Dear Agencies and Property Owners:

The City of Yakima as required by state law is updating its Shoreline Master Program. Washington Administrative Code (WAC) 173-26-100 requires that the city notify all affected property owners, federal, state, and local agencies of the proposed regulation changes and encourages continuous public participation consistent with WAC 365-195-600 throughout the update process.

The city is seeking interested property owners and agency representatives to form a stakeholder/agency review group to provide public input and comment throughout its update process. As you or your respective agency have property which lies within the City of Yakima's Shoreline jurisdiction, the city is inviting you to attend its first stakeholder/agency meeting to review the draft goals and policies of the city's Shoreline Master Program (An electronic copy of the draft goals and policies may be found on the City of Yakima's Website at <http://www.yakimawa.gov/services/planning/city-of-yakima-shorelines-master-program-update/>).

**Meeting Information:**

**Date:** November 28, 2012
