FINAL BINDING SITE PLAN

The purpose of Binding Site Plans are to provide a process for the division of land for the purpose of sale, lease, or transfer of commercial or industrial lots as an alternative to the subdivision process. The Binding Site Plan process applies solely for the sale, lease, or transfer of lots. Binding Site Plans are typically used to separate outbuildings in the commercial or industrial office complexes, or shopping centers, and for the creation of individual lots for mobile/manufactured home parks or condominiums.

Submit Your Application: Following preliminary binding site plan approval the applicant will have five years in which to comply with the conditions of approval and submit the final binding site plan. This approval may be extended up to one additional year by action of the administrator. Requests for extension must be made on the application form provided by the Planning Division and must be received with the appropriate application fee prior to the expiration date of initial approval. The final binding site plan shall be prepared by or under the supervision of a registered land surveyor of the state of Washington as a result of a land survey. Once the conditions of approval of the preliminary binding site plan have been completed, the applicant must submit a certificate of title prepared by a title company, the mylar, and proof that all conditions have been met, including a letter of completion from various interested governmental and quasi-governmental agencies. Once you have submitted the application, a Planner will be assigned to process your application.

Decision: The Administrative Official will issue a decision for the final binding site plan. Once the Administrative Official approves the final plan, you may record the final binding site plan with the Yakima County Auditor's Office.

Appeal the Decision?: The Administrative Official's decision is final unless appealed. If you are dissatisfied with the written decision, discuss your views with your Planner. Appeals must be filed on forms provided by the City along with the appeal fee within 14 days of the date of mailing of the decision.
