

## City of Yakima Water Backflow Assembly Tester List

The City of Yakima requires all Backflow Assembly Testers to annually submit a request form indicating that they wish to be listed on the Backflow Assembly Tester List we distribute to our customers. We are currently updating this list and the new listing will become effective on **April 1<sup>st</sup> of each year.**

If you wish to be included on our Tester List please complete the form at <https://www.yakimawa.gov/services/water-irrigation/files/BACKFLOW-ASSEMBLY-TESTER-Form.pdf> and return it to the City of Yakima. You must ensure that the City of Yakima Water/Irrigation Division has current copies of your test equipment calibration certificates. These need only be submitted once per year and upon recalibration. If we have current copies of your calibration certificate(s) you do not need to resubmit them.

All test reports submitted to the City of Yakima Water/Irrigation Division must be completed in accordance with our guidelines. Failure to properly complete the test report form will result in rejection of the test report and may result in removal of your name from our Tester List.

If your company only tests certain types of assemblies or only in certain areas please indicate that on the form. Please have each of your testers sign the form indicating that they understand the test report submittal requirements.

**Note: Un-authorized personnel are not allowed in our Water/Irrigation Maintenance facility or offices. Backflow assembly test reports must be submitted by Email to [backflow.report@yakimawa.gov](mailto:backflow.report@yakimawa.gov) , fax at 509-575-6187, mail to Backflow; Water/Irrigation; 2301 Fruitvale Blvd; Yakima, WA 98902.** The City of Yakima Water/Irrigation Division is not responsible for lost, misdirected damaged or illegible test reports.

Operating a business in the City of Yakima you must meet certain requirements, please check with the Codes Division 509-575-6126 in order to make sure you meet all necessary requirements.

If you should have any questions, comments, or concerns regarding the City of Yakima's Water Cross Connection Control Program please contact me or Jeff Morris at 509-575-6154 or Jeff at 509-576-6455 by email at [emilio.lopez@yakimawa.gov](mailto:emilio.lopez@yakimawa.gov) or [jeff.morris@yakimawa.gov](mailto:jeff.morris@yakimawa.gov)
