Except as limited by the terms of this Agreement, the City shall have the right to manage its affairs, including the following but not limited to:

Nothing in this section shall prohibit the City from establishing bona fide occupational qualifications.

ARTICLE 8 - GRIEVANCE PROCEDURE

- 8.1 **Policy.** The parties recognize that the most effective accomplishment of the work of the City requires prompt consideration and equitable adjustments of employees' grievances. It is the desire of the parties to adjust grievances informally whenever possible, and both management and employees are expected to make every effort to resolve problems as they arise. However, it is recognized that there may be a grievance which can be resolved only after a formal review. Accordingly, the following procedure is hereby established in order that grievances of employees covered by this agreement may be resolved as fairly and expeditiously as possible.
- 8.2 **Definition.** A grievance is a dispute involving the interpretation, application, or alleged violation of any provision of this collective bargaining agreement.
- 8.3 **Special Provisions.**
- (a) To be reviewable under this procedure, a grievance must be commenced within sixty (60) calendar days after the action or decision giving rise to the grievance.

- (b) A Union representative and/or aggrieved party shall be granted time off without loss of pay for the purpose of processing a grievance as provided in 8.4(g).
- (c) A grievance may be entertained in or advanced to any step in the grievance procedure if the parties so jointly agree.
- (d) The time limits within which action must be taken or a decision made as specified in this procedure may be extended by mutual written consent of the parties involved. A statement of the duration of such extension of time must be signed by both parties involved at the step to be extended.

8.4 Process.

(a) Step 1 - The Union Grievance Committee

As soon as possible, but in no case later than the time period specified above, an employee who feels a matter or situation exists which constitutes a grievance shall submit a written statement asserting their claim to the Union Grievance Committee. The employee shall also inform their supervisor in conjunction with filing a grievance with the IAFF Grievance Committee.

(b) Step 2 - Grievance timely filed in writing with appropriate Management Personnel

Upon receiving a written statement from any source asserting a matter or situation exists, which is claimed to constitute a grievance, the Union Grievance Committee shall determine whether or not, in its opinion a grievance does exist. If, in the opinion of the committee, no grievance exists, no further action shall be taken. If, in the opinion of the committee, a grievance does exist, then the committee shall, with or without the member or members who asserted the grievance, present the grievance in writing to the Division Manager, deputy chief or designee for resolution. The claim of grievance shall specify the article of this agreement or past practice, violation or application of which is claimed. The grievance must also be presented to the Division Manager, deputy chief or designee (dependent on the grieved employee's job classification) within sixty (60) calendar days after the action or decision giving rise to the grievance.

The Division Manager, Deputy Chief, or designee shall conduct an investigation and provide a written decision within thirty (30) calendar days of receipt of the grievance. In the case of SunComm, the Assistant Division Manager will make a recommendation to the Division Manager who will respond to the grievance within the allowed timeframe.

(c) Step 3 - Grievance Appealed To Chief(s)

If the Grievance Committee and the Division Manager, Deputy Chief or designee cannot reach agreement regarding a remedy, the Grievance Committee may, within thirty (30) calendar days of receipt of the, written decision, submit the grievance to the Fire Chief or designee. The Fire Chief or designee shall make a separate investigation of the issue(s) and notify the Grievance Committee in writing of his/her decision, and the reasons therefore, within thirty (30) calendar days.

(d) Step 4 - Grievance Appealed To City Manager

If the Grievance Committee is dissatisfied with the decision of the Fire Chief, the Grievance Committee may within thirty (30) calendar days request a review by the City Manager. The City Manager shall forward a written decision to the Grievance Committee within thirty (30) calendar days from receipt of the grievance.

- (e) Step 5 – Grievance Appealed To Arbitration
Except as provided in 8.3 (f) of this Article, a grievance which is not resolved as set forth may be appealed to arbitration. If Union Grievance Committee desires to submit the grievance to arbitration as the final step in the grievance process, they shall notify the City Manager in writing within thirty (30) calendar days of the date the City Manager issues his/her decision as described in Section 8.4(d), Step 4, above. Either party may invoke arbitration upon submission of a written request for same, which identifies the previously filed grievance, and sets forth the issue(s) which the moving party seeks to have arbitrated.

The parties shall attempt to mutually agree upon an arbitrator. In the event the parties are unable to mutually agree upon an arbitrator, either party may request a list for eleven (11) qualified arbitrators according to the following procedure; the parties shall attempt to agree as to whether the Public Employment Relations Commission (PERC), the Federal Mediation and Conciliation Service, or the American Arbitration Association will supply the list. If no agreement is reached, the list shall be requested from the Public Employment Relations Commission. The parties shall select an arbitrator from the applicable list by mutually agreeing to an arbitrator or by alternately striking names. The parties shall flip a coin to decide who starts the striking process. The final name left on the list shall be the arbitrator. Subsequent hearing(s) will be governed by the rules and procedures of PERC. The arbitrator shall render a decision as promptly as possible. The arbitrator shall confine himself/herself to the issues submitted for arbitration and shall have no authority to determine any other issues not so submitted to him/her. The arbitrator shall have jurisdiction and authority only to interpret, apply or determine the specific terms of the Agreement and shall not have jurisdiction to add to, detract from, or alter in any way the provisions of this Agreement. The decision within the jurisdiction of the arbitrator shall be final and binding upon both parties. The cost of the arbitrator shall be borne equally between the City and the Union. The City and Union will pay their own remaining costs of arbitration, including attorney's fees, regardless of the outcome.

- (f) Any grievance, which the City's management may have against the Union shall be reduced to writing and submitted to the President of the Union local. If the matter is not satisfactorily settled within thirty (30) calendar days, appeal may be instituted as set forth in 8.4(e), Step 5, above.
- (g) If the subject matter of a grievance could be appealed to the Civil Service Commission for fire employees of the City of Yakima, the matter may be submitted for determination to the Civil Service Commission or arbitration, but not both. After the Union has received the City Manager's answer at Step 4, it will advise the affected employee whether it is willing to submit the grievance to arbitration and, if so, the employee shall elect within fifteen (15) calendar days after the Step 4 answer the forum in which the matter is to be heard. To fulfill this mission, and because it regards its employees as its most important asset, the Division has a substantial interest in assuring that its employees maintain their physical and mental fitness, stamina, alertness, and control at all times while on duty.

Alcohol and drugs alter and impair an employee's ability to perform his or her duties, and therefore increase the risk of accidents and injuries to members of the public, other public safety employees, fellow firefighter's, and the employee themselves.

To further the goal of a drug free work place, the bargaining group believes that the following on-duty alcohol and drug testing programs are an effective way to assure employee fitness for duty and to protect employees and the public from the risks posed by employee use of alcohol and drugs. Accordingly, the bargaining group will follow the City of Yakima Substance Abuse Policy as it relates to reasonable suspicion, random, post-accident and return to duty with the understanding the bargaining group is not safety sensitive nor holders of commercial driver's licenses. As such the following three stipulations are agreed to:

- The definition of on-duty includes meal and break periods during the workday and time during which an employee is on paid administrative leave.
- The bargaining group will not increase the percentage of covered members being tested, unless required by law or regulation without a modification agreement.
- The bargaining group will not be subject to a return to duty test for absences unrelated to a failure of an alcohol or substance test.

ARTICLE 32 - DISCIPLINE AND DISCIPLINARY PROCEDURES

32.1 Purpose

To increase professionalism, improve morale, improve manager/employee relations, foster long-term positive change, and deter future performance deficiencies.

This Bargaining Unit hereby adopts the following disciplinary guidelines, relating to the administration a process of corrective disciplinary actions.

This policy is in addition to any applicable policies, SOPs, and guidelines regarding disciplinary action applicable to bargaining unit members, including the Fire Civil Service Rules & Regulations as well as the City of Yakima's Administrative Codes.

32.2 Procedure

A. Progressive Discipline

The process of progressive discipline is intended to assist the employee in overcoming performance problems and to meet job expectations. Progressive discipline is most successful when it assists an individual in becoming an effective and productive member of the organization.

Failing that, progressive discipline enables the organization to address misconduct or substandard performance of employees who demonstrate an unwillingness or inability to improve.

Generally, there are four main types of corrective disciplinary action: oral reprimand, written reprimand, suspension, and discharge. Demotions, deductions of pay within the pay range, and other forms of discipline may also be used depending on the circumstances. The four main types of corrective discipline are defined as follows:

1. Oral Reprimand

Any instance in which an employee is issued an oral reprimand for an infraction or performance deficiency by any supervisor.

An oral reprimand shall include all of the following:

- A meeting with the employee and his/her immediate supervisor.
- The employee is informed that this is an oral reprimand.
- Oral reprimands will be documented by memo to include the date and time of the infraction, the department policy, SOP or guideline that has been violated, an action plan to correct the behavior and action necessary to avoid further discipline.
- A memo documenting receipt of the oral discipline shall be signed by the individual and the immediate supervisor. This memo is to be filed with the Deputy Chief or the Assistant Communications Manager and a copy is to be provided to the employee. Memo is not placed in employee's personnel file.

2. Written Reprimand

Any instance in which an employee is formally issued a written reprimand document for an infraction or performance deficiency by any supervisor.

Written reprimand shall include all of the following:

- A meeting with the employee, and his/her immediate supervisor
- The employee informed that this is a formal written reprimand.
- Written reprimands will be documented by a letter which shall document date and time of the infraction, the department policy, SOP, or guideline that has been violated, the previous related discipline, an action plan to correct the behavior and action necessary to avoid further discipline.
- A copy shall be maintained in employee's personnel file and given to the employee.

3. Suspension

Any instance in which any employee is released from duty without pay from city service.

If subsequent to a satisfactory investigation, suspension of an employee is the contemplated level of discipline the process shall include all of the following:

- Provide the employee with a pre-disciplinary letter that schedules the "Loudermill" meeting with the employee.
- The pre-disciplinary letter shall inform the employee of the alleged policy, SOP, or guideline violation, including time and date. Also include any previous related discipline, violations and the anticipated level of discipline.
- A discipline letter will be issued informing the employee of the length of the suspension, containing an action plan designed to correct the behavior. The letter will also contain action necessary to avoid further discipline and detail the employees return to work.
- The original disciplinary letter will be provided to the employee and a copy of the pre-disciplinary letters will be maintained in the employee's personnel file.

4. Discharge

Any instance in which an employee is involuntarily terminated from city service.

If subsequent to a thorough investigation, discharge of an employee is the contemplated level of discipline the process shall include all of the following:

- Provide the employee with a pre-disciplinary letter that schedules the "Loudermill" meeting with the employee.
- The pre-disciplinary letter shall inform the employee of the alleged policy, SOP, or guideline violation, including time and date. Include previous related discipline and violations and anticipated level of discipline.
- A discipline letter will be issued that informs the employee of the effective date of the discharge and appeal process.
- The employee will be given the original disciplinary letter and a written copy of the pre-disciplinary and disciplinary letters will be maintained in the employee's personnel file.

B. Progressive Disciplinary Process

When a sub-standard performance persists despite informal counseling, coaching, or remedial training, an increase in the level of disciplinary action will be initiated and directed toward correcting the behavior. Continuing offenses, which alone may justify

nothing more severe than a written reprimand, may be cause for more serious discipline up to and including discharge should the employee not make the corrections required. The Progressive Disciplinary Process will utilize only the level of discipline and corrective action necessary to achieve the improved performance and deter future rule violations.

All oral reprimands shall be placed on file in the Deputy Chief or Assistant Communications Managers office. Oral reprimands are not to be placed into the employee's personnel file and shall be removed from the Deputy Chief or Assistant Communications Managers file upon request of the employee after two years.

Written and suspension documentation shall be placed in the employee's personnel file. Time begins the day the documents are filed into the employee's personnel file. The documentation shall be removed upon request of the employee after two years.

Consistent with the Fire Civil Service Rules and Regulations, an employee disciplined under this policy may file with the Civil Service Commission a written request for a hearing, within fifteen (15) calendar days from the time of receipt of written notice of such discipline, whereupon, consistent with the Rules, the Commission shall conduct such hearing. Failure to file such written request within the time specified shall be deemed a waiver of any right of review.

C. Definitions of levels of infraction

Minor Infractions – Any violation that does not compromise safety, efficiency, or the ability to properly respond to or process an emergency call. Violations of this type may rise to the level of an oral or written reprimand. Multiple violations may rise to the level of termination.

Examples but not limited to:

- Tardiness.
- Inefficiency or inattention to duties.
- Failure to maintain satisfactory and harmonious working relationships (depending on the extent, this may be considered a more serious infraction).

More Serious Infractions – Any violation that compromises the integrity of the department or the city or which the consequences cause only minor disruption of work. Violations of this type may rise to the level of a reduction in pay, suspension, or demotion. Multiple violations may rise to the level of termination.

Examples but not limited to:

- Careless, negligent, or other improper use of City property.
- Releasing confidential information without proper authority.
- Unauthorized or improper use of any type of leave.
- Public defamation of character of the organization.

Intolerable Infractions – Any action that endangers the safety, health, or well-being of another person. The act is of sufficient magnitude that the consequences cause disruption of work or gross discredit to the Department or City of Yakima. Violations of this type may rise to the level of immediate termination.

Examples but not limited to:

- Fighting with the intent to do bodily harm.
- Insubordination, open and willfully defying of an order.
- Consumption or distribution of alcohol or illegal drugs on duty.

- Falsification, fraud, or willful omission of information related to the job.
- Endangering of coworkers and/or civilians due to reckless behavior.

D. Probationary Employees

These guidelines are designed to promote corrective discipline and do not apply to probationary employees.

E. Training

In order to assist supervisors in enforcing this policy and applying discipline uniformly, labor and management will cooperatively present training to all supervisors.

ARTICLE 33 - PROPERTY LIABILITY

33.1 The City shall provide full physical damage insurance on City vehicles which shall include Public Safety Division employees as insureds, or the City shall, in the alternative, become self-insured for such physical damage.
