## Type 2 Review

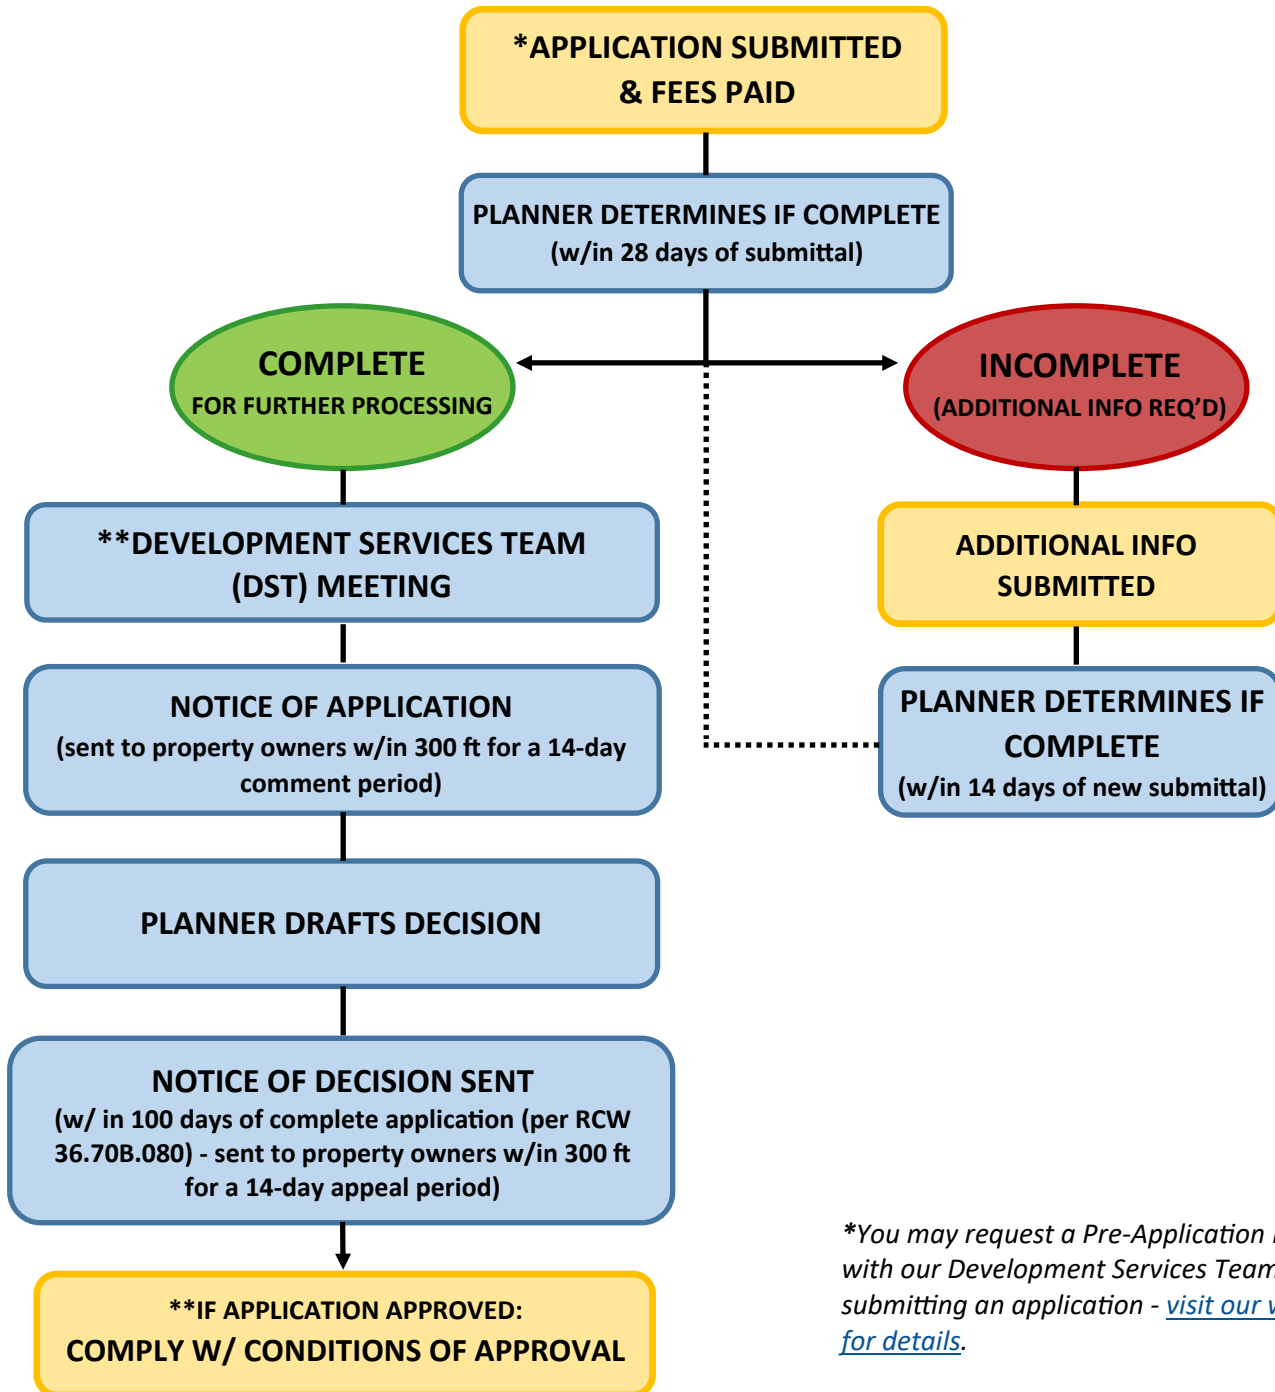

### Application Packet

#### About this Application:

This application is ordinarily used for establishing land uses that are listed in the Table of Permitted Land Uses ([YMC 15.04.030](#), Table 4-1) as Class (2) uses, whether by new construction or a change of use in an existing building. Class (2) uses are uses that are "generally permitted;" however, a public review and comment period is required to assure compatibility. These reviews allow the public to submit written comments on the proposal. A public hearing is not held for a Type (2) review, except when the Administrative Official refers it to the Hearing Examiner or the Decision is appealed.
