

City of Yakima

Shoreline Exemption

Application Packet

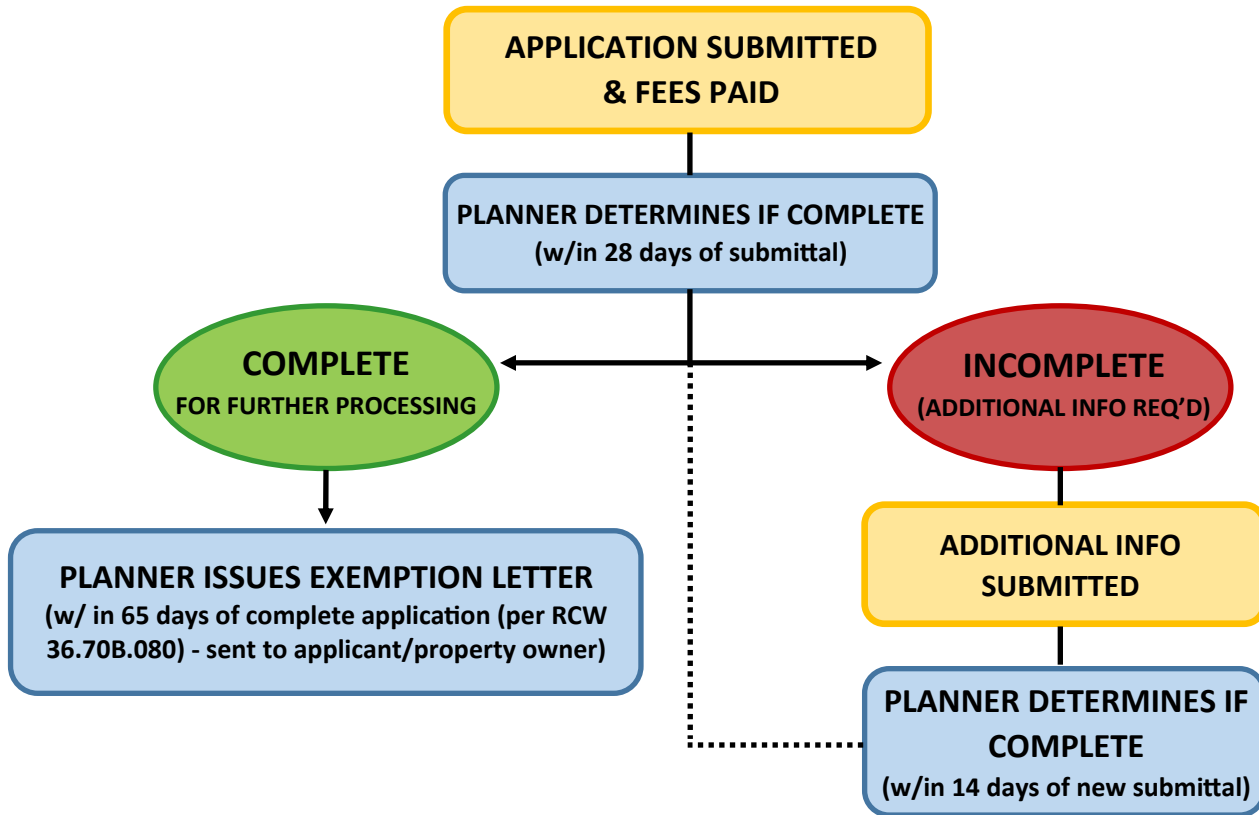

About this Application:

Shorelines are all of the water areas of the state, including reservoirs, and their associated shorelands, together with the lands underlying them; except (i) shorelines of statewide significance; (ii) shorelines on segments of streams upstream of a point where the mean annual flow is twenty cubic feet per second or less and the wetlands associated with such upstream segments; and (iii) shorelines on lakes less than twenty acres in size and wetlands associated with such small lakes.

New construction, development, or use within the shoreline jurisdiction must be reviewed to ensure adverse effects are prevented. Actions exempted from a Shoreline Development Permit are outlined in [RCW 90.58.030](https://leg.wa.gov/RCW/default.aspx?cite=90.58).
