

**City Council  
Informational Item  
February 12, 2008**

To: Honorable Mayor, Members of City Council, and City Manager

From: Scott Schafer, Assistant Wastewater Manager

**Introduction**

In accordance with § S4. D. of the City of Yakima's National Pollution Discharge Elimination System (NPDES) permit, the Wastewater Division is required to submit an Annual Infiltration and Inflow (I/I) Report by January 31<sup>st</sup> each year to the Department of Ecology. The report outlines activities associated with the Wastewater Division's effort in monitoring and reducing the amount of infiltration and inflow entering the City's publicly owned treatment works.

**Annual Infiltration and Inflow Report 2007**

Considerable amount of time and effort on behalf of Wastewater Collection personnel was spent in 2007 monitoring and reducing the amount of I/I. Enclosed is a copy of the Annual I/I Report for 2007.
