DEPARTMENT OF FINANCE & BUDGET  
129 North Second Street  
Yakima, WA 98901

September 22, 2017

Honorable Mayor and Members of the City Council  
City of Yakima, Washington

We are pleased to submit to you this Comprehensive Annual Financial Report of the City of Yakima for the fiscal year ended December 31, 2016, as required by State Statute RCW 43.09.230. Responsibility for both the accuracy of the presented data and the completeness and fairness of its presentation, including all disclosures, rests with the management of the City of Yakima. We believe the data, as presented, is accurate in all material respects; that it is presented in conformity with GAAP (Generally Accepted Accounting Principles) and with statements issued by GASB (Governmental Accounting Standards Board). GAAP and GASB regulations are established in an effort to fairly set forth the financial position and results of operations of the City as measured by the financial activity of its various funds; and that all required disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included.

#### **THE REPORTING ENTITY**

This report includes all funds, agencies, and boards controlled by or dependent on the City of Yakima. Yakima County; Yakima Valley Regional Library; the Yakima, West Valley and Union Gap School Districts; Yakima Health District; Yakima Conference of Governments; and the Yakima Housing Authority have separate governmental or other entity characteristics and have substantial autonomy and consequently do not meet the GASB criteria that would determine them to be a component unit of the City. The Yakima Regional Public Facilities District is a separate governmental agency created by interlocal agreements with the Cities of Yakima, Union Gap, and Selah for the purpose of supporting the capital needs of the City owned Convention Center and Capitol Theatre. Because most of the PFD revenue is dedicated to debt service and capital maintenance of City owned facilities, the PFD is a blended component unit, and is accounted for as a special revenue fund.

#### **ABOUT THE CITY**

The City of Yakima, county seat of Yakima County, was incorporated in 1886 and is located in central Washington State. It encompasses 28.17 square miles in an area of rich volcanic soil. The City is 145 miles southeast of Seattle, 200 miles southwest of Spokane, and 180 miles northeast of Vancouver, Washington. The region is served by rail, highway and air transportation facilities, which have helped develop the City as the commercial and business center of Central Washington. With an estimated 2016 population of 93,410, Yakima is the tenth largest city in the State of Washington.

The City of Yakima operates as a first class charter city under the Council/Manager form of government. Council members consist of 7 members elected from separate districts. The Council chooses the Mayor from within its own membership every two years.

The City provides a full range of municipal services, which include public safety (police, fire, and building), public improvements (streets, traffic signals), sanitation (solid waste disposal, sanitary wastewater utility), water and irrigation utilities, transit, community development, parks and recreation, and general administrative services.

The City of Yakima lies within Yakima County in the fertile Yakima River Valley. Apples, cherries, pears, grapes and other fruits, plus a wide variety of field crops including hops and vegetables, make the Yakima Valley one of the top agricultural producing areas of the nation. There are over 400,000 acres of agriculturally zoned land within the County which produce over thirty types of fruits and vegetables. Irrigation in the valley is made possible from water from the U.S. Bureau of Reclamation's Yakima Project.

Adding to the area's economy are over 250 manufacturing firms in the Yakima area that produce a variety of products and services, including numerous food processing companies, a major plastic packaging producer and aircraft parts.

### **Transportation**

The air, highway and rail systems in the Yakima Valley provide critical, high quality services to our agricultural, industrial, commercial and tourism based businesses. Commercial airline service is provided by Alaska Airlines through the Yakima Air Terminal. Greyhound Bus has regular passenger service schedules to and from Yakima, and Burlington Northern Santa Fe (BNSF) supplies railroad services.

### **Hospitals**

There are two major hospitals in the Yakima area. Virginia Mason Memorial Hospital inpatient services include, but are not limited to, Cardiology, Critical Care, Orthopedics, the Family Birthplace, Pediatrics Unit, Neonatal Intensive Care, Surgery, Psychiatric Health Care, Respiratory Therapy, as well as a Laboratory and a Pharmacy. Yakima Regional Medical and Cardiac Center provides a full complement of medical services, including open heart surgery, a 17-bed CARF accredited inpatient rehabilitation unit, a newly renovated and expanded 21-bed emergency department, a level III trauma designation and on campus MRI.

### **Cancer Care Clinic**

The North Star Lodge is a 36,000 square foot outpatient Cancer Center built in 2000, and is the centerpiece of Memorial's cancer care services. The innovative and comprehensive cancer care offered at North Star Lodge allows Central Washington cancer patients the same innovative treatments available at major cancer centers throughout the country.

### **Museum**

The 69,500 square foot Yakima Valley Museum's historical exhibits about the Yakima Valley include natural history, American Indian culture, pioneer life, early city life, and information regarding the Yakima Valley's agriculture history.

### **Economic Development**

The nonprofit Yakima County Development Association (New Vision), originally funded with \$1,000,000 in donations from local business and industry, has made tangible progress over the years in business expansion, industrial recruitment, development of new business ventures and infrastructure development with broad public and private sector involvement. These businesses have created over 600 new jobs and are expected to add more jobs in 2017 in Yakima County.

### **Higher Education**

There are several higher education institutions serving the Yakima area. Yakima Valley College (YVC) in Yakima and Grandview is a two-year institution which offers a multitude of academic programs. Heritage University is located a few miles southeast of Yakima, and is an accredited four-year liberal arts college. Perry Technical Institute offers a

nationally recognized vocational / technical program. The Pacific Northwest University of Health Sciences (PNWU) accommodates up to 280 osteopathic physician students.

### **Tourism**

Yakima is a popular location for sports events, conventions and a variety of tourism activities due to its dry climate, approximately 300 days of sunshine annually, and convenient central location in the State. There are 34 parks, for a total of 345.8 acres, located within the City for public use. The City operates two swimming pools - one outdoor and one indoor, along with two water playground areas and two skate parks. In addition, there are two public and one private 18-hole golf courses, three nine-hole courses and 24 public tennis courts. There are also six little league fields and ten softball fields - eight of which have lighting. In addition to the eight soccer fields located in City parks, the J.M. Perry Complex has fields that can be configured into either ten youth or six full size soccer fields. A new soccer complex, being built by SOZO Sports, will include 19 full size soccer fields, plus an indoor multi-sport facility when completed.

Facilities within the area which provide for various conventions, sports and other tourism related activities include:

- The *Yakima Convention Center* has an impressive 41,000 square feet of meeting space available. The fully carpeted, column free, 23,400 square foot Grand Ballroom can be divided into eight separate rooms and the South Ballroom can be divided into six separate rooms, allowing many possible variations to fit specific needs.
- The *Yakima Valley Sun Dome*, a multipurpose trade and convention center with 56,000 square feet of usable space and seating for up to 8,000 people. The *Sun Dome* is utilized for meetings, concerts, trade shows and indoor sporting events, and regularly hosts many statewide, regional and high school sporting events.
- The *Capitol Theatre*, a magnificent and historical theatre originally built in 1920, seats 1,500 and holds over 150 activities and events annually. The theatre includes a Production Center and a 500 seat black box theatre now known as the "4th Street Theatre", as well as an expanded loading/unloading area that will accommodate larger productions, and an additional basement storage area.

Yakima also provides hunting, fishing and biking opportunities, along with numerous recreation opportunities within an hour's drive which include snow skiing, mountain climbing, rafting, hiking, and rock climbing.

The Yakima Valley produces 78% of the hops in the United States and contains 13,215 acres of wine grapes. The hop and wine grape production sustains many local industries by bringing increasing numbers of tourists to the Yakima Valley's outstanding vineyards, wineries and breweries. There are over forty wineries located in the Yakima Valley, and many area wines have received significant recognition and awards. There are also several local breweries that have begun operations in the Yakima area within the last few years.

## **THE "FUTURE"**

### **Economic Improvement**

The City continues to seek out opportunities to create economic growth in our region. A year round Public Market / Business Incubator was identified as a key recommendation of the Downtown Master Plan project undertaken by the City of Yakima in 2013. Public Market / Business Incubators have been effective small business development tools throughout the state. Well known examples include Pike Place Market in Seattle and the Pybus Market in Wenatchee. The City of Yakima has hired BDS Consulting from Seattle to determine the overall feasibility of the project, potential locations, operating structure and potential financing options.

The Downtown Master Plan also identified the need for a downtown gathering place. The City engaged Gustafason Guthrie Nichol (GGN) to design a 120,000 sq. foot plaza in the downtown. The community has pledged to provide  $\frac{3}{4}$  of the total cost to accomplish this project, with a target date of December, 2017 to collect all pledges for funding.

In 2007, Washington State established a Local Infrastructure Financing Tool (LIFT) program, as outlined in RCW 39.102. Yakima's application to the State Community Economic Revitalization Board (CERB) was approved, granting a project award of up to \$1 million in annual taxing authority (both property tax and sales tax) for up to 25 years. The

financing will be used for public infrastructure improvements related to the redevelopment of the former Boise Cascade/Yakima Resources sawmill and plywood plant.

Yakima has participated in a Housing and Urban Development (HUD) Section 108 Loan/Grant Program for businesses located in the target Area. The program is designated to provide financial assistance in the form of a HUD loan to help fund start up or expansion costs for businesses that create a set level of new jobs. The City of Yakima is currently authorized for up to \$7 million in loans.

### **General Government**

The 2016 General Fund budget is balanced within available resources. As the City slowly emerges from the recession, the emphasis is on both the built environment and economic development. Long-term allocation of General Government Resources (General Fund, Parks and Streets) continues to be of primary budgetary focus.

### **Utilities / Enterprise Funds**

In the area of utilities and enterprise operations, planning and improvement costs are driven primarily by unfunded State and Federal mandates and the need to upgrade aging facilities. The cost of these mandates and facility improvements are paid for through customer rates.

### **Legislative Changes**

In recent years voter approved initiatives have primarily had negative effects on governments in Washington State. The City's management staff and policy makers recognize the challenges many of these initiatives will continue to have on our ability to balance future budgets. Additionally, the voters strong desire, as indicated in recent State and local elections, not to raise taxes (i.e. government revenues) significantly adds to the difficult challenges of balancing our budget within available resources while maintaining existing critical and core services to our community. Staff and City Council will continue to work closely with our state and federal legislative representatives to inform them of, and to promote, legislative changes necessary to help maintain the safety and security of our citizens and reduce the fiscal pressures on local government.

### **FORMAT OF REPORT**

This report has been prepared in conformance with Generally Accepted Accounting Principles. It presents financial data at a city-wide level and incorporates increasing levels of detail as necessary to report the financial position and operating results of the City's individual funds, to demonstrate compliance with finance-related legal and contractual requirements and to assure adequate disclosure at both the individual fund level and on a City-wide basis.

This report is divided into three sections:

- *The Introductory Section* - provides general information on the City's structure and personnel as well as information useful in assessing the City's financial condition.
- *The Financial Section* - contains the basic financial statements and required supplementary information (including management's discussion and analysis), as well as the independent auditor's report. The financial section also provides information on each individual fund for which data is not reported separately in the basic financial statements.
- *The Statistical Section* - provides a broad range of trend data covering key financial indicators from the past ten fiscal years. It also contains demographic and miscellaneous data that may be useful in assessing the City's financial condition.

### **ACKNOWLEDGEMENTS**

#### **Independent Audit**

Washington State Statute RCW 43.09.260 requires that an audit of the books of account, financial records, and transactions of all administrative departments of the City be conducted at least once every three years by the State Auditor's Office. However, it is the practice of the State Auditor to conduct audits of cities the size of Yakima on an annual basis. Enclosed is a copy of the State Auditors' opinion related to their audit of the enclosed financial

statements. The City of Yakima has received an unqualified opinion on the financial statements (refer to the Auditor's opinion in the front of the Financial Section).

**SUMMARY**

Preparation of this report could not have been accomplished without the professional and dedicated services of the Finance and Information Technology Services staff. The assistance of the Examiners from the Office of the State Auditor is also gratefully acknowledged.

Further, appreciation is extended to the City Council for their encouragement, interest and support in conducting the financial operations of the City in a sound and progressive manner.

Respectfully submitted,

Cliff Moore  
City Manager

Tara Lewis  
Interim Director of Finance & Budget

## Office of the Washington State Auditor Pat McCarthy

### INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

September 22, 2017

Council  
City of Yakima  
Yakima, Washington

#### REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Yakima, Yakima County, Washington, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation

Insurance Building, P.O. Box 40021 • Olympia, Washington 98504-0021 • (360) 902-0370 •  
Pat.McCarthy@sao.wa.gov

and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Yakima, Yakima County, Washington, as of December 31, 2016, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the General Fund and Neighborhood Development funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 16, pension plan information on pages 86 through 87, and information on postemployment benefits other than pensions on pages 88 through 91 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary and Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying information listed as combining financial statements and supplementary information on pages 93 through 136 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. This information has been subjected to auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The information identified in the table of contents as the Introductory and Statistical Sections is presented for purposes of additional analysis and is not a required part of the basic financial statements of the City. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

#### **OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS**

In accordance with Government Auditing Standards, we will also issue our report dated September 22, 2017, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report will be issued under separate cover in the City's Single Audit Report. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

Sincerely,

A handwritten signature in cursive script that reads "Pat McCarthy".

Pat McCarthy  
State Auditor  
Olympia, WA

## ***MANAGEMENT'S DISCUSSION AND ANALYSIS***

The City of Yakima's discussion and analysis offers readers of the City's financial statements a narrative overview and analysis of the City's financial activities for the fiscal year ended December 31, 2016. Readers are encouraged to consider the information presented here in conjunction with additional information that has been furnished in the letter of transmittal and in the financial statements and notes to the financial statements (which immediately follow this discussion).

### **FINANCIAL HIGHLIGHTS**

- The total assets and deferred outflows of the City of Yakima exceeded its liabilities and deferred inflows at December 31, 2016, by \$318.8 million. Net position invested in capital (net of depreciation and related debt) account for 91.0% of this amount, with a value of \$290.0 million.
- The City's total net position increased by \$14.5 million to \$318.8 million from \$304.3 million due primarily to grant funded capital improvements at the City's Air Terminal of \$8.5 million. Tax revenues increased by \$2.6 million and charges for services increased by \$2.7 million. Another \$1.0 million was added by direct adjustment to beginning net position due to a change in reporting required by Statement 73 issued by the Governmental Accounting Standard Board (GASB). The City's Fireman's Pension Fund was formerly treated as a Fiduciary Fund and is now combined into General Fund for reporting purposes. This change was required because although the City's municipal code requires that funds be set aside to meet the obligations of the plan, it does not employ a legal trust to control the assets of the fund. The fund is still accounted for separately for budgeting and accounting purposes. Please see the notes to the financial statements for further discussion of this change in accounting principle.
- The fund balances of governmental funds increased by just over \$2.0 million. The increase is primarily unassigned fund balance which indicates an improvement in the overall cash position of the City. Recovery from the economic recession and subsequent drought of 2015 combined with careful fiscal management contributed to the improved financial health of the City in 2016.
- The Unassigned fund balance of the General Fund was \$7.1 million dollars at the end of 2016, which represents 12.1% of total General Fund expenditures. In 2015 the unassigned ending fund balance was \$6.9 million and 10.1% of expenditures. This increase in unassigned general fund balance relative to total general fund expenditures is another indicator of an improvement in the City's financial position

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City of Yakima's basic financial statements. The basic financial statements are comprised of three components: 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to the financial statements.

#### **Government-Wide Financial Statements**

There are two government-wide financial statements, the statement of net position and the statement of activities, which are designed to provide readers with a broad overview of the City of Yakima's finances in a manner similar to a private sector business. Both of the government-wide financial statements distinguish functions of the City of Yakima that are principally supported by taxes and intergovernmental revenues (referred to as "governmental activities") from functions that are intended to recover all or a significant portion of their costs through user fees and charges (referred to as "business-type activities"). The governmental activities of the City of Yakima include a full range of local governmental services provided to the public, such as public safety (police, municipal court, fire, and building codes); public improvements (streets, traffic signals); parks and recreation; community development; and general

administrative services. The business-type activities of the City of Yakima include sanitation (solid waste disposal, wastewater treatment, and stormwater management); potable and irrigation water systems; transit; and airport.

The Statement of Net Position presents information on all of the City of Yakima's assets and deferred outflows, liabilities and deferred inflows, with the difference between the two groupings reported as net position. This statement serves a purpose similar to that of the balance sheet of a private sector business. Over time, increases or decreases in net position may serve as a useful indicator of changes in the City's financial position. However, this is just one indicator of financial health of the City. Other indicators include the condition of the City's infrastructure systems (roads, drainage systems, bridges, etc.), changes in property tax base, and general economic conditions within the City.

The Statement of Activities (Changes in Net Position) presents information showing how the government's net position changed during the year. Because it separates program revenue (revenue generated by specific programs through charges for services, grants, and contributions) from general revenue (revenue provided by taxes and other sources not tied to a particular program), it shows to what extent each program has to rely on taxes for funding. All changes in net position are reported using the accrual basis of accounting which requires that revenue be reported when earned and expenses be reported when the goods and services are received, regardless of the timing of the cash flow. Items such as uncollected taxes, unpaid vendor invoices for items received in 2016, and earned but unused vacation leave will be included in the statement of activities as revenue and expense, even though the cash associated with these items may not be received or distributed in 2016.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Yakima, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Yakima can be divided into three categories: Governmental Funds, Proprietary Funds, and Fiduciary Funds. Governmental Funds are used to account for most, if not all, of a government's tax supported activities. Proprietary Funds are used to account for a government's business-type activities, where all or part of the costs of activities are supported by fees and charges that are paid directly by those who benefit from the activities. Fiduciary Funds are used to account for resources that are held by the government as a trustee or agent for parties outside of the government. The resources of fiduciary funds cannot be used to support the government's own programs.

### **Governmental Funds**

The Governmental Fund Balance Sheet and the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances present a separate column of financial data for the General Fund and the Neighborhood Development Fund, which are considered to be major funds, based on criteria established by GASB Statement #34. Data from the remaining governmental funds are combined into a single, aggregated presentation. The governmental fund financial statements can be found immediately following the government-wide financial statements. Individual fund data for each of the nonmajor governmental funds is provided in the form of combining statements, outside of the basic financial statements.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements which use accrual accounting, governmental fund financial statements focus on near-term inflows and outflows of spendable resources and on balances of spendable resources available at the end of the fiscal year. Such information is useful in evaluating a government's near-term financing requirements in comparison to near-term resources available.

Because the focus of governmental fund financial statements is narrower than that of government-wide financial statements, it is useful to compare information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the Governmental Fund Balance Sheet and the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide reconciliation to the governmental activities column in the government-wide statements, in order to facilitate this comparison.

The City maintains budgetary controls over its operating funds. The objective of budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. Budgets for governmental funds are established in accordance with state law and are adopted on a fund level. Capital outlays are approved on an item by item basis or project basis. A budgetary comparison statement is provided for the General Fund and all special revenue funds to demonstrate compliance with the budget.

### **Proprietary Funds**

There are two types of proprietary funds: Enterprise and Internal Service. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its Solid Waste (Refuse); Wastewater; Domestic Water; Irrigation; Stormwater; Transit; and Airport functions. Internal Service Funds (the second type of proprietary funds) accumulate and allocate costs internally among the City's various functions. The revenues and expenses of the internal service funds that are duplicated in other funds through allocations are eliminated in the government-wide statements, with the remaining balances included in the governmental activities column.

Proprietary fund statements follow the governmental fund statements in this report. They provide the same type of information as the government-wide financial statements, only in more detail, since both apply the accrual basis of accounting. In comparing the Proprietary Fund Statement of Net Position to the business-type column on the Government-Wide Statement of Net Position, you will notice that the total net position agree and, therefore, need no reconciliation. In comparing the total assets and total liabilities between the two statements, you will notice slightly different amounts. This is because the "internal balances" line on the government-wide statement combines the "due from other funds" (asset) and the "due to other funds" (liabilities) from the proprietary fund statement in a single line in the asset section of the government-wide statement.

Individual fund data for each of the nonmajor funds is provided in the form of combining statements. The proprietary fund combining statements follow the governmental fund combining statements in this report.

### **Fiduciary Funds**

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. These funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City of Yakima's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The City of Yakima has one fiduciary fund - an agency fund. The basic fiduciary fund financial statements can be found following the proprietary fund financial statements, in the Basic Financial Statements section.

### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements in this report.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

### Statement of Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The City of Yakima's net position totaled \$318.8 million at December 31, 2016. The following table reflects the condensed Government-Wide Statement of Net Position with comparative totals for 2015, as restated for the implementation of the new Fiduciary Fund reporting standard required by the Government Accounting Standards Board (GASB) Statement 73. Details of this change in Accounting Principle are located in the notes to the financial statements.

#### NET POSITION (Restated for GASB 73)

|   | Governmental Activities |                | Business-Type Activities |                | Total          |                |
|---|-------------------------|----------------|--------------------------|----------------|----------------|----------------|
|   | 2016                    | 2015           | 2016                     | 2015           | 2016           | 2015           |
| <b>Assets</b>                               |                         |                |                          |                |                |                |
| Current and other assets <sup>(1)</sup>     | \$ 54,084,387           | \$ 60,711,283  | \$ 47,174,087            | \$ 39,970,841  | \$ 101,258,474 | \$ 100,682,124 |

| Total net position, as restated             | \$ 151,112,284          | \$ 152,150,033 | \$ 167,690,965           | \$ 153,150,261 | \$ 318,803,249 | \$ 305,300,294 |

(1) 2015 restated for GASB 73 – see notes to the financial statements.

The City of Yakima's total assets stand at \$469.4 million as of December 31, 2016. Of this amount, \$368.2 million is accounted for by capital assets, which includes some infrastructure and construction in progress. Out of \$197.6 million in capital assets reported in Governmental activities at December 31, 2016, \$108.1 million (54.7%) is accounted for by infrastructure acquisitions (including the right-of-way land associated with these projects and land under the road).

Of the remaining City assets, approximately \$69.7 million was accounted for in cash, cash equivalents, restricted cash and investments, \$23.3 million in various receivables, \$7.0 million in net pension assets and \$1.2 million inventories and prepayments.

At December 31, 2016, the City had outstanding liabilities of \$158.2 million, of which \$132.1 million is considered long-term and is due over an extended period of time. There is a deficit in unrestricted net position in the governmental funds because the City has long-term commitments that are greater than currently available resources, primarily long-term citywide pension benefits and other post-employment benefit liabilities for certain police officers and firefighters. Refer to the notes to the financial statements for a more in depth discussion of pension liabilities.

Current liabilities for the entire City in both governmental and business-type activities total \$26.1 million, and include \$4.1 million in accounts & contracts payable, \$2.8 million in claims and judgments payable, \$7.3 million in accrued salaries and benefits, \$3.5 million in compensated absences accrued and other various liabilities. Also included are debt payments due within the next calendar year totaling \$8.5 million.

The largest portion of the City's net position (91.0%) reflects its investment in capital, less any outstanding related debt used to acquire those assets. The City's capital assets, which are used to provide services to citizens, are investments in capital and are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Approximately 9.0% of the City's net position is subject to external restrictions on how they may be used (restricted by the Revised Code of the State of Washington or by contractual agreements with parties outside of the primary government).

At December 31, 2016, the City of Yakima reports a net position of \$318.8 million, of which \$151.1 million represents governmental activities and \$167.7 million represents business-type activities.

#### **The Statement of Activities (Changes in Net Position)**

The City of Yakima's total net position increased by \$13.5 million over 2015 as restated for the prior period adjustment resulting from the implementation of GASB 73. Net position for governmental activities decreased by \$1.0 million while business-type activities increased by \$14.5 million. The majority of the increase in business-type activities is from grants received to make capital improvements at the Yakima Air Terminal (Airport).

A prior period adjustment was recognized in 2016 related to the City's implementation of GASB 73. This adjustment is shown on the comparative chart below in order to restate 2015 according to the new standard. In so doing, readers can compare the various categories of net position as though the standard was in effect for both years.

Total revenues for the City of Yakima were \$146.6 million in 2016. Governmental activities provided \$79.6 million (54.3%), while business-type activities added \$66.9 million (45.7%).

Expenses for the year totaled \$133.1 million, with governmental activities accounting for \$90.2 million or 67.8% and business-type activities accounting for \$42.8 million or 32.2%. Key elements in changes in net position are shown in the following table.

**CHANGES IN NET POSITION**  
(Restated for GASB 73)

|                                      | Governmental Activities |                       | Business-Type Activities |                       | Total                 |                       |
|--------------------------------------|-------------------------|-----------------------|--------------------------|-----------------------|-----------------------|-----------------------|

(1) 2015 restated for GASB 73 – see notes to the financial statements.

**Governmental Activities**

Within governmental activities, tax revenue accounted for 66.7% of total revenue sources, with grants and contributions accounting for 13.2%. The remaining 20.1% of revenue was provided by charges for services, interest income, and miscellaneous revenues.

Governmental activities decreased net position by \$1.0 million or 0.7%. Total government revenues increased by \$3.4 million or 4.4%. The significant fluctuations in revenue are as follows:

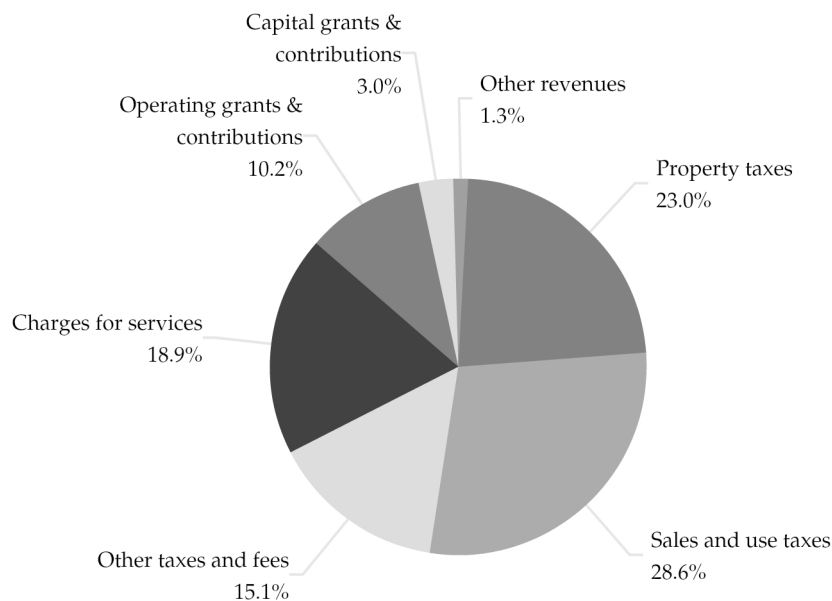

- Grants & Contributions increased by \$2.1 million, primarily because of a of an economic development grant from Yakima County and private donations toward the Downtown Plaza project.
- Total taxes increased by \$0.8 million or 1.5% from \$52.3 million to \$53.1 million.
  - Property Taxes increased \$0.6 million or 3.2% consisting primarily of a 1.0% increase in the base levy (capped by state law) plus new construction. The consolidation of the Firemen's Relief and Pension Fund with the General Fund also contributed \$1.2 million to the total property tax revenue recognized.
  - Sales Tax increased by \$0.8 million or 3.4% from 2015. This key revenue source was estimated to grow at about 4.0%, but starting in mid-year 2015 the City experienced a significant lag in sales tax revenue growth due to drought conditions in the area resulting in constriction of spending in the local agricultural sector. Collections for 2016 have rebounded, but growth has been somewhat slower than expected.
- Transfers from Business-Type Activities consists primarily of in-lieu utility taxes of \$7.3 million. Also included are transfers by enterprise funds to the Vehicle Replacement Reserve. This category increased by \$2.2 million primarily because of variability in contributions to the equipment replacement internal service fund.

The largest program expenses consist of Public Safety (55.2%); General Government (13.3%) and Transportation (13.4%). These programs accounted for 81.8% of total governmental expenses.

In total, governmental expenses decreased \$0.3 million or 0.3%. Normal inflationary pressures are major factors. All bargaining units settled for an average of 2.5%.

Following are graphs which illustrate revenue by source and expenditures by program for governmental funds in 2016.

**REVENUES BY SOURCE - GOVERNMENTAL ACTIVITIES**

## EXPENSES AND PROGRAM REVENUES - GOVERNMENTAL ACTIVITIES

### Business-Type Activities

Of the \$66.9 million in business type revenues, 68.2% was provided by charges for services, with the remaining amount provided by grants, contributions, transit sales tax and interest income. Overall, business type revenues demonstrated an increase of \$11.5 million or 17.2% over 2015. Capital Grants increased by about \$9.0 million or 73.7%, due primarily to funding for a major project at the Airport.

Of the \$42.8 million in business-type expenses, 35.4% are associated with the Wastewater program and 21.4% with Transit, domestic water programs represent about 17.7%, Refuse 10.7%, Irrigation 5.3%, Stormwater 4.8% and Airport 4.7%. Generally, changes in expenses are in line with changes in general operating increases.

The following charts depict the expenses and program revenues, with a breakdown of revenues by source for the business-type activities.

### REVENUES BY SOURCE – BUSINESS-TYPE ACTIVITIES

## EXPENSES AND PROGRAM REVENUES – BUSINESS TYPE ACTIVITIES

Charges for services represent the majority 68.2% of revenue in these funds. The only fund that does not rely heavily on charges for service is the Transit fund, which is subsidized by a voter approved local option sales tax of 0.3% and a federal operating grant.

### FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City of Yakima uses fund accounting to ensure and demonstrate compliance with finance related legal and regulatory requirements. Following is a financial analysis of the City's governmental and proprietary funds.

#### Governmental Funds Analysis

The General Fund is always considered to be a major fund as defined by GASB Statement #34. The Neighborhood Development Fund, although not a major component of City operations, is also considered to be a major fund by definition of the GASB due to the long term Notes Receivable and respective Deferred Inflow balances. These balances represent both the current and long term portions of housing loans made to low income residents. These loans are partially forgivable in certain circumstances, but since the forgivable amount is entirely dependent upon debtor behavior it cannot be determined. Therefore the full amount remaining due on the loans is reflected in the Balance Sheet - Governmental Funds.

The focus of the City of Yakima's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As of December 31, 2016, the City's governmental funds reported combined fund balances of \$23.9 million. Of this total amount, \$7.1 million (29.7%) is unassigned and available for spending within these funds. About \$0.7 million is not spendable (cemetery perpetual care), \$9.3 million is restricted (primarily for transportation, capital improvements, and public safety), \$5.1 million is committed primarily for transportation system improvements and \$1.8 million is assigned primarily for public safety.

The General Fund is the chief operating fund of the City of Yakima. At the end of the 2016 fiscal year, unassigned fund balance of the General Fund was \$7.1 million. Unassigned fund balance is about 11.1% of total general fund revenues (which represents about a 1.3 month reserve). Total assets in the General Fund amounted to \$17.0 million, accounting for 41.0% of total governmental fund assets.

The fund balance of the City of Yakima's General Fund increased by \$1.4 million during the current fiscal year, due in large part to slightly higher revenues than predicted, coupled with budget reductions from 2015 levels. Another factor was the sale of two properties the City bought in order to clean them up. The City used \$1.1 million in 2014 to purchase 4 abandoned gas station/mini-marts with the intention of partnering with the Department of Ecology for environmental remediation. These properties have been cleaned up, and two were sold for approximately \$680,000, which replenished General Fund reserves. A third property has a sale pending in 2017, and the fourth property has been listed for sale.

The General Fund accounts for 69.8% of all governmental fund revenue and 62.3% of all expenditures.

Other funds had only modest changes in fund balance.

## **Enterprise Funds Analysis**

Transit, Wastewater, Domestic (potable) Water, and the Yakima Air Terminal are considered major funds in the City's 2016 (GASB 34) Financial Statements while the Irrigation, Refuse, and Stormwater Funds are nonmajor funds.

As of December 31, 2016, the City's enterprise funds (internal service fund balances are treated entirely as governmental activities) reported combined net position of \$167.7 million, with \$74.0 million or approximately 44.1% being contributed by the Wastewater fund. Additionally, about \$135.7 million (80.9%) of net position is accounted for by investment in capital assets, net of related debt, \$1.8 million is restricted for debt service and \$30.2 million is unrestricted. The Notes to the Financial Statements (Note 12) present segment information that is grouped according to revenue bond requirements for these business type activities.

The Refuse fund has a negative ending fund balance, however, a much needed rate increase was approved near the end of 2016 that will support the ongoing costs of providing services, while also building up sufficient reserves for future equipment replacements and other unforeseen emergencies.

## **GENERAL FUND BUDGETARY HIGHLIGHTS**

During the year, the 2016 General Fund Expenditure budget was increased from \$59.1 million to \$59.5 million, consisting entirely of the carry forward of appropriations for outstanding encumbrances/commitments which were to be funded from General Fund reserves.

Total General Fund revenues were originally budgeted at \$63.6 million, with only a slight increase of \$51,775 in the final budget. Actual revenue increased by \$0.5 million over amended budget projections, due primarily to higher levels of criminal justice dollars received and higher than expected investment earnings.

General Fund expenditures, including other financing uses, totaled \$62.7 million, less than the final budget of \$63.7 million by \$1.0 million. These expenditure savings happened as a result of mid-year reductions and constant vigilance by management in response to drought conditions in 2015 that reduced tax revenues by \$1.8 million, coupled with several unforeseen, one-time expenditures that had eroded the 2015 General Fund ending balance. Salary savings of nearly \$1.0 million were achieved by delays in filling vacant positions as employees retired or left to take other positions.

The General Fund budget is typically built assuming positive variances in both revenue and expenditures. Revenue is conservatively estimated, while expenditure estimates utilize highest probable costs. Historically, actual amounts have been close to "break even", with actual revenues slightly exceeding expenditures. In 2016, revenue was \$0.5 million more than budgeted, while expenditures were \$0.9 million less than budgeted, resulting in a net positive change in fund balance of \$1.4 million.

## **CAPITAL ASSET AND DEBT ADMINISTRATION**

### **Capital Assets**

The City of Yakima's net investment in capital assets, including construction in progress, for its governmental and business-type activities as of December 31, 2016, amounts to \$368.2 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, system improvements, machinery and equipment, park facilities, infrastructure, and construction in progress on buildings and systems.

**Governmental Activities:** Capital assets from governmental activities decreased \$2.6 million, going from \$200.2 million in 2015 to \$197.6 million in 2016. This was due to a decrease in capital asset additions while depreciation remained similar to 2015.

**Business-Type Activities:** Business-type capital activities increased by \$4.7 million, attributable primarily to capital improvements made at the Yakima Air Terminal.

Additional information on the City of Yakima's capital assets can be found in Note 4 of this report.

### Long-Term Debt

On December 31, 2016, the City of Yakima had total bonded debt outstanding of \$49.7 million. Of this amount, \$34.2 million is classified as governmental activity and backed by the full faith and credit of the City. The remaining \$15.5 million represents bonds secured solely by specific revenue sources (i.e. revenue bonds).

The only new debt issued in 2016 was a SIED loan in the amount of \$900,000.

The City's remaining capacity for non-voted debt on December 31, 2016, was approximately \$43.8 million in comparison to the total legal limit of \$87.5 million. The City has a policy of retaining 30% of its non-voted capacity for emergencies. In March, 2017 the City was downgraded to "A+" rating from Standard & Poor's for general obligation debt. This downgrade was the result of weakening economic factors in the City, particularly income levels, as well as recent use of General Fund reserves. The combined Water and Wastewater utility was affirmed at "AA-" in September 2015. A summary of the City's debt follows. Additional information on the City's long-term obligations can be found in Note 9.

### ECONOMIC FACTORS

There are a number of factors that have a fiscal impact on various revenues of the City, including voter approved initiatives over the last few years, as well as changes in State and Federal regulations. Following is a list of significant factors, which have an impact on the City's revenues. The City is committed to the continued application of sound fiscal management practices to ensure balanced budgets are maintained and critical core services are provided to our citizens.

- In 2001 state voters approved Initiative 747, which capped property tax levy growth each year at a maximum of 1%, plus any additions for annexations and new construction. This initiative represents a restriction on local government revenue growth, which makes budget balancing more difficult because actual inflation rates have grown at an average of 3 times the 1% limitation.

- The Downtown area is in transition from a retail center to a central business district. The City has actively participated in several projects to upgrade the downtown over the past 6 years, including infrastructure and pedestrian improvements in the downtown core, and the upgrade/expansion of the historic City owned Capitol Theatre, located in the center of the downtown area. The City completed a Downtown Master Plan in 2013, and design work on projects identified in the Plan is in process in 2016.
- The unemployment rate (9.8% as of December, 2016) in the County continues to be higher than the state and national average. The County's predominant industry is agriculture and related support. This industry has a history of high unemployment rates, seasonal employment, and low median household income (Yakima is 75.5% of the state average). However, the agriculture based local economy was not as negatively affected in the recent severe national recession as many other cities around the state and country. Yakima County is experiencing growth in total employment. Between April of 2016 and 2017, the Yakima County non-farm labor market added 1,800 jobs, a 2.2% upturn. All employment categories, with the exception of "Wholesale Trade", Professional and Business Services" and "Leisure and Hospitality" experienced an increase from April of 2016.
- Efforts to diversify our economic base include expansion of the current community college to offer four-year degree programs through major state institutions, including Washington State University and University of Washington. Additionally, a medical school began instruction in late 2008 - the first class graduated in May, 2011. A local technical institute is planning an expansion, and is diligently working with local industries to provide needed programs.
- A major economic development initiative that the City is embarking on is a competitive state redevelopment/ tax increment program called Local Infrastructure Financing Tool (LIFT), as set forth in RCW 39.102. The redevelopment area consists of 556 acres adjacent to Interstate 82, formerly used as a sawmill and plywood plant. The City received an award of up to \$1 million per year for 25 years from the state to support required infrastructure improvements to service the new mixed use proposed development. The first year of participation by the state was 2011. In 2015, a roundabout was constructed that would provide access into the area. This project is expected to move forward at a more rapid pace now that the planning stage is nearing completion.
- In 2015, City voters approved a Charter amendment to designate \$750,000 annually to a Parks Capital program. The City is partnering with 2 local non-profits to develop a multipurpose sports complex, and a new aquatic center. Debt service on these 2 projects is estimated to be about \$750,000. Bonds for the sports complex were issued in 2015, while the aquatic center is still in the planning stage.

The 2017 budget is balanced for all funds, within guidelines established by city management, to accomplish municipal service levels and priorities set by City Council. For the 2017 budget, the major revenues were estimated assuming the continued growth of the local economy. This growth was allocated to programs in alignment with the Council's strategic priorities of public safety; improving the built environment; economic development; public trust and accountability; and partnership development. To date, the improvements in revenues are continuing, and General Fund is within the expected parameters. Overall, citywide budget results are performing as expected.

## **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the City of Yakima's finances for all those with an interest in the government's finances. This report, along with the City's published budget documents are posted on the City's website at [www.yakimawa.gov/services/finance](http://www.yakimawa.gov/services/finance). Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to: City of Yakima – Finance Department, 129 North Second Street, Yakima, WA 98901.

## ***BASIC FINANCIAL STATEMENTS***

The basic financial statements and note disclosures comprise the minimum acceptable fair presentation in conformity with Generally Accepted Accounting Principles (GAAP). Basic financial statements are designed to be “liftable” from the Financial Section of the Comprehensive Annual Financial Report (CAFR) for widespread distribution to users requiring less detailed information than is contained in the full CAFR. Basic Financial Statements include:

### **GOVERNMENT-WIDE FINANCIAL STATEMENTS**

**Statement of Net Position** - City governmental and business-type assets and liabilities, with the difference reported as net position.

**Statement of Activities** - City governmental and business-type revenues and expenses, with the difference reported as change in net position.

### **GOVERNMENTAL FUNDS FINANCIAL STATEMENTS**

**Balance Sheet, Governmental Funds** - General Fund, Neighborhood Development Fund and aggregated amounts for all other non-major governmental funds. Reconciliation of the Balance Sheet to the government-wide Statement of Net Position.

**Reconciliation of the Balance Sheet of Government Funds to the Statement of Net Position**

**Statement of Revenues, Expenditures, and Changes in Fund Balances, Governmental Funds** - General Fund, Neighborhood Development Fund and aggregated information for all other non-major governmental funds.

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities** - General Fund, Neighborhood Development Fund and aggregated information for all other non-major governmental funds.

**Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Government Wide Statement of Activities**

**Statement of Revenues, Expenditures, & Changes in Fund Balance, Budget & Actual** - General Fund and Neighborhood Development Fund.

### **PROPRIETARY FUNDS**

**Statement of Net Position, Proprietary Funds** - Major funds include Transit, Wastewater, Water and Airport. Other nonmajor funds shown in aggregate.

**Statement of Revenues, Expenses, and Changes in Fund Net Position, Proprietary Funds** - Information for each of the enterprise funds, as well as a separate column for aggregate information for internal service funds.

**Statement of Cash Flows, Proprietary Funds** - Information on the sources and uses of cash for each of the enterprise funds and aggregate information for internal service funds.

### **FIDUCIARY FUNDS**

**Statement of Net Position, Fiduciary Funds** - Information on the pension trust, fund assets and liabilities, with the difference reported as net position.

### **NOTES TO THE FINANCIAL STATEMENTS**

Disclosure and further detail information to assist the reader in a better understanding of the financial statements and the data presented within them.

**STATEMENT OF NET POSITION**

**RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENT FUNDS  
TO THE STATEMENT OF NET POSITION**

December 31, 2016

Page 1 of 1

Amounts reported for governmental activities in the statement of net position are different because:

|   |                       |
|---|-----------------------|
| Total fund balances - government funds (previous page)  | \$ 23,918,875         |
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.   | 187,735,651           |
| Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.  | 7,028,729             |
| Internal service funds are used by management to charge the costs of services to individual funds. The assets and liabilities of the internal service funds are included in government activities in the statement of net position. | 10,897,788            |
| Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.  | (52,655,937)          |
| Pension and other postemployment benefits are not due and payable in the current period and therefore are not reflected in the funds  | (25,812,822)          |
| Net position of governmental activities   | <u>\$ 151,112,284</u> |

**STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES -  
GOVERNMENT FUNDS**

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND  
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT  
OF ACTIVITIES**

For the Year Ended December 31, 2016

Page 1 of 1

---

|   |                       |
|---|-----------------------|
| Net change in fund balances as shown on Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balance:  | \$ 906,392            |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.   | (2,533,945)           |
| In the statement of activities, only the gain on the sale of fund assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the fund assets. This also includes donations of capital assets and infrastructure obtained by annexation.  | (331,834)             |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.  | (288,848)             |
| The issuance of debt proceeds provide current financial resources to governmental funds, while the repayment of principal consumes the current financial resources of governmental funds. Neither has any effect on Net Position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of debt and related items. | 3,727,022             |
| Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds (compensated absences, OPEB, inventory).   | (1,800,552)           |
| Internal service funds are used by management to charge the costs of services to individual funds. The net revenue (expenses) of the internal service funds is reported with governmental activities.   | (715,981)             |
| Change in net position, as reflected on the Statement of Activities   | <u>\$ (1,037,746)</u> |

# NOTES TO THE FINANCIAL STATEMENTS

Year ended December 31, 2016

---

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

---

The accounting policies of the City of Yakima, Washington, conform to Generally Accepted Accounting Principles (GAAP) as applicable to governmental units. The City has adopted the pronouncements of the Governmental Accounting Standards Board (GASB) which is the accepted standard setting body for establishing governmental accounting and financial reporting principles nationally. The following is a summary of the more significant policies. The policies should be reviewed as an integral part of the financial statements and are presented to assist the reader in interpreting the financial statements and other data in this report.

### CHANGES IN ACCOUNTING PRINCIPLE

In 2015 the Governmental Accounting Standards Board issued Statement 73 - *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*, effective for reporting years beginning after June 15, 2016, however the application of paragraph 115 of this statement is effective beginning in the 2016 reporting year. This provision states that pension funds that are not in a trust meeting certain requirements can no longer be reported as a separate fiduciary fund, and therefore should be consolidated into the General Fund for financial statement reporting. This change in accounting principle had a material impact to the General Fund of the City of Yakima.

The City implemented this change in 2016, and presented restated 2015 balances in the comparative charts presented in the Management Discussion and Analysis section of this document. The implementation also resulted in an adjustment to beginning net position on the citywide Statement of Activities and the Statement of Revenues, Expenses and Changes in Fund Balances - Governmental Funds as follows:

### GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

|   | <b>Governmental<br/>Activity</b> |
|---|----------------------------------|
| 2015 ending Net Position                                    | \$ 151,130,183                   |
| Adjustment to beginning Net Position as a result of GASB 73 | 1,019,850                        |
| Restated 2015 ending Net Position                           | <u>\$ 152,150,033</u>            |

### STATEMENT OF REVENUE, EXPENDITURES AND CHANGES IN FUND BALANCES - GENERAL FUND

|  | <b>General<br/>Fund</b> |
|--|-------------------------|
| 2015 ending Net Position - General Fund                    | \$ 5,867,373            |
| 2015 ending net Position - Firemen's Relief & Pension Fund | 1,019,850               |
| Restated 2015 ending Net Position - General Fund           | <u>\$ 6,887,223</u>     |

### REPORTING ENTITY

The City of Yakima was incorporated in 1886 and operates under a Council/Manager form of government with a full-time City Manager. The City of Yakima provides a full range of municipal services, which include: police, fire, engineering, parks, cemetery, street, economic development, and administrative services. Included in the City's Enterprise Fund financial reports are: water, irrigation, sanitary wastewater, solid waste, stormwater, transit and the Yakima Air Terminal, which was operated under a joint venture agreement with Yakima County, but became a City department in early 2013.

The City's financial statements include all funds, agencies and boards which are financially accountable to the City. Financial accountability is manifest when the primary government appoints the majority of an organization's governing body and is able to impose its will on that organization or there is a potential for the organization to provide specific financial burdens on the primary government. The primary government may be financially accountable if an organization is fiscally dependent on the primary government regardless of whether the organization has a separately elected governing board, a governing board appointed by a higher level of government, or a jointly appointed board. An organization is fiscally dependent if it is unable to determine its budget without another government having the substantive authority to approve or modify the budget, to levy taxes or set rates or charges without substantive approval by another government, or to issue bonded debt without substantive approval by another government.

Although a separate legal entity, the City has elected to account for the operations of the *Yakima Regional Public Facilities District*, as a blended component unit, in two Nonmajor Special Revenue Funds. The cities of Yakima, Selah and Union Gap originally formed a Public Facilities District (PFD) for the purpose of expanding the Yakima Convention Center and in 2008 added expansion of the Capitol Theatre. The City appoints a majority of the board members and must approve the annual budget. The financial agreement stipulates that all revenue derived by the PFD (primarily two separate state sales tax credits) be transferred to the City and the City will use these funds for the applicable project debt service and operations, and reimbursement of administrative costs of the PFD.

Applying these criteria, the primary government statements consist of the legal entity of the City and the blended component unit of the Yakima Regional Public Facilities District.

**Related Organizations** – The City's officials are also responsible for appointing the members of the boards of another organization, but the City's accountability for this organization does not extend beyond making the appointments.

The *Yakima Housing Authority (YHA)* was created by Resolution No. D-1575, in 1971, and, under certain conditions, can be dissolved by the City. Yet, it is an independent entity with distinct governmental character and organization. The City of Yakima created the Housing Authority per Washington State Revised Code Chapter 35.82 which provides that liabilities incurred by the Housing Authority will be satisfied from its assets, and that no person shall have any right of action against the City on account of its debts, obligations, and liabilities.

## **GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

The government-wide financial statements consist of the statement of net position and the statement of activities. These statements report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The City's policy is to allocate indirect costs to individual functions, if they are non-tax supported.

Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; 2) fines and forfeitures; and 3) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

## MEASUREMENT FOCUS, BASIS OF ACCOUNTING & FINANCIAL STATEMENT PRESENTATION

### Government Wide

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Under this measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's utility functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

### Fund Financial Statements

All governmental fund financial statements are reported using the "current financial resources" measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Certain charges for service, sales based taxes, and interest associated within the current period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessment receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. Grants are considered measurable and available to the extent that expenditures have been made. Other intergovernmental revenues are considered measurable and available when earned. Other revenues such as state shared revenue, licenses, fines and fees are not considered susceptible to accrual since they are not generally measurable until received. Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City of Yakima reports the following major governmental funds:

- The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The **Neighborhood Development Fund** accounts for grant programs supported by the Federal Housing and Urban Development grants which are used to improve housing conditions for low income families and seniors in Yakima.

The City reports the following enterprise funds as major funds:

- The **Transit Fund** accounts for the operation of the City Transit System, funded primarily by 0.3% sales tax, federal grants and fares.
- The **Water and Wastewater Funds** account for the provision of water and wastewater services to the residents of the City and other outside utility agreements.
- The **Airport Fund** is responsible for the operation, maintenance and any construction projects at the Airport facility.

Additionally, the government reports the following fund types:

- **Internal Service Funds** account for fleet management services, liability insurance, employee benefit reserves, and public works administration services provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis.
- **Fiduciary Funds** are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, or other funds. Fiduciary funds use the economic resources measurement focus and the accrual basis of accounting, with the exception of agency funds which technically have no measurement focus, but do employ the accrual basis of accounting for purposes of asset and liability recognition. In accordance with GASB 73, the Firemen's Relief and Pension Fiduciary Fund is now being reported as part of the General Fund.
  - **Agency Funds** account for assets held by the City as an agent for joint, intergovernmental operations through interlocal agreements. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of the results of operations. The City is the fiduciary agent for the fiscal activity of Yakima Consortium for Regional Public Safety (YAKCORPS).

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with proprietary funds' principal ongoing operations. The principal operating revenues of the water, wastewater, refuse, stormwater and irrigation enterprise funds and of the government's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

## **ASSETS, LIABILITIES, DEFERRED OUTFLOWS / INFLOWS, AND FUND BALANCE / NET POSITION**

### **Cash, Cash Equivalents and Investments**

Cash is considered to be cash on hand, demand deposits, and highly liquid investments with maturities of three months or less from the date of acquisition. Included in this category are all funds held in the Washington State Treasurer's Local Government Investment Pool (LGIP) and a local savings account.

The LGIP is comparable to an SEC regulated Rule 2a-7 money market fund in which funds are limited to high quality obligations with limited maximum and average maturities, the effect of which is to minimize both market and credit risk.

Under the City's investment policy, excess cash balances are invested. The City is authorized by State law to purchase certificates of deposit issued by Washington State depositories that participate in a state insurance pool managed by the Washington Public Deposit Protection Commission; investment deposits in a qualified public depository located in the State of Washington; U.S. Treasury and Agency securities; banker's acceptances trading in the secondary market; Washington State Treasurers Local Government Investment Pool; repurchase agreements with dealers that use authorized securities as collateral; and issues from other highly rated local governments in Washington. As further discussed in Note 4, the City reports investments at net book value.

### **Receivables**

Taxes receivable consists of property and other taxes including related interest and penalties (see Note 4). Customer accounts receivable consists of amounts due from private individuals or organizations for goods and services incurred in the normal course of conducting business. Customer accounts receivable are reported net of estimated uncollectible amounts in proprietary funds. Special assessments are recorded when levied. Special assessments receivable consists of current and delinquent assessments. Accrued interest receivable consists of amounts earned on

investments, notes, and contracts as of year-end. Notes and contracts receivable consists of amounts owed on open account from private individuals or organizations for goods and services rendered. The major component of the notes receivable category is in the Neighborhood Development fund and represents a revolving home ownership assistance program.

**Amounts Due To and From Other Funds; Interfund Loans and Advances Receivable**

These accounts include all interfund receivables and payables. A separate schedule of interfund loans receivable and payable is furnished in Note 4.

**Amounts Due To and From Other Governments**

These accounts include amounts due to or from other governments for grants, entitlements, temporary loans, taxes and charges for services, except amounts billed for utility usage which is included in customer receivables.

**Inventories**

Inventories in the General Fund, Enterprise Funds and Internal Service Funds are valued at cost using the weighted average method and consist of expendable supplies and vehicle repair parts. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.

**Restricted Assets and Liabilities**

These accounts contain resources for debt service reserve requirements and debt redemption in the enterprise funds.

**Capital Assets**

Capital assets, which include property, plant, equipment and infrastructure assets (i.e., roads, bridges, sidewalks and similar items) are reported in the applicable governmental or business-type columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life of two years or more. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Infrastructure assets are long lived assets that normally are stationary in nature and can be preserved for a significantly greater number of years than most capital assets. Examples of infrastructure include roads, bridges, and lighting systems.

When capital assets are purchased, they are capitalized and depreciated in the government-wide financial statements and the proprietary fund statements. Capital assets are recorded as expenditures of the current period in the governmental fund financial statements.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of the capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the City are depreciated using the straight line method over the following estimated useful lives:

|   |                |
|---|----------------|
| Buildings                                     | 25 - 40 Years  |
| Improvements other than buildings             | 7 - 50 Years   |
| Utility plant                                 | 33 - 50 Years  |
| Equipment                                     | 2 - 25 Years   |
| Intangibles (organization costs and goodwill) | 75 - 100 Years |
| Infrastructure                                | 15 - 50 Years  |

### **Deferred Outflow of Resources**

Deferred outflow of resources is the consumption of net position that is applicable to a future reporting period. A deferred outflow of resources involved no consumption of resources that results in either a net decrease in assets or a net increase in liabilities. It also represents access to present service capability that is under the government's controls. Other than outflows related to pensions (discussed in the next paragraph), the City of Yakima has only one other item that qualifies in this category, which is the deferred amount on refunding reported in the government-wide Statement of Net Position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

### **Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of all state sponsored pension plans and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the Washington State Department of Retirement Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

### **Current Liabilities**

Liabilities include primarily salaries and benefits payable and claims and judgments payable in the Internal Service Funds, current portion due on long-term debt and other liabilities due.

### **Noncurrent Liabilities**

Noncurrent liabilities include long-term debt, compensated absences, cumulative unfinanced liability related to post-employment benefits and pension liabilities as prescribed by GASB 68.

*Long-Term Obligations* – In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

*Compensated Absences* – Contracts with employees call for the accumulation of vacation and sick leave. At termination of employment, employees may receive cash payment for all accumulated vacation up to a certain number of hours and a percentage of sick leave, depending on employee group. The payment is based on current wage at termination.

The amounts of unpaid vacation and sick leave accumulated by City employees are accrued as expenses when incurred in proprietary funds in the government wide Statement of Activities, which use the accrual basis of accounting. In the governmental funds, only the amounts that normally would be liquidated with expendable available financial resources are accrued as current year expenditures. The City uses the last-in, first-out method of recognizing the hours used of compensated absences. Employees are charged for the last day of vacation or sick leave earned when the leave is used. Thus, unless it is anticipated that compensated absences will be used in excess of a normal year's accumulation, no additional expenditures are accrued. Therefore, the entire unpaid liability for the governmental funds is a reconciling item between the fund and government-wide presentations.

### **Deferred Inflow of Resources**

Deferred inflow of resources is the acquisition of net position that is applicable to a future reporting period. A deferred inflow of resources involved no acquisition of resources resulting in either a net increase in assets or a net decrease in liabilities. It represents a present obligation to sacrifice resources that the government has little or no discretion to avoid. The City has only one type of item, deferred inflows related to pension, that qualifies for reporting in this category, which is reported in the governmental activities on the Statement of Net Position. The governmental funds report unavailable revenues from two sources, taxes receivable and notes receivable. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

## Net Positions and Fund Balances

Net position is segregated into three categories on the government-wide statement of net position: 1) net investment in capital assets; 2) restricted; and 3) unrestricted. The flow assumption of the city is to use restricted assets before unrestricted assets when permitted by the resolution. Restricted assets are usually set aside in a separate fund, specifically used for the purpose of debt service or capital replacement.

The City's fund balances are classified in accordance with Governmental Accounting Standards Board Statement Number 54 (GASB 54), Fund Balance Reporting and Governmental Fund Type Definitions, which require the City to classify its fund balances based on spending constraints imposed on the use of resources.

**Nonspendable** – Represents balances set aside to indicate items that do not represent available, spendable resources even though they are a component of assets. Fund balances are required to be maintained intact and include permanent funds and assets not expected to be converted to cash, such as inventories, and notes receivable.

**Restricted** – Are funds that have external restrictions imposed by creditors, grantors, contributors, laws, regulations, or enabling legislation which require the resources to be used only for a specific purpose.

**Committed** – These funds have constraints imposed by formal action (resolution or ordinance) of the City Council which may be altered only by a similar formal action of the City Council.

**Assigned** – Funds in this category are amounts constrained by the City to be used for a specific purpose, but are neither restricted nor committed and may be changed.

**Unassigned** – This represents the residual amounts that have not been restricted, committed, or assigned.

---

## NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE & FUND FINANCIAL STATEMENTS

---

### EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUNDS BALANCE SHEET AND THE GOVERNMENT-WIDE STATEMENT OF NET POSITION

The governmental fund balance sheet includes reconciliation between *fund balance – total government funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.” These details of this difference are as follows:

|   |                       |
|---|-----------------------|
| Land  | \$ 16,983,321         |
| Construction in progress  | 14,419,370            |
| Buildings   | 57,577,764            |
| Less: Accumulated depreciation - buildings  | (25,172,257)          |
| Machinery, equipment and vehicles   | 23,956,571            |
| Less: Accumulated depreciation - machinery, equipment and vehicles  | (15,313,130)          |
| Infrastructure  | 292,083,083           |
| Less: Accumulated depreciation - infrastructure   | (184,026,834)         |
| Other improvements  | 17,707,130            |
| Less: Accumulated depreciation - other improvements   | (10,479,367)          |
| Net adjustment to increase total fund balances - total government funds to arrive at net position - governmental activities | <u>\$ 187,735,651</u> |

Another element of that reconciliation explains “long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.” The details of this difference are as follows:

|   |                        |
|---|------------------------|
| Bonds payable   | \$ (32,902,230)        |
| Add: Issuance premium (to be amortized over the life of the debt)   | (1,279,571)            |
| Intergovernmental loans   | (6,839,131)            |
| Lease purchase agreements   | (2,930,077)            |
| Compensated absences  | (8,487,887)            |
| Subtotal  | <u>(52,438,896)</u>    |
| Accrued interest payable  | (217,041)              |
| Net adjustment to reduce total fund balances - total government funds to arrive at net position - governmental activities | <u>\$ (52,655,937)</u> |

The effect of long-term pension assets, liabilities and deferred inflows and outflows of resources as well as liabilities for Other Postemployment Benefits do not impact current economic resources and are therefore not reported in the funds. Details of this difference are as follows:

|   |                        |
|---|------------------------|
| Pension asset   | \$ 7,046,038           |
| Net pension liability   | (16,091,255)           |
| Deferred outflow change in proportionate share  | 5,841,127              |
| Deferred inflow change in proportionate share   | (357,514)              |
| Other postemployment benefit obligation   | (22,251,218)           |
| Net adjustment to reduce total fund balances - total government funds to arrive at net position - governmental activities | <u>\$ (25,812,822)</u> |

**EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES**

The governmental fund statement of revenues, expenditures, and changes in fund balances includes reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that “governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” This is the amount by which depreciation expense exceeded capital outlays in the current period. The details of this difference are as follows:

|  |                       |
|--|-----------------------|
| Capital outlay   | \$ 9,787,859          |
| Depreciation expense   | (12,321,804)          |
| Net adjustment to decrease net changes in fund balances - total government funds to arrive at changes in net position of governmental activities | <u>\$ (2,533,945)</u> |

Another element of that reconciliation states that “in the statement of activities, only the gain on the sale of fund assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the fund assets. This also includes donations of capital assets and infrastructure obtained by annexation.” The details of this difference are as follows:

|  |                     |
|--|---------------------|
| In the statement of activities, only loss on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in the fund balance by the cost of the capital assets sold. | \$ (495,140)        |
| Donations of capital assets increase net position in the statement of activities, but do not appear in the governmental funds because they are not financial resources.  | 163,306             |
| Net adjustment to increase total government funds to arrive at changes in net position of governmental activities  | <u>\$ (331,834)</u> |

Another element of that reconciliation states that “the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statements of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items”. The details of this difference are as follows:

|  |                     |
|--|---------------------|
| Debt issued  |                     |
| Intergovernmental loans  | (900,000)           |
| Principal repayments   |                     |
| General obligation debt  | 3,311,136           |
| Intergovernmental loans  | 313,622             |
| Lease purchase agreements  | 834,820             |
| Interest accrued   | 167,444             |
| Net adjustment to increase net changes in fund balances - total government funds to arrive at changes in net position of governmental activities | <u>\$ 3,727,022</u> |

---

### **NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

---

#### **BUDGETS AND BUDGETARY ACCOUNTING**

##### **Scope of Budget**

The City Council annually approves the City’s operating budget. The operating budget is designed to allocate annually available resources among the City’s services and programs and to provide for associated financing decisions.

Annual appropriated budgets are adopted on the modified accrual basis of accounting. For governmental funds, there are no differences between budgetary basis and generally accepted accounting principles. Budgetary accounts are integrated in fund ledgers for all budgeted funds, but the financial statements include budgetary comparisons for the General Fund and for the Neighborhood Development Fund, which is considered a Special Revenue fund. Budgets for special revenue funds are required to be prepared, but not required to be reported individually in this report. Budgets for debt service and capital projects are adopted at the level of the individual debt issue or project and for fiscal periods that correspond to the lines of debt issues or projects. Budgets for proprietary funds, although not legally required, are prepared for operational oversight. Budgetary comparisons for all funds not presented in this report are available at [www.yakimawa.gov/finance](http://www.yakimawa.gov/finance).

Annual appropriated budgets are adopted at the fund level. Subsidiary revenue and expenditure ledgers are used to compare the budgeted amounts with actual revenues and expenditures. As a management control device, the subsidiary ledgers monitor expenditures for individual functions and activities by object class.

Appropriations for general and special revenue funds lapse at year end.

### **Procedures for Adopting the Original Budget**

The City's budget procedures are mandated by Washington State Law. The steps in the budget process are as follows:

- Prior to November 15, the City Manager submits a proposed budget to the City Council. This budget is based on priorities established by the Council and estimates provided by City departments during the preceding months and balanced with revenue estimates.
- The Council conducts two public hearings on the proposed budget in November/December to obtain taxpayer comments.
- During December, the budget is legally enacted through passage of an ordinance.

### **Amending the Budget**

The City Manager is authorized to transfer budgeted appropriations between departments within any fund; however, any revisions that alter the total expenditures of a fund, or that affect the number of permanently authorized employee positions, salary ranges, or other conditions of employment must be approved by the City Council.

When the City Council determines that it is in the best interest of the City to increase or decrease the appropriation for a particular fund, it may do so by an ordinance approved by a one more than simple majority of those council members present after holding two public hearings.

The budget amounts shown in the financial statement represent the original adopted budget and all supplemental appropriations. City-wide, supplemental appropriations totaled \$10.6 million. The principal amendments were to appropriate funds for snow removal equipment in the amount of \$2.2 million; nonlapsing appropriations of various projects in the amount of \$2.5 million and Damage & Medical claims in the amount of \$2 million.

General Fund spent less than its \$59.5 million final budget by \$0.9 million due to mid-year reductions in response to 2015 budget shortfalls that required the use of reserves.

### **Encumbrances**

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in all funds. Encumbrances are reported as reservations of fund balances since they do not constitute expenditures or liabilities. The City reappropriates outstanding encumbrances in the subsequent year as a budget amendment to the original budget.

## **FUND EQUITY**

### **Nonspendable Fund Balance in Permanent Funds**

The fund balance of \$655,469 in the Cemetery Trust Fund represents a portion of the amounts paid for cemetery plots. Provisions of these sales require \$120 of the sales price be held in trust and that the income on the investment of these amounts be used to maintain the plots.

### **Fiduciary Fund Net Position - Change in Accounting Principles**

The Firemen's Relief and Pension Fund has Net Position held in Trust for Pension Benefits and other purposes of \$1,019,850 which represents the net accumulated contributions made by the government through property taxes plus interest earnings and state fire insurance premium tax proceeds. As a requirement of GASB 73, this fund will now be

reported as a part of the General Fund balance. It will continue to be treated as a separate fund for budgetary purposes.

### Deficit Fund Balance

The Refuse fund reports a deficit fund balance of \$663,265. A rate increase was approved at the end of 2016 that will support the costs of providing ongoing services, while also building up a sufficient reserve for future equipment replacements and other emergencies.

---

## NOTE 4 – DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

---

### DEPOSITS AND INVESTMENTS

#### Deposits

The City of Yakima maintains deposit relationships with several Washington State commercial banks and savings and loan institutions that are classified as Public Depositories (see below).

The Public Deposit Protection Commission of the State of Washington (PDPC) covers all deposits not insured by the Federal Depository Insurance Corporation (FDIC). The PDPC is a statutory authority established under RCW 39.58. It constitutes a multiple financial institution collateral pool that insures public deposits. In such a pool, a group of financial institutions holding public funds pledge collateral to a common pool. The PDPC provides protection by maintaining strict standards as to the amount of public deposits financial institutions can accept, and by monitoring the financial condition of all public depositories and optimizing collateralization requirements.

The City of Yakima had the following cash on hand and deposit balances on December 31, 2016:

|   |                      |
|---|----------------------|

| Total                                   | <u>\$ 20,780,104</u> |

**Custodial Credit Risk: Deposits** – The custodial credit risk for deposits is the risk that, in the event of a depository financial institution failure, the City’s deposits with banks and savings and loan associations may not be recovered. Because of the PDPC, the City’s deposits are not subject to this risk.

The LGIP is comparable to a Rule 2a-7 money market fund recognized by the Securities and Exchange Commission (SEC). Rule 2a-7 funds are limited to high quality obligations with limited maximum and average maturities, the effect of which is to minimize both market and credit risk.

**Foreign Currency Risk: Deposits** – Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The City of Yakima does not participate in making deposits or investments that are exposed to this type of risk.

#### Investments

Cash and investments are managed under the guidance of the City’s Investment Policy (Resolution R2011-134). The policy is based on the Model Investment Policy prepared by the Association of Public Treasurers of the United States and Canada and applies to all financial assets of the City of Yakima (excluding the Firemen’s Relief and Pension Fund).

As of December 31, 2016, the City of Yakima had the following investments:

### INVESTMENT PORTFOLIO

| Investment Types               | Carrying<br>Value    | Fair<br>Value        | Weighted<br>Average<br>Maturity to<br>Expected<br>Call (Days) | Weighted<br>Average<br>Expected<br>Maturity<br>(Days) | Rating |
|--------------------------------|----------------------|----------------------|---|---|--------|
| Federal agency securities      | \$ 48,895,336        | \$ 48,552,805        | 452   | 452   | n/a    |
| Certificates of deposit - PDPC | 276,621              | 276,621              | 960   | 960   | n/a    |
| Total portfolio                | <u>\$ 49,171,957</u> | <u>\$ 48,829,426</u> |   |   |        |

#### Carrying Value

Investments are reported at Net Book Value on the Financial Statements.

Investments are held until maturity unless called by the issuer prior to the maturity date. Premiums or Discounts realized at purchase are amortized over the life of the investment such that Net Book Value is equal to the amount realized at maturity.

Fair value is a volatile number that reflects the market price on a given date. Swings in fair value create arbitrary gains and losses which are never realized due to the City's policy of holding investments until maturity.

#### Interest Rate Risk

In accordance with its adopted investment policy, the City manages its exposure to declines in fair value due to rising interest rates by limiting the weighted average maturity of its cash and security portfolio as a whole. Additionally, the City does not use derivatives, pass through obligations or other extremely interest rate sensitive instruments in its portfolio. Weighted average maturity on callable securities is calculated using both the expected call date and the final maturity date.

#### Credit Risk

State law, under RCW sections 35.39 and 39.59, limits investments that a Washington class 1 City may hold to: (1) Direct and Indirect obligations of the US Government, (2) high quality Municipal Bonds of Washington State or Cities and Towns within the State, (3) high quality General Obligation bonds of another State or City, by Washington Administrative Code permission, not in the RCW's, (4) Bankers Acceptances and high quality Commercial Paper as long as they hold one of the 2 highest Credit ratings issued by at least two nationally recognized rating agencies, and the (4) State Treasurer's LGIP. The LGIP is a 2a7 like pool, and investments in the pool are reported at the share price of 100% of dollars invested. The City's own adopted Investment Policy adheres to the RCW's and also allows for investment in high quality Commercial Paper, Bankers Acceptances and the LGIP.

#### Custodial Credit Risk

The City's investment Policy does not include Repurchase, Reverse – Repurchase agreements or securities lending as allowable investment activity; therefore no custodial credit risk exists. All investments are held in the City's name by a third party custodian through a Trust Agreement, with the exception of the LGIP and LID Notes.

#### PROPERTY TAXES

The County Treasurer acts as an agent to collect property taxes levied within the county for all taxing authorities. Collections are distributed after the end of each month, on the tenth day of the following month.

**PROPERTY TAX CALENDAR**

|             |   |
|-------------|---|
| January 1   | Taxes are levied and become an enforceable lien against properties.                     |
| February 14 | Tax bills are mailed.   |
| April 30    | First of two equal installment payments is due.   |
| May 31      | Assessed value of property is established for next year's levy at 100% of market value. |
| October 31  | Second installment is due.  |

During the year, property tax revenues are recognized when cash is collected. At year-end, property tax revenues are recognized for collections in the hands of the County Treasurer at December 31st. No allowance for uncollectible taxes is established because delinquent taxes are considered fully collectible. Delinquent taxes are reported as unearned in the governmental funds and as part of the net position in the government wide funds.

The City is permitted by law to levy up to \$3.60 per \$1,000 of assessed valuation for general government services, less a maximum levy of \$.50/\$1,000 for the Library District, beginning in 2007. This amount may be reduced for either of the following reasons:

- The Washington State Constitution limits total regular property tax levies to one-percent of assessed valuation or \$10 per \$1,000 of value. If the tax levies of all districts exceed this amount, each is proportionately reduced until the total is at or below the one percent limit.
- Washington State law, RCW 84.55.010, limits the total dollar amount of regular property taxes that may be levied annually to 101% of the highest levy in the three previous years (excluding new construction, annexations and state assessed property).

Special levies approved by the voters are not subject to the above limitations.

For 2016, the City's regular tax levy was \$3.0879 per \$1,000 on a total assessed valuation of \$5.8 billion, for a total regular levy of \$18,006,396. Included in the City's regular levy is an authorization to levy for the Firemen's Relief and Pension Fund. This levy is subject to the same limitations as the levy for general government services. The Firemen's Relief and Pension portion of the regular tax levy for 2016 was \$.2250 per \$1,000, or \$1,220,002.

**RECEIVABLES**

Receivables as of year-end for the City's individual major funds, nonmajor, internal service and agency funds in the aggregate are included in the statements.

Accounts receivable balances of the Enterprise funds are reported net of allowances for uncollectible accounts. Historically, write-offs in the utility funds have been about 1% of billed charges. Estimated uncollectible balances are as follows:

**ALLOWANCE FOR UNCOLLECTIBLE ACCOUNTS RECEIVABLE – ENTERPRISE FUNDS**

|                    |              |
|--------------------|--------------|
| Refuse             | \$ 218,707   |
| Wastewater         | 727,439      |
| Water              | 414,290      |
| Irrigation         | 95,472       |
| Irrigation Capital | 48,738       |
| Total              | \$ 1,504,646 |

**INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS**

**Interfund Receivables and Payables**

Under the City’s Interfund Loan program established in Chapter 3.123 of the City of Yakima Municipal code, loans between funds are authorized in order to fund short term working capital requirements of funds that may be in a negative cash position. Generally, such needs are due to timing differences between a fund’s regular receipts of revenue and ordinary operating expenditures or expenses. Such loans that extend beyond one calendar quarter are subject to interest at published rates.

Interfund balances are eliminated on the government-wide financial statement. Interfund balances were as follows at year end:

| <u>Receivable Fund</u> | <u>Payable Fund</u>    | <u>Amount</u>       |
|------------------------|------------------------|---------------------|
| Equipment Rental       | Risk Management        | \$ 1,000,000        |
| Equipment Rental       | Fire Capital           | 640,000             |
| Equipment Rental       | Public Safety Dispatch | 450,000             |
| REET 2                 | Airport                | 180,000             |
| Total                  |                        | <u>\$ 2,270,000</u> |

**Interfund Transfers**

Interfund transfers represent subsidies and contributions provided to other funds with no corresponding debt or promise to repay. General Fund transfers are primarily used to: 1) allocate the portion of utility taxes that are designated to support Parks and Recreation and Law and Justice Capital programs; and 2) support the Public Safety dispatch operation with a portion of the telephone tax. Other transfers generally represent debt service and capital project funding.

The Equipment Rental Fund operates as an Internal Service Fund to support City motorized vehicle operations and as such “owns” most City vehicles other than Police or Fire vehicles. The fund administers a Vehicle Replacement program whereby participating funds make periodic deposits to the Vehicle Replacement Reserve for future purchases. These deposits are treated as transfers from the participating fund to Equipment Rental’s Reserve. The Equipment Rental Fund also operates a maintenance and repair shop to service City vehicles (excluding Fire vehicles which are maintained by the Fire Department and Police vehicles which are serviced by an external vendor). By definition an Internal Service fund should not build an excessive fund balance. Their services should be rendered at approximate cost.

The following chart depicts interfund transfer activity during 2016:

**INTERFUND TRANSFERS**

| <u>Transfer out</u> | <u>Transfer In</u>         |                             |                      |
|---------------------|----------------------------|-----------------------------|----------------------|
|                     | <u>Other<br/>Gen Gov't</u> | <u>Internal<br/>Service</u> | <u>Total</u>         |
| General Fund        | \$ 4,839,545               | \$ 18,480                   | \$ 4,858,025         |
| Other Gen Gov't     | 3,580,473                  | 427,565                     | 4,008,038            |

| Total depreciation - business-type activities  | <u>\$ 8,361,614</u>  |

## COMMITMENTS

### Construction Commitments

The City had active construction projects as of December 31, 2016.

The Wastewater projects include the Rudkin Road Lift station, which is 90% complete. Upon completion, Wastewater will begin the Beech Street Lift Station. Wastewater project improvements are financed by State Public Works Trust funds.

The Airport terminal ramp is complete. Alpha taxiway construction is in progress, as is the design and build of specialized snow removal equipment. The design and installation of new security gates at the Airport is also in progress. Airport projects are paid for with FAA grants and matching Passenger Facility Charges (PFC's).

The Street projects include upgrades to existing streets and sidewalks in the City, as well as primary access into the Sports Complex. The realignment of Airport Lane from the National Guard Armory to 21st Avenue is nearing its completion in 2017. Design and construction of the Bins of Light art project was completed in 2016, and installation was completed in early 2017. Other Street projects in preliminary stage are the Adams/Washington sidewalk Improvement Project, Powerhouse Road sidewalk, Northside alley pavers and Garfield Elementary safety improvements, which will all start construction in 2017. Design work continues on the East/West Corridor, a major street project that is part of the Millsite Improvements. Street construction projects are financed by Federal and State loans, SIED grants, REET and local funding.

Parks projects include the Yakima Central Plaza, which is in the design process, with construction pending Council approval. The design work on the Plaza is being funded by Real Estate Excise Tax 2 (REET 2) and local grants. Once Council has approved the project, financing will be obtained through a combination of citizen contributions and other funding. Collaboration of design, development and operation of a world-class Yakima Sports Complex (SOZO) is in progress. The City is in discussion and will continue with Study Sessions with the YMCA to develop the master plan for the Aquatic Center, incorporating a ground lease development agreement and an operating agreement between the City the the YMCA. The City's financial contribution for the YMCA construction cost is estimated to be not greater than \$4.5 million, contingent on funding resources.

### NOTE 5 – PENSION PLANS

---

The following table represents the aggregate pension amounts for all plans subject to the requirements of the GASB Statement 68, *Accounting and Financial Reporting for Pensions* for the year 2016:

## AGGREGATE PENSION AMOUNTS - ALL PLANS

|                                |               |
|--------------------------------|---------------|
| Pension liabilities            | \$ 27,796,122 |
| Pension assets                 | 7,046,038     |
| Deferred outflows of resources | 7,830,456     |
| Deferred inflows of resources  | 613,150       |
| Pension expense/expenditures   | 3,626,757     |

### STATE SPONSORED PENSION PLANS

Substantially all Yakima full-time and qualifying part-time employees participate in one of the following statewide retirement systems administered by the Washington State Department of Retirement Systems, under cost-sharing, multiple-employer public employee defined benefit and defined contribution retirement plans. The state Legislature establishes, and amends, laws pertaining to the creation and administration of all public retirement systems.

The Department of Retirement Systems (DRS), a department within the primary government of the State of Washington, issues a publicly available comprehensive annual financial report (CAFR) that includes financial statements and required supplementary information for each plan. The DRS CAFR may be obtained by writing to:

Department of Retirement Systems  
Communications Unit  
P.O. Box 48380  
Olympia, WA 98540-8380

Or the DRS CAFR may be downloaded from the DRS website at [www.drs.wa.gov](http://www.drs.wa.gov).

### PUBLIC EMPLOYEES' RETIREMENT SYSTEM (PERS)

PERS members include elected officials; state employees; employees of the Supreme, Appeals and Superior Courts; employees of the legislature; employees of district and municipal courts; employees of local governments; and higher education employees not participating in higher education retirement programs. PERS is comprised of three separate pension plans for membership purposes. PERS plans 1 and 2 are defined benefit plans, and PERS plan 3 is a defined benefit plan with a defined contribution component.

**PERS Plan 1** provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service. The AFC is the average of the member's 24 highest consecutive service months. Members are eligible for retirement from active status at any age with at least 30 years of service, at age 55 with at least 25 years of service, or at age 60 with at least five years of service. Members retiring from active status prior to the age of 65 may receive actuarially reduced benefits. Retirement benefits are actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, an optional cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries. PERS 1 members were vested after the completion of five years of eligible service. The plan was closed to new entrants on September 30, 1977.

### Contributions

The PERS Plan 1 member contribution rate is established by State statute at 6 percent. The employer contribution rate is developed by the Office of the State Actuary and includes an administrative expense component that is currently set at 0.18 percent. Each biennium, the state Pension Funding Council adopts Plan 1 employer contribution rates. The PERS Plan 1 required contribution rates (expressed as a percentage of covered payroll) for 2016 were as follows:

#### PERS PLAN 1

| Actual Contribution Rates | Employer | Employee |
|---------------------------|----------|----------|
| PERS Plan 1               | 6.23%    | 6.00%    |

**PERS PLAN 1**

|                    |        |       |
|--------------------|--------|-------|
| PERS Plan 1 UAAL   | 4.77%  | 6.00% |
| Administrative Fee | 0.18%  | n/a   |
| Total              | 11.18% | 6.00% |

**PERS Plan 2/3** provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the member’s average final compensation (AFC) times the member’s years of service for Plan 2 and 1 percent of AFC for Plan 3. The AFC is the average of the member’s 60 highest-paid consecutive service months. There is no cap on years of service credit. Members are eligible for retirement with a full benefit at 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. PERS Plan 2/3 members who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a benefit that is reduced by a factor that varies according to age for each year before age 65. PERS Plan 2/3 members who have 30 or more years of service credit and are at least 55 years old can retire under one of two provisions:

- With a benefit that is reduced by three percent for each year before age 65; or
- With a benefit that has a smaller (or no) reduction (depending on age) that imposes stricter return-to-work rules.

PERS Plan 2/3 members hired on or after May 1, 2013 have the option to retire early by accepting a reduction of five percent for each year of retirement before age 65. This option is available only to those who are age 55 or older and have at least 30 years of service credit. PERS Plan 2/3 retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other PERS Plan 2/3 benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the CPI), capped at three percent annually and a one-time duty related death benefit, if found eligible by the Department of Labor and Industries. PERS 2 members are vested after completing five years of eligible service. Plan 3 members are vested in the defined benefit portion of their plan after ten years of service; or after five years of service if 12 months of that service are earned after age 44.

**PERS Plan 3** defined contribution benefits are totally dependent on employee contributions and investment earnings on those contributions. PERS Plan 3 members choose their contribution rate upon joining membership and have a chance to change rates upon changing employers. As established by statute, Plan 3 required defined contribution rates are set at a minimum of 5 percent and escalate to 15 percent with a choice of six options. Employers do not contribute to the defined contribution benefits. PERS Plan 3 members are immediately vested in the defined contribution portion of their plan.

**Contributions**

The PERS Plan 2/3 employer and employee contribution rates are developed by the Office of the State Actuary to fully fund Plan 2 and the defined benefit portion of Plan 3. The Plan 2/3 employer rates include a component to address the PERS Plan 1 UAAL and an administrative expense that is currently set at 0.18 percent. Each biennium, the state Pension Funding Council adopts Plan 2 employer and employee contribution rates and Plan 3 contribution rates. The PERS Plan 2/3 required contribution rates (expressed as a percentage of covered payroll) for 2016 were as follows:

**PERS PLAN 2/3**

| Actual Contribution Rates | Employer 2/3 | Employee 2 |
|---------------------------|--------------|------------|
| PERS Plan 2/3             | 6.23%        | 6.12%      |
| PERS Plan 1 UAAL          | 4.77%        | n/a        |
| Administrative Fee        | 0.18%        | n/a        |
| Employee PERS Plan 3      | n/a          | Varies     |
| Total                     | 11.18%       | 6.12%      |

The City of Yakima's actual PERS plan contributions were \$64,552 to PERS Plan 1 and \$3,073,516 to PERS Plan 2/3 for the year ended December 31, 2016.

### **PUBLIC SAFETY EMPLOYEES' RETIREMENT SYSTEM (PSERS)**

PSERS Plan 2 was created by the 2004 Legislature and became effective July 1, 2006. To be eligible for membership, an employee must work on a full time basis and:

- Have completed a certified criminal justice training course with authority to arrest, conduct criminal investigations, enforce the criminal laws of Washington, and carry a firearm as part of the job; or
- Have primary responsibility to ensure the custody and security of incarcerated or probationary individuals; or
- Function as a limited authority Washington peace officer, as defined in RCW 10.93.020; or
- Have primary responsibility to supervise eligible members who meet the above criteria.

PSERS membership includes:

- PERS 2 or 3 employees hired by a covered employer before July 1, 2006, who met at least one of the PSERS eligibility criteria and elected membership during the period of July 1, 2006 to September 30 2006; and
- Employees hired on or after July 1, 2006 by a covered employer, that meet at least one of the PSERS eligibility criteria.

PSERS covered employers include:

- Certain State of Washington agencies (Department of Corrections, Department of Natural Resources, Gambling commission, Liquor Control Board, Parks and Recreation Commission, and Washington State Patrol),
- Washington State Counties,
- Washington State Cities (except for Seattle, Spokane, and Tacoma),
- Correctional entities formed by PSERS employers under the Interlocal Cooperation Act.

PSERS Plan 2 provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the average final compensation (AFC) for each year of service. The AFC is based on the member's 60 consecutive highest creditable months of service. Benefits are actuarially reduced for each year that the member's age is less than 60 (with ten or more service credit years in PSERS), or less than 65 (with fewer than ten service credit years). There is no cap on years of service credit. Members are eligible for retirement at the age of 65 with five years of service; or at the age of 60 with at least ten years of PSERS service credit; or at age 53 with 20 years of service. Retirement before age 60 is considered an early retirement. PSERS members who retire prior to the age of 60 receive reduced benefits. If retirement is at age 53 or older with at least 20 years of service, a three percent per year reduction for each year between the age at retirement and age 60 applies. PSERS Plan 2 retirement benefits are actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, an optional cost-of living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries. PSERS Plan 2 members are vested after completing five years of eligible service.

### **Contributions**

The PSERS Plan 2 employer and employee contribution rates are developed by the Office of the State Actuary to fully fund Plan 2. The Plan 2 employer rates include components to address the PERS Plan 1 unfunded actuarial accrued liability and administrative expense currently set at 0.18 percent. Each biennium, the state Pension Funding Council adopts Plan 2 employer and employee contribution rates.

The PSERS Plan 2 required contribution rates (expressed as a percentage of current-year covered payroll) for 2016 were as follows:

## PSERS PLAN 2

| <u>Actual Contribution Rates</u> | <u>Employer</u> | <u>Employee</u> |
|----------------------------------|-----------------|-----------------|
| PSERS Plan 2                     | 6.59%           | 6.59%           |
| PERS Plan 1 UAAL                 | 4.77%           | n/a             |
| Administrative Fee               | 0.18%           | n/a             |
| Total                            | 11.54%          | 6.59%           |

The City of Yakima's actual plan contributions were \$84,429 to PSERS Plan 2 for the year ended December 31, 2016.

### **LAW ENFORCEMENT OFFICERS' AND FIRE FIGHTERS' RETIREMENT SYSTEM (LEOFF)**

LEOFF membership includes all full-time, fully compensated, local law enforcement commissioned officers, firefighters, and as of July 24, 2005, emergency medical technicians. LEOFF is comprised of two separate defined benefit plans.

#### **LEOFF Plan 1**

This plan provides retirement, disability and death benefits. Retirement benefits are determined per year of service calculated as a percent of final average salary (FAS) as follows:

- 20+ years of service – 2.0% of FAS
- 10-19 years of service – 1.5% of FAS
- 5-9 years of service – 1% of FAS

The FAS is the basic monthly salary received at the time of retirement, provided a member has held the same position or rank for 12 months preceding the date of retirement. Otherwise, it is the average of the highest consecutive 24 months' salary within the last ten years of service. Members are eligible for retirement with five years of service at the age of 50. Other benefits include duty and non-duty disability payments, a cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries. LEOFF 1 members were vested after the completion of five years of eligible service. The plan was closed to new entrants on September 30, 1977.

#### **Contributions**

Starting on July 1, 2000, LEOFF Plan 1 employers and employees contribute zero percent, as long as the plan remains fully funded. The LEOFF Plan 1 had no required employer or employee contributions for fiscal year 2016. Employers paid only the administrative expense of 0.18 percent of covered payroll.

#### **LEOFF Plan 2**

This plan provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the final average salary (FAS) per year of service (the FAS is based on the highest consecutive 60 months). Members are eligible for retirement with a full benefit at 53 with at least five years of service credit. Members who retire prior to the age of 53 receive reduced benefits. If the member has at least 20 years of service and is age 50, the reduction is three percent for each year prior to age 53. Otherwise, the benefits are actuarially reduced for each year prior to age 53. LEOFF 2 retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the CPI), capped at three percent annually and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries. LEOFF 2 members are vested after the completion of five years of eligible service.

#### **Contributions**

The LEOFF Plan 2 employer and employee contribution rates are developed by the Office of the State Actuary to fully fund Plan 2. The employer rate included an administrative expense component set at 0.18 percent. Plan 2 employers and employees are required to pay at the level adopted by the LEOFF Plan 2 Retirement Board. The LEOFF Plan 2 required contribution rates (expressed as a percentage of covered payroll) for 2016 were as follows:

## LEOFF PLAN 2

| Actual Contribution Rates   | Employer | Employee |
|-----------------------------|----------|----------|
| State and local governments | 5.05%    | 8.41%    |
| Administrative Fee          | 0.18%    | n/a      |
| Total                       | 5.23%    | 8.41%    |
| Ports and Universities      | 8.41%    | 8.41%    |
| Administrative Fee          | 0.18%    | n/a      |
| Total                       | 8.59%    | 8.41%    |

The City of Yakima’s actual contributions to the plan were \$1,152,276 for the year ended December 31, 2016.

The Legislature, by means of a special funding arrangement, appropriates money from the state General Fund to supplement the current service liability and fund the prior service costs of Plan 2 in accordance with the recommendations of the Pension Funding Council and the LEOFF Plan 2 Retirement Board. This special funding situation is not mandated by the state constitution and could be changed by statute. For the state fiscal year ending June 30, 2016, the state contributed \$60,375,158 to LEOFF Plan 2. The amount recognized by the City of Yakima as its proportionate share of this amount is \$741,394.

### ACTUARIAL ASSUMPTIONS

The total pension liability (TPL) for each of the DRS plans was determined using the most recent actuarial valuation completed in 2016 with a valuation date of June 30, 2015. The actuarial assumptions used in the valuation were based on the results of the Office of the State Actuary’s (OSA) *2007-2012 Experience Study*.

Additional assumptions for subsequent events and law changes are current as of the 2015 actuarial valuation report. The TPL was calculated as of the valuation date and rolled forward to the measurement date of June 30, 2016. Plan liabilities were rolled forward from June 30, 2015, to June 30, 2016, reflecting each plan’s normal cost (using the entry-age cost method), assumed interest and actual benefit payments.

- Inflation - 3.0% total economic inflation; 3.75% salary inflation
- Salary increases - In addition to the base 3.75% salary inflation assumption, salaries are also expected to grow by promotions and longevity.
- Investment rate of return - 7.5%

Mortality rates were based on the RP-2000 report’s Combined Healthy Table and Combined Disabled Table, published by the Society of Actuaries. The OSA applied offsets to the base table and recognized future improvements in mortality by projecting the mortality rates using 100 percent Scale BB. Mortality rates are applied on a generational basis; meaning, each member is assumed to receive additional mortality improvements in each future year throughout his or her lifetime.

There were minor changes in methods and assumptions since the last valuation.

- For all systems, except LEOFF Plan 2, the assumed valuation interest rate was lowered from 7.8% to 7.7%. Assumed administrative factors were updated.
- Valuation software was corrected on how the nonduty disability benefits for LEOFF Plan 2 active members is calculated.
- New LEOFF Plan 2 benefit definitions were added within the OSA valuation software to model legislation signed into law during the 2015 legislative session.

### Discount Rate

The discount rate used to measure the total pension liability for all DRS plans was 7.5%.

To determine that rate, an asset sufficiency test included an assumed 7.7 percent long-term discount rate to determine funding liabilities for calculating future contribution rate requirements. (All plans use 7.7 percent except LEOFF 2, which has assumed 7.5 percent). Consistent with the long-term expected rate of return, a 7.5 percent future investment rate of return on invested assets was assumed for the test. Contributions from plan members and employers are assumed to continue being made at contractually required rates (including PERS 2/3, PSERS 2, SERS 2/3, and TRS 2/3 employers, whose rates include a component for the PERS 1, and TRS 1 plan liabilities). Based on these assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return of 7.5 percent was used to determine the total liability.

### Long-Term Expected Rate of Return

The long-term expected rate of return on the DRS pension plan investments of 7.5 percent was determined using a building-block-method. The Washington State Investment Board (WSIB) used a best estimate of expected future rates of return (expected returns, net of pension plan investment expense, including inflation) to develop each major asset class. Those expected returns make up one component of WSIB's capital market assumptions. The WSIB uses the capital market assumptions and their target asset allocation to simulate future investment returns at various future times. The long-term expected rate of return of 7.5 percent approximately equals the median of the simulated investment returns over a 50-year time horizon.

### Estimated Rates of Return by Asset Class

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2016, are summarized in the table below. The inflation component used to create the table is 2.2 percent and represents the WSIB's most recent long-term estimate of broad economic inflation.

| Asset Class     | Target<br>Allocation | % LT Expected<br>Real Rate of<br>Return |
|-----------------|----------------------|---|
|                 |                      | Arithmetic                              |
| Fixed income    | 20%                  | 1.70%                                   |
| Tangible assets | 5%                   | 4.40%                                   |
| Real estate     | 15%                  | 5.80%                                   |
| Global equity   | 37%                  | 6.60%                                   |
| Private Equity  | 23%                  | 9.60%                                   |
|                 | 100%                 |   |

### Sensitivity of Net Pension Liability

The table below presents the City of Yakima's proportionate share of the net pension liability calculated using the discount rate of 7.5 percent, as well as what the City of Yakima's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.5 percent) or 1-percentage point higher (8.5 percent) than the current rate.

|          | Current               |                         |                       |
|----------|-----------------------|-------------------------|-----------------------|
|          | 1% Decrease<br>(6.5%) | Discount<br>Rate (7.5%) | 1% Increase<br>(8.5%) |
| PERS 1   | \$ 15,780,155         | \$ 13,085,797           | \$ 10,767,136         |
| PERS 2/3 | 26,914,435            | 14,618,037              | (7,609,532)           |
| PSERS 2  | 400,743               | 92,291                  | (127,420)             |
| LEOFF 1  | (1,617,233)           | (2,722,428)             | (3,667,123)           |
| LEOFF 2  | 12,124,597            | (4,323,611)             | (16,720,783)          |

### PENSION PLAN FIDUCIARY NET POSITION

Detailed information about the State's pension plans' fiduciary net position is available in the separately issued DRS financial report.

**Pension Liabilities (Assets)**

At June 30, 2016, the City of Yakima reported a total pension asset of (\$7.0) million and a pension liability of \$27.8 million for its proportionate share of the net pension assets and liabilities as follows:

|          | <u>Asset</u>          | <u>Liability</u>     |
|----------|-----------------------|----------------------|
| PERS 1   | \$ —                  | \$ 13,085,797        |
| PERS 2/3 | —                     | 14,618,037           |
| PSERS 2  | —                     | 92,291               |
| LEOFF 1  | (2,722,428)           | —                    |
| LEOFF 2  | (4,323,611)           | —                    |
|          | <u>\$ (7,046,039)</u> | <u>\$ 27,796,125</u> |

The amount of the liability (asset) reported above for LEOFF Plan 2 reflects a reduction for State pension support provided to the City of Yakima. The amount recognized by the city as its proportionate share of the net pension liability (asset), the related State support, and the total portion of the net pension liability (asset) that was associated with the city were as follows:

| <u>Risk</u>   | <u>LEOFF 1</u>         | <u>LEOFF 2</u>        |
|---|------------------------|-----------------------|
|   | <u>Asset</u>           | <u>Asset</u>          |
| Employer’s proportionate share  | \$ (2,722,428)         | \$ (4,323,611)        |
| State’s proportionate share of the net pension asset associated with the employer | (18,414,434)           | (2,818,680)           |
| Total   | <u>\$ (21,136,862)</u> | <u>\$ (7,142,291)</u> |

At June 30, the City of Yakima’s proportionate share of the collective net pension liabilities was as follows:

|          | <u>Proportionate Share 6/30/15</u> | <u>Proportionate Share 6/30/16</u> | <u>Change in Proportion</u> |
|----------|------------------------------------|------------------------------------|-----------------------------|
| PERS 1   | 0.2473%                            | 0.2437%                            | (0.0036)%                   |
| PERS 2/3 | 0.2942%                            | 0.2903%                            | (0.0039)%                   |
| PSERS 2  | 0.2462%                            | 0.2172%                            | (0.0290)%                   |
| LEOFF 1  | 0.2686%                            | 0.2642%                            | (0.0044)%                   |
| LEOFF 2  | 0.7426%                            | 0.7434%                            | 0.0008%                     |

Employer contribution transmittals received and processed by the DRS for the fiscal year ended June 30 are used as the basis for determining each employer’s proportionate share of the collective pension amounts reported by the DRS in the *Schedules of Employer and Nonemployer Allocations* for all plans except LEOFF 1.

LEOFF Plan 1 allocation percentages are based on the total historical employer contributions to LEOFF 1 from 1971 through 2000 and the retirement benefit payments in fiscal year 2016. Historical data was obtained from a 2011 study by the Office of the State Actuary (OSA). In fiscal year 2016, the state of Washington contributed 87.12 percent of LEOFF 1 employer contributions and all other employers contributed the remaining 12.88 percent of employer contributions. LEOFF 1 is fully funded and no further employer contributions have been required since June 2000. If the plan becomes underfunded, funding of the remaining liability will require new legislation. The allocation method the plan chose reflects the projected long-term contribution effort based on historical data.

In fiscal year 2016, the state of Washington contributed 39.46 percent of LEOFF 2 employer contributions pursuant to RCW 41.26.725 and all other employers contributed the remaining 60.54 percent of employer contributions.

The collective net pension liability (asset) was measured as of June 30, 2016, and the actuarial valuation date on which the total pension liability (asset) is based was as of June 30, 2015, with update procedures used to roll forward the total pension liability to the measurement date.

### Pension Expense

For the year ended December 31, 2016, the City of Yakima's recognized pension expense as follows:

|          | <b>Pension<br/>Expense</b> |
|----------|----------------------------|
| PERS 1   | \$ 495,906                 |
| PERS 2/3 | 1,988,168                  |
| PSERS 2  | 64,126                     |
| LEOFF 1  | (308,332)                  |
| LEOFF 2  | 1,386,889                  |
| Total    | <u>\$ 3,626,757</u>        |

### Deferred Outflows of Resources and Deferred Inflows of Resources

At December 31, 2016, the City of Yakima's reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

#### DEFERRED OUTFLOWS/INFLOWS

| <b>Plan</b>  | <b>Deferred<br/>Outflows<br/>of Resources</b> | <b>Deferred<br/>Inflows<br/>of Resources</b> |
|--|---|--|
| <b>PERS Plan 1</b>   |   |  |
| Differences between expected and actual experience   | \$ 329,480                                    | \$ —   |
| Contributions subsequent to the measurement date   | 718,104                                       | —  |
| Total PERS Plan 1  | <u>\$ 1,047,584</u>                           | <u>\$ —</u>                                  |
| <b>PERS Plan 2/3</b>   |   |  |
| Differences between expected and actual experience   | \$ 778,400                                    | \$ 482,565                                   |
| Net difference between projected and actual investment earnings on pension plan investments          | 1,788,826                                     | —  |
| Changes of assumptions   | 151,089                                       | —  |
| Changes in proportion and differences between contributions and proportionate share of contributions | 67,548  | 122,488                                      |
| Contributions subsequent to the measurement date   | 875,017                                       | —  |
| Total PERS Plan 2/3  | <u>\$ 3,660,880</u>                           | <u>\$ 605,053</u>                            |
| <b>PSERS Plan 2</b>  |   |  |
| Differences between expected and actual experience   | \$ 31,437                                     | \$ —   |
| Net difference between projected and actual investment earnings on pension plan investments          | 19,035  | —  |
| Changes of assumptions   | 358   | —  |
| Changes in proportion and differences between contributions and proportionate share of contributions | —   | 3,066  |
| Contributions subsequent to the measurement date   | 26,246  | —  |
| Total PSERS Plan 2   | <u>\$ 77,076</u>                              | <u>\$ 3,066</u>                              |

**DEFERRED OUTFLOWS/INFLOWS**

| <u>Plan</u>  | <u>Deferred<br/>Outflows<br/>of Resources</u> | <u>Deferred<br/>Inflows<br/>of Resources</u> |
|--|---|--|
| <b>LEOFF 1</b>   |   |  |
| Net difference between projected and actual investment earnings on pension plan investments          | 276,731                                       | —  |
| <b>Total LEOFF 1</b>   | <b>\$ 276,731</b>                             | <b>\$ —</b>                                  |
| <b>LEOFF 2</b>   |   |  |
| Differences between expected and actual experience   | \$ 592,451                                    | \$ —   |
| Net difference between projected and actual investment earnings on pension plan investments          | 1,553,647                                     | —  |
| Changes of assumptions   | 16,302  | —  |
| Changes in proportion and differences between contributions and proportionate share of contributions | 23,985  | 5,030  |
| Contributions subsequent to the measurement date   | 581,797                                       | —  |
| <b>Total LEOFF 2</b>   | <b>\$ 2,768,182</b>                           | <b>\$ 5,030</b>                              |
| <b>Total</b>   | <b>7,830,453</b>                              | <b>613,149</b>                               |

Deferred outflows of resources related to pensions resulting from the City of Yakima contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2017. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| <u>Year ended</u>  |               |                 |              |                |                |  |
|--------------------|---------------|-----------------|--------------|----------------|----------------|--|
| <u>December 31</u> | <u>PERS 1</u> | <u>PERS 2/3</u> | <u>PSERS</u> | <u>LEOFF 1</u> | <u>LEOFF 2</u> |  |
| 2017               | \$ (81,125)   | \$ (35)         | \$ 5,662     | \$ (57,187)    | \$ (16,384)    |  |

**OTHER RETIREMENT SYSTEMS**

**Volunteer Firefighters' and Reserve Officers' Relief Pension Fund (VFFRPF)**

VFFRPF is a cost-sharing, multiple-employer defined benefit plan administered by the State Board for Volunteer Fire Fighters and Reserve Officers. The Board is appointed by the Governor and is comprised of five members of fire departments covered by Chapter 41.24 RCW. Administration costs of the VFFRPF are funded through legislative appropriation. Approximately 500 local governments, consisting of fire departments, emergency medical service districts and law enforcement agencies, contribute to the plan. In addition, the state contributes 40 percent of the fire insurance premium tax. Retirement benefits are established in Chapter 41.24 RCW and may be amended only the Legislature.

The VFFRPF plan does not issue a stand-alone financial report, but is included in the comprehensive annual financial report (CAFR) of the State of Washington. The State CAFR may be downloaded from the Office of Financial Management (OFM) website at [www.ofm.wa.gov](http://www.ofm.wa.gov).

Membership in the VFFRPF includes volunteer firefighters, emergency medical technicians, and commissioned reserve law enforcement officers of participating employers. After 25 years of active membership, members having reached the age of 65 and who have paid their annual retirement fee for 25 years are entitled to receive a monthly benefit of \$50 plus \$10 per year of service, for a maximum monthly benefit of \$300. Reduced pensions are available for members under the age of 65 or with less than 25 years of service.

Members are vested after ten years of service. The VFFRPF members earn no interest on contributions and may elect to withdraw their contributions upon termination. Death and active duty disability benefits are provided at no cost to the member. Death benefits in the line of duty consist of a lump sum of \$214,000 and funeral and burial expenses of \$2,000. Members receiving disability benefits at the time of death shall be paid \$500.

**Contributions**

Contribution rates for emergency medical service districts (EMSD) and law enforcement agencies are set each year by the Board based on the actual cost of participation as determined by the Office of the State Actuary. All other contribution rates are set by the Legislature. Municipalities may opt to pay the member’s fee on their behalf.

The contribution rates for 2016 were:

| <b>VFFRPF</b>                    |                     |                                  |
|----------------------------------|---------------------|----------------------------------|
| <b>Actual Contribution Rates</b> | <b>Firefighters</b> | <b>EMSD and Reserve Officers</b> |
| Municipality fee                 | \$ 30               | \$ 105                           |
| Member Fee                       | 30                  | 30                               |

The City of Yakima’s actual contributions to the plan were \$2,160 for the year ended December 31, 2016.

In accordance with Chapter 41.24 RCW, the state contributes 40 percent of the fire insurance premium tax to the plan. For fiscal year 2016, the fire insurance premium tax contribution was \$7.2 million.

**Actuarial Assumptions**

The total pension asset for the VFFRPF was determined by an actuarial valuation by the Office of the State Actuary (OSA) as of June 30, 2015, and rolled forward to June 30, 2016, using the following actuarial assumptions, applied to all prior periods included in the measurement:

- Inflation: 3%
- Salary increases: N/A
- Investment rate of return: 7.0%

The actuarial assumptions used in the valuation were based on the results of the Office of the State Actuary’s (OSA) *2007-2012 Experience Study*. Additional assumptions for subsequent events and law changes are current as of the 2015 valuation report.

Mortality rates were based on the RP-2000 report’s Combined Healthy Table and Combined Disabled Table, published by the Society of Actuaries. The OSA applied offsets to the base table and recognized future improvements in mortality by projecting the mortality rates using 100 percent Scale BB. Mortality rates are applied on a generational basis; meaning, each member is assumed to receive additional mortality improvements in each future year throughout their lifetime.

**Discount Rate**

The discount rate used to measure the total VFFRPF pension asset was 7 percent. To determine that rate, an asset sufficiency test was completed to test whether the pension plan’s fiduciary net position was sufficient to make all projected future benefit payments of current plan members. Consistent with current law, the completed asset sufficiency test included as assumed 7 percent long-term discount rate to determine funding liabilities for calculating future contribution rate requirements. Consistent with the long-term expected rate of return, a 7 percent future investment rate of return on invested assets was assumed for the test. Contributions from plan members, municipalities, and the state will be made at the current contribution rate. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

**Long-Term Expected Rate of Return**

The long-term expected rate of return on the VFFRPF pension plan investments of 7 percent was determined using a building-block-method. As the plan has assets managed by both the Washington State Investment Board (WSIB) and the Office of the State Treasurer (OST), the long-term expected rate of return of 7 percent represents an approximate weighted-average of the assets managed by WSIB (7.5% expected return) and OST (4 percent expected return). The Washington State Investment Board (WSIB) used a best estimate of expected future rates of return (expected returns, net of pension plan investment expense, including inflation) to develop each major asset class. Those expected returns make up one component of WSIB’s capital market assumptions. The WSIB uses the capital market assumptions and their target asset allocation to simulate future investment returns at various future times. The long-term expected rate of return of 7 percent approximately equals the median of the simulated investment returns over a 50-year time horizon.

**Estimated Rates of Return by Asset Class**

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan’s target asset allocation as of June 30, 2016, are summarized in the table below. The inflation component used to create the table is 2.2 percent and represents the WSIB’s most recent long-term estimate of broad economic inflation.

| Asset Class     | Target Allocation | % LT Expected<br>Real Rate of<br>Return |
|-----------------|-------------------|---|
|                 |                   | Arithmetic                              |
| Fixed income    | 20%               | 1.70%                                   |
| Tangible assets | 5%                | 4.40%                                   |
| Real estate     | 15%               | 5.80%                                   |
| Global equity   | 37%               | 6.60%                                   |
| Private Equity  | 23%               | 9.60%                                   |
|                 | 100%              |   |

**Sensitivity of Net Pension Asset**

The following presents the City of Yakima’s proportionate share of the VFFRPF net pension asset calculated using the discount rate of 7 percent, as well as what the City of Yakima’s proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage point lower (6 percent) or 1-percentage point higher (8 percent) than the current rate.

|        | Current<br>Discount |             |             |
|--------|---------------------|-------------|-------------|
|        | 1% Increase         | Rate        | 1% Increase |
|        | (6.0%)              | (7.0%)      | (8.0%)      |
| VFFRPF | \$ 18,039           | \$ (36,055) | \$ (79,808) |

### **Pension Plan Fiduciary Net Position**

Detailed information about the VFFRPF plan's fiduciary net position is available in the separately issued State of Washington CAFR.

### **Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2016, the City of Yakima reported an asset of \$36,055 for its proportionate share of the VFFRPF plan's net pension asset. The City of Yakima's proportion of the net pension asset was based on actual contributions to the plan relative to total contributions of all participating municipalities. At June 30, 2016, the City of Yakima's proportion was .21%.

The VFFRPF collective net pension asset was measured as of June 30, 2016, and the actuarial valuation date on which the total pension asset is based was as of June 30, 2015, with update procedures used to roll forward the total pension liability to the measurement date.

For the year ended December 31, 2016, the City of Yakima recognized pension expense of \$2,160. Deferred outflows of resources and deferred inflows of resources are not material to the VFFRPF plan.

### **FIREMEN'S PENSION**

The City has a single employer, defined benefit pension plan for Firefighters employed prior to March 1, 1970, and governed by Washington State Law RCW 41.26. Under the terms of the governing law, the pension member is entitled to payment from the City's pension plan for those benefits in excess of those calculated under the LEOFF plan.

The City's Firemen's Pension Fund is a closed group. No new members are permitted. Employees attaining the age of fifty who have completed 25 or more years of service are entitled to annual benefits of fifty-percent of their salary plus an additional two-percent for each year of service in excess of 25 years, up to a maximum of sixty-percent of salary. The pension plan also provides death and disability pension benefits plus sick benefits for eligible active and retired employees.

If the employee terminates his employment with the Fire Department and is not eligible for any other benefit under the Firemen's Pension, the employee is entitled to the following:

- Return of accumulated contributions less any benefits paid.
- When a Firefighter would have had 25 years of service, 2% of salary for each year of service.

During the year ended December 31, 2016, there were no plan amendments.

### **Contributions**

Firefighters are no longer required to contribute to the Firemen's Pension. The City is required to contribute the amount necessary to fund the Firemen's Pension, using the aggregate projected benefit method. Under state law, partial funding of the Firemen's Pension Fund is provided by:

- An annual tax levy of up to \$.45 per \$1,000 of assessed valuation of all taxable property of the City in the amount of \$1,220,002 for fiscal year 2016.
- The Firemen's Pension Fund also receives a proportionate share of the 25 percent of the tax on fire insurance premiums set aside by the state for all paid firemen in the state which totaled \$91,883 for fiscal year 2016.
- Additional funding is provided by investment interest earnings, which in fiscal 2016 totaled \$500.

### **Actuarial Assumptions**

The City's funding policy is to provide for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due.

Under this method, the normal cost is a portion of the actuarial present value of benefits allocated to a valuation year. The actuarial accrued liability is equal to the actuarial value of assets. (Thus, there is no unfunded actuarial accrued liability under this method.)

Significant actuarial assumptions used to compute contribution requirements were the same as those used to compute the standardized measure of the pension benefit obligation.

|                                  | Fire                  |                       |                       |
|----------------------------------|-----------------------|-----------------------|-----------------------|
|                                  | 2014                  | 2015                  | 2016                  |

| Interest on NPO                  | (55,657)              | (61,197)              | (62,201)              |
| Adjustment to ARC                | 106,619               | 121,739               | 135,722               |
| Annual pension cost              | 509,920               | 519,500               | 577,296               |
| Employer contributions           | (657,636)             | (664,756)             | (730,834)             |
| Change in net pension obligation | (147,716)             | (145,256)             | (153,538)             |
| Net pension obligation (BOY)     | (1,484,192)           | (1,631,908)           | (1,777,164)           |
| Net pension obligation (EOY)     | <u>\$ (1,631,908)</u> | <u>\$ (1,777,164)</u> | <u>\$ (1,930,702)</u> |

### **POLICE PENSION**

The City has a single employer, defined benefit pension plan for Police Officers employed prior to March 1, 1970, and governed by Washington State Law RCW 41.20 and 41.26. Under the governing law, the pension member is entitled to payment from the City's pension plan for those benefits in excess of those calculated under the LEOFF plan. The City also covers four members who were ineligible under the State Law Enforcement Officers and Firefighters (LEOFF) Program.

The City's Police Pension Fund is a closed group. No new members are permitted. Employees who have completed 25 years or more of service are entitled to annual benefits of 50% of their salary plus an additional 2% for each year of service in excess of 25 years – up to a maximum of 60% of salary. The plan provides death and disability pension benefits plus sick benefits for eligible active and retired employees.

There are no longer any active employees who are eligible for this benefit.

During the year ended December 31, 2016, there were no plan amendments.

### **Contributions**

The Police Pension is a department within the General Fund. The City engaged Milliman U.S.A., Consultant & Actuaries, to perform the pension's actuarial study. They issued a valuation dated January 1, 2015. The valuation provided actuarially determined rates to accumulate sufficient assets to pay benefits when due rather than the current pay as you go basis.

### **Actuarial Assumptions**

The City's funding policy is to provide for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due.

Under this method, the normal cost is a portion of the actuarial present value of benefits allocated to a valuation year. The actuarial accrued liability is equal to the actuarial value of assets. (Thus, there is no unfunded actuarial accrued liability under this method.)

Significant actuarial assumptions used to compute contribution requirements were the same as those used to compute the standardized measure of the pension benefit obligation.

---

## NOTE 6 – OTHER POSTEMPLOYMENT BENEFIT (OPEB) PLANS

---

In addition to providing pension benefits, the City provides certain health care (100% of medically necessary costs) and life insurance benefits for retired employees under the City's Firemen's and Police Pensions as prescribed by state statutes. Current employees under these two pensions become eligible for those benefits if they reach normal retirement age while working for the City. The cost of retiree health care insurance and life insurance benefits is recognized as an expenditure as claims are paid. Both plans are being funded 100% by the City on a pay as you go basis. For 2016, the costs totaled \$506,061 for the Firemen's Pension which has a total of 51 participants currently eligible to receive benefits and \$488,187 for the Police Pension which has a total of 40 participants currently eligible to receive benefits.

### LEOFF I

Under RCW law, retiree medical, hospital, and nursing care, as long as a disability exists, are covered for any active firefighter hired prior to March 1, 1970. For any retired officer hired prior to March 1, 1970, retiree medical, hospital, and nursing care are covered at the discretion of the Retirement Board. Members retired prior to 1961 for reasons other than duty disability are not eligible for retiree medical benefits during retirement. Under LEOFF Law, the necessary hospital, retiree medical, and nursing care expenses not payable by Workers' Compensation, Social Security, etc. are covered for any active or retired LEOFF 1 member.

Employees are eligible to receive lifetime retiree medical benefits upon service retirement after age 50 with at least five years of service. If they are not eligible to retire when leaving LEOFF, but have 20 years of service credit, they are eligible for retiree medical benefits when pension benefits commence. Employees also receive lifetime benefits upon disability.

Effective January 1, 2007, the City began reimbursing dental costs up to an annual maximum of \$500 for LEOFF I Fire/Police employees.

### Funding Policy

Funding for LEOFF retiree health care costs is provided entirely by the City as required by RCW. The City's funding policy is based upon pay as you go financing requirements.

### OPEB Costs, Contributions, and Net Obligations

The City's annual other postemployment benefit (OPEB) cost is calculated based upon the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that if paid on an ongoing basis is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities over a period of thirty years as of January 1, 2012. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB. The net Fire and Police OPEB obligation of \$14.6 million is included as a noncurrent liability on the Statement of Net Position.

#### ANNUAL OPEB COST AND NET OPEB OBLIGATION – LEOFF

|                                    | Fire                |                     |                     |

| Net OPEB obligation                | <u>\$ 4,720,727</u> | <u>\$ 5,685,684</u> | <u>\$ 6,719,748</u> |

### Funded Status

As of January 1, 2016, the most recent actuarial valuation date, the plan was 0.0% funded. The accrued liability for benefits was \$55.0 million and the actuarial value of the assets was \$0, resulting in a UAAL of \$55.0 million. A schedule of funding progress is provided as required supplementary information. This schedule provides information on the trend of funding ratio for the three most recent actuarial studies.

The City's annual OPEB cost, the percentage of OPEB cost contributed to the plan, and the net OPEB obligation is shown in the following chart.

## OPEB CONTRIBUTIONS – LEOFF

|        | Valuation<br>Date | Annual<br>OPEB<br>Cost | Percent<br>of OPEB<br>Contributed | Net<br>OPEB<br>Obligation |
|--------|-------------------|------------------------|-----------------------------------|---------------------------|
| Fire   | 12/31/14          | \$ 1,590,893           | 35.0%                             | \$ 5,591,944              |
|        | 12/31/15          | 1,687,366              | 32.0%                             | 6,733,366                 |
|        | 12/31/16          | 1,644,268              | 31.0%                             | 7,871,573                 |
| Police | 12/31/14          | 1,534,230              | 44.0%                             | 4,720,727                 |
|        | 12/31/15          | 1,558,674              | 38.0%                             | 5,685,684                 |
|        | 12/31/16          | 1,522,251              | 32.0%                             | 6,719,748                 |

### Actuarial Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities, consistent with the long-term perspective of the calculations.

In the January 1, 2016 actuarial valuation, the Entry Age Normal actuarial cost method was used. The actuarial assumptions used included a 3.5% discount rate, which is based upon the long-term investment yield on the investments that are expected to be used to finance the payment of benefits. Medical trend assumptions range from 6.7% for 2016 dropping gradually to 5.0% in 2024 and beyond.

The UAAL is being amortized on a closed basis at the assumed discount rate. The remaining amortization period at January 1, 2008 was 30 years.

### NON-LEOFF I EMPLOYEES

The City of Yakima provides to its retirees employer-provided subsidies associated with postemployment medical benefits. Retirees eligible to receive pension benefit payments along with their qualifying dependents are eligible to remain on the medical insurance plan up to Medicare eligible age 65, by self-paying the entire composite premium rates which blend both active and inactive (i.e. retired) member claims history.

City members under the age of 65 are eligible for retiree medical benefits after becoming eligible for retirement pension benefits (either reduced or full pension benefits). Spouses of retired members of Plan 1 of LEOFF under the age of 65 are also eligible for benefits. Also, dependent children of retirees under the age of 25 are eligible for benefits.

Former members who are entitled to a deferred vested pension benefit are eligible to receive medical benefits after pension benefit commencement. Spouses under age 65 of covered members are eligible for medical benefits after the members' benefits terminate due to death or obtaining age 65.

Upon retirement, members are permitted to receive medical benefits. Retirees paid \$699.88 per month for pre-65 Medical coverage for 2016. If a retiree chooses to cover his spouse and/or eligible family an amount of \$755.74 per month for pre-65 Medical coverage was paid in 2016.

### Funding Policy

The funding policy is based upon the pay as you go financing requirements.

### OPEB Costs, Contributions, and Net Obligations

The City's annual other postemployment benefit (OPEB) cost is calculated based upon the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities over a period of thirty years as of January 1, 2012. The following table

shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB.

### ANNUAL OPEB COST AND NET OPEB OBLIGATION – NON-LEOFF

|                                    | Non-LEOFF    |              |              |
|------------------------------------|--------------|--------------|--------------|
|                                    | 2014         | 2015         | 2016         |
| Annual required contribution (ARC) |              |              |              |
| Annual normal cost                 | \$ 469,157   | \$ 436,955   | \$ 436,955   |
| Amortization of UAAL               | 471,818      | 451,435      | 451,435      |
| Interest                           | 37,639       | 31,094       | 31,094       |
| ARC at EOY                         | 978,614      | 919,484      | 919,484      |
| Interest on net OPEB obligation    | 121,126      | 123,357      | 144,777      |
| Adjustment to ARC                  | (190,769)    | (218,002)    | (263,504)    |
| Annual OPEB cost                   | 908,971      | 824,839      | 800,757      |
| Employer contributions             | (412,448)    | (212,830)    | (346,815)    |
| Change in net OPEB obligation      | 496,523      | 612,009      | 453,942      |
| Net beginning OPEB obligation      | 3,028,148    | 3,524,472    | 4,136,481    |
| Net OPEB obligation                | \$ 3,524,671 | \$ 4,136,481 | \$ 4,590,423 |

#### Funded Status

As of January 1, 2016, the most recent actuarial valuation date, the plan was 0.0% funded. The accrued liability for benefits was \$7.3 million and the actuarial value of the assets was \$0, resulting in a UAAL of \$7.3 million. A schedule of funding progress is provided as required supplementary information. This schedule provides information on the trend of funding ratio for the three most recent actuarial studies.

The City's annual OPEB cost, the percentage of OPEB cost contributed to the plan, and the net OPEB obligation for 2016 is shown in the following chart.

### OPEB CONTRIBUTIONS – NON-LEOFF

(Amount Expressed in Thousands)

|           | Valuation<br>Date | Annual<br>OPEB<br>Cost | Percent<br>of OPEB<br>Contributed | Net<br>OPEB<br>Obligation |
|-----------|-------------------|------------------------|-----------------------------------|---------------------------|
| Non-LEOFF | 12/31/14          | \$ 908,772             | 45.0%                             | \$ 3,524,472              |
|           | 12/31/15          | 824,839                | 26.0%                             | 4,136,481                 |
|           | 12/31/16          | 800,727                | 43.0%                             | 4,590,423                 |

#### Actuarial Assumptions

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities, consistent with the long-term perspective of the calculations.

In the January 1, 2016 actuarial valuation, the Entry Age Normal actuarial cost method was used. The actuarial assumptions used included a 3.5% discount rate, which is based upon the long-term investment yield on the investments that are expected to be used to finance the payment of benefits. Medical trend assumptions range from 6.7% for 2016 dropping gradually to 5.0% in 2024 and beyond.

The UAAL is being amortized on a closed basis at the assumed discount rate. The remaining amortization period at January 1, 2008 was 30 years.

---

## **NOTE 7 – SELF-INSURANCE**

---

The City maintains Reserve Funds to provide for self-insurance coverage in the areas of Unemployment Compensation, Medical/Dental coverage, and Workers' Compensation. In addition, the City maintains a Risk Management Fund to provide for property, liability, and other coverage.

### **UNEMPLOYMENT COMPENSATION**

In 1978, the City of Yakima established an Unemployment Compensation Reserve Fund to provide unemployment compensation coverage for its employees, and thereby elected to participate with the State of Washington in a cost reimbursement instead of monthly premium program. In doing so, the City retained its right to appeal awards and determinations made by the State Department of Employment Security. The City has contracted with Equifax Workforce Solutions to represent the City in appeal hearings and to provide audits of state awards.

The State of Washington invoices the City on a quarterly basis for reimbursement of claims which represent payment of unemployment compensation and related administrative costs. Resources accrue to the Unemployment Compensation Reserve Fund through monthly charges made to each Operating Fund based on employee earnings. Normal accrual rates have been between .5 and .75 percent of gross payroll, while costs under the monthly premium program would have been approximately three-percent of payroll. The City has achieved considerable savings. Interfund premiums are based primarily upon the insured funds claims experience and are reported as quasi external interfund transactions - these totaled \$207,271 for 2016. The reserve balance at the end of 2016 was \$434,693. No incurred but not reported claims have been accrued as a liability.

### **MEDICAL & DENTAL COVERAGE**

The City, in August, 1979, self-insured its medical and dental programs for all eligible employees (temporary employees and employees hired to work less than half time are not eligible to participate in the plan). The City's Human Resources Office administers the self-insured program and claims payments. The third party administrator is Employee Benefit Management Services, Inc. (EBMS).

Each Operating Fund is charged an accrual amount per covered employee which would otherwise have been paid to an insurance carrier. These amounts are determined by the City based upon recommendations made by Emspring, the contracted broker. Factors considered by the broker include the amount of claims paid the previous year, increases over prior years, claims administration costs, projected insurance industry inflation rates and the status of the Fund's Reserve. Interfund premiums for 2016 were \$9,553,663. The reserve balance at the end of 2016 was \$350,913, after considering incurred but not reported claims of \$1,421,941 that have been accrued as a liability.

In order to avoid catastrophic losses, the City reinsures the program by purchasing insurance known as "stop loss insurance." Two types of "stop loss" insurance are purchased: 1) individual stop loss; and, 2) aggregate stop loss, with both provided through Sun Life Financial. Under the individual stop loss insurance, the City pays the first \$250,000 of claims for an individual employee or dependent. Any charges accrued by an individual in excess of \$250,000 in a calendar year are thereafter reimbursed by Sun Life. The aggregate stop loss is designed to protect the City from multiple large claims which may not reach the individual stop loss attachment point (\$250,000). The

aggregate stop loss attachment point is calculated by determining the projected amount of claims for the year and adding an additional 25% of that amount (125% of projected claims).

### **WORKERS COMPENSATION**

The City self-insured its workers' compensation program for all employees except those covered by the LEOFF 1 Retirement System in July, 1984. This workers' compensation program provides coverage identical to the state administered workers' compensation program; however, the City pays only the direct injury related costs and certain administrative fees. The program is administered by the City's Human Resources Office with claims administration and safety services provided by Intermountain Claims, Inc.

Each operating fund is charged an appropriate accrual amount, per employee, based on rate requirements prescribed by the State of Washington. Each year the reserve fund balance is reviewed to determine a contribution rate which provides for an appropriate reserve. Interfund premiums to the fund were \$1,007,641. The reserve balance at the end of 2016 was negative \$112,823 after considering, based on the claims manager's estimate, the accrual for incurred but not reported claims of \$622,334 at December 31, 2016.

In order to avoid catastrophic losses, the City "reinsures" the program by purchasing insurance known as "stop loss" insurance. This insurance is provided through Payne West Insurance under a policy purchased from Safety National Casualty Corporation. Under the individual stop loss coverage, the City pays the first \$650,000 of a claim and the insurance company pays the balance for an individual claim or the balance up to a maximum of \$25 million for multiple claims arising from a single incident.

---

### **NOTE 8 – RISK MANAGEMENT**

---

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Risk Management Fund was established in 1986 to account for its risk management program. Resources accrue to the fund through interfund premiums to operating funds for appropriate insurance coverage and the replenishment and building of reserves for potential liability claims. City interfund contributions to the Risk Management Reserve Fund were \$3,570,231. The fund provides for administration, legal services, and claims adjustment and for the purchase of property, general liability, and other insurance coverage.

Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that has been incurred but not reported. The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider recent claim settlement trends, inflation, and other economic or social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims. Estimated recoveries, for example from subrogation, are another component of the claims liability estimate. Based on these factors, the claims manager's estimate of claims liability at December 31, 2016, is \$750,000.

The Risk Management fund balance was negative \$2.2 million at the end of 2016, due to a large settlement and the continuing effect of the pension obligation tied to City employees allocated to this function. A plan is in place to rebuild the fund balance through increased contributions.

## PROPERTY AND LIABILITY INSURANCE

### **Affiliated FM Insurance Company**

The City of Yakima purchases property insurance and boiler and machinery insurance from Affiliated FM Insurance Company covering loss or damage to City owned property from various perils including earthquake and flood.

*Coverage* – The policy is subject to a \$100,000,000 limit per occurrence and a \$100,000 per occurrence deductible.

### **Cities Insurance Association of Washington**

Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a program or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services to the same extent that they may individually purchase insurance, self-insure, or hire or contract for risk management services. An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the interlocal Cooperation Act. The Cities Insurance Association of Washington (CIAW) was formed on September 1, 1988, when 34 cities in the state of Washington joined together by signing an interlocal Governmental Agreement to pool their self-insured losses and jointly purchase insurance and administrative services. The City of Yakima became an associate member effective December 14, 2005, and became a member effective September 1, 2010. As of December 31, 2016, there are 281 members in the program.

The City participates in the CIAW insurance pool administered by Canfield & Associates. The program provides the following forms of joint self-insurance and excess coverage for its members: Property, including automobile comprehensive and collision, equipment breakdown and crime protection, and liability, including general, automobile and wrongful acts are included to fit members' various needs. The City purchases property and equipment breakdown coverage separate from the pool.

Members contract to remain in the program for a minimum of one year, and must give notice before August 31 terminating participation the following September 1. The interlocal Agreement is renewed automatically each year. In the event of termination, a member is still responsible for contributions to the program for any unresolved, unreported, and in-process claims for the period they were a signatory to the interlocal Agreement.

A board of ten members is selected by the membership from three geographic areas of the state on a staggered term basis and is responsible for conducting the business affairs of the program. The program has no employees. Claims are filed by members with Canfield, which has been contracted to perform program administration, claims adjustment and administration, and loss prevention for the program. Copies of the CIAW pool's annual report may be obtained by writing to 451 Diamond Drive, Ephrata, WA 98823.

*Coverage* – The program acquires liability insurance through the Administrator, Canfield, and is subject to a per-occurrence self-insured retention of \$200,000 per occurrence. Members are responsible for individual deductibles, which vary by member. The City has a \$100,000 self-insured retention and the pool is responsible for claims between \$100,000 and \$200,000. Insurance covers insured losses over \$200,000 to the limits of each policy. Since the program is a cooperative program, there is a joint liability among the participating members towards the sharing of the \$200,000 of the self-insured retention. The program also purchases a Stop Loss Policy to cap the total claims paid by the program in any one year.

### **Washington State Transit Insurance Pool**

WSTIP is a 25-member self-insurance program with public transit members who provide transit services and is located in Olympia, Washington. WSTIP supplies Yakima Transit auto liability, general liability, and public officials' liability coverage.

The Washington State Transit Insurance Pool was formed by Interlocal Agreement on January 1, 1989, pursuant to Chapters 48.61 and 39.34 RCW. The purpose for forming WSTIP was to provide member Transit Systems programs of joint self-insurance, joint purchasing of insurance and joint contracting for hiring of personnel to provide risk management, claims handling and administrative services. Transit authorities joining the Pool must remain members

for a minimum of 36 months; a member may withdraw from the Pool after that time by giving 12 months' notice. The Pool underwriting and rate setting policies have been established after consultation with actuaries. The Pool members are subject to a supplemental assessment in the event of deficiencies. If the assets of the Pool were to be exhausted, members would be responsible for the Pool's liabilities. WSTIP is regulated by the Washington State Risk Manager and audited yearly by the Washington State Auditor.

The City of Yakima Transit Division is insured for liability insurance through the Washington State Transit Insurance Pool (WSTIP), and has been a member since September 1, 2005.

*Coverage* – The City of Yakima Transit Division has liability coverage, which is not subject to a deductible amount, and public official liability coverage, subject to a deductible amount of \$5,000, with the Washington State Transit Insurance Pool (“WSTIP”), Olympia, Washington. The per occurrence and aggregate limits of liability of the liability coverage through WSTIP are \$20,000,000. Since joining WSTIP on September 1, 2005, the City of Yakima Transit Division has not presented any claims to WSTIP that exceeded its coverage limits through WSTIP.

#### WSTIP LIABILITY COVERAGE

| Risk              | Coverage Period   | Coverage   |
|-------------------|-------------------|--|
| Auto liability    | 1/1/16 - 12/31/16 | \$20,000,000 per occurrence with a \$0 deductible          |
| General liability | 1/1/16 - 12/31/16 | \$20,000,000 per occurrence with a \$0 deductible          |
| Public officials  | 1/1/16 - 12/31/16 | \$20,000,000 per claim/aggregate with a \$5,000 deductible |

---

#### **NOTE 9 – LONG-TERM LIABILITIES, DEBT AND CAPITAL LEASES**

---

The State law provides that debt cannot be incurred in excess of the following percentages of the value of the taxable property of the City.

#### LEGAL DEBT PERCENTAGE

|  |      | Limit by<br>Section | Cumulative<br>Limit |
|--|------|---------------------|---------------------|
| General purpose                          |      |                     |                     |
| Without a vote (includes capital leases) | 1.5% |                     |                     |
| With a vote                              | 1.0% | 2.5%                | 2.5%                |
| Utilities purpose                        |      | 2.5%                | 5.0%                |
| Open space and parks facilities          |      | 2.5%                | 7.5%                |
| Total legal limit                        |      | 7.5%                |                     |

The basic percentages for Section I are the maximum levels of indebtedness those sections may incur. However, utility or parks indebtedness may each exceed 2.5% and reduce the general indebtedness margin. The percentages are applied to the taxable assessed value (regular levies) of about \$5.8 billion, resulting in the debt limits, as of December 31, 2016, for the City as follows:

## CUMULATIVE DEBT LIMITS

Assessed valuation of taxable property in the  
City of Yakima - tax year 2016

\$5,831,302,790

|  | Without<br>a Vote  |                    | With a Vote |                       |
|--|--------------------|--------------------|-------------|-----------------------|
|  | General<br>Purpose | General<br>Purpose | Utilities   | Open Space<br>& Parks |

There have been no material violations of finance related legal or contractual provisions in any of the funds of the City. All bonded debt of the City is tax exempt, except for the \$5.0 million private placement Parks bond issued in 2015. We believe the City to be in compliance with applicable IRS & SEC regulations.

The accompanying schedule of long term debt provides a listing of the outstanding debt of the City and summarizes the City's debt transactions for 2016.

## GENERAL OBLIGATION DEBT

General obligation bonds consist of serial and term bonds, to be retired through the fiscal year ending December 31, 2035. The City levies a special property tax; collects motel/hotel taxes, Business License fees, utility taxes; and receives State sales tax credits and gas tax for the principal and interest payments due within a fiscal year and provides the amounts in the respective Debt Service Fund.

## REVENUE BONDS

Water, Wastewater and Irrigation revenue bonds consist of serial and term bonds, to be retired through the fiscal year ending December 31, 2034. The principal and interest for the water and wastewater parity revenue bonds are provided by the results of operations. Principal and interest on Irrigation System Bonds are provided by capital rates.

| 2008 Wastewater revenue bonds               | 11/01/18                     | 4.0 - 5.0%       | 5,440,000            | 430,000                   | 232,400                              |
| 2012 Wastewater revenue bonds (refund 2003) | 11/01/23                     | 2.0% - 4.0%      | 9,400,000            | 7,015,000                 | 1,164,500                            |
|   |                              |                  | <u>\$ 21,938,951</u> | <u>\$ 14,875,000</u>      |                                      |

The following Schedule sets forth revenue debt service requirements to maturity (in thousands) and depicts both bond and intergovernmental loans and contracts.

## REVENUE DEBT SERVICE

|             | Bonded<br>Debt   | Interest        | Notes &<br>Contracts | Interest        |
|-------------|------------------|-----------------|----------------------|-----------------|
| 2017        | \$ 1,515         | \$ 613          | \$ 1,462             | \$ 132          |
| 2018        | 1,575            | 556             | 1,464                | 123             |
| 2019        | 1,400            | 498             | 1,465                | 115             |
| 2020        | 1,460            | 441             | 1,466                | 106             |
| 2021        | 1,520            | 381             | 1,468                | 97              |
| 2022 - 2026 | 4,925            | 1,069           | 6,398                | 355             |
| 2027 - 2031 | 1,605            | 406             | 4,635                | 170             |
| 2032 - 2036 | 875              | 85              | 1,361                | 31              |
| 2037        | —                | —               | 81                   | —               |
|             | <u>\$ 14,875</u> | <u>\$ 4,049</u> | <u>\$ 19,800</u>     | <u>\$ 1,129</u> |

At December 31, 2016, the City had \$1.8 million in restricted net position for debt service for the enterprise funds. These are in compliance with reserve requirements as contained in the various indentures.

## INTERGOVERNMENTAL LOANS AND CONTRACTUAL AGREEMENTS

The City participated in a program administered by the State's Department of Community Development on behalf of the Public Works Board. The program provides financial assistance for general government activities, such as street/bridge improvements, or proprietary activities, such as water or sewage projects. The City has several loans through the Washington State Loan Programs as described in the following chart.

During 2016, the City borrowed \$900,000 from Yakima County's Supporting Investment in Economic Development (SIED) program to support necessary frontage improvements on existing public streets for a multi-sports park complex. Sales and use tax will be collected to repay the debt.

## INTERGOVERNMENTAL LOANS

|  | Interest   | Maturity<br>Date | Maximum<br>Authorized | Outstanding<br>12/31/2016   |
|--|------------|------------------|-----------------------|-----------------------------|

| Sub-total revenue debt                                       |            |                  |                       | <u>19,800,326</u>           |
| Total intergovernmental loans                                |            |                  |                       | <u><u>\$ 26,639,457</u></u> |

The Public Works Trust Fund loans have a term not to exceed twenty years and require 1/19th of the original principal plus interest to be paid each July 1st. These are subordinate to utility systems' parity debt and do not require a full faith and credit pledge.

The following schedule sets forth the general obligation debt and intergovernmental loans and contracts, debt service requirements including interest, to maturity (in thousands).

## GENERAL OBLIGATION DEBT SERVICE

|             | Bonded    |           | Notes &   |          |
|-------------|-----------|-----------|-----------|----------|
|             | Debt      | Interest  | Contracts | Interest |
| 2017        | \$ 3,430  | \$ 1,346  | \$ 1,181  | \$ 166   |
| 2018        | 3,321     | 1,230     | 383       | 162      |
| 2019        | 3,362     | 1,111     | 425       | 116      |
| 2020        | 2,893     | 988       | 430       | 109      |
| 2021        | 2,961     | 915       | 440       | 100      |
| 2022 - 2026 | 11,606    | 2,781     | 2,151     | 362      |
| 2027 - 2031 | 3,858     | 1,339     | 1,292     | 169      |
| 2032 - 2036 | 1,471     | 636       | 537       | 32       |
|             | \$ 32,902 | \$ 10,346 | \$ 6,839  | \$ 1,216 |

At December 31, 2016, the City had \$239,588 available in debt service funds to service the General Obligation Bonds and notes.

There are a number of other limitations and restrictions contained in the various bond indentures. The City is in compliance with all significant limitations and restrictions.

### LEASE PURCHASE AGREEMENTS

#### General Capital Assets

As part of the City's capital equipment budgeting program, selected items are obtained via lease purchase and municipal lease/deferred purchase plans. Since the leases are financing agreements which transfer ownership to the City at the end of the lease term, the City records the present value of future lease payments as a capital outlay expenditure and as an offset to other financial sources in the year that the asset is received. The present value of payments due in future periods is shown as a liability in the financial statements and the cost of the asset is recorded in the financial statements.

On March 15, 2011 the City of Yakima borrowed \$576,847 using Washington State's Local Option Capital Lending (LOCAL) program. The proceeds were used to purchase two Fire apparatus, approved by City Council on January 18, 2011. The certificates of participation have an all-inclusive financing cost of 3.02% and will be repaid annually over the next 10 years out of General Fund.

On March 19, 2013 the City of Yakima borrowed \$310,414 using Washington State's Local Option Capital Lending (LOCAL) program. The proceeds were used to purchase one Fire apparatus, approved by City Council on December 4, 2012. The certificates of participation have an all-inclusive financing cost of 1.93% and will be repaid annually over the next 10 years out of General Fund.

On August 16, 2013 the City of Yakima borrowed \$4,632,792 from Washington State's Local Option Capital Lending (LOCAL) program. The proceeds were used to purchase 74 Police vehicles for expansion of the assigned Police vehicle program approved by City Council on June 4, 2013. The certificates of participation have an all-inclusive financing cost of 1.619% and will be repaid annually over the next 6 years out of General Fund.

### LEASED EQUIPMENT

|   |              |
|---|--------------|
| Two fire apparatus                                | \$ 253,942   |
| One fire apparatus                                | 231,657      |
| 74 Police vehicles; 70 air packs for fire service | 2,444,478    |
| Total   | \$ 2,930,077 |

The following is a schedule of the future minimum lease payments under the above capital leases and the present value of net minimum lease payments at December 31, 2016, for the fiscal year listed:

**LEASE PAYMENTS**

|   |                     |
|---|---------------------|
| Due in 2017                             | \$ 985,109          |
| Due in 2018                             | 985,109             |
| Due in 2019                             | 985,109             |
| Due in 2020                             | 109,174             |
| Due in 2021                             | 39,216              |
| Due in 2022-2026                        | 78,431              |
| Total minimum lease payments            | <u>3,182,148</u>    |
| Less: Amount representing interest      | 252,071             |
| Present value of minimum lease payments | <u>\$ 2,930,077</u> |

**UNFUNDED POST EMPLOYMENT BENEFIT LIABILITIES**

The City maintains two single employer defined benefit pension plans, Firemen’s Pension and Police Pension, which are closed systems, covering Firemen and Police Officers hired prior to March 1, 1970. Both plans had their first annual actuarial valuation as of March 31, 1989. The required contributions identified in this and subsequent studies were the basis for recording the unfunded pension liability since 1989, with the most recent study performed as of January 1, 2012.

Starting in 2008, the City implemented GASB 45 for Other Post-Employment Benefits (OPEB), and initial actuarial evaluations were performed as of January 1, 2008. By State statute, the City is required to provide health care benefits for certain retired police officers and firefighters. The City’s self-insured medical plan allows retirees and the eligible dependents to self-pay premiums using the same rate as active employees, until they reach age 65, thereby creating an “implicit rate subsidy”. All three of the programs are pay as you go.

**OUTSTANDING LIABILITIES**

|                          | <u>Balance</u>       | <u>Additions</u>    | <u>Balance</u>       |
|--------------------------|----------------------|---------------------|----------------------|
|                          | <u>1/1/16</u>        |                     | <u>12/31/16</u>      |
| Police pension           | \$ 5,005,694         | \$ 17,734           | \$ 5,023,428         |
| OPEB Fire - medical      | 6,733,366            | 1,138,207           | 7,871,573            |
| OPEB Police - medical    | 5,685,684            | 1,034,064           | 6,719,748            |
| OPEB Non-LEOFF - medical | 4,136,481            | 453,942             | 4,590,423            |
| Total                    | <u>\$ 21,561,225</u> | <u>\$ 2,643,947</u> | <u>\$ 24,205,172</u> |

Both the Police Pension and Police OPEB are paid out of a department in the General Fund. The Fire OPEB is paid through the Firemen’s pension trust fund. The non-LEOFF retiree benefits are being paid annually through the Employees Health Benefit Reserve fund. The unfunded pension liability will be adjusted annually by comparing actual expenditures for benefits to the actuarially determined contribution.

See Note 5 for additional information on the pension funds, and Note 6 for additional information on Other Post-Employment Benefits.

---

## **NOTE 10 – CONTINGENCIES AND LITIGATIONS**

---

The City participates in a number of federal and state assisted programs. These grants are subject to audit by the grantors or their representatives. Such audits could result in requests for reimbursement to grantor agencies for expenditures disallowed under the terms of the grants. City management believes that such disallowances, if any, will be immaterial.

### **SECTION 108 LOAN PROGRAM**

In 2003, the City was authorized to administer a Housing and Urban Development (HUD) Section 108 Loan program. HUD authorized the City to lend up to a maximum of \$6.945 million in two separate loan pools (\$4 million in 2003 and \$2.945 million in 2005). These federal loans were available for the purpose of funding property rehabilitation for economic development activities that create new jobs within the target area. As of December 31, 2016, the City had approved all its authorized maximum Section 108 loans of \$6.945 million. The nature of this program is the City approves qualified projects for the loan within HUD guidelines and acts as a conduit for HUD funds. The loan proceeds flow directly to the ultimate Corporate Borrower. Payments flow from the Corporate Borrower to the City's Custodian and then to HUD. The loans are on an amortization schedule from 10 years to 25 years. The HUD contract specifically provides that the loans are not full faith and credit obligations of the City, but instead, future Community Development Block Grant (CDBG) allocations are pledged on these loans. The City has entered into agreements to collateralize their position within HUD underwriting guidelines. In 2005, one of the loans was defeased and another defeased in 2009. Additionally, the City has been awarded a \$1 million Economic Development Initiative (EDI) grant from HUD as a protection in case of a default. As of December 31, 2016, there is only one HUD 108 loan remaining.

### **POTENTIAL LITIGATION**

The City is a defendant in various legal actions and claims that arise during the normal course of business, some of which, but not all, are covered by insurance. Although certain lawsuits and claims are significant in amount, the final dispositions are not determinable and, in the opinion of City management, the final outcome of these matters, taken individually or in the aggregate, are not expected to have a material adverse effect on the governmental operations or financial position of the City. The City has provided for reserves to address these matters, which include but are not limited to, lawsuits described below. City management believes these reserves and/or insurance are adequate to cover such matters.

The City is a party to a lawsuit in federal court in Case No. 13-CV-3012-TOR where the plaintiff alleges his constitutional rights were violated by City police as a result of felony charges, his conviction in 1996 and subsequent imprisonment. The plaintiff brought a lawsuit against the City and a City police officer after a second trial in 2010 where he was acquitted. The police officer remained as a defendant, and the plaintiff claims damages in the approximate amount of \$20 million plus fees and costs. On July 7, 2014, Judge Thomas O. Rice dismissed the case with prejudice. On August 1, 2014, the plaintiff filed a Notice of Appeal in U.S. Court of Appeals for the Ninth Circuit in Case No. 14-35651. On September 25, 2015, the Ninth Circuit reversed the summary judgment, the case was remanded for trial, and the jury trial was set for September 12, 2016. On May 23, 2016, Judge Thomas O. Rice issued an "Order on Defendant's Motion for Summary Judgment" and granted summary judgment in the police officer's favor. The Court granted defendant's Motion for Summary Judgment, and dismissed all plaintiff's claims with prejudice. On May 25, 2016, the plaintiff filed an appeal to the U.S. Court of Appeals for the Ninth Circuit, Case No. 16-35440.

---

**NOTE 11 – FUND BALANCE CLASSIFICATION**

---

The City’s fund balances are classified in accordance with Governmental Accounting Standards Board Statement Number 54 (GASB 54), Fund Balance Reporting and Governmental Fund Type Definitions, which require the City to classify its fund balances based on spending constraints imposed on the use of resources. The following is a schedule of the ending fund balance as of December 31, 2016.

| Fund Balance                               | FUND BALANCE        |                               |                      | Total                |
|--|---------------------|-------------------------------|----------------------|----------------------|
|  | General Fund        | Neighborhood Development Fund | Other Gov't Funds    |                      |
| <b>Nonspendable</b>                        |                     |                               |                      |                      |
| Permanent fund                             | \$ —                | —                             | \$ 655,469           | \$ 655,469           |
| <b>Restricted</b>                          |                     |                               |                      |                      |

## NOTE 12 – SEGMENT INFORMATION

---

### WATER AND WASTEWATER UTILITIES

For the purposes of revenue bond debt issuance, the water and wastewater utilities are combined in a single segment (i.e., the System). Therefore, investors in the revenue bonds rely on the revenue generated by both activities for repayment. Investors in irrigation revenue bonds rely solely on the revenue generated from the irrigation utility for repayment. Summary financial information for the System and irrigation utility follows.

### **NOTE 13 – OTHER DISCLOSURES**

---

#### **RELATED PARTIES**

The Yakcorps (632) fund was established in 2011 to account for the fiscal activity of the Yakima Consortium for Regional Public Safety (YAKCORPS). YAKCORPS consists of a variety of local agencies and governments. It was formed to operate and maintain a county-wide multi-discipline public safety system. An Interlocal Agreement provides for the structure, governance, operations and funding of the Consortium and its activities. Per the Agreement, the City of Yakima acts as fiscal agent for the Consortium.

## ***REQUIRED SUPPLEMENTARY INFORMATION***

**Schedule of Proportionate Share of the Net Pension Liability** - Added in 2015 per GASB 68 which required cost-sharing employers to present a 10-year schedule containing the net pension liability and certain related ratios. This information was added to improve transparency, and offer an indication of the extent to which the total pension liability is covered by resources held by the pension plan.

**Schedule of Employer Contributions** - Also added in 2015 per GASB 68, this schedule, also to show 10-years, was added to provide measures to evaluate decisions related to the assessment of contribution rates and help to provide information about whether employers and nonemployer contributing entities, if applicable, are keeping pace with those contribution rates.

**Schedule of Employer Contributions OPEB** - This section includes pension and OPEB (Other Postemployment Benefits Plan) contributions for Police and Fire, along with OPEB information for non-LEOFF (Law Enforcement Officers and Fire Fighters) contributions.

**Schedule of Funding Progress** - Includes OPEB and pension funding progress

**SCHEDULE OF PROPORTIONATE SHARE OF NET PENSION LIABILITY**

The Notes to the Financial Statements, found in Basic Financial Section, are an integral part of this statement

**94 - Comprehensive Annual Financial Report (CAFR)**

## ***NONMAJOR SPECIAL REVENUE FUNDS***

Page 1 of 2

**Economic Development Fund (123)** - Established in 1991 to account for payments received by Housing and Urban Development UDAG grant recipients to be used for future economic development within the City.

**Community Relations Fund (125)** - Created by Ordinance No. 2510 in 1981 to pay expenses incurred by the City in administering Cable TV franchises for Cable TV operators doing business in the City and formulate community access television programming.

**Parks and Recreation Fund (131)** - Accounts for the Metropolitan Park District which was made a part of the General Fund in 1970 by Ordinance 1276. In 1971 it became a separate fund primarily supported by program fees and tax levies.

**Streets Fund (141)** - While not a self-supporting fund, it is required to be a separate fund for the purpose of accounting for the disbursement of the Motor Vehicle Fuel Tax revenues paid by the State of Washington to the City. Primarily, the fund is used for maintenance of existing City streets and traffic signalization, supported by a portion of the gas tax and an allocation of property taxes.

**Arterial Street Fund (142)** - Created for the purpose of maintaining existing arterial streets and constructing new arterial streets out of moneys provided by the State from the one-half cent per gallon gas tax levied by the State for this purpose.

**Cemetery Fund (144)** - A self-supporting fund for the operation of the Tahoma Cemetery. Revenues are provided through the sale of grave sites and other services; it receives interest from Cemetery Trust Fund investments. Disbursements from this fund are for all expenses for the care of lots, blocks or parts thereof under endowment or annual care.

**Emergency Services Fund (150)** - Established in 1991 when a special property tax levy was approved by the voters to provide for emergency medical services.

**Public Safety Communications Fund (151)** - Created in 1996 to consolidate 9-1-1 call taking and public safety dispatch both for Yakima County and the City. This is supported by 9-1-1 and dispatching contracts with neighboring jurisdictions, and telephone utility tax transferred from the General Fund.

**Police Grants (152)** - The Police Grants Fund was created in 2009 to account for supplemental police grant-funded programs, including the COPS Hiring Recovery Program. Additionally, the City/County Narcotics Unit (CCNU) was dissolved in the fall of 2009; therefore, the City's portion of drug related seized and forfeited assets will be managed through this fund.

**Downtown Yakima Business Improvement District (DYBID) Fund (161)** - Formed to record the operating receipts and expenditures for Parking and Business Improvement. The major source of revenue is the assessment levied on businesses. Expenditures include costs associated with enhanced maintenance and other promotion of the Downtown area.

**Trolley Fund (162)** - Accounts for the operations, maintenance and capital improvements of the Trolley System. The major source of revenue is grants.

## ***NONMAJOR SPECIAL REVENUE FUNDS***

Page 2 of 2

**Front Street Parking & Business Improvement Area (PBIA) Fund (163)** - Established in 1997 for the purpose of assisting trade, economic viability and livability within the area. Revenues are derived from self-assessments on businesses located within the boundaries.

**Tourist Promotion / Convention Center Fund (170)** - Established in 1978 and centralizes all City expenditures for the support of tourist and convention activities and publicity, including operational expenses of the city-owned Convention Center.

**Capitol Theatre Operating Fund (171)** - Created in 1980 for the purpose of maintaining, managing, and operating the Capitol Theatre.

**Public Facilities District - Convention Center (172)** - Created in 2002 to account for the revenues received from the Yakima Regional Public Facilities District, which was established to expand the local convention center.

**Tourism Promotion Area (173)** - Created in 2005 by a self-assessment of the lodging industry to fund activities designed to increase tourism and convention business within Yakima County.

**Public Facilities District - Capitol Theatre (174)** - Created in 2009 to account for the revenues received from the Yakima Regional Public Facilities District, which was established for the expansion of the Capitol Theatre.

**Capitol Theatre Reserve Fund (198)** - Established in 1981 using the \$1,000,000 proceeds of an insurance settlement. The fund has been maintained as a General Contingency Reserve. Interest earnings are allocated to fund a Depreciation Reserve for the Capitol Theatre. This fund was fully depleted at the end of 2016.

## ***NONMAJOR CAPITAL PROJECT FUNDS***

**Central Business District Capital Improvement Fund (321)** - Created by Ordinance No. 1599. The Central Business District Improvement Program works to develop a long range guide for evaluating proposals for physical changes and the scheduling of improvements to the Central Business District. Resources are derived from private contributions and transfers from other funds.

**Capitol Theatre Construction Fund (322)** - Created by Ordinance 1654 on April 15, 1974. The purpose of this fund was for the acquisition of the Capitol Theatre and capital repairs to that building. The Theatre was destroyed by fire in 1975. After the Theatre was rebuilt in 1978, the fund was deactivated. The fund was then reactivated in 2007 when additional funding for renovation became available.

**Yakima Revenue Development Area (323)** - Created by Ordinance 2011-31 on July 19, 2011. This fund was created to establish a capital fund to account for the activity of the Yakima Revenue Development Area, and utilizes the Washington State Local Infrastructure Financing Tool (LIFT) program, which authorizes the City to use state sales and excise tax revenue to finance public infrastructure needed to accelerate redevelopment of the former sawmill site.

**Parks and Recreation Capital Fund (331)** - Created to receive the proceeds from bond issues approved by the voters for improvements to City parks. This fund continues to accumulate resources for Park capital improvement projects. Revenues consist of grants, interest earnings, contributions and transfers from the Parks and Recreation operating fund.

**Fire Capital Fund (332)** - Created for the accumulation of moneys to be used to acquire firefighting and fire training equipment and facilities, including real property, for the City of Yakima Fire Department. Funding sources include Bond Issues, contributions from other funds for equipment replacement, investment income, and proceeds from sale of fire equipment and retired stations.

**Law and Justice Capital Fund (333)** - Created in 1990 for the purpose of constructing capital facilities for the City's Law and Justice Programs. Funds are provided by an allocation of local Criminal Justice Sales Tax, grants, and interest earnings.

**Public Works Trust (REET 1) Fund (342)** - Accounts for the moneys received from the first 1/4% Real Estate Excise Tax, which has been used to repay Public Works Trust Fund loans for approved public works projects.

**REET 2 Capital Fund (343)** - Created in 2005 to track Capital improvement projects funded with the second 1/4% of Real Estate Excise Tax.

**Streets Capital Fund (344)** - Created in 2014 to account for the 2013 voter supported investment of \$2 million annually into streets projects.

**Yakima Convention Center Capital Fund (370)** - Was established for the Convention Center and Performing Arts Center Facilities and is used for paying all or any part of the cost of acquiring, constructing or operating convention center facilities. The fund was originally created by Ordinance 1624, February 19, 1974. In 2002, proceeds from a \$6.6 million bond issue were used to expand the Convention Center. An allocation of local option Hotel/Motel Tax and interest earnings are this fund's primary revenue sources.

**Cumulative Reserve for Capital Improvement Fund (392)** - Is used to account for general government capital projects that are not eligible to be included in other capital funds.

## ***NONMAJOR PROPRIETARY FUNDS***

**Stormwater Fund (441)** - Created in 2009, this fund was set up to meet the responsibilities and obligations set forth by the City's Eastern Washington Phase II Municipal Stormwater Permit and the State mandated Underground Injection Control (UIC) Program (WAC 173-218). The Federal and State mandated responsibilities include collecting, transporting, and treatment of surface water (stormwater) to protect the environment, public health and welfare, and assess and comply with regulatory agency requirements.

**Refuse Fund (471)** - A self-supporting fund. This fund was established for the purpose of accumulating moneys derived from the operation and maintenance of the garbage collection and disposal service of the City, and for the purpose of defraying all of the operating and maintenance expenses and costs incurred by the City of Yakima in the collection and disposal of refuse.

**Irrigation Fund (475/479)** - established in 1998 to replace the Special Revenue Fund titled Irrigation. This fund is responsible for the operation, maintenance and reconstruction of the existing irrigation system.

The Notes to the Financial Statements, found in Basic Financial Section, are an integral part of this statement

**122 - Comprehensive Annual Financial Report (CAFR)**

## ***INTERNAL SERVICE FUNDS***

**Unemployment Compensation Reserve Fund (512)** - Established in 1978 to provide unemployment compensation coverage for City employees as required by state law.

**Employees' Health Benefit Reserve Fund (513)** - Established for the transfer of premiums from the operating funds in order to pay medical and dental costs incurred by persons covered by the Employees' Health Benefit Plan of the City and to pay expenses incurred in connection with administering that plan.

**Workers' Compensation Reserve Fund (514)** - Created when City Council adopted Ordinance No. 2783 effective July 1, 1984, to self-insure a Workers' Compensation Program for the City employees pursuant to RCW Chapter 51.14.

**Risk Management Reserve Fund (515)** - Created by Ordinance No. 2941, on February 11, 1986, to account for general liability and purchased insurance coverage. Funding revenues are contributions from other fund groups and are planned to match expenses of insurance premiums for coverage in excess of self-insured amounts, claims resulting from the self-insured program, and operating expenses.

**Wellness and Employee Assistance Program (EAP) Fund (516)** - Established in 1998 to provide the opportunity to all City employees to improve their physical, mental and emotional wellbeing.

**Equipment Rental Fund (551)** - A self-supporting fund that derives its revenues from charges to departments for services rendered to their motor vehicles. Vehicles that are owned by this fund are rented to other departments at a rate sufficient to cover the maintenance and operation cost of each vehicle plus a charge for depreciation at a rate sufficient to provide for the eventual replacement of each vehicle.

**Environmental Fund (555)** - Established in 1991 to accumulate a reserve for environmental contingencies, funded by a surcharge on fuel purchased by the operating funds.

**Public Works Administration Fund (560)** - Established in 1983. The fund centralizes both the accountability and costs for supervision of funds which are housed at the Public Works facility.

## *AGENCY FUNDS*

**YakCorps (632)** - This fund was established in 2011 to account for the fiscal activity of the Yakima Consortium for Regional Public Safety (YAKCORPS). YAKCORPS consists of a variety of local agencies and governments. It was formed to operate and maintain a county-wide multi-discipline public safety system. The Inter-Local Agreement provides for the structure governance, operations and funding of the Consortium and its activities. Per the Agreement the City of Yakima acts as fiscal agent for the Consortium.

Note: Overlapping rates are those of local and county governments that apply to property owners within the City of Yakima. Not all overlapping rates apply to all City of Yakima property owners (e.g. the rates for special districts apply only to the proportion of the government's property owners whose property is located within the geographic boundaries of the district).

Source: Yakima County Assessor

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Yakima. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government. Naches School Districts are excluded in the overlapping debt chart due to estimate debt overlap is less than 1% (0.37%).

The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the government's boundaries and dividing it by the county's total taxable assessed value.

| Maximum daily capacity<br>(thousands of gallons) | 21.5   | 21.5   | 21.5   | 21.5   | 21.5   | 21.5   | 21.5   | 21.5   | 21.5   | 21.5   |

Note: Patrol unit numbers increase in 2013 due to the police vehicle take home program. Fire stations went up by 1 in 2015 due to the Fire services agreement with Union Gap - the City of Yakima Fire Department budgets personnel, supplies and equipment for this station. Highways and Streets were recalculated in 2010 due to program changes, in 2011 due to physical inventory and in 2015 due reconfiguration of assets.
