Stop work order, two-hour inspection rate.	\$101.94
Technology Fee. (% of the combined total for permit fee and plan review fee)	4 %

⁶ Valuations for new construction shall be based on the square footage of the new construction multiplied by the fee amount per square foot assigned to the occupancy group and type of construction outlined in Table 1-1. Permit fees and plan review fees in Table 1-2 shall apply based on this calculated valuation. For all other work proposed, the permit fee will be based on the total value of work. Final permit valuation shall be set by the building official.

If the valuation provided by the applicant does not include the cost of labor, then the cost of materials shall be doubled. Final permit valuation shall be set by the building official.

Permit fees shall be calculated based on the valuation of the proposed work including, but not limited to, permits for building, plumbing, mechanical, fire and life safety, signs, roofing, manufactured home placements, demolitions, moved structures, firework displays and swimming pools.

⁷ Or actual cost to jurisdiction. The cost shall include supervision, overhead, equipment, hourly wages and fringe benefits of the employees involved.

⁸ Actual costs include administrative and overhead costs.

State Building Code Council (SBCC) fees effective July 1, 2018:

- Residential building permits: \$6.50 SBCC charge, plus, a surcharge of \$2.00 for each residential unit after the first unit.
- Commercial building permits: \$25.00 SBCC charge, plus, a surcharge of \$2.00 for each residential unit after the first unit.
- SBCC fees will adjust as required by state statute.
