the Washington State Association of Municipal Attorneys by providing training to other municipal attorneys at the annual conferences.
- Continue to attend and participate in community stakeholder meetings when requested.

Function(s): 152, 153 & 154.

¹ Senior Assistant City Attorneys I & Assistant City Attorneys I advance to the next level when minimum requirements are met.

² A Legal Assistant II was replaced with a Legal Assistant III in a mid-year reorganization in 2021.

³ A second Victim Advocacy Coordinator was added in 2022 to share the high Domestic Violence Advocacy workload. The Prosecution Division handles 860 intimate partner domestic violence cases a year and the caseload has proven to be a challenge for one Victim Advocacy Coordinator.

⁴ An equivalent of 6.35 FTE's are funded by Risk Management (515) and 1.0 FTE by the ARPA Fiscal Recovery Fund (180).

EXPLANATORY NARRATIVE

The Transportation/Training account is used for transportation, meals, lodging and registration associated with training for attorneys to obtain mandatory continuing legal education. Rule 11 of the Supreme Court Rules of Admission to Practice requires attorneys to complete a minimum of 45 credit hours of approved legal education every three years. At least six of the 45 continuing legal education credit hours required during the reporting period shall be devoted exclusively to the areas of legal ethics, professionalism, or professional responsibility.

Criminal Justice Sales Tax .3% - 152

This function is funded by a 0.3% Criminal Justice Sales Tax that was first approved by the voters in 2004, and again in 2015. The Criminal Justice Sales Tax funds are being used to supplement criminal justice functions throughout Yakima County. This function fully funds 2 Assistant City Attorneys and 1.5 Legal Assistants positions in the Prosecution Division, along with services such as hiring contract and/or conflict prosecutors as the need arises. The City of Yakima Municipal Code mandates these activities.

Prosecution - Criminal - 152

The primary purpose of this function is the prosecution of all misdemeanor and gross misdemeanor cases, including victim advocacy, crimes of domestic violence, criminal traffic and civil infractions under Washington statutes and City ordinances adopted by the Yakima City Council; to advise the Police Department and all other departments of the City concerning enforcement of City traffic and penal codes; and to prepare legislation enacting, amending, and repealing traffic and penal code provisions in the Yakima Municipal Code. The Prosecution Division also performs such other duties as may be directed by the City Attorney. The City of Yakima Municipal Code mandates these

activities. 2020 shows a negative due to a year-end adjusting entry that was required for the City Service charges needing to be reported as a reduction in expenditure.

Legal Counsel - Civil - 153

The purpose of this function is to advise and assist in the preparation of legislation affecting the Municipal Code; prepare and advise on the legality, correctness, and form of all contracts, bonds, and other legal instruments to which the City is a party; to advise the Council, the City Manager, all department heads, and other administrative officials and all boards and commissions regarding legal matters; to represent the City as attorney in all Civil legal proceedings in which the City is a party; to recommend action taken in claims or suits at law or equity to which the City may be a party involving property rights or money claims; to preserve in its office copies of all opinions rendered by the department; and to perform such other legal duties as may be required by the Charter, ordinance, the City Council, or the City Manager. The City of Yakima Municipal Code mandates these activities.

Community Diversion - 154

The Community Diversion Program addresses non-violent repeat offenders who are committing low level crime that affects the quality of life in the City of Yakima by connecting willing participants to work and life skills programming to address the underlying issues that are driving criminal behavior. Using a combination of offender needs assessment, on-site wrap around social services and intensive case monitoring, the Community Diversion Program operates with the goal of assisting the offenders with getting the services they need to put their lives back on track and break the cycle of constant offense recidivism. This account also includes space rental for hearings and costs of necessary office and operating supplies. This account and the provided services were authorized by Council action and remain subject to annual Council consideration and approval.

DEFINITION

This branch of government is responsible for operation of the Yakima Municipal Court.

The Yakima Municipal Court was established on January 1, 1997. The Municipal Court hears and determines all causes, civil and criminal, including traffic, parking and animal control infractions, arising under City ordinance and pronounces judgment in accordance therewith.

The Municipal Court Judges are elected for a four-year term. Court Commissioners are appointed by the Presiding Judge.

The City contracts with the County to provide probation services for convicted offenders sentenced by the Municipal Court to Probation.

ACCOMPLISHMENTS**Public Safety**

- The Municipal Court continued to provide effective, efficient and fair access to justice to those that we serve.

GOALS**Public Safety**

- The court continues to review its business practices and enhance and install technology to streamline processes and procedures to allow more remote access for court's users. As the court begins 2023 and into 2024, it will continue to review and implement processes to better serve all Yakima Municipal Court users.

Function(s): 155.

EXPLANATORY NARRATIVE

Criminal Justice Sales Tax .3% - 155

A portion of the three-tenth percent Criminal Justice Sales Tax that was approved by the voters in 2004 funds this function, which funds two Municipal Court Judicial Specialist positions, a ½ time Court Commissioner, building security, interpreter services, and witness and juror fees associated with processing the court's caseload.

FINANCIAL SERVICES - 612**GENERAL FUND**

Director of Finance & Budget
Financial Services Manager

Jennifer Ferrer-Santa Ines
Kimberly Dominé

DEFINITION

Financial Services maintains citywide long-term fiscal strength and sustainability, while building an increasingly well-managed city, and delivers reporting that is clear, trustworthy and reliable. Specifically responsible for:

- Financial compliance and internal control oversight.
- Accounting and reporting for all expenditure and revenue transactions.
- Financial Statement preparation and distribution.
- Design, preparation and administration of the operating and capital budgets.
- Financial analysis of operating, financial, legislative and economic development proposals.
- Risk management administration.
- Investment portfolio administration.
- Debt administration.
- Capital financing research and preparation of regulatory financial and legal documents with Underwriters and Bond Counsel.
- Receiving and recording of all City receipts (cash, electronic funds, etc.).
- Payment of all invoices (Accounts Payable).
- Payroll processing and administration.
- Administration and budget responsibilities for Agency funds, Debt Service funds; various contingency/ reserve funds; and operating fund transfers.
- Administrative liaison with the Municipal Court, Public Facilities District, and intergovernmental agencies.

ACCOMPLISHMENTS**Fiscal Sustainability**

- Received the 2021 distinguished budget award from GFOA.
- Completed the 2021 Financial Statement Audit and received an unmodified opinion..
- Transitioned the City to a biennial budget process and produced a balanced 2-year Budget for 2023 - 2024.
- Enhanced the 2023 Capital Budget to include all departments/divisions in the City.
- Established a consolidated Master Fee Schedule - adopted December 6, 2022.

GOALS**Fiscal Sustainability**

- Implement the new GASB 87 Lease Accounting Update.
- Obtain an Unqualified (Clean) audit of its 2022 financial statements.
- Implement budget transparency software.
- Update Financial policies.

Finance Division staff supports the City of Yakima Lodging Tax Advisory Committee, Public Facilities District, Tourism Promotion Area, Police and Fire Pension Boards, and YakCorps.

Function(s): 612.

¹ Dollars in millions

² A Financial Department Analyst position was finalized in late 2022, which will be replacing one of the Financial Services Technician positions in the 2023-2024 budget.

³ A second Accountant I was added in a mid-year reorganization in 2020.

⁴ An equivalent of .80 FTE's are funded by Utility Services (581), and Purchasing (670) and Finance funds .60 FTE's in Utility Services (581).

EXPLANATORY NARRATIVE

Financial Services - 612

The Financial Services Division supports all City departments. Professional services, including fiduciary (banking and trust) services and outside professionals, such as Washington State Auditor and annual software maintenance are paid through this function. 2020 shows a negative due to a year-end adjusting entry that was required for the City Service charges needing to be reported as a reduction in expenditure. Starting in 2021 this entry will not be made into the individual divisions, rather it will be made into the interfund distribution account.

PURCHASING - 670**GENERAL FUND**

Director of Finance & Budget
City Purchasing Manager

Jennifer Ferrer-Santa Ines
Vacant

DEFINITION

Purchasing is responsible for City procurements greater in value than \$10,000 with the exception of Capital Projects and Utilities. The Purchasing Division is tasked with the execution and administration of:

- The timely and cost-effective procurement of goods and services.
- Compliance with relevant laws and regulations in support of City services.
- Opportunities to leverage purchasing power by utilizing Intergovernmental Purchasing Agreements as enabled under Chapter 39.34 RCW.
- Excellent customer service to City departments and divisions, establishing and maintaining effective communications with internal customers and external vendor relationships.

The City Purchasing Division strives to promote competition, impartiality, conservation of funds, transparency, accountability and maximum return on investment to provide value to the citizens of Yakima. Public Trust and Accountability is one of the City's Strategic Priorities that we connect with on a daily basis.

ACCOMPLISHMENTS**Fiscal Sustainability**

- Completed Cayenta upgrade for Procurement Module in 2022.
- Providing support to all City divisions, including Public Safety and the Yakima Air Terminal, assisting them with meeting their procurement goals and completing projects.
- Vendor outreach brochures in Spanish posted to Purchasing webpage.

GOALS**Fiscal Sustainability**

- Prepare a Purchasing training video to be uploaded onto the City employee Information Collaboration Environment (ICE) website as a mandatory training through the City of Yakima University (CYU).
- Provide updated Procurement and Public Works Contracting training through CYU.
- Updated P-card training videos and training plan to implement policy updates.

Strengthening Partnerships

- Vendor outreach videos in English and Spanish posted to Purchasing webpage.
- Vendor open house – expanded vendor outreach.
- Vendor outreach on Public Work contracting in conjunction with Municipal Research and Services Center (MRSC) and Procurement Technical Assistance Program (P-TAC).

Function(s): 672.

¹ Yakima County contracted with City of Yakima Purchasing for provision of procurement services between November 1, 2009 and June 30, 2020.

² The substantial increase in grant funding is contributing to the influx of RFP's, bids, quotes, contracts and purchase orders, in 2021 and 2022.

³ Surplus projections are higher in 2022 and 2023 due to volume and increase in return on vehicles due to COVID.

⁴ Buyer I's may become Buyer II's by obtaining a certification and if allocations for funding are available.

⁵ One Buyer II and one Senior Buyer position were deleted in 2021 as the City no longer oversees County purchasing.

⁶ Purchasing funds .15 FTE in Finance (612) and the equivalent of 1.00 FTE's is funded by Risk Management (515) and Public Works (560).

EXPLANATORY NARRATIVE

Purchasing - 672

This function provides support to all City divisions, assisting them with meeting their procurement goals and completing projects. In 2020, Yakima County funded approximately half of the Purchasing total budget. This arrangement ceased on July 1, 2020, resulting in a reduction of staff expenditures and County reimbursement revenue.

Dedicated Revenue

This line is for revenue received for interlocal agreements, generally with the County. In 2020, revenue was received from Yakima County per interlocal agreement for Purchasing services - this agreement ceased on July 1, 2020. Purchasing will be receiving approximately \$16,000 in revenues from Yakima County for a single Request for Proposal (RFP) procurement process that we will be administering, per an interlocal agreement that was finalized on 10/12/21.

UTILITY SERVICES - 581

Director of Finance & Budget
Utility Customer Services Manager

Jennifer Ferrer-Santa Ines
James Dean

DEFINITION

The Utility Services Division provides the revenue billing and collections function for City utilities and the cashiering function for all City departments. The division delivers customer service to external utility customers and internal utility operating divisions, including: a) office services such as customer account maintenance, billing, credit arrangements, follow-up on overdue accounts, service request coordination, and providing information to customers specific to their accounts, available services, utility operations, City ordinances, etc., b) utility operating services such as ensuring accurate consumption and billing data, working with operating divisions problem-solving and maintaining and improving system performance and processes, and c) customer support for automatic, online and in-person payment options; and City Treasury support.

ACCOMPLISHMENTS**Fiscal Sustainability**

- Completed Cayenta Software upgrade for version 7.9 to version 9.2
- Implemented new service order routing software.
- Added additional online payment features

GOALS**Fiscal Sustainability**

- Increase online and paperless billing adoption
- Continue to enhance online account access and payment options
- Transition animal licensing from Cayenta to SmartGov platform to allow for online options

Function(s): 767 & 768.

PARKING - 653**GENERAL FUND**

Director of Finance & Budget
Utility Customer Services Manager

Jennifer Ferrer-Santa Ines
James Dean

DEFINITION

This function is responsible for parking enforcement within the City. In 2020, City Council approved increasing parking infraction fees, and the purchase of a license plate recognition technology to help improve effectiveness and efficiency.

Parking enforcement was suspended in most of 2022 while the City engaged a consultant to determine the feasibility of a pay to park option in the downtown area.

ACCOMPLISHMENTS**Fiscal Sustainability**

- Feasibility for pay-to-park study completed in order to move the parking program towards a financially self-sustaining platform.

GOALS**Public Safety**

- Thoroughly evaluate and access parking enforcement to determine if there is a need for a second enforcement officer.
- Transfer Parking Enforcement to the Yakima Police Department

Fiscal Sustainability

- Create a new special revenue fund for parking, creating a self sustaining fund with the ability to account for all parking related expenditures and revenues.
- Determine the best hourly rate in order to yield a positive annual net revenue that covers parking expenditures, including capital.

Function(s): 653.

POLICE PENSION - 681**GENERAL FUND**

Director of Finance & Budget
Financial Services Manager

Jennifer Ferrer-Santa Ines
Kimberly Dominé
Police Pension Board

DEFINITION

This General Fund division provides for a single-employer, defined benefit pension plan to retired police officers employed prior to March 1, 1970 as governed by Washington State Law RCW 41.20 and 41.26. Under the governing law, the pension member is entitled to payment from the City's pension plan for covered benefits in excess of those calculated under the current Law Enforcement Officers and Firefighters' Retirement System (LEOFF) plan.

Pension benefits for police officers that were hired March 1, 1970 and after are covered solely by the current LEOFF plan. If officers were active in the period from 3/1/70 to 9/30/77, they are considered members of the LEOFF 1 retirement plan which also makes them eligible for 100% reimbursement of necessary medical expenses until their death. The budget for this category is also included here.

Function(s): 681.

EXPLANATORY NARRATIVE

Fire Pension - 682

Pensions and Death Benefits are used to pay pension and death benefits paid out to entitled parties (i.e. retired or active prior to 3/1/1970). Medical Benefits include paid Medicare premiums, dental care, vision, in-home care, medical care and long-term care costs. The Pension Board has endorsed a policy issue approved in 1996 to set aside \$50,000 annually to build a reserve for future medical and long-term care costs. The 2023 and 2024 projected budget includes:

Revenue

These benefits are supported by property taxes, an allocation of fire insurance premium tax from the state (if received) and reserves. The 2020 property tax allocation represents about \$.1809 per \$1,000 of assessed valuation or 6.0% of the total general property tax levy for 2020. State law (RCW 41.16.060) allows cities with Firemen's pension funds to levy an additional \$0.225 per \$1,000 of assessed valuation.

CONTINGENCY - 600

GENERAL FUND

**Director of Finance & Budget
Financial Services Manager**

**Jennifer Ferrer-Santa Ines
Kimberly Dominé**

DEFINITION

This fund provides resources for potential litigation, non-covered risk management and other expenditures. The Contingency Fund is not being utilized at this time, but may be in the future.

INTERFUND DISTRIBUTION - 600**GENERAL FUND**

Director of Finance & Budget
Financial Services Manager

Jennifer Ferrer-Santa Ines
Kimberly Dominé

DEFINITION

Operating transfers from the General Fund to other funds.

Function(s): 601.

EXPLANATORY NARRATIVE**Interfund Distribution - 601**

The General Fund is projected to initiate transfers for the following purposes in 2023 - 2024:

INTERFUND EXPENDITURE DETAIL

Fund	2023	2024
	Projected	Projected
Parks and Recreation Utility Tax (3.5%)	\$ 1,919,592	\$ 1,946,225
Law and Justice Capital Utility Tax (0.5%)	274,227	278,032
Total Transfers	<u>\$ 2,193,819</u>	<u>\$ 2,224,257</u>

CITY SERVICE ALLOCATION - 600**GENERAL FUND**

Director of Finance & Budget
Financial Services Manager

Jennifer Ferrer-Santa Ines
Kimberly Dominé

DEFINITION

The city service allocation is a way to bill for centralized services such as accounting, personnel administration, purchasing, etc. within the City. These costs are allocated to General Fund departments, from other City departments based on the relative cost it takes to serve them.

Function(s): 601.

EXPLANATORY NARRATIVE**City Service Allocation - 601**

The City implemented a new cost allocation policy in 2021, updating the method of recording the allocation. This method shows the allocation as a negative expenditure due to the nature of the reimbursement. Below is a list of General Fund departments and the allocation amount for each for 2023 - 2024:

CITY SERVICE ALLOCATION EXPENDITURE DETAIL

Fund	2023	2024

PUBLIC FACILITY DISTRICT / CONVENTION & EVENT CENTER - 172

Director of Finance & Budget
President and CEO - YVVCB
Convention Center General Manager

Jennifer Ferrer-Santa Ines
John Cooper
Connie Upton

DEFINITION

In 2002 the City took the leadership role in forming a Public Facilities District (PFD) with the Cities of Yakima, Union Gap and Selah. The PFD is a separate governmental entity and its primary purpose by law is to build and/or operate a regional center. The Yakima Regional PFD financed the 2003 expansion of the Yakima Convention & Event Center by levying a sales tax credit from the State of Washington. This revenue comes from the State's portion of sales tax already being paid by the buyers of goods within these three cities. In 2018, the PFD Board, along with the city council, approved the refinancing of the remaining debt service on the 2003 expansion and dedicated future revenue to the 2020 council approved expansion. The sales tax credit dedicated for the Capitol Theatre is accounted for in the PFD Capitol Theatre fund (174).

PUBLIC FACILITY DISTRICT / CAPITOL THEATRE - 174

Director of Finance & Budget
Capitol Theatre Executive Director

Jennifer Ferrer-Santa Ines
Charlie Robin

DEFINITION

In 2002, the City took the leadership role in forming a Public Facilities District (PFD) with the Cities of Yakima, Union Gap and Selah. The PFD is a separate governmental entity and its primary purpose by law is to build and/or operate a regional center. The Yakima Regional PFD is financing the recent expansions of the Yakima Convention & Event Center and the Capitol Theatre by levying a sales tax credit from the State of Washington. This revenue comes from sales tax already being paid by the buyers of goods within these three cities. It is not a new or increased tax. This fund was created in 2008 to account for the PFD revenues that are dedicated specifically to the Capitol Theatre.

ARPA FISCAL RECOVERY FUND - 180

Director of Finance & Budget

Jennifer Ferrer-Santa Ines

DEFINITION

The American Rescue Plan Act of 2021 ("ARPA") was signed into law on March 11, 2021. As part of this COVID-19 stimulus package, federal funding will be distributed to state and local governments to aid in the recovery from the budgetary, economic, and financial impacts of the COVID-19 pandemic. The Washington State Office of Financial Management (OFM) is responsible for the distribution of ARPA funds to local governments. The City of Yakima is currently projected to receive approximately \$26.2 million of Coronavirus Local Fiscal Recovery Funds from ARPA. The first distribution of \$13.1 million was received on May 19, 2021, and the remaining balance was received in 2022. Funding must be used for eligible costs incurred during the period March 3, 2021 through December 31, 2024, and are only accounted for as revenue when spent. Funds must be expended by December 31, 2026.

An ordinance, authorized on September 7th, 2021, established an "ARPA Fiscal Recovery Fund" to account for the award and future expenditure of these funds. This special revenue fund will allow for separate accountability of these federal funds and will be used to administer fiscal matters related to the program.

This ordinance authorized the City Manager to apply for and accept current and future funds awarded by the U.S. Department of Treasury through the OFM under the ARPA. It also authorized the City Manager or his designee to execute all related contracts, agreements, amendments, and documents in connection with this program, with the approval as to form by the City Attorney, without further Council action. This ordinance further authorized the City Manager to accept and deposit ARPA funds into the ARPA Fiscal Recovery Fund.

Function(s): 102, 126, 144, 152, 224, 239, 278, 301, 322, 351, 543, 701, 738 & 773.

AUTHORIZED PERSONNEL

The ARPA Fiscal Recovery Fund funds 1.00 FTE in Legal.

RISK MANAGEMENT RESERVE - 515

Director of Finance & Budget
City Attorney

Jennifer Ferrer-Santa Ines
Sara Watkins

DEFINITION

The Risk Management Reserve Fund is maintained to separately account for liability and property exposure. This budget provides for:

- Administration of the self-insured and pool programs.
- Legal, claims adjustment, and broker services.
- The purchase of liability, property and other miscellaneous insurance coverage.

Function(s): 661, 662, 663, 664, 665, 667, 668 & 669.

AUTHORIZED PERSONNEL

Risk Management funds 7.45 FTE's that are included in other divisions' Authorized Personnel charts. Included are: .50 FTE in Purchasing (670), 1.60 FTE's in Records/City Clerks (140) and 6.35 FTE's in Legal (017).

ACLU Program - 668

This intern program was developed with the American Civil Liberties Union (ACLU) as part of the 2016 Voting Rights Act settlement. The program was deferred in 2020 and 2021 due to COVID issues. In 2022, the City hosted high school interns during the Spring and Summer of 2022. During the four years the City ran the mentorship-internship program there were 26 participants. Of those participants, 19 decided to advance to the paid summer internship. Interns were placed in a variety of divisions at the City. In 2022, in excess of \$23,696.28 was expended for wages and benefits of the five interns during the summer of 2022. The City expended an additional amount of \$1,709.57 of general funds to make sure that each of the interns had a full 8-week 40 hour/week internship experience. A total of \$25,406.30 was expended in 2022 for wages and benefits for the five interns. There are no funds remaining for this program.

YAKCORPS AGENCY - 632

Director of Finance & Budget
Financial Services Manager

Jennifer Ferrer-Santa Ines
Kimberly Dominé

DEFINITION

By interlocal agreement, the City of Yakima serves as fiscal agent for the Yakima Consortium for Regional Public Safety (YakCorps), a separate legal entity which serves to the benefit of citizens within the service area of participating jurisdictions. The 2011 agreement provides for the structure, governance, operations, funding and accounting for public safety activity within the jurisdictions of participating county, cities and fire districts: Grandview, Granger, Mabton, Moxee, Prosser, Selah, Sunnyside, Tieton, Toppenish, Union Gap, Yakima, Wapato, Zillah, Fire District #1 (Highland), Fire District #3 (Naches), Fire District # 4 (East Valley), Fire District #5 (Lower Valley), Fire District #6 (Gleed), Fire District #7 (Glade), Fire District #9 (Naches Heights), Fire District #12 (West Valley), Nile Fire District, and County of Yakima. The Executive Board of the YakCorps consortium consists of seven member representatives of which one is the Mayor of the City of Yakima. The Operations Board of The YakCorps consortium consists of eleven member representatives, of which three are the City's Police Chief, Fire Chief and 911 Director. Funding resources consist of annual assessments to the member agencies to allocate annual budgeted expenditures to operate and maintain a county-wide multi-discipline public safety system.

Function(s): 632.

EXPLANATORY NARRATIVE

As the fiduciary for YakCorps, the City of Yakima bills and collects member agency fees, pays consortium invoices and maintains the budget and accounting for the consortium. These funds are not available for City operations or programs. Incoming funds are classified as a liability and expenditure of funds reduce that liability. Due to the new accounting requirements of GASB 84, as of 2021, all resources are being reported within this fund.

CUSTODIAL FUND - 633

Director of Finance & Budget
Financial Services Manager

Jennifer Ferrer-Santa Ines
Kimberly Dominé

DEFINITION

The Governmental Accounting Standards Board (GASB) came out with GASB Statement 84, Fiduciary Activities for purposes of accounting and financial reporting, which was implemented in 2021. A custodial fund typically involves the collection of receipts and the remittance of the fiduciary resources to individuals, private organizations or other governments. This fiduciary fund allows for separate accountability of these resources as required by GASB Statement 84.

Fiduciary and permanent funds are subject to a trust agreement, and as such, the use of these funds are restricted. Consequently, the City does not budget for this fund.

Function(s): 633.

2020 CONVENTION CENTER & CAPITOL THEATRE PFD LTGO BONDS - 272

Director of Finance & Budget
Financial Services Manager

Jennifer Ferrer-Santa Ines
Kimberly Dominé

DEFINITION

The Convention & Event Center PFD was created in 2001 to provide a mechanism to fund the city-owned Yakima Convention & Event Center, a Regional Center as defined in RCW 35.57.020. General Obligation Bonds of \$4,910,000 were issued in May 2007 and were refunded in 2020 with some additional debt to fund an expansion of the Convention & Event Center. These new bonds are accounted for in function 833 and 834.

The Capitol Theatre PFD was created in 2009 to fund the city-owned Capitol Theatre. General Obligation Bonds of \$7,035,000 (Series A and B) were issued in August 2009 for a Capitol Theatre Expansion project. The Series A bonds of \$2,055,000 were paid off in 2018. The Series B bonds were refunded in 2020 with Limited Tax General Obligation Bonds. These bonds are accounted for in function 832.

Function(s): 832, 833 & 834.

MISCELLANEOUS LTGO BONDS - 281

Director of Finance & Budget
Financial Services Manager

Jennifer Ferrer-Santa Ines
Kimberly Dominé

DEFINITION

This fund provides for redemption of several different Limited Tax General Obligation Bond Issues. It provides redemption for 2003 SunDome. Also provided for is the redemption for 2014 & 2018 Street Improvement bonds. The debt service on these two street improvement bonds totals \$2,048,414 in 2023 and \$2,49,914 in 2024, which meets the charter amendment to use an additional \$2.0 million per year for streets. Also provided for is the redemption for the Aquatic Center and SOZO Sports Complex Bonds. The debt service on these two bonds total \$820,000 and \$900,000 for 2023 and 2024 respectively, which meets the charter amendment to use \$750,000 per year for Parks. It is expected that there will be a new bond of \$5.0 million in 2023 for the next phase of the Old Mill Site Project.

All of these issues are Limited Tax General Obligation Bonds and therefore a separate reserve is not required.

Function(s): 818, 826, 868, 887 & 888.

EXPLANATORY NARRATIVE

Below is a matrix that presents the details of each issue by project. The second matrix provides a project description and the corresponding repayment sources. All revenue into this fund is generated by interfund transfers. The fund balance at the end of 2024 is estimated to be \$17,596.

2004 IRRIGATION SYSTEM REVENUE BONDS - 491

Director of Finance & Budget
Financial Services Manager

Jennifer Ferrer-Santa Ines
Kimberly Dominé

DEFINITION

This fund (491) was established in 2003 to provide for redemption of Irrigation Revenue Bonds from Irrigation Operating revenues. The Council approved major improvements to the irrigation system to be funded by \$10 million of bonds issued. Because of the long-term nature of this project, the bond issues were separated based on estimated spend down schedules; \$5.2 million were issued in August 2004. The balance will be issued as needed, although the capital rate approved for the irrigation rebuild is generating enough to pay debt service on this issue and to cash flow the ongoing capital projects. This bond was refunded in 2020 with a Limited Tax General Obligation Refunding Bond.

Function(s): 856.

EXPLANATORY NARRATIVE

The bond redemption fund balance at the end of 2024 is \$28,364.

COMMUNITY DEVELOPMENT

Organizational Chart as of January 1, 2023

PLANNING - 210**GENERAL FUND**

**Director of Community Development
Planning Manager**

**Joan Davenport
Joseph Calhoun**

DEFINITION

The mission of the Planning Division is to assist the residents of Yakima in achievement of their personal and community development goals. This done through a variety of current and long-term Planning tasks, as follows:

- Current Planning
 - Zoning Review (Type 1, 2, 3; Rezone; Modification; etc.).
 - Subdivision Review (Short Plat, Long Plat, Boundary Line Adjustment).
 - Environmental Review (State Environmental Policy Act, Critical Area, Shorelines).
 - Annexation.
- Long Range Planning
 - Comprehensive Plan Amendment and Rezone applications.
 - Housing Action Plan Implementation.
 - Yakima Municipal Code (YMC) updates to Title 15 (Zoning), Title 14 (Subdivision), Title 17 (Shorelines) and Ch. 6.88 (Environmental).
- Development Services Team
 - Weekly meetings with representatives from Codes, Engineering, Water, Wastewater, etc.
 - Free Pre-Application meetings with potential developers.
- Commission/Committee staffing
 - Planning Commission.
 - Historic Preservation Commission.
 - Tree Board.
 - Bicycle and Pedestrian Advisory Committee.
 - Hearing Examiner.
- Right-of-Way Use Permits.

ACCOMPLISHMENTS**Fiscal Sustainability**

- Fee Study with the FCS Group (Financial Consultants).

Housing

- Housing Action Plan (HAP) adopted June 2021 – Funded through a \$100k grant from the Department of Commerce.
 - Implementation Phase 1 code changes were adopted by council and became effective in June 2022 – Cottage Housing, Tiny Homes, additional Accessory Dwelling Unit (ADU) updates.

Strengthening Partnerships

- Department of Archaeology and Historic Preservation Grant Award - \$14,000 for the City of Yakima Naches Avenue design criteria.
- Currently assisting with permitting and some economic development functions during this time of citywide organizational transition.

Investment in Infrastructure

- The Planning Division has processed several infrastructure development applications for Engineering, Parks, and the Airport.

GOALS

Fiscal Sustainability

- Implement the fee study proposals for Planning Application fees and charges.
- Identify policy changes to reduce printing and mailing costs, utilizing online and Information Technology Services where applicable.

Housing

- Continue HAP implementation tasks currently under review by the Planning Commission – Mixed-Use Development, Streamlined permitting, Micro-retail and flexible spaces.

Strengthening Partnerships

- Downtown Plan revision and update.
- Work with local non-profit and market-rate housing developers to identify new and creative solutions to streamline the housing development process.
- Actively participate in the County's Population Projection and Urban Growth Area Update process.

Function(s): 213, 216 & 219.

CODE ADMINISTRATION - 220**GENERAL FUND**

Director of Community Development
Code Administration Manager

Joan Davenport
Glenn Denman

DEFINITION

This Code Administration Division is responsible for the enforcement of all development codes related to structural, fire, life safety and health requirements. In addition, this division enforces land use regulations; operates the City's customer service Permit Center; answers water and sewer utility location and/or connection fee inquiries, issues business and regulatory licenses; oversees the City's Animal Control program; handles complaints via the code compliance hotline and Yak Back; administers the City's nuisance ordinances, and the Clean City team abates (paints over) graffiti, and handles complaints regarding the public way.

ACCOMPLISHMENTS**Public Safety**

- Streamlined/created consistent code compliance activities.
 - Eliminated code compliance zones (the city was divided up into 4 zones with an officer assigned to each zone. Now, code compliance officers are assigned cases based on caseload numbers).
- Created the Code Compliance Project Coordinator position to monitor incoming complaints, prioritize and assign cases, file notices with the Courthouse, create notice templates for each type of case, monitor incoming payments and order title searches.
 - Officers concentrate on site visits, determine violations, follow up to abate/close cases.
- Made modifications to the International Property Maintenance Code (IPMC).
 - To address vacant buildings more effectively.
 - Repealed Parking in the Front Yard and Graffiti ordinances and consolidated them in the IPMC.
 - Added dumpster placement and maintenance provisions.

Fiscal Sustainability

- Worked with FCS Group to perform a complete permit fee study.
- Incorporated a fee into the IPMC to cover code compliance site inspections for egregious cases

Housing

- Worked with Fire/Legal to amend the IPMC to enhance enforcement of fire code and dangerous building related violations.
- Worked with Purchasing to research creating an Accessory Dwelling Unit (ADU) submittal program to streamline the creation of ADU's in the community.

Strengthening Partnerships

- Worked with the Yakima Police Department (YPD)/Legal to utilize Sector (online citation portal) for writing citations in a more efficient manner.
- Worked with YPD/Legal to utilize Spillman for obtaining information necessary for writing citations.
- Worked with Legal to review Title 6 animal control ordinances to be more effective in animal control efforts.
- Worked with Legal/Planning to create an ordinance that regulates placement of commercial dumpsters.
- Worked with Legal to create an operational permit for the handling and disposal of used tires.
- Worked with a State agency to employ a Lean permitting process in conjunction with other departments to improve customer service and internal efficiency.

- Worked with the city’s grant writer to obtain a \$75,000 grant for Community Action Days activities and for the purchase of graffiti abatement equipment.
- Implemented Community Action Days where code compliance engages with community members, schools and businesses on graffiti cleanup and awareness.
- Contacted tire dealers and had meetings with their representatives to discuss the upcoming tire ordinance and its objective.

GOALS

Public Safety

- To modify the upcoming tire ordinance to address tire disposal according to tire dealer meeting outcomes.
- To bring the tire ordinance to Council for their review and consideration.
- To bring a revised animal control ordinance (YMC Title 6.20) to Council for review and consideration.
- To bring an operational permit ordinance in accordance the Washington State Fire Code that regulates specific hazardous operations within the community, for Council review and consideration.

Fiscal Sustainability

- To create a dog license online portal for streamlining the issuance of dog licenses.
- To create an ordinance for permit applications that will define what constitutes a complete permit application in accordance with the Revised Code of Washington.
- To complete a new permit fee resolution in accordance with the FCS Group fee study and present it to Council for review and consideration.
- To create a technology fee as part of permit application fees that will cover the Codes Division’s transition to electronic construction plan intake and review.
- To work with Finance and explore creating a restricted fund for code compliance fines and reimbursements.

Housing

- To streamline the issuance of plumbing and mechanical permits for residential projects based on project valuation rather than individual fixtures.
- To encourage the construction of ADU's within the community by creating a “permit ready” construction plan submittal.

Strengthening Partnerships

- To advertise for home designers to submit ADU construction plans for Planning Commission review and consideration as part of an overall attempt to encourage ADU construction in the community.
- To create a newly revised contract with the Yakima Humane Society related to the housing of animals as part of the City’s overall animal control efforts .
- To create a kiosk in the City’s permit center that will enable the public to apply for business licenses or other online applications.

¹ The Community Review Board was eliminated in February 2021 with the adoption of the IPMC.

² Actual “violations” within respective cases are being tracked due to changes in case types with adoption of the IPMC.

³ One Code Compliance Officer position was deleted and a Code Compliance Project Coordinator was added in 2023 due to a department reorganization.

⁴ A full-time Animal Control Officer was added in 2021, moving the funding for the position from the Human Society contract to the Criminal Justice Sales Tax 0.3% Fund.

⁵ Code Administration funds .78 FTE’s in Environmental Planning (021) and 1.0 FTE in Neighborhood Development (124) and has 1.0 FTE funded by Neighborhood Development (124), .50 FTE’s funded by Stormwater, 1.05 FTE’s funded by Wastewater (473), .55 FTE’s by Water (474), and .15 FTE’s by Irrigation (475).

Animal Control - 223

This function supports Animal Control (salaries and wages are contained in the Criminal Justice Sales Tax 0.3% function). The main expenditure is the contract with the Humane Society of Central Washington for the care, housing, euthanasia and disposal of City impounds. Negatives in 2020 and 2021 are due to refunding the Humane Society for fuel charges.

Dangerous Buildings - 225

These proposed expenditures are due to anticipated expenditures related to the abatement of dangerous buildings and nuisance conditions. The abatement expenses include items such as: title reports, contractor cleanup costs and County Auditor filing fees. Staff makes every effort to have the insurance company, other agencies or the property owner voluntarily abate the property in order to eliminate the City from having to cover the cost up front and place a lien on the property.

Permits / Licenses - 226

Included in these expenditures are a portion of the Permit Technicians and Permit Technician supervision within the division. Also provided is administrative support for the Code Inspectors, Animal Control Officers, Code Compliance Officers, and Board of Appeals, as well as acting as the City's Complaint Center. This function is charged with administration of Title 5 of the Yakima Municipal Code, which includes the licenses in the following chart. There was a \$922,283 Department of Commerce grant through the Connecting Housing to Infrastructure Program (CHIP) added in the 4th quarter budget amendment for three housing development projects (Yakima Housing Authority, Genesis Housing Services, and Rod's House).

POLICE

Organizational Chart as of January 1, 2023

POLICE - 310**GENERAL FUND****Police Chief****Matthew Murray****DEFINITION**

The Police Department maintains public order and controls conduct legislatively defined as crime.

This responsibility is discharged through operational functions designed to prevent crime, provide protection to persons and property, as well as detect, investigate, and apprehend offenders. The primary mission of the Yakima Police Department (YPD) to partner with the community to reduce violent crime, while always providing exceptional customer service.

ACCOMPLISHMENTS**Public Safety**

- In 2022 (to October 17th) Yakima Patrol Officers made 29,479 Total Contacts, 12,970 Community Contacts, conducted 16,504 Traffic Stops, issued 8,339 Citations and 11,644 Warnings, made 312 Driving Under the Influence (DUI) Arrests, and Recovered 124 Firearms.
- The Services Division has undertaken a considerable effort to digitize paper documents. The results of this project have allowed the removal of bulky file storage which paved the way to add some much needed office space for personnel in patrol and services.
- The department eliminated desk phones for most officers since they have mobile phone. This will save the department additional money year over year.
- Establish the Handle With Care program that notifies schools of students who witnessed or were a victim of violence or trauma.
- Worked with community stakeholders to hold a daily meeting with detectives, community representatives, and prosecutors to assess every domestic violence case and to ensure an appropriate leveled response to provide improved victim advocacy.
- The YPD recruitment team worked with Yakima Civil Service and Human Resources to create a lateral police officer hiring process. This will enable us to attract high caliber candidates with previous law enforcement experience who can supplement our staffing quickly.
- The Patrol Division implemented the redistricting plan that was researched and developed in 2021. The plan is consistently being evaluated to determine if the geographical boundaries for the three district approach to deploying our resources is successful in providing effective police services to the community.
- The department established an analytic unit that will use data to enhance the department's operation and strategic mission.
- The Services Division, in collaboration with the DV Coalition, changed procedures for those reporting domestic abuse. The services staff have been trained on to complete the initial assessment, provide basic needs, and prioritize the victim's safety until an officer and/or an advocate is available.
- The Services Division created a group email address (ypdproperty@yakimawa.gov) where community members can send information and make general inquiries.
- The police department implemented FLOCK license plate reading cameras in May. The cameras read vehicle license plates and check them in the national and state criminal databases. The city has experienced a 33% reduction in stolen vehicles since July. The cameras have also had a direct impact in assisting or solving several cases including 4 homicides, 1 kidnapping, 5 robberies, 4 weapon offenses, 1 drive-by shooting, 6 domestic violence incidents and 2 missing person cases.

Fiscal Sustainability

- Transitions of Care Program - On 4-29-22, arrangements were made with Managed Care Organization members (MCO's) to implement a Transitions of Care program in the Yakima City Jail. Representatives of the Community Health Plan of Washington screen inmate bookings, and if they identify an inmate as a client, they contact the Yakima City Jail to offer support to ensure the inmate's transition back into the community after jail is as smooth as possible. The representatives connect the inmate with medical, dental, substance use and/or behavioral health treatment providers. Additionally, they can provide referrals for assistance with housing, job, and benefit resources.
- Full-Time Building Maintenance Specialist: On 7-5-22, Todd Breitenfeldt was hired as a full-time Building Maintenance Specialist. Todd will be working with Martin Cueva-Ramirez, Building Superintendent. He will oversee the maintenance and operations of the Zais Law and Justice Center when Martin is gone.
- Jail Shower Renovation – On 7-20-22, the showers in D Tank, E Tank, and the Property Room were renovated. The tile was covered with stainless steel and epoxy was added to the floors. This enhances safety and security within the facility.
- Inmate Phone System Upgrade - On 8-11-22, the inmate phone system (ENFORCER) in the Yakima City Jail was upgraded. New features include: 1) PIN assignments, 2) Voice verification, 3) Voicemail, and 4) PREA (Prison Rape Elimination Act) lines were created. Training for the "Investigative Suite" was provided to investigators/prosecutors and other City employees who have authorized access. These new features will assist with investigations - three of the primary features are: 1) The ability to analyze suspected gang activity and calls placed by gang members, 2) The detection of detailed words or phrases spoken during a call, and 3) The ability to listen in on certain calls and also get notifications.
- Worked with the City Attorney's Office to dramatically reduce medical expenses at the County Jail for inmates initially charged with felonies whose cases were later reduced to misdemeanors.

Strengthening Partnerships

- Helped create a County-wide gang task force with the Federal Bureau of Investigation (FBI) to reduce violent crime by leveraging resources and expertise from a variety of agencies.
- Initiated a community coalition of stakeholders to address the high rates of domestic violence in our community (Yakima has the second highest "actual domestic violence incidents", per capita in Washington State). The group has made rapid strides and the collaborative effort promises to improve response and support for victims of domestic violence.
- Supplemented the YPD Gang Unit with federal agents from Homeland Security Investigations (HSI) and Bureau of Alcohol, Tobacco, and Firearms (ATF) - this is in addition to the county-wide task force.
- Worked with community and systems partners to create a Domestic Violence Community Council who meets every month to chart strategies for improvement and accountability.

GOALS

Public Safety

- Continue to focus on reducing violent crime through exceptional customer service.
- Increase deployable strength percentage to reduce response time and improve customer service.
- Focus on recruiting lateral police candidates to speed up the time for new hires to become productive officers.
- Continue to explore areas to improve efficiency and to leverage technology to assist us in reducing crime.

Strengthening Partnerships

- Continue to focus both energy and resources to the reduction of domestic violence through improved response, investigation, and collaboration.

Function(s): 301, 305, 306, 312, 313, 314, 316, 317, 318, & 319.

⁴ One Police Services Specialist I was deleted in 2020 due to the outsourcing of transcription services, and another in 2021, which was replaced with a Police Information Specialist. The 2021 changes were reversed for 2022.

⁵ Position added mid-year 2021 to increase ability to analyze crime trends and resource allocation.

⁶ A Crime Analytics Supervisor was added mid-year 2021 due to supervise the two analyst positions.

EXPLANATORY NARRATIVE

Police Operations (Criminal Justice Sales Tax 0.3%) - 301/305

This function is used to separately track expenditures paid from the .3% Criminal Justice Sales Tax Revenue that is allocated to the Police Department. Generally, expenditures in this account would otherwise be paid from 313 - Patrol or 319 - Administration (Jail costs). Six police officer positions, as well as overtime due to court testimony, shift coverage to maintain minimum shift staffing and completion of required reports prior to days off and special pays, such as bilingual pay, education incentive, and shift differential, are included in this account, along with much of the Department's crime laboratory supplies and equipment. In 2022, \$500,000 was added mid-year in to replace aging police portable radios and dispatch radio consoles.

Detention Monitoring Prisoners - 306

The Electronic Home Monitoring (EHM) program provides an incarceration alternative. Subjects who are approved for EHM are fitted with an ankle bracelet and confined to their home. Participants in the program pay a fee, which results in the program not only reducing jail costs, but also providing a modest revenue.

Investigations - 312

This function is responsible for the investigative functions of the Police Department, with emphasis on violent crime and crime against persons. This account, in particular, cannot anticipate overtime needs in advance as the overtime is driven by violent crimes that must be investigated. The Department has agreements in effect with several Federal agencies which provides reimbursement for overtime for four officers assigned to federal task forces.

Preventive Patrol - 313

This function is responsible for all uniformed field personnel functions, including Police Reserves, with an emphasis on Police/Community partnerships in developing proactive enforcement strategies. The Traffic Unit is also included in the Patrol Division. Included in this account are overtime involving special events such as cruise nights, parades, rallies, and marches, and K9 and SWAT equipment. Since 2017, the Department has operated with an unusually high number of vacancies in the Patrol Division. Overtime has been required to meet minimum staffing levels.

Special Operations - 317

This unit oversaw the Community Services, Crime Free Rental Housing program, Nuisance Property Abatement, and the Training Division, and organized multiple community outreach events, including Coffee with a Cop, Rollcall Cookout, and National Night Out. Community Services Officers coordinated presentation requests, Block Watch, and also responded to non-emergency calls in the field. The Training Division was responsible for scheduling in service training and ensuring all employees in the Department were in compliance with City and State training requirements. In 2021 the Special Operations division was eliminated and absorbed into the Administrative Division.

EXPLANATORY NARRATIVE

Prosecution - 152

Revenue from seized and forfeited property is generated from the prosecution of these cases. This fund pays for operating supplies and training associated with drug related cases. The funding of one FTE in city legal was discontinued in 2022 based on recent court rulings making the sustainability of funding full time positions uncertain.

Narcotics Investigation - 309

The Narcotics unit frequently seizes property and cash in conjunction with its crime-fighting activities. The unit also assists in federal drug investigations with such agencies as the FBI, the US Marshall's Office, Drug Enforcement Agency (DEA) and others. State and federal regulations allow seized property that is ultimately legally forfeited to be used or sold by the police force(s) involved in the case. Such property and its proceeds are restricted to the purpose of fighting crime of the same nature from which it was seized. As such, expenditures meeting legal criteria from such seizures is expended in this fund. Most notably, the overtime incurred by the Narcotics unit is expended in this fund. Other supplies and costs directly related to drug related crime prevention are also charged to this fund as appropriate.

GET Unit - 310

Similar to the Narcotics Unit, the Gang Enforcement Team (GET) has partnered with several federal agencies to create a task force. This cooperative agreement allows the Gang Unit to receive reimbursement for overtime and proceeds from seizures in federal cases. An amendment to the budget in 2023 is expected to continue funding this function.

Special Operations - 317

This function included overtime reimbursement for the emphasis on downtown foot patrol and holiday theft, funded by a Justice Assistance Grant (JAG) grant. Also included were costs associated with the YPD COVID-19 Response in 2020 funded by a Department of Commerce grant and the implementation of a group firearm violence intervention strategy in areas with high gun crime rates funded by a Safe Streets Grant in 2019. This division was disbanded in 2021, and all expenditures were distributed to other divisions.

LAW & JUSTICE CAPITAL - 333

Police Chief

Matthew Murray

DEFINITION

The City uses this fund to account for capital expenditures and grants relating to the law enforcement mission of the Yakima Police Department and the Criminal Justice adjudication mission of the City of Yakima Municipal Court. The Criminal Justice Capital fund (303) is included in the Law & Justice Capital fund (333) as it is not considered a stand alone fund, and both are required to be spent on Criminal Justice.

Function(s): 301, 311 & 319.

FIRE - 320

GENERAL FUND

Fire Chief**Aaron Markham****DEFINITION**

The core mission of the Yakima Fire Department (YFD) is the protection of life, property and the environment through prevention and response/mitigation activities. The department is an all hazard service, providing first tier emergency responses to incidents involving fire, emergency medical services, motor vehicle accidents, hazardous material, rescue, and other non-emergency services as well. Those functions within YFD's General Fund have been established to provide support to accomplish that core mission.

ACCOMPLISHMENTS**Public Safety**

- Ordered additional fire engine (January 2022).
- Replaced out of service/ unrepairable Firefighting Personnel Protective Equipment (turnouts, helmets, & boots).
- Over 139 sets and 27 individual NFPA Advanced Inspections and cleaning completed on Firefighter Personal Protection Equipment (PPE).
- Purchased used Technical Rescue Vehicle.
- Replaced two command vehicles.
- Received Grant from Legends Casino Community Contributions Fund – purchased drone and wildland firefighting equipment.

Strengthening Partnerships

- Inter-Agency Agreement with Department of Natural Resources (DNR).
- Re-building partnership with YV-Tech Skill Center – Emergency Medical Services program.
- Established a coordinated effort with Yakima County Public Works and Greenway Foundation to extinguish fires along the Yakima River.
- Continued partnership with Yakima Training Center, focusing on operational efficiencies.

Investment in Infrastructure

- Upgraded Zetron at Station 91.
- Roof Replacement at Station 93.
- Improved security at Station 91 & 95 with added security gates.
- Re-modeled area of Sta. 94 to incorporate a decontamination room.
- Updated the Fire and Life Safety Fee Schedule December 13, 2022.

GOALS**Public Safety**

- Explorer potential new revenue sources to support fire department operations.
- Continue PPE replacement and Advanced National Fire Protection Association (NFPA) Inspection Program
- New apparatus replacement
- Recruit and fill budgeted vacancies

Investment in Infrastructure

- Radio system upgrades - applied for an Assistance to Firefighters Grant for mobile and portable radio replacement.
- Development of a training simulation lab for Incident Command Training.
- Complete station improvements when funding is available.
- Work on conceptual design with airport staff and engineering on a new station 94 fire station.

Function(s): 322, 323, 325, 329, 331, 337, 829, 869, & 882.

EXPLANATORY NARRATIVE

The Department provides service in a wide variety of areas such as fire suppression, public fire prevention education, injury prevention education, hazardous materials response, basic life support emergency medical response, disaster planning, aircraft fire and rescue response, cave-in/building collapse rescue, fire investigation, confined space rescue, high and low angle rescue, incident command, and involvement in community projects. The General Fund budget represents a fiscally responsible approach to achieving and maintaining a level of response and incident mitigation capability that is consistent with the needs of the community.

Firefighters agreed to a four-year contract settlement in February of 2019, which allows for a cost of living increase each year of the four-year contractual bargaining agreement. This contract is for the years 2018-2021, and was ratified by both parties and executed on February 20th, 2019. Negotiations on a new agreement are currently under way.

Fire Suppression - 322

Fire Suppression represents the largest percentage of the General Fund, and is comprised primarily of personnel costs to maintain effective staffing and deployment capabilities.

Investigation - 323

The Investigation function supports the activities of shift firefighters who serve in a dual role capacity as fire investigators to determine the cause and origin of fires. This also funds the Community Risk Reduction Specialists who are tasked with conducting fire and life safety fire inspections in occupancies and at special events.

EMERGENCY SERVICES - 150**Fire Chief****Aaron Markham****DEFINITION**

The Emergency Services Fund was created to account for the Emergency Medical Services (EMS) Levy resources received by the City of Yakima. These resources may be used for operation and support in the provision of EMS to the citizens of Yakima and to those citizens that are visiting within the City limits and in need of assistance. This fund provides state required emergency medical training for Emergency Medical Technicians, emergency medical supplies and technical rescue tools and equipment. The County-wide EMS levy passed for 10-year renewal in November 2015.

Function(s): 322, 326 & 327.

AUTHORIZED PERSONNEL

There are 9.0 (2023) and 10.0 (2024) FTE's in the Fire Fund (320). Performance Statistics for this fund are found within the Fire narrative.

Revenue

The majority of this revenue comes from the EMS levy, and is calculated by the County EMS Department using a formula based on the assessed valuation, population, and number of EMS incidents for the City of Yakima. The remaining revenue is generated by interest from investments.

PUBLIC SAFETY COMMUNICATIONS - 151/153/154

Fire Chief
Public Safety Communications Manager

Aaron Markham
Erica McNamara

DEFINITION

The responsibilities of the communications division are to provide 9-1-1 emergency call answering, public safety dispatching, records keeping, and support to first responders through public safety radio communications. The goal of the division is to provide quality, efficient, cost-effective emergency communications and communications support to the residents and public safety.

ACCOMPLISHMENTS

Public Safety

- The hiring of a new Assistant Communications Manager was a milestone for the communications division. The new role is responsible for managing the training process for new employees and ongoing training for current employees. The new classification is reflective of the growth of the division and their desire to provide the public with exceptionally trained public safety call takers and dispatchers.
- The Peer Support team is a voluntary team which provides support to employees during critical incidents. This year they attended the First Responder Mental Health & Wellness conference which provides the team with the needed tools to assist the center.

Strengthening Partnerships

- The Public Education team provides the community with information on when and how to utilize 911. This year they attended National Night Out in Yakima, Union Gap, Selah, and Grandview.
- SunComm has partnered with Yakima Valley Emergency Management to increase the public's enrollment into Alert Yakima, which is the mass notification system utilized by all public safety agencies to notify the public of emergencies such as evacuation orders, weather alerts and shelter in place orders.
- SunComm has also partnered with the Yakima School District and ESD105 to utilize Alert Yakima to notify the schools of crucial information.

GOALS

Public Safety

- A major focus of 2023-2024 will be technology upgrades which include enhancements to the current radio and telephone system. These upgrades include the back-up communications center which is utilized in emergencies and ensures that the public always has access to public safety resources.
- The implementation of a new Emergency Medical Dispatch (EMD) program will be a focus of 2023. EMD allows Telecommunicators to provide life-saving instructions over the phone while first responders are responding. The new program will focus on integration with the Computer Aided Dispatch System, while utilizing computer-based software to improve speed and consistency.
- Increased social media outreach will provide the public with current information regarding their communities. The outreach will include an emphasis in enrollment in Alert Yakima, which is the mass notification system used in Yakima County.
- Increased staffing will be a focal point of 2023. The communications division has created a plan to reduce the impact of the nation-wide Telecommunicator shortage through social media recruitment, partnering with local vocation schools and working with local organizations.

Strengthening Partnerships

- The Public Education team will expand their program to include presentations at schools. The program is designed to provide younger students with the understanding of when to call 911, what to say and what the call taker will ask.

- Recruitment will focus on partnering with local junior colleges and vocational schools to provide education into the public safety sector and the career opportunities within the communications division. This will be an on-going effort to collaborate with educational organizations throughout Yakima County.

Function(s): 340, 341, 343, 344, 348, 349, 874 & 875.

EXPLANATORY NARRATIVE

Department 151 (functions 343, 344 and 348) is the primary fund that supports E911 Public Safety Communications. This department receives funding through the collection of the Enhanced 9-1-1 (E911) excise tax. E911 services are provided through an Interlocal Agreement (ILA) between Yakima County and the City of Yakima. The E911 excise tax is generated from each resident who resides in Yakima County and has an active phone line. These funds are passed to the City through an Interlocal Agreement which provides the division with the financial resources needed to meet the demands of providing and sustaining E911 services within Yakima County and the City of Yakima.

Department 153 (340) is used to account for the .3% Criminal Justice Sales tax.

Department 154 (341, 349, 874 and 875) supports police and fire dispatch operations. In addition to general funds generated through the City of Yakima, this function also receives revenue through dispatch service contracts from external police and fire protection districts.

Criminal Justice Sales Tax .3% - 340

SunComm is a cornerstone of the public safety system within the city and county, and, therefore, receives a small portion of the .3% Criminal Justice Sales tax to help offset the cost attributed to support of the criminal justice departments. This function funds two FTE public safety dispatcher positions that support law enforcement activities.

Organizational Chart as of January 1, 2023

AIRPORT OPERATING - 421

Acting Director of Yakima Air Terminal

Jaime Vera

DEFINITION

The Yakima Air Terminal - McAllister Field is an airport that produces approximately 2,364 jobs and has an estimated \$591,034,000 regional impact from airport businesses, according to the 2020 Washington State Department of Aviation (WSDOT) Economic Impact Study.

Alaska Airlines provides daily airline service to Seattle-Tacoma International Airport. The Airport Master Plans updated forecasts show annual passenger enplanements will increase over the current 75,000 in the twenty-year planning period. FedEx and United Parcel Service (UPS) provide overnight cargo deliveries. The terminal building encompasses approximately 38,000 square feet of space and houses a variety of tenants that include Alaska Airlines, Transportation Security Administration (TSA), Fastlane Espresso, Hertz, Budget and Avis car rentals, and Food Facilities Engineering.

Primary services provided by this department include:

- Airport Management and Administration
- Federal Aviation Administration Grant Administration
- Airfield and Terminal Maintenance
- Snow Removal Operations
- Airport Operations
- Hazardous Wildlife Management
- Business Development/5-Year Capital Improvement Plan
- Heavy Equipment Operations and Repairs
- Airfield Construction Administration and Management
- Airport Security and Badging
- Landscaping and Janitorial Services

In 2021, the Yakima Air Terminal - McAllister Field witnessed approximately 36,826 aircraft operations, of which 1,014 were air carrier operations. The primary runway (Runway 09/27) is 7,604 feet long, 150 feet wide, and is equipped with a Precision Approach Instrument Landing System, which accommodates aircraft operations in adverse weather conditions. The secondary runway (Runway 4/22) is 3,835 feet long, 150 feet wide, and accommodates smaller aircraft operations when the primary runway is not available. Both runways have parallel taxiways that measure the full length of each runway. The Yakima Air Terminal-McAllister Field is a Federal Aviation Administration (FAA) Part 139 certificated airport with its primary runway able to accommodate a Boeing 737-800 aircraft or similar. The airport has a variety of pilot services that include an automated weather observation system, which provides critical weather information located at the airport. In conjunction with these services, the airport has an Air Traffic Control Tower (ATCT) operated by Serco under a contract with the Federal Aviation Administration.

The Yakima Air Terminal - McAllister Field serves local businesses, ranging from aircraft servicing to Corporate/General Aviation and aircraft production. These services include Department of Natural Resources, McAllister Museum of Aviation, McCormick Air Center - a full service Fixed Based Operator (FBO), aircraft hangars, Yakima Airpark, Triumph Actuation Systems, Cub Crafters, Yakima Aerosport, Airlift NW Medivac Services, Civil Air Patrol, Yakima Fire Department, ALS Ambulance, Reno's on the Runway, Castle Coffee, Water Fire restaurant, Sunfair Marketing, Wilson Irrigation, Yakima Valley Lock and Key, 509 Electric and Cornerstone Medical Facilities.

ACCOMPLISHMENTS

Public Safety

- Main terminal building - installation of automated security exit lane system.
- Acquired ADA passenger aircraft ramp.

Strengthening Partnerships

- Maintained air service with Alaska Airlines on a daily flight to Seattle.

Investment in Infrastructure

- Design and engineering of taxi lane Charlie extension.
- Main terminal building - Environmental Documented Categorical Exclusion.
- Rehabilitation of Airport administration office.

GOALS

Public Safety

- Acquire two Runway Snow Plows.

Strengthening Partnerships

- Expanded air service with additional flight frequency to Seattle on Alaska Airlines

Investment in Infrastructure

- Construction of taxi lane Charlie extension.
- Main terminal building – Concept Study and Design.
- Main terminal building roof replacement.

Function(s): 281, 282, 283, 284, 285 & 286

PERFORMANCE STATISTICS

	2020 Actual	2021 Actual	2022 Estimated	2023 Projected	2024 Projected

¹ Rental car gross revenues - Yakima Air Terminal receives 10% of gross sales plus a vehicle transaction fee.

² Fuel in gallons per year - Yakima Air Terminal charges .10¢ per gallon.

³ Parking represent revenues to Yakima Air Terminal, not gross revenues collected by Republic Parking.

⁴ A part-time Custodian was added mid-year 2020 due to COVID 19, and was increased to full-time mid-year 2022 to upkeep and maintain the terminal facility. A part time and full time custodian was not enough to maintain airside, landside and indoors of the terminal facility.

⁵ The Airport funds .05 FTE in City Management (102).

Security - 284

This function provides the processing of airport security badges. As outlined in the Transportation Security Administration (TSA) regulations, access is restricted for the Air Operations Area (AOA) or any surface inside the airport's primary security perimeter fence. This process requires a security background check for airport security badges. TSA regulations require specific types of badges be renewed within a set time frame.

Administration - 286

This function consists of expenses associated with the airport administration office. It provides the airport with the appropriate supplies and office equipment to administer the management functions required to operate the airport. Some of these functions include cellular phones for on-call emergency responses at the airport, local advertisements for bidding of government services, professional services not covered under the Airport Improvement Program, travel to/from professional conferences and meetings, and repairs or maintenance. City services are also provided, which includes the airport's Financial, Legal, Human Resources, and Information Technology services.

Revenue

Revenues originate from a various rates and charges imposed on tenants or operators who utilize the airport. Many of these encompass utility services; fuel flowage fees assessed per gallon of fuel delivered to aircraft; airline and freight landing fees; airport security badge fees; interest collected on operating reserves and Passenger Facility Charges; aeronautical and non-aeronautical ground leases; aircraft tie downs; usage of airport passenger stairs; rental cars; vehicle parking; airport buildings leased to tenants; state leasehold tax; and the occasional reimbursement under forced account for airfield staff. Intergovernmental revenues include CARES Act, Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSAA) and ARPA funds.

EXPLANATORY NARRATIVE**Capital Improvement - 291**

The Yakima Air Terminal-McAllister Field is an integral part of the City's transportation system and economic development infrastructure. The airport is sustaining growth in passengers utilizing our local airline service, cargo operations, and future hangar development needs. Airport administration, in conjunction with the Federal Aviation Administration (FAA), have identified the following capital improvements projects for inclusion in the 2022 - 2024 budgets.

Construction of East General Aviation Apron

This project will rehabilitate approximately 29,400 square yards of asphalt, associated storm drainage, aircraft tie-downs, apron lighting and surface markings. Construction began in 2022 and conclude at the end of September, 2022. Funding sources include a 100% Airport Improvement Program (AIP) administered by the FAA. Total estimated cost: \$2,600,000.

Crack Seal Maintenance

The airport oversees approximately 5.5 million square feet of pavement to accommodate both air and ground transportation. Pavement preservation is key to extending the useful life of the airfield. This project will allow the airport to crack seal key areas of the airfield to ensure it not only preserves the pavement from weather elements but also reducing any hazards cracks may cause aircraft by producing Foreign Object Debris. Funding for this project is already approved by the Federal Aviation Administration under a Passenger Facility Charge application. Total estimated cost 2022 - 2023: \$70,000 per year.

Design, Engineer and Construct Taxi Lane Charlie

In 2015, City Council adopted the Airport Master Plan, which identifies important Capital Improvement Projects through 2030. One element within the plan identified the need for additional hangar development for aircraft manufacturing, maintenance, and storage of aircraft as the airport continues to witness growth in the aviation industry.

In order to facilitate this concept, in 2018, the City of Yakima extended 21st Avenue and realigned Airport Lane to allow direct access to approximately 15 acres of vacant airport property adjacent to the Armory. Provided this basic infrastructure is now in place, this project will complement the road by expanding the airport's Taxiway system in order to allow aircraft manufacturing, and private and corporate hangar development. Tasks to be completed will include environmental, design, engineering, and construction of approximately 1,900 feet of Taxiway system.

Funding sources include both entitlement and discretionary funding from the Airport Improvement Program administered by the Federal Aviation Administration. The airport's local funding match of 10% will be derived from the Passenger Facility Charge program. Total estimated cost: \$2,682,490.

Passenger Boarding Stairs

Replacement of the airport's passenger boarding stairs was scheduled to be replaced during the 2020-2021 budget cycle. However, due to the coronavirus financial impacts, this project was completed in 2022. Funding to replace these stairs was approved in the Passenger Facility Charge. Total cost: \$74,467.

Snow Removal Equipment

This project includes the procurement of two high speed runway plows. The airport has two 1992 Oshkosh runway plows that have exceed their useful life span. The aging equipment continue to have major maintenance problems. The high-speed runway plows are essential to keep operations and the airport open during the winter months. Project cost is about \$1.5 million of which the Federal Aviation Administration (FAA) will pay for 90% through Bipartisan Infrastructure Law (BIL) infrastructure grant and 10% from the airport's Passenger Facility Charge account Total estimated cost: \$1,500,000.

Terminal Building Concept Study

The main terminal building was originally constructed in 1950's where it has witnessed multiple expansion and remodeling phases in order to meet passenger demands. The 2015 Airport Master Plan conducted a comprehensive evaluation of the facilities to include passenger demands, vehicle parking, airline and rental car ticket counters, ground transportation, passenger concessions, and baggage claim requirements. Given the increasing demands as well as the current building codes, it was determined the main terminal building required demolition and be developed with an updated facility. Funding sources for this Concept Study include earmark, entitlement and discretionary funding from the Airport Improvement Program administered by the FAA. The airport's local funding match of 10% will be derived from the Passenger Facility Charge program Total estimated cost: \$800,000.

Revenue

Revenues consist of a series of grants, which were obtained from the Federal Aviation Administration under the Airport Improvement Program. Since the Yakima Air Terminal is part of the National Plan of Integrated Airport System (NPIAS) and receives commercial airline service, the airport is eligible to receive Federal grants under the Airport Improvement Program (AIP). Through yearly collection of entitlements and the request for discretionary funds, the airport is able to secure the necessary Federal grants to help contribute to the overall cost of a variety of Capital Improvement Projects. Traditionally under this program the FAA will contribute up to 90 percent of the funding required to construct all improvements and cover design and construction administration fees. The remaining 10 percent is paid for through the Passenger Facility Charge (PFC) program, which is collected monthly from each passenger who departs from the airport. Intergovernmental revenues include CARES Act, Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSAA) and ARPA funds. The large adjustment in 2020 was due to the Airport Alpha Taxiway project not being capitalized in 2018 and 2019 which required a prior period adjustment to depreciation.

PARKS & RECREATION - 131**GENERAL GOVERNMENT**

**Director of Public Works
Park & Recreation Manager**

**Scott Schafer
Ken Wilkinson**

DEFINITION

The Parks and Recreation Department provides and maintains leisure services and park facilities for the community. The mission of the Parks and Recreation Departments is to provide beautiful places with quality recreation opportunities that enrich the well-being of our community. This is accomplished through professional staff who provide recreational programs and activities, and who maintain facility standards making them aesthetic and desirable for use. Through these services we strive to enhance personal well-being and to improve the quality of life that makes Yakima a great place to live, work and play.

The Parks and Recreation Division staff has continued to make every effort to provide exceptional service to the citizens of Yakima during this past year.

ACCOMPLISHMENTS**Fiscal Sustainability**

- Received a \$1,000,000 grant from the State of Washington for plans, specifications and bid documents for Martin Luther King Jr. Park Community Swimming Pool.
- Awarded a \$120,000 Summer Experiences and Enrichment for Kids (SEEK) grant for summer youth programs.
- Receive a \$15,042 SEEK grant for Washington Fruit Community Center's (WFCC) new Teen Zone program.
- Received \$5,000 from the Seattle Seahawks Play 60 Organization for WFCC.

Strengthening Partnerships

- Submitted the completed 2022 – 2027 Parks & Recreation Comprehensive Master Plan to Washington State Recreation and Conservation Office (RCO).
- Began working with Yakima Neighborhood Health, La Casa Hogar and People for People to provide services to the community in the WFCC.
- Offered two 9-week summer playground programs, one at Kissel Park and one at Miller Park. The programs served 346 children ages 5 to 12 years old.
- Concerts and outdoor movies resumed at Miller, Chesterley, Martin Luther King Jr. and Franklin Parks.
- 160 men, women and coed teams participated in adult slowpitch leagues.
- Adult volleyball league returned after a two-year hiatus hosting 43 teams in the winter/spring season.
- The Fisher Park Golf Course instructional program offered beginning to intermediate golf lessons to 172 youth – seniors participants.

Investment in Infrastructure

- Harman Center Heating, Ventilation & Air Conditioning (HVAC) repair and upgrade.
- Irrigation upgrade at Elks Park and Tahoma Cemetery.
- Progress made on the Miller Park restoration project.
- Replaced the air handling system at Lions Pool.
- Resurfaced tennis courts at Franklin Park.

GOALS

Fiscal Sustainability

- Seek funds to replace the pedestrian bridge over Wide Hollow Creek at West Valley Community Park.
- Seek funds to construct a swimming pool at Martin Luther King Jr. Park.

Strengthening Partnerships

- Continue to work with local service clubs and local not for profit organizations to provide additional recreation programs and facilities.

Investment in Infrastructure

- Complete Miller Park restoration project.
- Replace the air handling system at Lions Pool.
- Upgrade irrigation systems at Kissel Park & West Valley Community Park.
- Install netting at Fisher Park Golf Course.
- Resurface additional tennis courts at Kissel Park.
- Construct a new picnic shelter at Lions Park.

² A Recreation Leader position was increased from .60 to 1.00 FTE mid-year 2022 due to to the increased number of hours needed to provide the popular Trips and Tours program at the Harman Center.

³ A Recreation Activities Specialist position was deleted and a Recreation Program Supervisor was added mid-year 2022 due to the need for increased supervisory staff.

⁴ Two part-time Parks Maintenance Caretakers were added for 2022 to replace temporary employees which have been difficult to hire.

EXPLANATORY NARRATIVE

Washington Fruit Community Center (WFCC) - 511

In April of 2021, the City of Yakima Parks & Recreation Division began operation of the Washington Fruit Community Center. The Parks & Recreation Beyond the Bell after school program and Miller Park Summer Day Camp program are operated out of the facility. Partnerships are being sought to provide additional programs to the community.

PARKS & RECREATION CAPITAL - 331

Director of Public Works
Park & Recreation Manager

Scott Schafer
Ken Wilkinson

DEFINITION

The purpose of Fund 331 Capital Improvements is the acquisition of property and equipment and development and/or rehabilitation of parks and facilities.

There were a number of major capital projects completed in 2022:

- Elks Park Irrigation upgrade.
- Harman Center Heating, Ventilation & Air Conditioning (HVAC) upgrade.
- Lions Pool Pump upgrade.
- Miller Park improvements – new playground, second picnic shelter, shade structure for performance area, new restroom, added walkway, additional lights for basketball court and fence replacement.

These projects are funded through donations, grants and Park Capital funds. In addition to the capital projects listed above, as donations and grants are received, additional projects may be added to the list of capital projects.

The \$750,000 previously budgeted for Parks Capital as a result of the charter amendment is now paid directly through debt service using property tax funds. Parks does, however, receive a transfer that is the result of a Consumer Price Index (CPI) calculation on the \$750,000 charter amendment.

Expenses for Henry Beauchamp Community Center (HBCC) and Washington Fruit Community Center (WFCC) are budgeted between Economic Development, City Hall Maintenance and Real Estate Excise Tax 1 (REET1).

Function(s): 543, 545, 546 & 549.

CEMETERY - 144

Director of Public Works
Park & Recreation Manager

Scott Schafer
Ken Wilkinson

DEFINITION

This fund provides burial facilities and services and maintains the grounds of Tahoma Cemetery. Because interest earnings have not been adequate to support cemetery operations, the Cemetery Fund is supplemented by the Parks and Recreation Fund.

Function(s): 518.

STREETS & TRAFFIC - 141

GENERAL GOVERNMENT

Director of Public Works

Scott Schafer

DEFINITION

The Streets & Traffic Division takes a great deal of pride in preserving and maintaining Yakima's \$500 million investment for this community's transportation system; focusing on public safety. The Division strives to be good stewards of the funds allocated every year to provide safe streets for motorists, pedestrians and bicyclists.

The Street Operations Division addresses the City Council's strategic priority for Public Safety with responsibilities that include street surface preservation, maintenance, repairs, sweeping, sidewalk repairs, arterial weed control, snow and ice control, and other seasonal service programs dedicated to the health, safety and welfare of our residents and community members. Street operations staff maintains nearly 400 miles of public streets and 44 miles of alleys under the authority of the City.

Maintenance of the street and related infrastructure is the primary function of the Street Operations Division. Crews conduct grind & overlays, tear out & overlays and chip seal operations as a means to improve the conditions of the roadways.

The grind & overlay process involves removing the existing deteriorated asphalt by grinding down 1 to 3 inches; exposing the base material layer of the roadway. An overlay of new asphalt is then applied in 1 to 2-inch "lifts" to build the road back up to its proper elevation. The life-expectancy of the new pavement is approximately 15 to 20 years depending upon the type and volume of traffic.

Tear out & overlays are conducted when there is a loss of integrity of the base layer of the roadway; leading to significant failures within the road surface that are beyond repair. The process is very similar to conducting a grind & overlay but involves exposing the sub-base of the road by removal of the existing asphalt and base layer.

Chip sealing is a common pavement maintenance practice that extends pavement life and provides a good highly skid-resistant driving surface. It is a relatively inexpensive way to protect pavement from the deteriorating effects of both traffic and weather. Chip sealing is usually 15%-20% of the cost of conducting a conventional grind & overlay. More miles of maintenance can be achieved, extending the life of the segment of pavement by approximately seven to ten additional years, at a fraction of the cost.

In addition to regular or planned maintenance work, emergency maintenance, special maintenance projects in response to resident requests and Council directives are routinely conducted. Anticipating and planning for the necessary materials by each work group is critical to timely, efficient and cost-effective maintenance work. Response to snow and ice removal is an obvious example of the need for timely preparation of materials and equipment. The City of Yakima uses three different materials for the winter maintenance program, a liquid deicer, bulk rock salt and traction material. The amount of these materials can vary widely depending on winter weather conditions.

Snow removal efforts are initiated by the Streets Division when 3-inches of snow accumulation is reached and weather forecasts indicate that temperatures will be remaining below freezing. A "snow route alert" will also be implemented in order for crews to remove snow from streets that allow on street parking and have been posted as designated snow route streets. City crews will begin plowing the main arterials, secondary streets, and around schools and medical facilities, while at the same time, calling in private contractors to plow the streets of residential neighborhoods. Crews apply liquid deicing chemicals in a proactive mode to minimize predicted ice conditions, and use granular deicing compound on snow covered roads to reduce snow compaction and ice creation.

The Traffic Operations and Traffic Engineering Divisions are responsible for the design, installation, operation and maintenance of street lighting, traffic signals, signs, and pavement marking programs for the City.

- Traffic Operations consists of the Signal Shop and the Signs and Lines Shop.
 - The Signal Shop's primary function is maintaining existing traffic control and lighting infrastructure. Well-functioning traffic signals and street lighting are critical in maintaining safe and efficient flow of traffic. Annual maintenance is required to sustain the reliability of the traffic signal system and meet that goal. All traffic signal controllers, conflict monitors, and emergency vehicle preemption equipment must be tested annually, which involves the testing or inspection of all electronic components of the traffic signal system. In addition to the planned annual maintenance and school zone beacon operation, crews must respond to emergencies that impact traffic operations such as equipment malfunctions, vehicle or weather damage, or vandalism.
 - The Signs and Lines Shop maintains the City of Yakima's traffic signs, lane lines, stencils, stop bars and crosswalks. Over four thousand gallons of paint are needed annually to provide on pavement guidance and direction to motorists, pedestrians and bicyclists. Areas receiving the most attention are school zones and arterial roadways. On new construction projects and on high-volume streets, durable pavement markings are applied where feasible to reduce annual maintenance needs. The durable pavement markings have the advantage of wearing well through several winters. Most of the painted pavement markings will be lost in a year due to traffic and winter wear that erodes the paint from the street surface. The division also provides temporary pavement markings during construction projects to provide lane delineation during those periods when lane lines cannot be placed.

The Signs and Lines Shop also maintains over 25,000 traffic signs that are subject to environmental damage, vandalism and collision knockdowns. This shop fabricates many of the traffic control, directional, and specialty signs, but premade signs are purchased for large quantity orders or when bid prices are less expensive than inhouse fabrication. New signs are placed in response to citizen calls, operational and safety improvements, work with Transit and the School Districts, as well as requests from the Yakima Police Department. This work unit is also responsible for special traffic control services for fires, parades, special events and other incidents requiring barricades.
- Traffic Engineering is responsible for developing and maintaining traffic signal operational plans, design and review of traffic signals, striping, sign layouts, as well as traffic studies, collision analysis, collection of transportation system data, traffic impact reviews for proposed developments, transportation planning and grant applications. It also is responsible for responding to resident inquiries and assisting the Engineering Division with traffic calming requests.

ACCOMPLISHMENTS

Public Safety

- Completed the installation of 5 rapid flashing beacons:
 - Fair Ave./Race St. (Washington Middle School)
 - Summitview Ave./Park Ave. (Roosevelt Elementary)
 - 40th Ave./Webster Ave.
 - 48th Ave./Randall Park.
 - 80th Ave./Summitview Ave. (Apple Valley Elementary)
- Upgraded 8-inch incandescent signal heads to 12-inch Light Emitting Diode (LED) at 12 intersections along Yakima Ave.
- Installed one new traffic signals at Washington Ave./Spring Creek Rd.
- Installed 10 new street lights.
- Installed a new traffic controller (battery backup) at 40th Ave./Fruitvale Blvd.
- Striped main arterials.
- Painted all crosswalks within school zones.

Investment in Infrastructure

- Grind & overlay projects completed:
 - Yakima Ave. between 10th Ave. and 12th Ave.
 - Intersections at:
 - 3rd Ave./Nob Hill Blvd.
 - 17th Ave./Summitview Ave.
 - 18th Ave./Summitview Ave.
- Tear out & overlay completed on 48th Ave. south of Nob Hill Blvd. to the Randall Park entranceway.
- Chip seal projects completed:
 - East of N. 1st St. to I-82 and north of F St. to I St.
 - Washington Ave. to Nob Hill Blvd. from 64th Ave. to 75th Ave.

GOALS

Public Safety

- Reduce the number of collisions identified at the top ten collision locations by two collisions per year.
- Upgrade 6 intersections to 12-inch LED indications in 2023 and 8 in 2024.
- Install battery backup signal cabinets in 4 intersections in 2023 and 2 in 2024.
- Install additional street lights in needed areas per requests.
- Upgrade pedestrian Americans with Disabilities Act (ADA) compliant push-buttons at 2 intersections per year.
- Upgrade intersection video detection at 2 intersections per year.
- Stripe main arterials.
- Paint all crosswalks within school zones.

Investment in Infrastructure

- The following grind & overlay projects are scheduled for 2023:
 - 64th Ave. south of Nob Hill to Wide Hollow Creek crossing.
 - Summitview Ave. from 78th Ave. to 79th Ave. and 81st Ave. to 82nd Ave.
 - Intersection of 72nd Ave. Nob Hill Blvd.
- The following tear out & overlay projects are scheduled for 2023:
 - Lincoln Ave. from 60th Ave. to 62nd Ave.
 - Yakima Ave. from 18th St. westbound to I-82.
- The following chip seal projects are scheduled for 2023:
 - Beech St. to Nob Hill Blvd. from 2nd St. to I-82.
 - 32nd Ave. to 48th Ave. from Nob Hill Blvd. to Tieton Dr. and 40th Ave. to 48th Ave. from Tieton Dr. to Summitview Ave.
- The following grind & overlay projects are scheduled for 2024:
 - 8th St. from Yakima Ave. to Union St.
 - 9th St. from Yakima Ave. to Lincoln Ave.
 - Mead Ave. from 12th Ave. to Queen Ave.
- The following tear out & overlay project is scheduled for 2024:
 - 86th Ave. from Occidental Rd. to Ahtanum Rd.
- The following chip seal projects are scheduled for 2024:
 - Finish the Beech St. to Nob Hill Blvd. from 2nd St. to I-82 project from 2023.
 - 16th Ave. to 40th Ave. from Summitview Ave. to Lincoln Ave. and a portion of Fruitvale Blvd. from HW-12/Lakeside Court to 16th Ave.

Function(s): 411, 412, 413, 415, 416, 417, 418, 419, 421, 423, 432, 434, 439, 441, 444, 449, 879 & 883.

¹ The Street & Traffic Operations Manager was deleted in 2022 for cost-savings and for restructuring the division.

² A Traffic Systems Technician I may be promoted to Traffic Systems Technician II and a Traffic Signs and Markings Specialist I may be promoted to Traffic Signs and Markings Specialist II without further competition upon meeting certain qualifications.

³ A Traffic Technician II was added in 2022 from the cost-savings of eliminating the Street & Traffic Operations Manager in order to have a position dedicated to conducting traffic studies and to gather necessary data out in the field.

⁴ A Traffic Signs & Marking Specialist was added in 2022 from the cost-savings of eliminating the Street & Traffic Operations Manager to assist with the workload in addressing traffic safety.

⁵ The Supervising Traffic Engineer was moved from Streets (141) to Engineering (700) mid-year 2020 due to a reorganization.

EXPLANATORY NARRATIVE

Pedestrian / Bike Maintenance - 411

This function covers pedestrian and bikeway maintenance, as well as sidewalk maintenance adjacent to City-owned facilities. Most of the locations repaired are short segments that had severe damage from tree roots or weather related buckling. The program covers sidewalks not included in the Transportation Benefit District (TBD) project list.

Snow and Ice Control - 412

The goal of the street maintenance crew in snow and ice control is to provide residents and community members a reasonably safe and passable road surface, in a timely manner. Snow and ice control services will vary in magnitude from year to year as weather conditions change. Response to snow or ice events is often necessary in the early hours of the morning and for long durations that requires overtime for city personnel. The ability to remove snow in a timely manner is limited by the number of skilled maintenance workers available, consequently, the City utilizes private contract services for plowing residential streets and assisting in snow removal when needed. Expenditures vary greatly year-to-year, as they are based on weather conditions.

Street Maintenance - Roadway - 413

This is the primary function for the Street Operation Division performing general street maintenance, work on street shoulders, tree pruning, and litter control. The Street Division focuses on providing a 12-year cycle of programmed preventative maintenance operations to the surface of all 92 miles of classified roadway and the 300 miles of residential streets.

Street Cleaning - 416

This street cleaning program contributes significantly to keeping storm drains clear and limiting pollutant run-off to rivers and streams. The Central Business District is swept at least weekly. The remaining areas of the City are swept on an area by area rotation. Additional sweeping is done after snowstorms to pick up traction material spread during the storm and for fall leaf pickup. Streets are also swept in advance of special events such as parades or street fairs.

Street Maintenance - Roadside - 417

The primary purpose of this function is weed control within the City's right-of-way. A more aggressive weed control campaign on arterial roadways had resulted in a noticeable improvement in street appearance and reduced weed intrusion into roadways and sidewalks. Addition of a preemergent to the spray application has resulted in fewer applications required. Existing funding allows for two applications in a season. As salaries and benefits had been restructured and moved to into Roadway Maintenance (413) as of 2020, the cashout shown in Salaries and Wages will be moved there when feasible.

Street Lighting - 432 / LED Debt Service - 879/883

This service unit includes power service, design, installation, repair and maintenance of the City's streetlights. Supplies purchased include items such as fixtures, poles, fuses, photo-cells, arms, brackets, and wire.

Through a Department Energy Services energy saving program the City embarked on a project to replace all High Pressure Sodium streetlights with LED streetlights. This project was completed in May of 2020. The LED installations have reduced the annual utility bill for street lighting by over 50% and will result in minimal maintenance needs over the first 15 years of the new fixtures lives.

Traffic Control Devices- 434

Maintenance and operation of the City's traffic signal system, signs and marking inventory along with the maintenance of lighting, wiring, controllers, electronic subsystems, structural items, and maintenance of the miles of underground conduits are included in the function. Other tasks includes painting lane lines, arrows, stencils and crosswalks on City streets, along with fabrication and installation of all traffic control signing in the City.

Primary programs using Real Estate Excise Tax 2 (REET2) funding include signal head conversion to LED, Opticom system upgrade, traffic detection improvements and pedestrian push button upgrades. All new traffic signals and replacement signal heads are being upgraded to 12-inch LED rather than eight-inch incandescent heads, which leads to increased safety and lower energy and maintenance costs. Solar powered beacons are also used whenever possible to reduce installation cost and ongoing power bills.

Revenue

Revenues consist of an allocation of Property Tax, State Gas Tax (based on a state per capita formula), an interfund distribution transfer from Stormwater to support the street sweeping operation (for the removal of pollutants before they enter the storm water system), interest and other miscellaneous revenues consisting primarily of insurance reimbursements when motorist collisions damage lighting structures or signs.

ARTERIAL STREET CAPITAL - 142

Director of Public Works
City Engineer

Scott Schafer
Bill Preston

DEFINITION

The Arterial Street Capital Fund, a special revenue fund, was used for street improvement projects listed in the Six Year Transportation Improvement Program (STIP). It was determined at the end of 2021 that these expenditures could no longer be included in a special revenue fund, consequently, all Arterial Street Capital projects were moved to a capital project fund, the Street Overlay & Construction (346) fund.

Function(s): 712, 713, 809, 814 & 877.

TRANSPORTATION BENEFIT DISTRICT - 344

Director of Public Works
City Engineer

Scott Schafer
Bill Preston

DEFINITION

The City of Yakima established a Transportation Benefit District (TBD) for the purpose of acquiring, constructing, improving, providing, and funding transportation improvements within the boundaries coterminous with the boundaries of the City in 2017. The City Council also established an annual vehicle fee in the amount of twenty dollars (\$20.00) for the purpose of preserving, maintaining, operating, construction, or reconstructing the transportation infrastructure and funding transportation improvements that have been identified in the approved project list.

The project list contains both sidewalk and road improvements that will increase public safety. The identified projects span over a 20-year period based on projected funding and were selected and approved by City Council.

ACCOMPLISHMENTS**Investment in Infrastructure**

- North 1st St. Revitalization Phase 2 – This phase of the project was completed in late 2022.
- North 1st St. Revitalization Phase 3 – Design and right-of-way acquisition are currently underway.
- Received an additional \$2.91 million in federal funding (National Highway System) for N 1st St. Revitalization Phase 3.
- Nob Hill Blvd./Fair Ave. Intersection – The right-of-way acquisition was completed without utilizing TBD funds.
- Mead Ave. Sidewalk Project (27th Ave. to 28th Ave.) – The right-of-way acquisition was completed.

GOALS**Investment in Infrastructure**

- Obtain additional federal and/or state funding for N 1st Street Revitalization Phase 3.
- N 1st St. Revitalization Phase 3 – Begin construction in 2023 with completion in 2024.
- Mead Ave. Sidewalk Project (27th Ave. to 28th Ave.) – Complete the sidewalk installation in 2023.
- 6th Ave. Roadway Project – Begin the design work for the replacement of the trolley tracks and the improvement to 6th Ave in 2023.

Function(s): 717.

STREET OVERLAY & CONSTRUCTION - 346

Director of Public Works
City Engineer

Scott Schafer
Bill Preston

DEFINITION

In 2022, it was determined that the expenditures in the 142 - Arterial Street Capital could no longer be classified as special revenue, consequently this capital project fund, 346 - Street Overlay & Construction, was created. Please see Arterial Street Capital (142) for budgetary information for 2020 and 2021.

The Street Overlay and Reconstruction Fund is used for street infrastructure projects listed in the Six Year Transportation Improvement Program (STIP).

The primary ongoing revenue in this fund is from grant reimbursements, while the remaining funding is a result of gas tax funds. The amount and time of receipt is dependent on project approval and construction progress of each individual project, as the majority of grants are paid as a reimbursement of expenses. Generally, eligible expenditures are only reimbursed if they occur after a grant award date, consequently, grants must be applied for and awarded before major work can commence.

As documented work is completed on each phase of a project (using City funds), Finance follows-up with a reimbursement request, and when received, these funds are then placed back into the Street Overlay and Reconstruction Fund for future use on other projects.

Many grants have a requirement for local funding, also termed matching funds, which require that the City pay a percentage or dollar amount of the total project from their funds. Local funding can include just about any project related expense incurred by the City/County, including time spent by consultants, City/County engineers, street personnel, equipment, etc. These charges must be documented as required for reimbursement.

Function(s): 715, 809, 814, 877 & 885.

PUBLIC WORKS ADMINISTRATION - 560

Director of Public Works

Scott Schafer

DEFINITION

Public Works Administration provides support services in the Department of Public Works to the following divisions: Parks and Recreation/Cemetery, Street Maintenance and Traffic Engineering/ Operations, Refuse and Recycling, Transit, Equipment Rental/Building Maintenance, Water/Irrigation, Wastewater/Stormwater and Engineering. Public Works, through its various divisions, provides essential services, helps to promote economic development, protects the health and safety of staff and of the community, protects the environment and enhances the quality of life for our residents.

ACCOMPLISHMENTS

Public Safety

- Responsible for introducing and monitoring programs targeted to prevent or reduce injuries and accidents.
- Responsible for accident investigation and providing general and required safety training for Public Works employees.
- The Public Works Safety and Training Coordinator served as the Chairperson for the City's Executive Safety Committee and provides Cardiopulmonary Resuscitation (CPR)/First-Aid training for the City.
- Public Works Administration worked closely with the Yakima Police Department (YPD) to evaluate traffic issues at key locations to increase public safety, also coordinating efforts to increase safety for employees working within arterials.
- Installed additional lighting at the Public Works Complex as well as a security system within the maintenance shop to increase overall security.

Fiscal Sustainability

- Completed the upgrade of both interior and exterior lighting at Public Works to Light Emitting Diode (LED); providing for better quality of light with significant energy cost savings.

Investment in Infrastructure

- Responsible for planning, maintaining and evaluating the City facilities to ensure necessary capital repair/ replacement are effectively addressed. Added Fire facilities to the 5-Year Capital Plan.
- Supports the maintenance of the Public Works Complex.

GOALS

Public Safety

- Installation of additional security cameras.
- Continue to work closely with YPD regarding both public and employee safety.

Fiscal Sustainability

- Select/implement an asset management software system.

Investment in Infrastructure

- Continue with necessary maintenance and repairs of the Public Works Complex.

Function(s): 491, 492 & 493.

¹ The Department Assistant IV was deleted mid-year 2022 in order to fund a Human Resources Specialist position.

² Public Works Administration (560) funds .15 FTE in Equipment Rental (551) and .50 FTE in Human Resources (160), and has .60 FTE's funded by Cemetery (144), .05 by Stormwater (441), .15 by Wastewater (473), .07 by Water (474), .03 by Irrigation (475), .05 by Engineering (700), and .50 by Workers Compensation (514).

EXPLANATORY NARRATIVE

All functions are supported by charges to the designated assisted divisions. The charges are based on each division's current budget year's projected expenditures and an amount calculated on the percentage of administration support services received and square footage occupied.

Administration - 491

Primary responsibilities are to carry out reception, registration, record keeping and management of the various divisions that make up the Public Works Department.

Safety and Training - 492

This function is responsible for introducing and monitoring programs targeted to prevent or reduce injuries and accidents. It is also responsible for accident investigation and providing general and required safety training for Public Works employees. The Public Works Safety and Training Coordinator serves as the Chairperson for the City's Executive Safety Committee. This position reports directly to the Director of Public Works and is funded 50% by Public Works Administration and 50% by Workers Compensation.

Revenue

The revenue budget line items are established at a level sufficient to offset the projected costs for providing service. Revenue sources come from charging other Public Works divisions for administrative support services and from revenue received from the fees charged to the divisions occupying space at the Public Works Complex.

CLEAN CITY FUND - 136**Director of Public Works****Scott Schafer****DEFINITION**

The City of Yakima created the Clean City Fund to address the chronic blight plaguing the City of Yakima. This fund, under the direction of Public Works, uses a coordinated effort to address these needs utilizing Public Works, Codes, the Yakima Police Department (YPD) and Sunrise Outreach. The goal is to create a more direct and timely impact and a pro-active approach to resolving these problems. The main objectives of the program are:

- Address visual blight (trash, graffiti, dangerous building, abandoned vehicles, etc.).
- Address unscheduled collection of waste and litter from the City's public areas/thoroughfares; expedited the clean-up of such illegal dumps.
- Clean-up from homeless encampments.
- Support Yakima Police Department (YPD) officers in unlawful camping enforcement.
- Provide coordination with neighborhoods for annual clean-up events.
- Create Educational Components.
- Engage with community partners and volunteers.

Funding was established by increasing the Utility Tax imposed on Yakima Waste Systems' commercial refuse collection. This fund was moved from the General Fund to an Governmental Operating Fund in 2022.

ACCOMPLISHMENTS**Public Safety**

- Increased police presence to deter unlawful behavior.
- Added three additional FTE's dedicated to Clean City efforts – Solid Waste Code Compliance Officer, Code Compliance Project Coordinator and City Attorney.
- Removing significantly more volume of garbage out of the City's right-of-way, conducting more illegal dump and homeless encampment clean ups, and removal of abandon vehicles than in previous year.
- Purchase of a Route Assistant truck to assist in larger clean ups and debris removal.

Fiscal Sustainability

- Passed an ordinance increasing funding from Refuse in-lieu tax.

Strengthening Partnerships

- Assisted with two Community Cleanups. One was organized by Opportunities Industrialization Center (OIC) at the Henry Beauchamp Jr. Community Center and one was organized by Yakima Rotary near the Yakima Valley Community College.

GOALS**Public Safety**

- Remove garbage from illegal dumps and from known "homeless encampments" multiple times a day as needed to reduce the amount of time garbage collects at a given location.
- Increase response times to illegal dumps, graffiti removal, and unscheduled collection of garbage within the City.
- Reduce the number of blight incidents.

Fiscal Sustainability

- Increase reserve level within the Clean City Fund.

Function(s): 136.

¹ A Senior Assistant City Attorney II was added in 2022 to enforce elements of the IPMC around abandoned vehicles and vacant buildings.

² A Code Compliance Assistant was added in 2021 to assist with graffiti abatement.

³ One Solid waste Code Compliance Officer was added in mid-year 2021, and again in 2022 to more efficiently address Clean City issues.

⁴ A Solid Waste Maintenance Worker was moved from Refuse (471) due to a mid-year reorganization in 2022.

⁵ Refuse (471) funds the equivalent of 1.50 FTE's, Code Administration (220) funds .95 FTE's and Streets & Traffic (141) funds .50 FTE's within the Clean City Fund.

ENGINEERING - 700**GENERAL FUND**

Director of Public Works
City Engineer

Scott Schafer
Bill Preston

DEFINITION

The Engineering Division is responsible for the administration and preparation of reports, designs, plans, specifications, funding applications, construction inspection, and cost estimates for state, federal, and locally funded construction projects, local improvement districts and private development projects. Other services provided by this division include determining and acquiring right-of-way needs for public infrastructure projects; coordinating and supervising work of private developers; providing inspection services on public works projects such as sewers, domestic water, irrigation and streets; providing utility connection information and other information concerning City facilities; administering the Right of Way (ROW) use and street cut permitting program, and providing administrative and technical engineering assistance to other divisions within the City.

This department oversees projects in a number of funds, including but not limited to the following: ARPA Fiscal Recovery Fund (180), Yakima Revenue Development Area (323), REET 1 (342), REET 2 (343), Transportation Benefit District (344), Street Overlay and Reconstruction (346), and portions of the Environmental Fund (555). In addition to those capital funds managed by the division, staff provides services for several capital projects for other City departments and Federal Aid contract administration assistance to adjacent communities from time to time.

ACCOMPLISHMENTS**Public Safety**

- Hired full time Development Engineer (under filling Design Engineer position).

Fiscal Sustainability

- Received \$3.0 million grant from DOE for Mill Site cleanup.
- Received \$1.228 million for 34th Ave I/S Roundabout.
- Received \$250,000 for Pacific Ave Sidewalks.
- Received \$577,000 for Pedestrian Safety projects.
- Received \$750,000 for Cowiche Canyon Trail.

Strengthening Partnerships

- Assisted other City departments: Capitol Theatre curtain replacement, Convention & Event Center, City Hall elevators, Community Center HVAC, YPD facility improvements, various Parks projects, Yakima Fire, and Yakima Trolleys.

Investment in Infrastructure

- Construction inspection for various transportation capital improvements.

GOALS**Public Safety**

- Complete environmental cleanup of Tiger Oil N 1st Street and Tiger Oil Nob Hill sites.
- Work with the Bike/Pedestrian Committee to improve multi-modal transportation within the City.

Fiscal Sustainability

- Receive federal or state funding for Bravo Co Blvd and N 1st Street Revitalization – Phase 3.

Investment in Infrastructure

- Create a process for issuing and approving Engineering and Street Break permits.

Function(s): 700.

EXPLANATORY NARRATIVE

Engineering - 700

This function is responsible for the administration and preparation of reports, designs, plans, specifications, funding applications, construction inspection, and cost estimates for construction projects with the flexibility to engage professional services on an as needed basis, rather than through staff positions. Staff time is charged to numerous public and private projects. Public project funds can be used only for staff time that is directly related to the planning design and construction management of the project. Private developers pay design review and inspection fees that benefit the General Fund.

¹ The Engineering Contracts Specialist was changed mid-year 2021 from .75 to 1.00 due to a new hire and added job duties that require a full FTE..

² A Supervising Traffic Engineer was moved from Streets (141) to Engineering in 2021 to better serve traffic safety issues.

³ The equivalent of .51 FTE's are funded by Stormwater (441), .75 by Wastewater (473), and .70 by Water (474). Engineering funds .05 FTE in Public Works (560).

Work planned for the upcoming year is expected to include the projects in the following chart.

Utility Rehabilitation	Six Year Transportation Improvement Program
Sidewalk Safety Projects	Budget Preparation
Intersection Signal Projects	LID Information and Administration
Intersection Paving Projects	Division Accounting and Time Records
Utility Installation	Assistance to Other City Departments
Citizen, City Manager and Council Requests	Administration of Federally Funded Projects
Maintain and Update Records and Maps	Stormwater Analysis and Review
Legal Descriptions	Grant Applications and Prospectus for
Implementation of Street Break Ordinance	MAP-21, FMSIB, TIB, HES, TPP, STP, etc.
Contract for Pavement Condition Index	REET
Development Plan Review and Inspections	Design Review and Inspection

REAL ESTATE EXCISE TAX (REET 1) - 342

Director of Public Works

Scott Schafer

DEFINITION

This fund is used to track the debt service on capital improvement projects funded with State Public Works Trust Fund loans and the first 1/4% Real Estate Excise Tax (REET 1) moneys the City receives. It has also been designated as the source for capital improvements made to City Hall, Public Works Complex, Parks & Rec facilities, Harman Center, Tahoma Cemetery, Henry Beauchamp Jr. and Washington Fruit Community Centers, Fire and Yakima Police facilities. Utilizing REET 1 funds for capital improvements of City facilities addresses City Council's strategic priority for Investment in Infrastructure.

Additional revenue is placed into this fund from grants or loans. The amount and time of receipt is dependent on project approval and construction progress of each individual project. The timing is not usually coincidental with year-end.

ACCOMPLISHMENTS**Fiscal Sustainability**

- Added Fire facilities to the 5-Year Capital Plan.

Investment in Infrastructure

- City Hall elevators replacement.
- City Hall/Bank of America (BOA) Building parking lot improvements.
- Installation of Elk's Park irrigation pump/filter/ Variable Frequency Drive (VFD) replacement.
- Installation of Tahoma Cemetery irrigation pump and vault.
- Replaced Heating, Ventilation & Air Conditioning (HVAC) system on Public Works Building 4.
- Completed Public Works Light Emitting Diode (LED) lighting upgrade.
- Completed City Hall LED lighting upgrade.
- Installation of security upgrades to Public Works Building 2 (Equipment Rental Garage).

GOALS**Fiscal Sustainability**

- Select/implement an asset management software system.

Investment in Infrastructure

- City Hall Chiller replacement project.
- Washington Fruit Community Center (WFCC) roof and HVAC replacement project.
- Lions Pool dehumidifier replacement project.
- West Valley Community Park pedestrian bridge replacement project.
- Yakima Police Department (YPD) Zais Center uninterrupted power supply replacement project.
- YPD Zais Center chiller replacement project.
- YPD Zais Center court remodel.
- Re-planting of trees within the downtown area.
- Begin a reserve to meet the City's obligation for the new Young Mens Christian Association (YMCA) Aquatic Center for both operational and capital repair/replacement costs.

Function(s): 714 & 831.

REAL ESTATE EXCISE TAX (REET 2) - 343

Director of Public Works

Scott Schafer

DEFINITION

Fund 343 is used to track capital improvement projects funded with the second 1/4% Real Estate Transfer Tax (REET 2) funding the City receives.

City Council enacted this tax as described in the Revised Code of Washington (RCW) to be used for capital improvement projects. The funding is primarily utilized in street and traffic infrastructure, addressing City Council's strategic priorities for both Public Safety and Investment in Infrastructure.

ACCOMPLISHMENTS

Public Safety

- Upgraded 8-inch incandescent signal heads to 12-inch Light Emitting Diode (LED) at 12 intersections.
- Installed two battery back-up signal cabinets at: 16th Ave./Tieton Dr. and 40th Ave./Fruitvale Blvd.
- Installed a new traffic signal at Washington Ave./Spring Creek Rd.
- Installed ten new LED street lights.
- Installed five new rapid flashing beacons at the following locations:
 - Fair Ave./Race St.
 - Summitview Ave./Park Ave. (Roosevelt Elementary)
 - 40th Ave./Webster Ave.
 - 48th Ave./Randall Park.
 - 80th Ave./Summitview Ave. (Apple Valley Elementary)

Investment in Infrastructure

- Completed the grind & overlay of Yakima Ave. between 10th Ave. and 12th Ave.
- Completed the grind & overlay of the following intersections:
 - 3rd Ave. and Nob Hill Blvd.
 - 17th Ave./Summitview Ave.
 - 18th Ave./Summitview Ave.
- Completed the tear out & overlay of 48th Ave., south of Nob Hill to the Randall Park entranceway.
- Chip sealed approximately twenty-one (21) lane-miles:
 - East of N. 1st St. to I-82, North of F St. to I St.
 - Washington Ave. to Nob Hill Blvd. from 64th Ave. to 75th Ave.

GOALS

Public Safety

- Install ten additional street lights within needed areas per year.
- Upgrade six traffic signals to 12-inch LED heads in 2023 and eight in 2024.
- Install battery backup signal cabinets at 4 intersections in 2023 and two in 2024.
- Upgrade pedestrian Americans with Disabilities Act (ADA) compliant push-buttons at two intersections per year.
- Upgrade intersection video detection at two intersections per year.
- Reinstate a 50/50 residential sidewalk repair program.

Investment in Infrastructure

- Grind & overlay of the following areas in 2023:
 - 64th Ave. south of Nob Hill Blvd. to Wide Hollow Creek crossing.
 - Summitview Ave. from 78th Ave. to 79th Ave. and 81st Ave. to 82nd Ave.
 - Intersection at 72nd Ave./Nob Hill Blvd.
- Grind & overlay of the following areas in 2024:
 - 8th St. from Yakima Ave. to Union St.
 - 9th St. from Yakima Ave. to Lincoln Ave.
 - Mead Ave. from 12th Ave. to Queen Ave.
- Tear out & overlay of the following areas in 2023:
 - Lincoln Ave. from 60th Ave. to 62nd Ave.
 - Yakima Ave. from 18th St. westbound to I-82
- Tear out & overlay of the following areas in 2024:
 - 86th Ave. from Occidental Rd. to Ahtanum Rd.
- Chip seal the following areas in 2023:
 - Beech St. to Nob Hill Blvd. from 2nd St. to I-82
 - 32nd Ave. to 48th Ave. from Nob Hill Blvd. to Tieton Dr. and 40th Ave. to 48th Ave. from Tieton Dr. to Summitview Ave.
- Chip seal the following areas in 2024:
 - Finish the Beech St. to Nob Hill Blvd. from 2nd St. to I-82 project from 2023.
 - 16th Ave. to 40th Ave. from Summitview Ave. to Lincoln Ave. and a portion of Fruitvale Blvd. from HW-12/Lakeside Court to 16th Ave.

Function(s): 716 & 867.

YAKIMA REVENUE DEVELOPMENT AREA - 323

Director of Public Works
City Engineer

Scott Schafer
Bill Preston

DEFINITION

The Yakima Revenue Development Area (YRDA) fund was established in 2011 for the revenue and expenditure activity relating to the infrastructure improvements made to the Cascade Mill Redevelopment area, primarily with State Local Infrastructure Financing Tool (LIFT) funding. In 2021, the City of Yakima removed the Municipal Solid Waste (MSW) and wood waste under the street corridor of Bravo Company Boulevard. Project bids and contracts were executed in fourth quarter of 2020 for the MSW removal project in the roadway corridor. Future projects include street construction and remediation of the remaining MSW in the former landfill. The City is participating with Yakima County in a regional evaluation of the new streets in the City and Yakima County under the National Environmental Policy Act (NEPA). The Final NEPA document is scheduled for completion in early 2023, which will allow for street construction. The City is working closely with the State Department of Ecology related to options for environmental clean-up as part of the Agreed Order process for the remaining landfill.

ACCOMPLISHMENTS

Investment in Infrastructure

- Completed removing the MSW and wood waste with the Bravo Co Blvd Right of Way.
- Received and additional \$3.0 million Remedial Action Grant from DOE.
- Received \$1.5 million SIED grant from Yakima County.

GOALS

Investment in Infrastructure

- Complete the E-W Corridor NEPA in 2023.
- Construct Bravo Co Blvd Phase 1 in 2023 & 2024.
- Receive another \$1 million in LIFT funding in 2023 & 2024.
- Begin design of sewer extension near I-82 Right of Way in 2023.
- Receive additional federal or state funding for Bravo Co Blvd Phase 1.

Function(s): 701 & 801.

EXPLANATORY NARRATIVE

Contracted Services - 701

The City is using the Local Infrastructure Finance Tool (LIFT) to finance the infrastructure improvements and environmental cleanup in the Revenue Development Area (RDA). The City is allotted a share of state sales and property tax revenue to finance a portion of the improvements. LIFT funds must be matched 1:1 for reimbursement using non-state sourced funds (local, private or Federal) LIFT financing can be used to pay debt service for bonds incurred for allowable improvements.

Revenue

Regular revenues consist of a state sales tax credit of up to \$1.0 million annually, depending on the prior year match, and an allocation of investment interest. Other revenues in 2020 and 2021 consist of a Washington State Department of Ecology remedial action grant and an SIED grant from the Yakima County. Due to the timing of Department of Ecology reimbursements, an interfund loan of up to \$1.6 million was expected to be transferred in to cover expenses in 2022. 2023 - 2024 revenues consist of a Washington State Department of Ecology grant along with the contribution from City utilities for the sewer line extension along I-82.

EQUIPMENT RENTAL - 551/552

**Director of Public Works
Fleet and Facilities Manager**

**Scott Schafer
Kerry Jones**

DEFINITION

The following is an overview of the guiding principles and current challenges of the Equipment Rental Division.

Best Management Practices and Benchmarking

The Equipment Rental Division adopted the practice of measuring effectiveness and efficiency in terms of productivity, cost effectiveness, quality of work performed, customer satisfaction, and appropriate outsourcing.

Fleet Equipment “Replaced But Retained”

Due to the overall demand for funding, especially for capital, many vehicles are retained in the fleet after being replaced. Retaining a replaced vehicle artificially inflates the size of the fleet. Since funding comes through inter-departmental charges which are limited by each department's budget, there is no budgetary capacity for additional replacement funding for retained vehicles.

Fleet Identification and Assessment

A perpetual physical photographic inventory provides for continual updates to the inventory listing. This complies with the State Auditor’s requirement for conducting a physical inventory, and provides a tool for all division managers. With the purchase of a new Asset Management software program, the photographic inventory will be incorporated electronically into the system eliminating the photo albums currently used.

Preventive Maintenance System Review

Changes in technologies, mandated maintenance procedures, and equipment design require continuous reassessment of the entire preventive maintenance program.

ACCOMPLISHMENTS & GOALS

Public Safety

- Provide high quality and accurate service to divisions of the City
- Keep equipment in good working order at the best possible price.
- Manage and maintain tire wear.

Fiscal Sustainability

- Maintain current shop rate.
- Parts markup.
- Fuel markup.

Strengthening Partnerships

- Work with IT to develop a report for statuses on equipment. .

Investment in Infrastructure

- Continue to invest in the shop so it will last for years to come and be ready for the future.
- Acquire new Asset Management software.

¹ In a reorganization mid-year 2020, 3 Mechanics were replaced by 3 Senior Mechanics due to the effort in retaining highly qualified mechanics and giving them an avenue to be paid high wages through a series of testing. This makes wages more comparable to other Cities and Counties on this side of the state.

² .15 FTE is funded by Public Works Administration (560).

Revenue

Revenues are derived from M & O and interdepartmental charges related to equipment expenditures, fuel sales, and miscellaneous revenues. Also included are revenues received as a result of warranty repairs performed by the City and reimbursed by vehicle manufacturers and insurance settlements, along with interest income on operating reserves and M & O revenues. Negative numbers in Property Gains (Losses) in 2020 are due to the sale of fixed assets.

The following chart lists the individual departments projected year-end replacement fund balances within the Equipment Rental fund and is a snapshot in time. Initial requests for equipment/vehicle replacements including specifications are submitted to the Fleet and Facilities Manager, who ensures sufficient funding is available at the time of purchase. Negative projected balances in this chart can be incurred due to sales of surplus that is expected or not yet finalized, or transfers that are scheduled after the first of the year.

ENVIRONMENTAL - 555

Director of Public Works
Fleet and Facilities Manager
City Engineer

Scott Schafer
Kerry Jones
Bill Preston

DEFINITION

The purpose of the Environmental Fund is to provide a funding source for complying with the rules and regulations imposed by Federal and State mandates regarding underground storage tank operation, hazardous waste disposal, site clean-up and other environmental compliance issues.

All departments and divisions must ensure that the employees are fully aware of environmental regulations that may affect them, and in turn, must abide by these environmental regulations each and every day.

Whenever there are no specific compliance projects identified, any funds accumulated remain an unobligated appropriation available on a contingency basis.

ACCOMPLISHMENTS & GOALS

Public Safety

- Continue monthly inspection and yearly testing making sure no storage vessel is leaking.
- Update equipment as necessary for operation.
- Continue monthly inspection of Tiger Oil W Nob Hill Site.
- Began remedial action of Tiger Oil N 1st Street location.

Fiscal Sustainability

- Continue to build revenue in 555 account for future projects and tank replacement.
- Work with Engineering to keep funds available.
- Received \$1.6 million in grant funding from the Department of Energy (DOE) for Tiger Oil N 1st Street.

Strengthening Partnerships

- Continue working with Engineering through this fund for any and all environmental impacts to Yakima.
- Work with each division to ensure efficient fuel disbursing.
- Continue partnering with DOE on Tiger Oil site cleanup efforts.
- Partner with DOE for new cleanup site at Frank Wear Dry Cleaning.

Investment in Infrastructure

- Invest in new equipment for our fuel stations to keep them up to date, working properly and leak free.
- Install rings on equipment and get divisions using the Petro Vend software for the fuel control system.

Function(s): 561 & 563.

Revenue

The revenues for this fund are generated by a surcharge levied against fuel purchased at the four City owned sites. The City Manager may annually adjust the surcharge as required. Additional revenue is from grants or loans. The amount and timing of receipt is dependent on project approval and construction progress of each individual project. The timing is not usually coincidental with year-end.

CITY HALL FACILITY - 224**GENERAL FUND**

**Director of Public Works
Fleet & Facilities Manager**

**Scott Schafer
Kerry Jones**

DEFINITION

The function of this service unit is to provide essential building rehabilitation, maintenance, and custodial services for City Hall, City of Yakima University (CYU), Washington Fruit Community Center (WFCC), Henry Beauchamp Jr. Community Center (HBCC), Yakima Public Affairs Channel (Y-PAC), the MiCare Clinic and the Bank of America building.

Primary services provided by this division include:

- Provide a clean, orderly, and safe environment for the public and staff.
- Maintain appropriate service and repair records.
- Research, purchase, and inventory equipment parts, chemicals, and supplies.
- Perform construction, alteration, preparation, painting, and repair to structures.
- Construction and installation of cabinets, tables, shelves, and other types of furniture.
- Repairs to heating, ventilation systems, air conditioning/refrigeration systems and equipment.
- Troubleshooting, repair and maintenance of electrical distribution systems.
- Supply, repair and maintenance of lockable hardware such as doors, automatic electric doors, windows, and card key systems to ensure safety of facilities; maintain records on keys made and issued, and lock replacements.
- Supervision and maintenance of City Hall security video system.
- Maintenance and repair of plumbing and heating fixtures and components, piping of various size and type.
- Inspection, repair, or replacement of pumps, valves and boiler systems.
- Assist in the specifications for repairs and new construction.

ACCOMPLISHMENTS

Investment in Infrastructure (The majority of these projects are funded from REET 1 in 2022)

- City Hall
 - Complete installation of our two new elevators by December 1, 2022.
 - Replaced one camera on the southeast corner of the building with a Hanwha Techwin unit that has four cameras in it allowing us to cover both the East and South lots for added security.
 - Removed rolling file cabinets in the North Finance area and constructed walls to create an office for added staff - this included new a door and carpet.
 - Updated and remodeled what was the print shop into the new Information Technology (IT) Service Center. This included added electrical, IT, phone services, card readers on two entrances, carpet and paint. Also included was a new counter, walls and an entrance door.
 - Completed projected Light Emitting Diode (LED) updates.
 - Painted and carpeted the IT main office and carpeted two large offices before new desks and office furniture was installed.

- Washington Fruit Community Center (WFCC)
 - Roof structural assessment in preparation for moving/replacing Heating, Ventilation and Air Conditioning (HVAC) units completed by Leslie Engineering 9-1-22.
 - Replaced compressor in the kitchen freezer.
 - Removed dying large trees at the front entrance to the center.
 - Replaced damaged and missing roof shingles on the North side of the building.
- Henry Beauchamp Community Center (HBCC)
 - Completed installation of four HVAC units, including air purifiers, and one kitchen fan conditioning unit.
 - Installed/replaced five low profile roof drains.
 - Installed two panic buttons at the front counter and west office.
 - Working on new flooring installation in kitchen.
- Bank of America Building
 - Installed a 24/7 monitored building alarm system.
 - Replaced two air conditioner compressors in the main lobby HVAC unit.
 - Set up a service agreement with Kone covering the elevator, and completed the past due five-year load test which keeps us in compliance for our State operating license.
 - Removed five over grown trees on the south side of the building.
 - Installed a new transformer, power panel and wiring to support the building sewer pump station.
 - Updated sewer vault, pumps, valves, floats and control system.
 - Demolished the north drive through carport and tunnel.
 - Repaired the North parapet wall, roofing and trim.
 - Re-ran fiber optic from City Hall to the old drive through north to south and over to the main building for computer and phone service.
 - Reconfiguring parking lots to better serve both the public and staff including new asphalt, added parking, correct signage and re-stripping.

GOALS

Public Safety

- Provide a clean, safe environment in and around our facilities for the public and staff.

Fiscal Sustainability

- Continue to provide as many services in house as possible to best use our limited resources.
- Continue LED lighting and HVAC updates furthering our energy conservation which saves limited resources.

Strengthening Partnerships

- Continue working closely with IT to update and expand our security and monitoring abilities throughout the facility's.

Investment in Infrastructure

- Develop long term goals for the productive development and usage of all City owned property emphasizing City Hall and the Bank of America building in the coming year.

2023 - 2024 PLANNED PROJECTS

The 2023 - 2024 project details are in the REET 1 capital budget. Funding slated to be spent on the 5 year plan projects is fluid - if an emergency repair occurs, priorities can change, or if funds are not available projects may be moved to other years in order to stay within budget. See the [Capital Budget](#) section for further information.

Function(s): 224.

EXPLANATORY NARRATIVES

City Hall Facility - 224

The function of this service unit is to provide centralized building rehabilitation, maintenance and, in most facilities, custodial service. This includes City Hall, WFCC, HBCC, Y-PAC, the MiCare Clinic and the Bank of America building. It also assists many Departments with technical advice, contractor information, and support.

The following chart indicates the actual 2021 utility charges, as well as the 2022 year-end estimate and the 2023 and 2024 projected budgets. The utility charges can change from year to year as a result of weather and rate changes.

UTILITY CHARGES

Utility Accounts	2021	2022	2023	2024
	Actual	Estimated	Projected	Projected
Pacific Power	\$ 64,601	\$ 106,575	\$ 109,772	\$ 113,065
Natural Gas	17,736	22,500	23,175	23,870

TRANSIT OPERATING - 462

**Director of Public Works
Transit Manager**

**Scott Schafer
Alvie Maxey**

DEFINITION

The Transit Division's primary task is to provide public transportation services in the city of Yakima. These services include fixed-route buses, paratransit services and the vanpool program. Yakima Transit also contracts for and participates in funding the Yakima-Ellensburg Commuter bus service between the cities of Yakima, Selah, and Ellensburg.

Fixed-Route Buses

Yakima Transit operates nine bus routes between the hours of 6:00 a.m. and 7:00 p.m., Monday through Friday. Some of those routes have half-hour service (Routes 2, 5, 6, 7, 8, & 9) all or part of the day; the others provide hourly service (Routes 1, 3, & 4). On Saturdays, schedules consist of nine fixed routes that run on an hourly schedule from 8:45 a.m. to 6:30 p.m., except for the Route #8 bus which cycles on thirty minute interval. Sunday bus services are operated on five hourly routes and one-half hourly route (#8) between 8 am and 4 pm.

Yakima Transit's bus routes cover residential and commercial neighborhoods surrounding Summitview Avenue, Lincoln Avenue, Tieton Drive, Fruitvale Blvd, Mead Avenue, East & West Nob Hill Blvd, Fair Avenue, North & South First/Main Street to the Union Gap/Yakima City limits, 16th Avenue, 40th Avenue, and Washington Ave./ Airport vicinity.

Yakima Transit plans to continue its community enhancement efforts by providing free rides to events like the 4th of July fireworks show, the Central Washington State Fair, the Arboretum's Luminaria event, and the City's "Bus to Pools" program. Shuttle buses are used to transport attendees from designated park & ride locations directly to the event, saving patrons parking charges and relieving traffic congestion in those areas.

Paratransit (Dial A Ride) Services

As part of a federal mandate, Yakima Transit provides paratransit services to individuals with disabilities through our Dial-A-Ride program, which is operated by a private contractor (Medstar, LLC). The cost to provide the service is based on the number of trips provided. The cost to provide this service will continue to increase on a per trip bases. In an effort to control the escalating costs associated with this service, the City of Yakima provides fuel, discounted vehicle insurance, and vehicles. By having a contract with these incentives, Yakima Transit believes it is able to provide service at or below similar operating levels with other statewide transit providers.

Vanpool Program

The Vanpool program was discontinued at the end of 2021 due to low ridership and failing cost recovery.

Ellensburg Commuter Bus

Through a grant with the WSDOT, Yakima Transit provides commuter bus services between Yakima and Ellensburg. Grants and interlocal funding agreements (with Central Washington University, WSDOT, the City of Selah, and the City of Ellensburg) will continue to support the commuter bus service. A&A Motorcoach currently operates the Yakima-Ellensburg Commuter under contract.

Yakima Transit's Mission Statement

Our objective is to provide prompt, safe, and courteous public transportation services to the residents of the greater Yakima area in a cost-effective and efficient manner.

ACCOMPLISHMENTS

Public Safety

- Continued to provide safe and reliable public transit services to our community without a reduction in regularly scheduled service hours or routes.

Strengthening Partnerships

- Restored free transit shuttle bus services to annual community events including the 4th of July Fireworks Show, Central Washington State Fair and planning to serve the Yakima Arboretum's Luminaria event in December.
- Have implemented the 18 and Under Fare Free program that will be reimbursed from the Washington State Move Ahead Washington Grant.
- Restored fare-free bus to pools program.

Investment in Infrastructure

- Allocated approximately \$4.5 million from the Federal Transit Administration through the American Rescue Plan that is being spent on 8 new buses, 6 in 2022 and two more in 2024.

GOALS

Public Safety

- Utilize the remainder of the American Rescue Plan grant funding to replace additional buses and other Yakima Transit vehicles past their useful life.
- Continue to evaluate and modify all Yakima Transit fixed routes as needed.
- Conduct an in-depth evaluation of current paratransit service to ensure community members are provided the most efficient, effective and safest option available.

Fiscal Sustainability

- Fill all vacant Yakima Transit positions.

Investment in Infrastructure

- Utilize American Rescue Plan grant funding to replace 8 Yakima Transit buses that are past their useful life. The price of these bus replacements will be 100% paid for through the ARP grant.

³ The Transit Project Planner was reduced from 1.00 to .75 FTE in mid-year 2022 due to budget restraints.

⁴ One Community Transportation Coordinator was deleted and one Transit Operator was added mid-year 2021 due to a reorganization.

⁵ Two Transit Operators were changed from 90% to 100% mid-year 2020 to correct budget worksheets and 1.5 FTE's were added mid-year 2022 due to the need for more permanent positions.

⁶ Two Department Assistant II were deleted and two Transit Office Assistants added in a mid-year 2022 reorganization.

⁷ Transit funds 1.00 FTE's in Police (310).

EXPLANATORY NARRATIVE

Yakima Transit's revenue and expense accounts in these service areas are intended to maintain the operations portion of the public transportation services provided. Many of the larger expense accounts include salaries, fuel, insurance, and contracted services like the Dial-A-Ride program. Revenue typically consists of sales tax revenue (makes up roughly 46% of the total revenue); grant funds (roughly 49% of overall revenue), and fares and miscellaneous revenue sources (5%) make up the difference.

Ellensburg Operations - 453

Yakima Transit uses this service account to help fund the Yakima-Ellensburg Commuter, which is operated by A&A Motorcoach, a for-profit organization based in Yakima. Yakima Transit pays a rate per revenue hour. Yakima Transit also keeps the fare revenue from the service.

Dial-a-Ride Operations - 465

This function provides for Yakima Transit's Dial-A-Ride program. The service is contracted out, yet there are still some expenses that Yakima Transit pays for separately, including items like insurance, fuel, major repairs, and minor supplies. Costs for Dial-a-Ride increased in 2021 and 2022 due to a new contract with a contractor and the carry forward of CARES grant money.

Revenue

Revenue consists of sales and use taxes, State and Federal grants, intergovernmental revenues (Selah Transit, Ellensburg Transit, and Central Washington University), fares, interest, advertising and other miscellaneous revenue. Sales tax is also allocated to the Transit Capital fund, and fluctuations in the account may be tied to the needs of the Capital fund.

EXPLANATORY NARRATIVE

Transit Equipment - 450

This function is used for supplies and miscellaneous equipment.

	2020	2021	2022	2023	% Chng	2024	% Chng
	Actual	Actual	Estimated	Projected	2022	Projected	2023
450 Transit Equipment			Year-End	Budget	to 2023	Budget	to 2024
300 Supplies for Consumption & Resale	\$ 3,291	\$ —	\$ —	\$ —	n/a	\$ —	n/a

Transit Capital - 451

Transit uses this as a supply account for the purchase, assembly and installation of benches, shelters and signage infrastructure that are then placed at the various bus stop locations throughout the service area. Also included are the purchases of replacement buses, transit service vehicles, and bus related equipment. Revenues from capital grants are expended within this function.

2023 - 2024 PLANNED PROJECTS

	2023	2024
Description	Projected	Projected
ADA Sidewalk Installation	\$ 100,000	\$ 100,000
Technology Equipment for Buses	131,625	—
Radios for Buses	280,000	—
Total	\$ 511,625	\$ 100,000

Funding slated to be spent may have expenses incurred in different years, as some vehicles may require a greater length of time due to assembly. See the [Capital Budget](#) section for further information.

REFUSE - 471

**Director of Public Works
Acting Solid Waste & Recycling Manager**

**Scott Schafer
Leovardo Cruz**

DEFINITION

The mission of the Solid Waste and Recycling Division (SWRD) is to protect the public health and safety of the City and all residents of the City by providing quality municipal solid waste services that are efficient, cost effective and environmentally responsible. The Refuse Division is responsible for collection and disposal of all garbage, yard waste and other debris for residential customers within the City of Yakima and from all City- owned facilities.

The division operates 14 daily routes and maintains a fleet of 21 refuse trucks. The City of Yakima provides automated refuse carts for weekly refuse collection. Customers have the option of using a 32 or 96-gallon cart, and carry out service is available for those wishing to have their cart collected from a location other than the curb or alley line. Optional weekly yard waste collection, utilizing a 96-gallon cart, is available to City residential customers from March 1 through November 30th of each year.

Metal bins are available to City-owned facilities, multi-family residential units, and other premises where large amounts of refuse accumulate and need to be collected. The bins can be emptied multiple times throughout the week, depending upon the need of the customer. Temporary bins in two, four and six-yard capacity are also available to any City resident needing to clean up their property or to dispose of large amounts of debris that normally cannot be collected with their regular refuse service.

Refuse utilizes a billing system that allows the division to take advantage of the electronic routing and mobile application management opportunities. The route management system is a web portal that provides the tools for planning and executing collection service activity, billing, and customer service issue resolution, as well as the tracking and dispatching of on-demand services. The benefits include more efficient route scheduling, real-time service quality monitoring, more accurate billing and greater transparency across fleet operations.

ACCOMPLISHMENTS

Public Safety

- Provided weekly garbage and yard waste service to 25,500 households.
- Provided 284 temporary bin service.
- Collected approximately 33,977 tons of garbage.
- Collected 3,907 tons of yard waste.
- Adjusted service levels to meet the increased demand during Covid-19.
- Maintained 14 daily refuse routes and weekly Safe Routes to Schools.
- Addressed 116,956 customer service order requests.
- Conducted 114 Special Hauls.

Fiscal Sustainability

- Contributed to Vehicle Replacement Fund.
- Purchased two (2) refuse automated side loader refuse trucks.
- Assessed adequacy of current fleet during Covid -19. Demo-ed and placed order for a specialized vehicle that will provide mechanical assistance in handling bulky waste.

Strengthening Partnerships

- Provided one special event collection service – Summer Nights.

Investment in Infrastructure

- Submitted “Developing Yakima Clean Green Resources: Food Waste Anaerobic Digestion to Reduce Emissions: grant to EPA to explore alternative waste disposal options.
- Received a \$1M grant from the Department of Commerce to conduct a feasibility study on the utilization of an anaerobic digester to reduce solid waste to the Yakima County landfill.

GOALS

Public Safety

- Provide quality municipal solid waste services that are efficient, cost effective and environmentally responsible.

Fiscal Sustainability

- Sustain an operating reserve of 25%.
- Sustain a capital replacement reserves sufficient to replace assets (trucks) when needed to avoid service interruption.
- Ensure cost of service adjustments for inflation and operational costs.
- Adhere to financial management policies and stewardship of public funds.

Strengthening Partnerships

- Continue to support local community organizations, civic groups and religious institutions on community clean up events.

Investment in Infrastructure

- Continue to explore waste and resource management opportunities.

Function(s): 472, 473, 474, 476, 477, 478 & 479.

² A Solid Waste Services Specialist and a Solid Waste Code Compliance Officer were added in 2021 to address necessary staffing levels due to increased workloads associated with annexations and residential development within the city limits. Supervisory oversight of the Solid Waste Code Compliance Officer was moved to the Clean City Fund (136) in 2022.

³ One Solid Waste Collector/Driver will be added in 2024 due to an increase in services due to recent annexations.

⁴ Refuse funds .05 FTE in Information Technology Services (350) and Water (474), and the equivalent of 1.5 FTE in the Clean City Fund (136).

WASTEWATER OPERATING - 473

Director of Public Works
Wastewater Manager

Scott Schafer
Mike Price

DEFINITION

This division improves, operates and maintains the built environment for collection and treatment of domestic and industrial wastewater facilities. These facilities protect the environment and public health in compliance with federal, state and local regulatory requirements.

Discussion

The City of Yakima Regional Wastewater Treatment Facility (WWTF) and its collection system serves an estimated 2023 population of 99,000 people living in the City of Yakima as well as food and beverage industries that generate high strength industrial wastewater. Additionally, the Yakima Regional WWTF provides wholesale wastewater treatment to the City of Union Gap, Terrace Heights Sewer District (including the City of Moxee) and areas of Yakima County within the City urban growth area. Overall, the WWTF serves approximately 115,000 people.

The City follows regulatory criteria for operations and maintenance of its wastewater facilities set by the City's National Pollutant Discharge Elimination System (NPDES) permit. In November 2019, the Department of Ecology (DOE) amended the City's existing NPDES permit to transfer discharge permitting authority from DOE to the City for significant industrial dischargers in Union Gap, Terrace Heights, and Moxee. The delegation was a culmination of several years of effort by the City, DOE, and the City's extra-jurisdictional wastewater customers to meet the Environmental Protection Agency (EPA) mandated requirement for full pretreatment delegation. The DOE is working with the City of Yakima to renew the plant's extended 2011 NPDES permit, issuing a draft permit and draft fact sheet to the City for factual review in September 2020. The City completed the factual review and submitted the drafts to in October 2020. DOE has indicated that they will issue the draft permit and fact sheet for public comment in late 2022 or early 2023. The draft permit identifies requirements to continue utilization of the new Riparian Outfall that was constructed as a component of the Gap-to-Gap Floodplain Restoration project. The division publishes an assessment of regulatory changes, administrative needs and capital improvement requirements in a Facility Plan that is updated approximately every 10 years or as needed. In 2020, the City established a contract for development of an updated Facility Plan that will incorporate requirements of the City's new NPDES permit. The updated Facility Plan is scheduled for completion in the fourth quarter of 2022.

The City is responsible for securing funding for collection, treatment and administrative programs to meet wastewater obligations. As such, continued investment into the system is required. Identification of the City's financing options includes loans, bonds, or cash funded through system users. A cost of service and rate study for the division was planned and budgeted for 2022, but will not be completed until 2023. The division plans to present updated rates and fees from the rate study for years 2024-2028 in the fourth quarter of 2023 that, if adopted, would go into effect in January 2024.

ACCOMPLISHMENTS

Investment in Infrastructure

- Convey and treat over 3.2 billion gallons of wastewater annually.
- Began design for installation of public sewer mains in underserved and low-income areas of Yakima.
- Design underway for the rehabilitation of 16,000 linear feet of deteriorating concrete sewer pipe.
- Partnered with Pacific Power to reduced electrical energy usage at the treatment plant by over 5%.
- Biogas and boiler system improvements reduced natural gas consumption by over 50%.
- Design for collection system trunkline extension to service a developed Millsite.
- Replaced Ultraviolet Disinfection system flow control gates and UASB hot water supply and return lines.

GOALS

Investment in Infrastructure

- Meet NPDES performance criteria for conveyance and treatment of wastewater.
- Continue design for the installation of public sewer mains in underserved low-income areas of the city and secure further funding for the sewer main installations.
- Begin rehabilitation of 2 of the treatment plant's 4 primary clarifiers.
- Begin replacement of biosolids dewatering centrifuges with energy efficient screw press equipment.
- Complete Wastewater and Industrial Wastewater cost-of-service studies to propose equitable customer rates and fees that ensure a proper level of service.
- Complete Wastewater Collection System Master Plan and Treatment Plant Facility Plan updates.

Function(s): 725, 726, 729, 730, 731, 734, 737 and Debt Service: 842, 844, 845, 862, 863, 864 & 876.

Collection - 726

With the use of the I-COM 3 systems programs function to track individual pipe segments located between manholes, the type and frequency of maintenance is tailored to the needs of each pipe segment. In addition, two Closed Circuit Television (CCTV) pipe inspection cameras, along with the city's capacity study, are providing a data set to the City to determine the overall structural and operational condition of the collection system. The Division has funded an ongoing aging infrastructure replacement and repair project based on data made available by the I-COM 3 system.

As part of the new efficiency-centered approach to collection infrastructure maintenance, crews have been re-assigned to align with the needs of maintaining both the Stormwater Collection system and the Wastewater collection system. Efficient planning of routine Wastewater Collections infrastructure maintenance frees existing staff for the creation of two Stormwater crews. One of these crews, the Stormwater Utility crew, focuses on collection system repairs to increase system usable life and better maintenance crew access. The second crew cleans the Stormwater system to maintain proper function during rain events. In addition, further program efficiency improvements have allowed the Wastewater Utility Crew and the Stormwater Utility Crew to increase repair capabilities with additional construction equipment.

Rudkin Road Lift Station - 729

This function separates the costs of the pump station that receives revenue from the City of Union Gap to cover the following expenditures: (a) Operation and Maintenance (O & M) costs (allocated to Union Gap on a prorated basis of flow), and (b) Debt Service (which is contractually allocated in Yakima at 42.3%, and in Union Gap 57.7%).

	2020	2021	2022	2023	% Chng	2024	% Chng

Treatment Administration - 730

This function is used to record various transfers from Wastewater Operating to Capital funds for projects.

	2020	2021	2022	2023	% Chng	2024	% Chng
	Actual	Actual	Estimated	Projected	2022	Projected	2023
730 Treatment Administration			Year-End	Budget	to 2023	Budget	to 2024
Transfers Out	\$ 2,545,385	\$ 2,514,498	\$ 2,508,648	\$ 2,511,048	0.1 %	\$ 1,351,348	(46.2)%

Treatment Operations - 731

This function includes the operation and maintenance costs of the Treatment Facility in the Wastewater Operating Fund (473). Approximately 3.2 billion gallons of sewage is treated annually at the Treatment Facility. An excess of 1,850 laboratory tests are required to be performed in an average month. This number is expected to continue to increase due to mandated increased Pretreatment (see function 734) and Stormwater analysis. The laboratory has been accredited to perform most, but not all, metals and organic pollutant analysis in the parts per billion thresholds.

The facility's rated hydraulic capacity in our NPDES permit is 21.5 million gallons per day (mgd). Although the plant has experienced peak daily loading as high as 19.52 mgd, overall plant flow volumes and peak daily flow volumes are generally much lower and consistent. This reduction is due to continued reductions in both infiltration (groundwater leaking into wastewater) and inflow (illegal connections to Wastewater).

The Wastewater Division utilizes an anaerobic bioreactor to pretreat high strength wastewater from local industrial fruit processors. By pretreating the high strength industrial wastewater, significant sanitary wastewater treatment capacity is restored for future users, while being able to treat both processes far more cost effectively.

Per the 2014 Three-Party Agreement, wholesale billing to Union Gap and Terrace Heights are based upon their respective loadings to the treatment facility. The divided expense is further allocated to each customer based upon their actual loading. These allocations are shown in the following table.

ALLOCATION BY CUSTOMER

	2021	2022	2023	2024
	Actual	Estimated	Projected	Projected
Million Gallons Treated (Total)	3,177	3,300	3,400	3,500
Yakima (%)	83.9 %	84.0 %	84.0 %	84.0 %
Union Gap (%)	7.6 %	7.6 %	7.5 %	7.4 %
Terrace Heights (%)	8.5 %	8.4 %	8.5 %	8.6 %

ALLOCATION BY CUSTOMER

	2021	2022	2023	2024
	Actual	Estimated	Projected	Projected
BOD Treated (lbs.) (Includes Dry Matter)	10,487,954	10,600,000	10,700,000	10,800,000
Yakima (%)	89.1 %	89.1 %	90.0 %	89.2 %
Union Gap (%)	4.9 %	4.9 %	5.0 %	5.0 %
Terrace Heights (%)	6.0 %	6.0 %	5.9 %	5.8 %
TSS Treated (lbs.) (Includes Dry Matter.)	8,767,424	8,900,000	9,000,000	9,100,000
Yakima (%)	90.7 %	90.7 %	90.7 %	90.6 %
Union Gap (%)	5.9 %	5.9 %	6.0 %	6.1 %
Terrace Heights (%)	3.4 %	3.4 %	3.3 %	3.3 %

In addition to actual treatment cost charges, Union Gap and Terrace Heights share in paying for a portion of the treatment plant's debt service and cash contributions, to pay for improvements made to the facility. The following table shows the actual cost distribution for each entity along with the total estimated and projected debt service and cash contribution for capital improvement projects.

CAPITAL RESERVE

	Yakima	Union Gap	Terrace Heights

Pretreatment Operations - 734

The City of Yakima's Wastewater Division's Pretreatment Program is a requirement of the City's wastewater discharge (National Pollutant Discharge Elimination System/NPDES) permit as issued by the Department of Ecology.

The objective of the Pretreatment Program is to protect the Publicly Owned Treatment Works (POTW) from pollutants discharged by businesses and industries that can cause equipment damage, interference of plant processes, or pass through into the receiving waters. Illegal and unpermitted discharges pose significant risk to public health and the City's ability to maintain compliance with NPDES permit requirements. Recovering from such an event can take considerable time, exorbitant expense to the ratepayers, and risk fines and other penalties. Other objectives include improving opportunities to recycle and reclaim wastewater, to protect biosolids reuse options, and above all, protect the health of the employees at the POTW. The objectives are achieved by regulating discharges from industries using Federal, State, and local limits, the more stringent being defined as Pretreatment Standards under Section 307 (d) of the Clean Water Act.

Pretreatment duties include permitting, monitoring, sampling, and inspecting all SIU's and Minor Industrial Users (MIU's) discharging to the City's POTW, monthly sampling and monitoring of wastewater from Union Gap and Terrace Heights, monitoring businesses and industries for Fat, Oil and Grease (FOG) and Whole Effluent Toxicity (WET) tests.

Debt Service

The City has received loans for projects which require yearly principal and interest payments from the annual revenue. Operating transfers to debt service funds are made for the bonded revenue debt, as seen in the Interfund Transfer chart at the beginning of the Explanatory Narrative section. Repayments of State Public Works Trust Fund or State Revolving Fund loans are made directly from this Debt Service account, as shown in the following table.

Revenue

Wastewater revenue reflects the base wastewater treatment charges (including pretreatment); the sale of permits; charges to Union Gap and Terrace Heights for wastewater treatment and testing; interest; the sale of fixed assets and salvage; and wastewater connection charges, which will ultimately be redistributed to the Wastewater Capital Funds.

WASTEWATER CAPITAL FACILITIES - 472

Director of Public Works
Wastewater Manager

Scott Schafer
Mike Price

DEFINITION

This fund is used for expenditures that are required for the purpose of moderate level replacement and capital repair to the Wastewater Treatment Facility. In 2023, the 3-Party Wholesale Agreement requires a total contribution of \$1,000,000 to fund 472 with contributions of 87.9%, 8.1%, and 4.0%, respectively, from the City of Yakima, the City of Union Gap, and the Terrace Heights Sewer District. See the [Capital Budget](#) section for further information.

Function(s): 739.

WASTEWATER CAPITAL CONSTRUCTION - 476

Director of Public Works
Wastewater Manager

Scott Schafer
Mike Price

DEFINITION

This fund serves to provide resources for Wastewater System planning and collection system capital improvements. These efforts consist of capital projects to reduce or eliminate in-flow and infiltration, assist with financing of new trunk construction to accommodate service area growth, upgrading capacity of collection lines where needed, installation of new collection systems into select neighborhoods and repair/replacement of deteriorated pipes. See the [Capital Budget](#) section for further information.

WASTEWATER CAPITAL PROJECTS - 478

Director of Public Works
Wastewater Manager

Scott Schafer
Mike Price

DEFINITION

The Yakima Wastewater Facilities Project provides capital for costs associated with the planning, installation, rehabilitation, expansion and modification of the Wastewater Treatment Facility and the Rudkin Road Lift Station.

The projected budget includes expenditures for facility improvements, rehabilitation, and professional services related to construction activities associated with the Facility Plan, Biosolids Management Plan, and other planning documents associated with NPDES Permit compliance. See the [Capital Budget](#) section for further information.

Function(s): 739.

STORMWATER OPERATING - 441

Director of Public Works
Wastewater Manager

Scott Schafer
Mike Price

DEFINITION

The functions of this division include collecting, transporting, and treatment of surface water (stormwater) to protect the environment, public health and welfare, and assess and comply with regulatory agency requirements such as providing education and outreach to the community related to permit compliance. These responsibilities and obligations are set forth by the Eastern Washington Phase II Municipal Stormwater Permit and the State mandated Underground Injection Control (UIC) Program (WAC 173-218).

Stormwater is faced with the continuing challenge of efficiently integrating over 30 miles of legacy County drainage pipe (formerly Drainage Improvement Districts - DID) into the City stormwater system. Expenses associated with this integration include condition assessment and repair or realignment to meet City stormwater system objectives and National Pollutant Discharge Elimination System (NPDES) permit requirements. In 2023/2024, DID integration efforts will focus on abandoning DID infrastructure that crosses the Yakima city limits into Union Gap.

In 2019, the Yakima City Council approved a 2.5% annual rate increase for each year from 2019-2022. The City has entered into an agreement with a financial services consultant to perform a cost of service study in 2023 that will recommend updated rates for 2024-2028.

ACCOMPLISHMENTS

Investment in Infrastructure

- Completed effectiveness study for car wash outreach education.
- Initiated design for abandonment of Drainage Improvement District #24 infrastructure in south Yakima.
- Initiated design for realignment of Drainage Improvement District #29 infrastructure.
- Initiated cost of service study to ensure adequate future Stormwater Division funding.
- Grant application underway for project to reduce Wide Hollow Creek bacterial loading from Randall Pond effluent.

GOALS

Investment in Infrastructure

- Construct stormwater conveyance improvements in south Yakima.
- Rehabilitate 4,000 feet of failing Drainage Improvement District pipes.
- Provide stormwater conveyance and treatment improvements included with the North First Street Phase III project.
- Complete Stormwater Collection System Master Plan update.
- Debris removal and the funding of box culvert construction at two Wide Hollow Road bridges that are scheduled for replacement.
- Meet the Department of Ecology fecal coliform (bacteria) Total Maximum Daily Load (TMDL) study sampling and source identification requirements.

Function(s): 746.

AUTHORIZED PERSONNEL

Stormwater funds .05 FTE's in Information Technology, 11.45 FTE's in Wastewater, .21 FTE's in Water, .51 FTE's in Engineering, .05 FTE's in City Management and .05 FTE's in Public Works. Wastewater Division has dedicated 7.75 employees to perform the basic day-to-day operation of cleaning and assessing the existing stormwater system. An additional 3.7 FTE's provide support for laboratory testing, enforcement of the Illicit Discharge Ordinance, grant administration, mapping, safety repairs, emergency response to localized flooding, Vector waste handling and response to citizens.

Note: All positions in the preceding chart are located in the respective departments listed. This chart is included to show which positions Stormwater funds.

Fund transfers are made to both the Community and Economic Development Department (CED) to cover the costs for the inspection, capital project management of stormwater projects, the registration of newly constructed UIC's, enforcement of both the Construction and Post-Construction Ordinances, and to the Streets Department for street sweeping and other best management practices. In 2021, funds are being transferred to the Parks Division and the Streets Division for Stormwater swale maintenance. No FTE's are directly allocated for such services to these departments to meet permit compliance.

EXPLANATORY NARRATIVE

Administration - 746

This function includes all expenditures within the fund for collection, transportation, and treatment of surface water (stormwater), such as contracted repairs to the system, legal, and consulting services required to implement the stormwater permit process and interlocal agreements and infrastructure facility plan.

STORMWATER CAPITAL - 442

Director of Public Works
Wastewater Manager

Scott Schafer
Mike Price

DEFINITION

This fund provides resources for Surface/Stormwater System planning and collection system capital improvements. Revenues are dependent on a line item transfer from Stormwater Utility (441) and from grants from the Washington Department of Ecology. These efforts consist of capital improvements and maintenance of the stormwater conveyance and treatment portion of the City's built environment.

Integrating stormwater projects into other city initiatives creates the possibility of significant cost savings. For example, incorporating "low impact development" features into downtown planning like North 1st Street and the Mill Site re-development could add value to these projects with improved drainage that incorporates enhancing the appearance and function of our built environment. See the [Capital Budget](#) section for further information.

Function(s): 752.

WATER OPERATING - 474

Director of Public Works
Water/Irrigation Manager

Scott Schafer
Dave Brown

DEFINITION

This fund is responsible for the treatment and delivery of potable water of sufficient quantity and quality to meet domestic, fire suppression, commercial, industrial, and irrigation needs within the system's retail service area.

Water demand varies throughout the year from a low of 8 to a peak of 21 million gallons per day, consumed through approximately 18,900 service installations. Water is supplied from the Naches River to the Naches River Water Treatment Plant located at 6390 US Highway 12 where it is treated to meet state and federal drinking water standards. Seasonal supply capabilities are provided by the Kissel, Kiwanis, Gardner, and Airport wells and through Aquifer Storage and Recovery.

Washington State Regulations require the Water Treatment Plant effluent to be at or below 0.3 Nephelometric Turbidity Units (NTU's) in 95% of the samples. The Water Treatment Plant has adopted the treatment optimization performance goal of keeping the Water Treatment Plant effluent at or below 0.1 NTU's in 95% of the samples, and has met that goal for over ten years, receiving a Gold Certificate in 2020.

The Water/Irrigation Division is working to insure adequate water delivery to customers during periods of drought and affects from climate change. Both the Kissel and Gardner wells were tested and have demonstrated that water could be stored there for future use. The city obtained a permanent reservoir permit from Ecology in January of 2017. Storage and recovery of water is planned for the winters of 2022-2023 and 2023-2024. When aquifer storage and recovery is fully implemented the city will have a full redundant water supply to withstand droughts and climate change affects.

There are several issues on the immediate horizon that will have significant economic impacts on the utility - these include issues related to the Water Plant intake, Safe Drinking Water Act rule modifications and implementation, Yakima Basin Integrated Plan, Endangered Species Act (ESA), State Salmon Recovery Programs and climate change.

A water rate study will be conducted for years 2024 - 2028 in 2023. In accordance with the water rate study, water rates will then be adjusted each year, 2024 - 2028.

ACCOMPLISHMENTS

Investment in Infrastructure

- Treated and delivered 3,720,000,000 gallons of water to over 70,000 customers.
- Reduce unaccounted for water by reducing leaks in one of the reservoirs.
- Refurbishment of First Level Reservoir
- Replaced 15 failing fire hydrants.
- Installed 119 new water and fire services.
- Improvements to the Water Treatment Plant Intake to help direct the river towards the intake.
- Replaced the chlorine generator cell casing at the Water Treatment plant.
- Rebuilt control valves at Kiwanis Well.

GOALS

Investment in Infrastructure

- Refurbishment of First Level Reservoir
- Replace water mains in N. 1st Street.
- Install water mains with Fruitvale and 34th Ave Roundabout
- Perform water system leak detection to reduce unaccounted for water.
- Meet performance criteria for treating water and meet Treatment Optimization Performance goals.
- Design water mains in undeserved low-income areas of the city.
- Begin planning process for replacing aging infrastructure.

Function(s): 764, 765, 771, 772 and Debt Service: 846, 847, 848, 850, 865 & 866.

Water Distribution - 764

The proposed expenditures in this function are for new water services and the maintenance and operation of the potable water distribution system. Expenditures include engineering associated with consulting for permits and easements, mandatory commercial driver licenses, physicals for commercial driver licenses, state certifications renewal, and state B & O taxes.

Potable Water Administration - 772

These expenditures fund the administration of the operation of the potable water system. This line item includes the defense of the City's water rights for water right transfers and the assistance in the development of legislation critical to the needs of the City, a share of maintenance of the Public Works facility, the 20% In Lieu Tax and a transfer to the Capital Fund (477).

Revenue

Revenue for this fund comes from the following sources:

- Sale of Materials - Meters and meter sets, water main taps and materials sold to other divisions and developers.
- Water from Hydrants - Water sold through hydrant meters.
- Water Operating Revenue - Water sold through water meters.
- Personnel Services - Labor income for installing meters, taps and hydrants.
- Interest - Investment and contract interest earned.
- New Services - New water services sold.
- Domestic Connection Charges - Connection fees.
- Base Irrigation Charges - Connection fees when using domestic water for irrigation.
- Distribution Connection Charges - Connection fees for connecting to the distribution system.

WATER CAPITAL - 477

Director of Public Works
Water/Irrigation Manager

Scott Schafer
Dave Brown

DEFINITION

This fund accounts for all the capital projects related to drinking water resources including surface water, groundwater, water treatment at the Naches River Water Treatment Plant and the wells, water transmission, water distribution, water booster pumping stations, water storage at the reservoirs, fire suppression systems and control systems.

The Capital Outlay budget represents some of the Capital Improvement Program (CIP) adopted in the 2017 Water System Plan, some projects may need to be delayed pending rate adjustments. See the [Capital Budget](#) section for further information.

Function(s): 773.

IRRIGATION OPERATING - 475

Director of Public Works
Water/Irrigation Manager

Scott Schafer
Dave Brown

DEFINITION

Irrigation is responsible for the operation and maintenance of the city-owned irrigation utility. The irrigation system includes 66 individual delivery systems. The system is supplied with water through the Nelson Dam diversion, Naches Cowiche Canal Association, Yakima Valley Canal, and Yakima Tieton Irrigation District.

System Operation and Maintenance (O & M) program includes maintenance, cleaning, and repair of valves, transmission and distribution lines (cast iron, ductile iron, PVC, asbestos cement, cement and others), water boxes, fish and debris screens, pumps, and reservoirs.

The irrigation utility is an enterprise fund and, as such, generates revenues through rates sufficient to sustain the utility. In 2019, Council approved a four-year rate increase of 3% per year in Irrigation Operations & Maintenance in order to keep up with increasing inflation. An increase 3% per year in Irrigation Operations & Maintenance and a 4.5% per year Irrigation Capital is anticipated for years 2023-2026.

ACCOMPLISHMENTS**Investment in Infrastructure**

- Began construction of Nelson Dam Removal: Water Supply, Riverine Process and Fish Passage Improvements.
- Design a cured in place pipe refurbishment
- Replaced 150 feet of irrigation mains.
- Replaced 240 irrigation services.

GOALS**Investment in Infrastructure**

- Complete Nelson Dam Removal: Water Supply, Riverine Process and Fish Passage Improvements through an Interlocal agreement with Yakima County Flood Control Zone District. This project began construction in July 2021 and should be complete in April 2023.
- Continue replacing failing irrigation mains.
- Replace irrigation services as necessary.
- Continue with accurate location of irrigation facilities.

Function(s): 782.

EXPLANATORY NARRATIVE

Operations & Maintenance - 782

This function is used for the operation and maintenance of the irrigation intakes, reservoirs, pump stations and distribution system. The main expenditures in this function are irrigation assessments and the customer service charge paid to General Fund to fund irrigation's share of the utility billing process.

¹ Irrigation funds 1.25 FTE's in Water (474) and .03 FTE's in Public Works.

Revenue

Revenue for the Irrigation fund includes:

- Fruitvale Canal Billings - Payment for water delivered from the Fruitvale Canal.
- Irrigation Fees and Charges - Income from customers based on total square footage.
- Interest - Investment and contract interest earned.

IRRIGATION CAPITAL - 479

Director of Public Works
Water/Irrigation Manager

Scott Schafer
Dave Brown

DEFINITION

The Irrigation Capital Fund accounts for all the capital project expenditures related to irrigation water supply, distribution and transmission, storage, pumping stations and control systems. Projects in this fund include the replacement of Nelson Dam and the consolidation of the Fruitvale, General, Naches Cowiche Canal and Old Union diversions. Completion is expected in April of 2023 for Phase 1 and two or more years for Phase 2.

In 2019, Council approved a four-year rate increase of 4.5% per year in the Irrigation Capital Fund to allow more projects associated with Nelson Dam and other needed delivery system improvements to be adequately funded. An increase of 4.5% per year Irrigation Capital is anticipated for 2023-2026.

Function(s): 783 & 837

General Information

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City conform to generally accepted accounting principles as they apply to governmental units. The following is a summary of the more significant policies.

Fund Accounting

The accounts of the City are organized on the basis of funds, each of which is a separate fiscal and accounting entity, with a self-balancing set of accounts, each segregated for specific purposes. The General Fund accounts for all financial resources of the City except those required to be accounted for in a separate fund. The City uses governmental, proprietary and fiduciary funds. The City's resources are allocated to and accounted for in individual funds depending on what they are to be spent for and how they are controlled.

Basis of Accounting

The annual appropriated budgets are adopted on the modified accrual basis of accounting, which is also used for the audited financial statements.

- Purchases of capital assets are considered expenditures.
- Redemption of long-term debt is considered an expenditure when due.
- Revenues are recognized only when they become both measurable and available to finance expenditures of the current period. Revenues that are measurable but not available are recorded as receivable and offset as a deferred inflow of resources.
- Inventories and pre-paid items are reported as expenditures when purchased.
- Interest on long-term debt is not accrued but is recorded as an expenditure when due.
- Accumulated unpaid vacation and sick pay are considered expenditures when paid.

For governmental fund types, there are no differences between the budgetary basis and generally accepted accounting principles. Proprietary, non-expendable and pension trust funds require full accrual reporting for financial statement purposes. Budgetary accounts are integrated in fund ledgers for all budgeted funds. Budgets for debt service and capital projects are adopted at the level of the individual debt issue or projects and for fiscal periods that correspond to the lines of debt issues or projects.

Reporting and Course Correction

Staff provides official financial reports to city council quarterly, and budget amendments are submitted on a quarterly basis, as needed, for approval. Department Directors have latitude with budget transfers between lines within their program departments and the City Manager has latitude with transfers between departments and the same fund. The City provides for an annual audit, striving for an unqualified audit opinion, and prepares an Annual Comprehensive Financial Report (ACFR) for the auditors.

Balanced Budget

The City maintains a balanced budget for each fiscal year. "Balanced," means that resources, defined as unencumbered beginning fund balance, plus total estimated revenues, will exceed expenditures within each fund. Operating revenues must fully cover operating expenditures, including debt service and operating transfers, unless Council authorizes a planned use of available accumulated fund balance. Building up fund balance to avoid debt issuance is an encouraged strategy to build up and planned spend-down of fund balances.

Non-recurring (one-time) Revenues

Non-recurring revenues are not to be used to fund on-going expenditures.

General Revenue Management

The City seeks to maintain a diversified and stable revenue base to assist in its protection from short-term fluctuations in any one revenue source. To emphasize and facilitate long-range financial planning, the City maintains a five-year financial horizon, for the General Fund at a minimum.

Debt Management

Debt maturity is expected be no longer than the useful life of the underlying asset, and debt issuance to be used only for capital assets and not operations.

Cash Management and Investments

The City Council has approved a comprehensive Investment Policy that governs cash and investments, and which conforms to state statutes, municipal codes, city charter and best practices. Principal invested is protected from loss while maintaining adequate cash liquidity and maximizing yield. The [investment policy](#), which received the Washington Public Treasurers Association's Certificate of Excellence, in February 2019, is posted on the city's website, and should be referred to for specific details.

Fund Balance

By City policy, and consistent with accepted best practices in accounting, the General Fund Reserve target is two months of operating costs (which is equal to 16.7% of expenses less transfers), however, the city is currently working towards reaching a goal of 25% within the next several years. In comparison, Enterprise Funds have a current reserve target of 25% of total annual operating expenditures. A restoration plan becomes part of the annual budgeting process when these levels fall below target.

Appropriation

Annual appropriated budgets are adopted at the fund level. Subsidiary revenue and expenditure ledgers are used to compare the budgeted amounts with actual revenues and expenditures. As a management control device, the subsidiary ledgers monitor expenditures for individual functions and activities by object class. Appropriations for general and special revenue funds lapse at year-end.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration. Encumbrances are reported in the financial statement as reservations of fund balances since they do not constitute expenditures or liabilities. The City re-appropriates the outstanding encumbrances in the subsequent year.

More information regarding financial policies can be found on the [City of Yakima Finance](#) website.

FUND OVERVIEW

The city's budget is organized by funds. A fund is an accounting grouping that matches restricted revenues and related expenses together with related assets and liabilities, often in compliance with legal requirements. The reference table below identifies City fund groups by type and category. The audited financial statements incorporate the same funds as reflected in the budget. Current projections show the 2023 major fund (10% of the revenues or expenditures of the appropriated budget) includes only the General Fund and the 2024 major funds include the General Fund and the Wastewater Operating Fund, all other funds are considered nonmajor. There were two major changes in 2022: 1) Fund 142, Arterial Street Capital, was inactivated, as it was determined that these expenditures could no longer be included in a special revenue fund. Consequently, a capital project fund - Fund 346, Street Overlay & Construction, was created. 2) Fund 344, Streets Capital, was redesignated as the Transportation Benefit District fund, which is restricted for the purpose of preserving maintaining, operating, construction or reconstructing the transportation infrastructure.

- **The Accounting Fund type:** This category is defined by Generally Accepted Accounting Principles (GAAP), and is how funds are combined for financial statement reporting in the Annual Comprehensive Financial Report (ACFR). The State Budgeting, Accounting, and Reporting System (BARS) prescribes the first digit in the fund number based on type for all cities in the state.
- **Operational Department:** This category represents where funds are in the City's management structure - i.e. who is responsible for them. This budget document is set up by operational department.
- **City Grouping:** This category is used to analyze budget performance based on the general purpose of the Fund - i.e. operations, capital, debt service, etc. The citywide budget summaries are grouped in this way, as well as the quarterly budget reports, as these funds perform in a similar manner. For example, most operating funds receive revenue and expend funds ratably throughout the year, while capital funds are project specific. See Budget by Functional Grouping in the [Budget Transmittal](#) section for more information.

Details of the 2020 - 2024 budget changes can be found in the individual department sections.

GLOSSARY

Accounting System - The total structure of records and procedures designed to discover, record, classify, summarize, and report information on the financial position and results of operations of a government or any of its funds or organizational components.

Accrual Basis - The basis of accounting under which transactions are recognized when they occur, regardless of the timing of related cash receipts and disbursements.

Ad Valorem Taxes - A tax levied on the assessed value of real property.

Adopted Budget - The financial plan presented by staff, reviewed by the public with opportunity for comment, and approved by the city council giving legal spending authority for the fiscal year.

Annual Comprehensive Financial Report (ACFR) - The annual report that contains the annual audited financial statements, information regarding all general purpose financial statements for revenue and expenditures, selected financial and demographic information, and related annual statistical information.

Appropriation - A legal authorization granted by the city council to make expenditures and to incur obligations for providing or acquiring goods and services.

Appropriation Ordinance - An official enactment by the legislative body establishing the legal authority for officials to obligate and expend resources.

Assessed Valuation - A valuation set upon real estate or other property by the County Assessor as a basis for levying taxes.

Audit - An examination to determine the accuracy and validity of records and reports or the conformity of procedures with established policies. Key points of an audit are to:

- Ascertain whether financial statements fairly present financial position and results of operations
- Test whether transactions have been legally performed
- Identify areas for possible improvements in accounting practices and procedures
- Ascertain whether transactions have been recorded accurately and consistently
- Ascertain the stewardship of officials responsible for governmental resources
- Evaluate the effectiveness of controls over public resources

Balance Sheet - The basic financial statement which discloses the assets, liabilities, deferred inflows/outflows and fund balance in conformity with GAAP.

Balanced Budget - A financial plan that provides for sufficient income, plus on-hand reserves, to meet estimated expenses for each year.

BARS Manual - The Washington State Auditor's Office (SAO) prescribes the financial accounting and reporting of local governments in the State. This is accomplished by the utilization of a standardized chart of accounts and financial reporting requirements as set forth in the Budgeting, Accounting, and Reporting System (BARS) manuals.

Bond - A debt instrument generally used related to the City being the issuer of the debt. A written promise to pay a specified sum of money, called the face value or principal amount, at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate.

Basic/Sub Codes (BASUB) - A required element of the account number as set forth in the BARS manual.

- **Revenue** - The portion of the account number which identifies the source (origin or originating category) from which revenues are obtained. Major categories are: Taxes; Licenses and Permits; Intergovernmental Revenue; Charges for Goods and Services; Fines and Forfeits; Miscellaneous Revenues; Non revenues; and Other Financing Sources.
- **Expenditure/Expense** - The numbers assigned to identify different categories of operations from which expenditures/expenses are incurred. Major categories are General Government Services, Security of Persons and Property, Physical Environment, Transportation, Economic Environment, Mental and Physical Health, Culture and Recreation, Debt Service, Capitalized Expenditures and Other Financing Uses.

Budget - A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a set period of time. The term is also sometimes used to denote the officially approved expenditure ceilings under which a government and its departments operate.

Budget Amendment - Legal means by which an adopted estimated revenue or expenditure is increased or decreased, presented by staff, reviewed by the public with opportunity for comment, and approved by the city council modifying the legal spending authority for the fiscal year

Capital Assets - A capital asset has a useful life of more than one year and a unit cost is \$5,000 or more. Land, improvements to land, easements, buildings, building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period. Capital assets may also be called fixed assets.

Capital Budget - The current-year portion of a long-range plan of proposed capital expenditures and the means of financing them. The capital budget may be enacted as part of the complete annual budget which includes both operating and capital outlays.

Capital Expenditure - funds used to acquire, upgrade, and maintain physical assets such as property, plants, buildings, technology, or equipment.

Capital Facilities Plan / Capital Improvement Plan - A plan for capital expenditures to be incurred each year over a fixed period, identifying the expected beginning and ending date for each project, the amount to be expended in each year, and the method of financing those expenditures.

Capital Projects - Projects which purchase or construct capital assets. Typically a capital project encompasses a purchase of land and/or the construction or improvement of a building, facility, or utility plant, and often crosses budget years.

Capital Project Funds - Funds used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities and other capital assets. Excludes those financed by proprietary funds.

Cash Basis - A basis of accounting under which transactions are recognized in the period when cash is received or disbursed.

Cash Flow Budget (Cash Budget) - A projection of the cash receipts and disbursements anticipated during a given time period.

Debt Service - Payment of interest and repayment of principal to holders of a government's debt instruments.

Debt Service Funds - Used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Deferred Inflow of Resources - An acquisition of net assets by the government that is applicable to a future reporting period.

- Accumulated increase in fair value of hedging derivatives.
- Deferred service concession arrangement receipts.
- Grants received in advance.
- Deferred gain on refunding.
- Sale of future revenues.
- Special assessments.
- Deferred inflows related to pensions.
- Property taxes received and receivable for next year's property tax levy (or any other imposed non-exchange transactions).
- Assets recorded in governmental funds before the revenue is available (e.g., courts receivables, etc.).

Deferred Outflow of Resources - A consumption of net assets by the government that is applicable to a future reporting period.

Deficit - (1) The excess of the liabilities of a fund over its assets. (2) The excess of expenditures over revenues.

Department - Operating components of the City of Yakima, each with an authorized Director, as defined by the City Charter are: City Administration, Legal, Human Resources, Municipal Court, Finance, Community Development, Police, Fire, Airport, Utilities & Engineering, and Public Works.

Division - A unit designation representing a category of activity within an operational department, usually with a separate manager reporting to a Department Director.

Enterprise Funds - Proprietary fund type used to report an activity for which a fee is charged to an external user for goods or services.

Expenditures - Decreases in net current assets. Expenditures include debt service, capital outlays, and those current operating costs, which require the use of current assets. Expenditures are categorized within the City by the type of activity, such as Salaries or Supplies.

Fiscal Year - The 12-month period designated as the operating year of an entity. The City of Yakima's fiscal year is the 12-month period beginning January 1st and ending December 31st.

Fund - A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Fund Balance - The difference between assets, liabilities and deferred inflows reported in a governmental fund.

General Fund - Fund used to account for and report all financial resources not accounted for and reported in another fund.

General Government - This designation refers to General, Parks and Recreation, and Street Funds. These funds are supported in part by property tax, sales tax and utility tax.

General Long-Term Debt - Debt with a maturity of more than one year after the date of issuance. Long-term debt is to be repaid from governmental funds. This includes special assessment debt for which the government is obligated in some manner.

General Obligation Bonds - Bonds for the payment of which the full faith and credit of the issuing government are pledged, these bonds are then called general obligation (GO) bonds. Unlimited Tax General Obligation bonds (UTGO) are voted by the people and property taxes are irrevocably pledged to service the debt. Limited Tax General Obligation Bonds (LTGO) are authorized by Council action only. Typically, specific taxes are pledged for debt service, with any shortfall being made up by property taxes.

Generally Accepted Accounting Principles (GAAP) - Uniform minimum standards and guidelines for financial accounting and reporting which govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practice at a particular time and include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP to state and local governments is the Governmental Accounting Standards Board (GASB).

Grant - External contributions or gifts of cash or other assets to be used or expended for a specified purpose, activity, or facility. Typically, these contributions are made to local governments from the state and federal governments. Grants are usually made for specified purposes.

In Lieu of Tax - A tax levied by the City on a City-owned operation (i.e., water, sewer and refuse utility tax) that would otherwise be received from an outside entity providing similar service.

Interfund Charges - The sales and charges for services by one department or fund to another department or fund of the same government.

Intergovernmental Service - Expenditures made to other governmental entities for services rendered. Intergovernmental services are limited to those functions normally provided by governments and not by private business.

Internal Control - A plan of organization and methods and procedures adopted by management to ensure that resource use is consistent with laws, regulations and policies; that resources are safeguarded against waste, loss and misuse; and that reliable data are obtained, maintained and fairly disclosed and reported.

Internal Service Fund - A fund used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments.

Liability - Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed, or refunded at some future date. This term does not include encumbrances.

Long-Term Debt - Debt with a maturity of more than one year after the date of issuance.

Modified Accrual Basis - Basis of accounting according to which (a) revenues are recognized in the accounting period of which they become available and measurable, and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for interest that has not matured on general long-term debt and certain similar accrued obligations, which should be recognized when due.

Non-Expendable Trust Funds - Non-expendable trust funds earn revenue on behalf of the parties for which the trust was established, but the principal of the trust must remain intact.

Operating Transfers - A transfer (payment) between funds which purpose is to support the normal level of operations in the recipient fund.

Pension Trust Funds - Pension trust funds are used to account for the operations of trust established for employee retirement benefits.

Performance Indicators - Specific quantitative measures of work performed within an activity or program (e.g., total miles of streets cleaned). Also, a specific quantitative measure of results obtained through a program or activity (e.g., reduced incidence of vandalism due to new street lighting program).

Program - Group activities, operations or organizational units directed to attaining specific purposes or objectives.

Program Revenue - Revenues reported in the government-wide statement of activities that derive directly from the program itself or from parties outside the reporting government's taxpayers or citizenry, as a whole; they reduce the net cost of the function to be financed from the government's general revenues. If related to a grant, these revenues may be considered match and/or directly applies to grant expenditures.

Proprietary Funds - Funds that focus on the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. There are two different types of proprietary funds: enterprise funds and internal service funds. Enterprise funds provide goods or services to the general public for a fee. Internal service funds account for goods and services provided by one department or agency to another department or agency of the governmental unit (or to other governmental units) on a cost-reimbursement basis.

Reserve - A portion of fund equity reserved for some future use and thus, not available for appropriation or expenditure. Also used synonymously with Fund Balance.

Resources - The sum of available beginning fund balance plus forecasted revenues.

Revenue - Revenue is an increase in assets or decrease in liabilities caused by the provision of services or products to customers. Under the accrual basis of accounting, revenue is usually recognized when goods are shipped or services delivered to the customer.

Revenue Bonds - Bonds whose principal and interest are payable exclusively from earnings of an enterprise fund.

Special Revenue Funds - Funds used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects.

OBJECT CODE GUIDE

Account 100 Salaries and Wages.

Account 110 Salaries & Wages - Regular salaries and wages paid to employees.

Account 120 Overtime - Overtime is primarily due to required operational needs which vary by department.

Account 130 Special Pay - This account is used to compensate for service required that is outside of regular job descriptions and/or hours. Items included in this category include: bilingual pay, shift differential, special assignments, uniforms, and bargaining agreements.

Account 140 Retirement/Termination Cashout - This account is used to cover cashouts of accrued leave balances, either due to separation from service, or the exercise of applicable sell-back options.

Account 200 Personnel Benefits

Includes employer provided benefits, including mandatory employment insurance (industrial, life, unemployment, workers compensation), health care (medical and dental insurance), uniforms and retirement.

Account 300 Supplies for Consumption & Resale

Account 310 Office and Operating Supplies - Articles purchased directly and consumed by operating departments (i.e. office supplies, chemicals, cleaning supplies, etc.)

Account 320 Fuel Consumed - Includes fuel usage by City vehicles (Police, Fire, Public Works, etc.)

Account 340 Items Purchased for Resale - This account pays for items purchased for resale where a regular inventory is not kept. Examples include water meters and concession supplies.

Account 350 Small Tools and Equipment - Tools and equipment purchases that do not meet the Capital Asset threshold of \$5,000.

Account 400 Services & Pass-Through Payments

Account 410 Professional Services - Services needed which may be provided by a governmental agency or by private business organizations (i.e. legal, management consulting, custodial cleaning, etc.)

Account 420 Communications - This account provides for wireless communication costs, telephone services and postage.

Account 430 Transportation/Training - This account includes travel expenses for participation in conferences, meetings and training as required for City staff.

Account 440 Taxes and Operating Assessments - This account provides funds for payments to other governments or funds based on levies against property or income. The largest components are state business and occupation taxes and in lieu taxes paid by the City-owned utilities to General Fund.

Account 450 Operating Rentals and Leases - This account is used to pay rental and lease expenses for machinery, equipment and buildings.

Account 460 Insurance - This line item pays for purchased insurance premiums, including property, liability and stop-loss.

Account 470 Public Utility Services - This account is used to pay utility costs associated with the operation of facilities including power, natural gas, water, wastewater, stormwater and refuse.

Account 480 Repairs and Maintenance - Contracted (external) labor and supplies furnished by contractors to maintain fixed assets (i.e. buildings, improvements, structures, equipment, etc.)

Account 490 Miscellaneous - Contractual services not otherwise classified (i.e. dues, subscriptions, registrations, etc.)

Account 600 Capital Outlays

Account 610 Land and Land Improvements - Expenditures to acquire land, including easements and rights-of-way.

Account 620 Buildings and Structures - Expenditures which result from the acquisition, construction and improvements of buildings/structures.

Account 630 Improvements Other Than Buildings - Expenditures on construction/improvements of roadways, sidewalks, streets and storm drains.

Account 640 Machinery and Equipment - Expenditures on computer software/hardware, heavy duty equipment and transportation. Excludes small tools and minor equipment.

Account 650 Construction Projects - Project costs that helps maintain or improve a City asset, or infrastructure, such as a new construction, expansion, renovation, or replacement project for an existing facility or facilities.

Account 700 Debt Service Principal

Debt service principal payments for capital leases or installment purchases and debt service principal payments for intergovernmental loans.

Account 800 Debt Service Interest

Debt service interest payments for bonds, intergovernmental loans, leases, etc.

Prior Year Adjustment

Correction to a company's prior year financial statement.

Transfers In

Includes transfers from other departments for capital purposes, interfund loans, vehicle replacement, etc.

Transfers Out

Includes transfers to other departments for capital purposes, interfund loans, vehicle replacement, etc.

2022 GENERAL INFORMATION

Statistics

Date of Incorporation	1886
Form of Government	Council-Manager
Type of Government	Charter City
Location	Central Washington
Land Area	28.27 square miles
Rank in Size - State	11
Rank in Size - County	1
Population	98,200
Assessed Valuation	\$8,788,218,938
City Employees (Full-time Equivalents)	782.93
